## **Call soon to attend 'lean business' talk**

Only the first 150 people who respond by telephone will have a seat at a presentation by Michael Martyn, founder of SISU Consulting Group. Martyn has extensive experience over a wide variety of manufacturing and service businesses and has held many senior executive positions.

Martyn's presentation, titled "Turning Troubled Times into Long-term Sustainability," aims to help people make their business lean.

The lecture will be held Monday, April 13, from 8 to 10 a.m. in the **Clackamas Community College Gregory Forum**, Room 108, 19600 Molalla Ave., Oregon City.

Martyn intends to share his secrets to turning "panic into productivity" and using lean principles to engage employees in the improvement process.

Martyn will show how to choose lean tools that improve a business' bottom line. He also will show how to begin now – and what to do in the next 90 days.

This event is offered free of charge. For more information or to reserve a seat, call Dianna Fine at 503-657-6958, ext. 3137.
