COLLEGE OVERVIEW

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
College Overview

Clackamas (CCC) is one of 17 community colleges in the state of Oregon. Community colleges offer transfer courses to students who will pursue bachelor's degrees at four-year institutions, professional technical training to meet the needs of a changing work force, and course work to help individuals gain basic skills.

Our mission is to serve the people of the college district with high quality education and training opportunities that are accessible to all students, adaptable to changing needs, and accountable to the community we serve.

Established in 1966, Clackamas Community College's 175-acre main campus is located in Oregon City, Oregon, in the Portland metropolitan area. The Harmony community campus, in the northern part of Clackamas County, includes the health sciences programs and community education. The Wilsonville campus offers public instruction and is a training alliance with a regional electrical utility.

Oregon's community colleges are public entities; by statute, they are municipal corporations as are cities, counties and school districts, with distinct tax levies and the ability to issue debt.

At the state level, the Higher Education Coordinating Commission (HECC) adopts rules for the general governance of community colleges. The HECC is supported by the State Department of Community Colleges and Workforce Development (CCWD). Community

colleges are managed at the local level by an elected board of directors. One Board member is elected from each of the seven zones within the college district, and terms are four years. Tim Cook serves as president of Clackamas Community College. The College is accredited by the Northwest Commission on Colleges and Universities.

Community colleges serve diverse populations ranging from high school students to senior citizens. Clackamas enrolled 19,940 students in the 2023-24 Fiscal Year, with a full-time equivalence of 5,234. The college employs roughly 400 full time and 600 part-time staff.

The College district encompasses all of Clackamas County except the cities of Lake Oswego and Sandy. The estimated population of the College district is roughly 335,000. Geographically, Clackamas County is one of the largest in the state, covering 1,893 square miles.

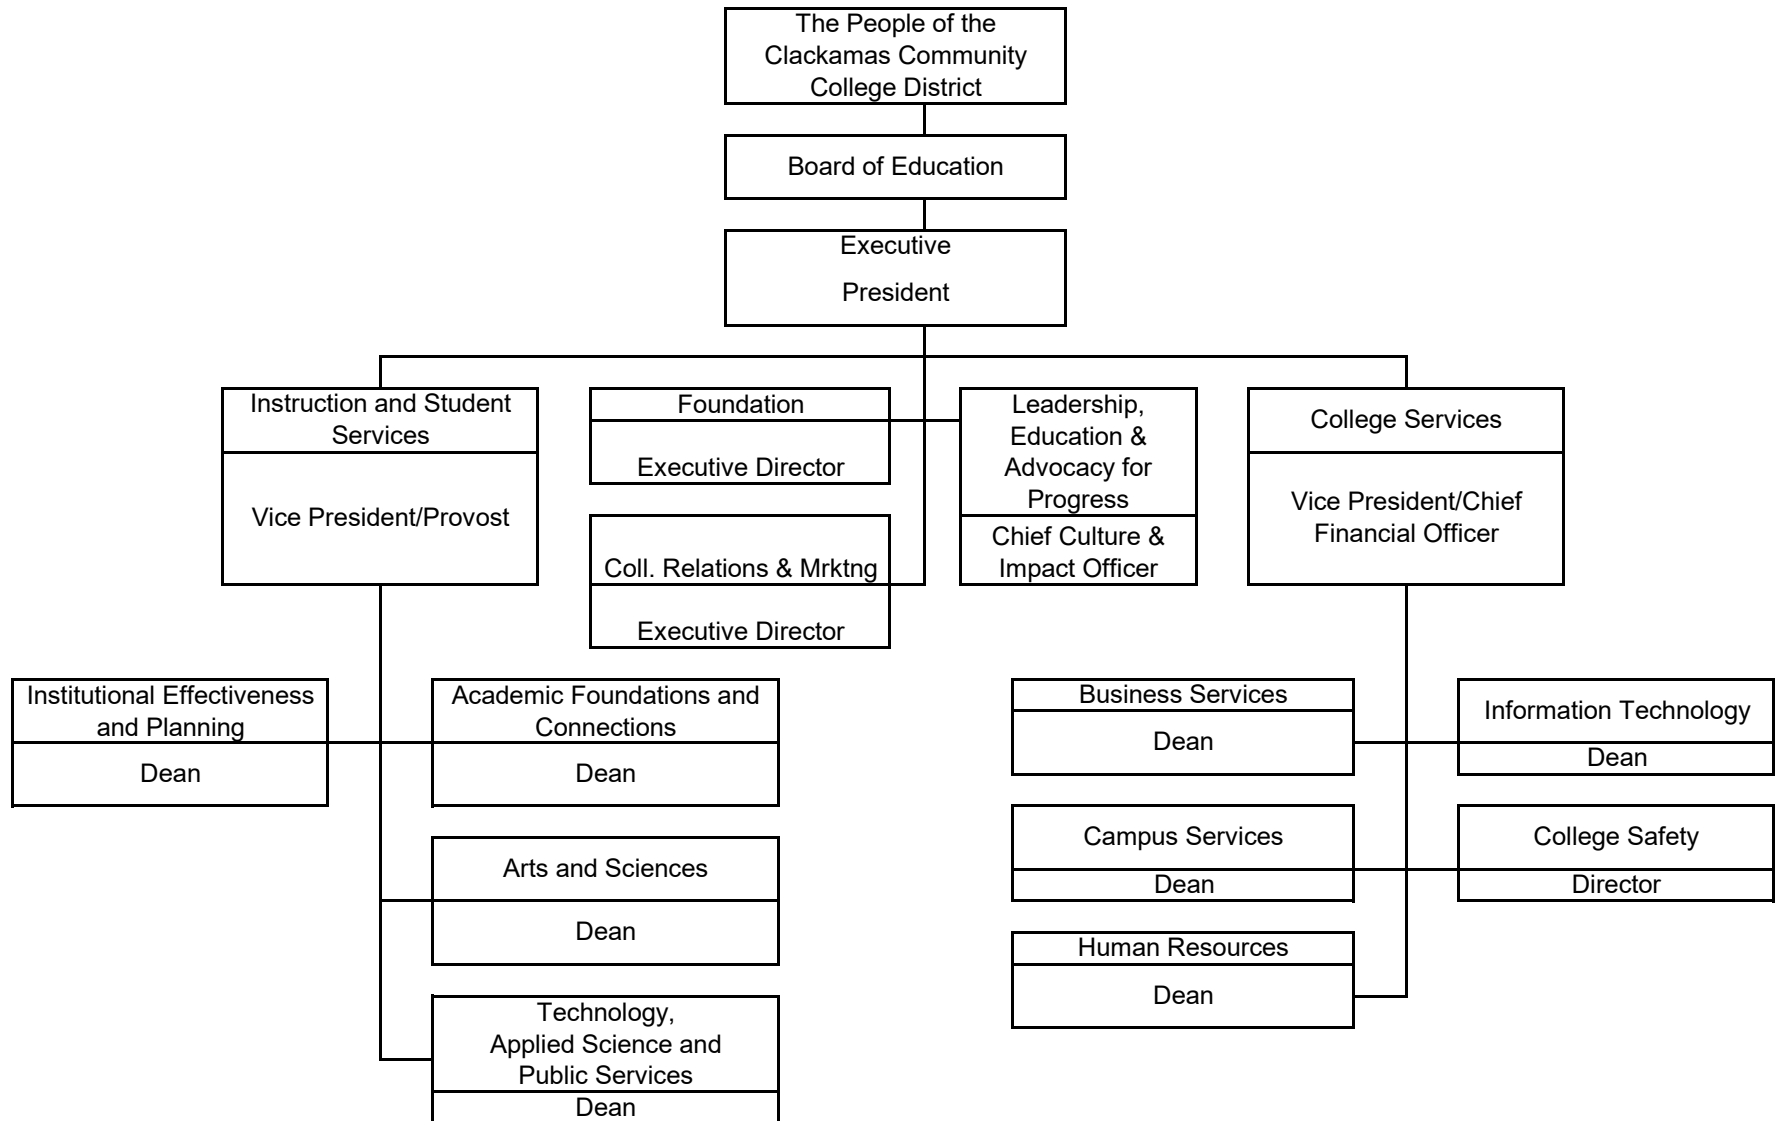

The Clackamas Community College Foundation, a separate 501(c)(3) non-profit, solicits, receives and manages donations that support the college's mission and students. The Foundation awarded \$1,040,399 in scholarships for the 2023-24 Fiscal Year.

2025-26 BUDGET
Budget Message

May 2, 2025

Dear Colleagues,

As part of the 2025-26 Budget, this message is prepared with pride in an institution that continues to work toward fulfilling its mission to cultivate equitable, innovative, and responsive education. As the president of Clackamas Community College, I am inspired as our college continues to positively impact the lives of students, employees, and the community. As we enter our 60th year of operation, I am reminded of our responsibility not only to today, but to the generations yet to come.

Over the past few years, CCC has been supported by one-time resources that helped sustain operations through a season of uncertainty. Now, as those funds reach an end, we shift into a new phase, one rooted in planning and alignment. The 2025-26 Proposed Budget represents a thoughtful transition from reliance on temporary funds toward long-term fiscal sustainability.

Budget process for fiscal year 2025-26

This year, our planning process was shaped by four significant and simultaneous realities: A need to close our structural deficit, the implementation of our new shared governance model, continued uncertainty around state funding, and emerging potential impacts to higher education at a federal level. Each of these could be challenging on its own. Together, they required us to approach budgeting not as a numbers exercise, but as a values- driven process.

We began budget planning last summer, knowing the last of the one-time funds would only carry us through the end of June 2026. With a \$3-million structural deficit projected to continue in our General Fund, the Executive Team decided not to defer hard choices or wait for outside resources to help.

Rather than issuing across-the-board reductions, we used data-informed prioritization to preserve 96% of our current services. Our process emphasized impact analysis, strategic alignment, and, above all, people. Thanks to an early hiring freeze and difficult but intentional planning, this proposed budget does not eliminate any full-time funded and currently filled positions in the College General Fund. That's no small feat as 85% of the expenses in the General Fund are dedicated to personnel expenses.

We also introduced a new tool in partnership with our Cougar LEAP Office, the Cougar Pause. It's a moment of reflection built into every phase of our decision-making, including planning, assessment, and implementation. Taking the time to reflect holistically and ask ourselves "who is impacted and how" by these decisions is a critical factor in the assessment of tradeoffs.

Budget Message

Shared governance implementation

Fall brought the launch of our new Finance Council and, soon after, the Budget Advisory Subgroup. This group met twice monthly to review proposals, offer recommendations, and model the best of our shared governance. The group's thoughtful work helped navigate a challenging budget environment with transparency and collaboration. Their efforts helped ensure that difficult decisions were grounded in careful analysis.

I appreciate the time and perspective each member contributed to this important work and look forward to building a strong foundation in the years ahead. Their time, insight, and care helped transform a difficult task into a deeply collaborative one.

Building capacity for tomorrow

Each fall, departments conduct Service Area Assessments to evaluate how their work connects to the college's mission, identify gaps, and surface opportunities for improvement. These assessments form the foundation for unit plans, which include resource requests submitted each January.

During the spring, unit plan requests were reviewed and prioritized by the Budget Advisory Subgroup and then presented to the Executive Team. Decisions to allocate funding for any new initiatives are likely to come during subsequent budget actions.

We've also known that new revenue to support operations may not always materialize, and as a college we are overdue for a holistic look at processes and systems that support our functions. Over the coming year it is critical that time dedicated to structuring data and systems to be less manual in nature. Moving away from labor-intensive systems is intentional to buy the capacity of our staff to be ready to support students in their educational goals. This approach is about more than efficiency — it is about freeing our people to focus on the work that matters most: helping students achieve their goals.

Fiscal year 2025-26 General Fund proposed operating budget

Our General Fund is supported by \$74.9 million in resources, funding \$79.4 million in expenses. The difference between revenues and expenses is bridged with our last remaining one-time funds which the unspent balance has carried forward since their receipt in late FY 2022-23. As with many service-centered institutions, 85% of our General Fund supports personnel. This year's budget reflects a 3% reduction in overall expenditure, with no cuts to currently filled positions. Key adjustments include:

- Reductions to vacant positions
- Efficiencies in scheduling sections of classes

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Message

- Ending contract with Oregon City Police Department for a College Resource Officer
- Changes to tuition waivers and First Year Experience course funding

The Board of Education approved a tuition increase of \$4.00 per credit hour (\$130 per credit) for in-state tuition and \$9.00 per credit hour for out-of-state tuition. This increase is in line with our annual forecast of 3-4% increase to keep tuition rates consistent with inflation. The General Student fees will remain unchanged in the academic year 2025-26. Student fees are assessed every three years to determine if the fees cover the intended expenses.

The Budget Analysis section of the Proposed Budget provides additional information for all fund resources, expenses, and position management data.

General Fund Operating Budget: Incorporation of ongoing reductions

Closing the structural deficit in our General Fund requires careful action and shared commitment. To achieve this, we have planned for \$2.35 million in operating reductions to be implemented within the first three months of Fiscal Year 2025-26, with approximately \$650,000 in reductions to be identified and enacted throughout the remainder of the fiscal year.

Over the past eight months, the college leadership has worked to prioritize, scope, and refine reduction proposals that align with our enrollment levels and projected revenues, while remaining focused on our mission to serve students and our community.

The Proposed Budget for 2025-26

The Fiscal Year 2025-26 Proposed Budget incorporates a series of ongoing reduction strategies. Several options were explored, including adjustments to contracted services and the reduction of programs with lower participation. As we move forward, it is important to acknowledge that reductions — whether in expenses or in vacant positions — carry real impacts on our organization.

Should future resources grow, and revenues improve, we will thoughtfully reassess opportunities to reinvest in the programs and services that matter most. This is part of our ongoing commitment to fiscal stewardship, organizational resilience, and putting students first. The decisions below reduce the full-time positions in the General Fund by 8.0 positions, which is a 2.2% reduction in total full-time positions resourced through College the College General Fund.

Glide Path - process and outcomes

Approximately \$650,000 in General Fund reductions remain to be structured over the next 15 months. Our leadership teams, in partnership with the Budget Advisory Subgroup, will spend the coming months developing strategies to thoughtfully reduce expenses that require additional time, planning, and collaboration to implement.

This phase of our work shows that several of our internal processes could be modernized to achieve greater efficiency, consistency, and impact. By taking a deliberate and data-informed approach, we aim to refine the scope of necessary adjustments and prepare for a smaller-scale reduction by June 2026.

Budget Message

Building for the future

The passage of our \$120-million bond last November is a testament to the trust our community places in us. The bond renewal focuses on preparing students for success by modernizing classrooms, constructing a new Natural Resources Center of Excellence, and opening Oregon's first Challenger Space Center. It preserves our infrastructure by upgrading technology, improving energy efficiency, enhancing safety and security, and maintaining aging facilities. It strengthens community connections through athletic field upgrades, Wilsonville campus improvements, completion of the Douglas Loop trail, and retiring outstanding debt to position the college for future opportunities.

Conclusion

Clackamas Community College has a proud tradition of strong financial stewardship, and we have taken proactive steps to navigate this period of change while enrollment and other resources stabilize. As we approach the final year of available one-time funds, now is the time to align our ongoing expenses with our forecasted resource base.

The combination of short-term strategies and long-term planning has served its purpose — providing the necessary time and flexibility to prepare for this moment thoughtfully. Now, we move forward with a shared commitment to balance our budget sustainably and responsibly. I am confident we will meet these financial challenges and continue to deliver exceptional education and opportunities for every student we serve.

Next Steps

The Clackamas Community College's Budget Committee, composed of the Board of Education and an equal number of community member appointees, will meet twice in May, culminating in the approval of the proposed budget. In late June, the Board of Education will formally adopt the budget, establish appropriations, and authorize the levy of supporting property taxes. Our past, present, and future success depend on the extraordinary efforts of so many. Thank you for your dedication and for all that you do in service to our students, our communities, and each other.

With gratitude,

Dr. Tim Cook
President, Clackamas Community College

2025-26 Proposed Budget
Budget Analysis

This document explains the budget amounts summarized in the “Budget in Total” pages of the FY 2025-26 Proposed Budget document. The primary sections in this analysis provide additional details and context on the revenues, expenditures, transfers, and contingency funds, and ending fund balance for all funds at Clackamas Community College.

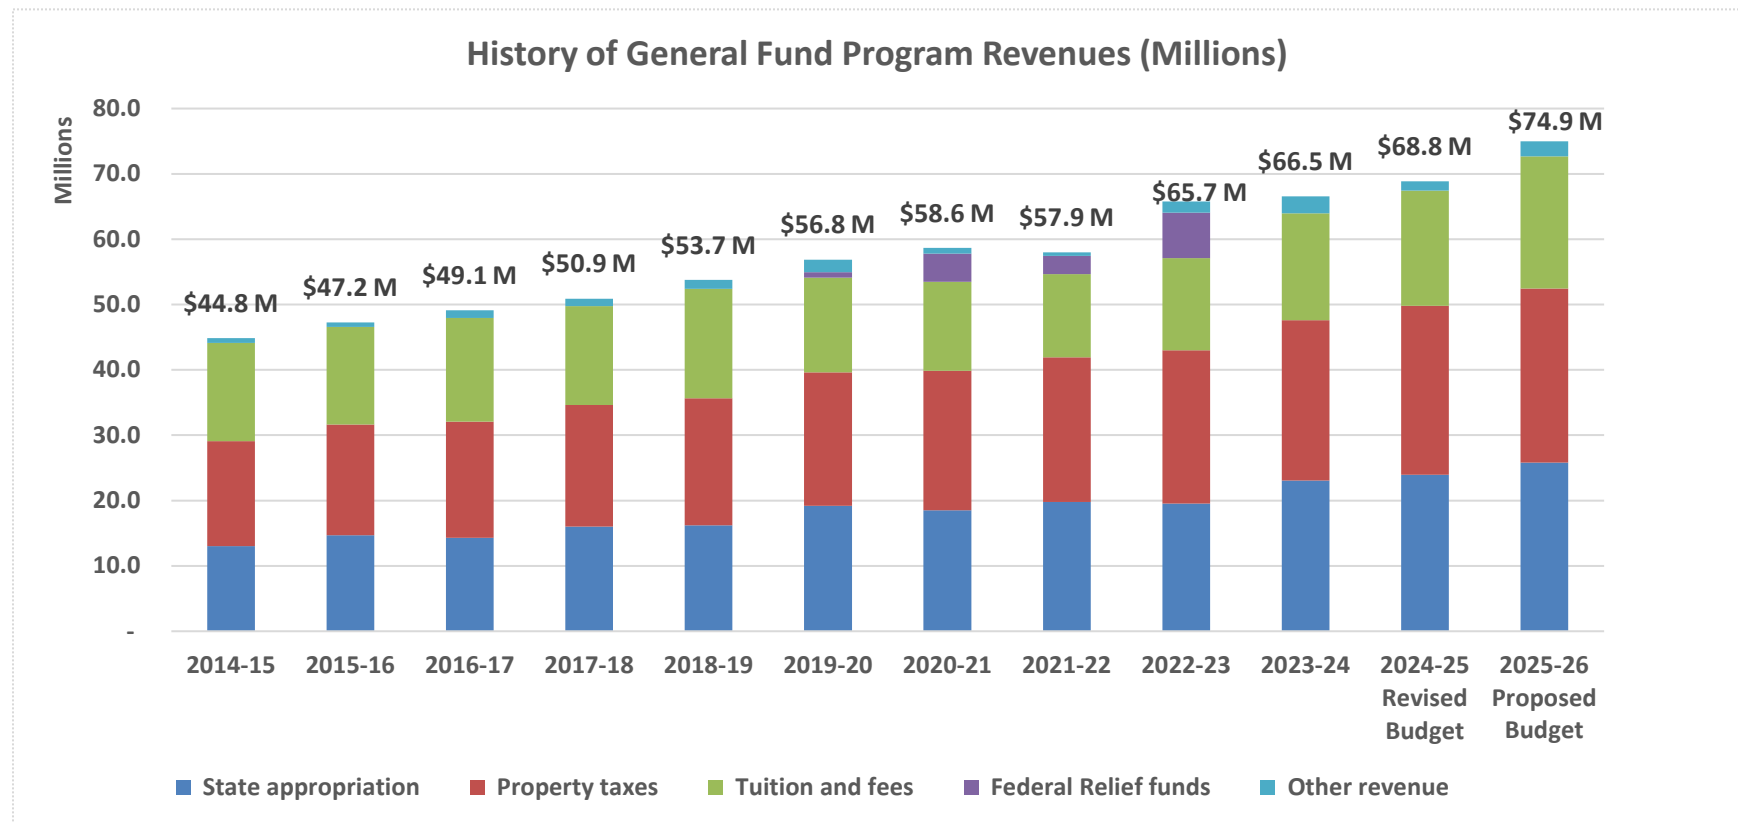

REVENUE

The chart below details FY 2025-26 Proposed Budget operating revenue sources by fund type and does not include fund-level revenues such as beginning fund balance or interfund transfers.

CLACKAMAS COMMUNITY COLLEGE 2025-26 Proposed Budget Budget Analysis

The following chart provides the historical operating revenues supporting the College's General Fund, including the receipt of various one-time sources which sustained operations during the recovery from the sharp declines in enrollment due to the COVID-19 pandemic. The receipt of one-time funds are categorized as Federal Relief funds. One-time funds received in prior years that were unspent fall to the General Fund ending balance, which becomes the beginning fund balance to support subsequent fiscal years.

Changes in Resources: Taxes

Property taxes are levied for two purposes in support of programming and operations at Clackamas Community College. The permanent rate levy of \$0.5582 (55.82 cents) per \$1,000 of assessed value supports operations and is accounted for in the General Fund. The permanent rate was fixed as a result of ballot initiatives in the 1990s and cannot be increased by the college. The permanent rate levy is used in the calculation of total public resources for the Community College Support Fund as distributed by the State legislature.

Issuance of General Obligation debt requires authorization by the voters of the College Education District during regular general elections. The subsequent annual Debt Service Fund levies are in the amount required to pay principal and interest on the bonds. Debt service levies are unique to each college and are not used in the state appropriation distribution formula. In November 2024 voters approved a \$120.0 million of capital bond funded projects. The debt sale for the bonds occurred in April 2025 and the Proposed Budget includes the resources in capitol funds, and the required payments for principal and interest in the Debt Service Fund.

Clackamas County determines assessed values, collects taxes, and turns over the receipts to the College. Property is assessed January 1 for the fiscal year beginning July 1. Taxes are due in equal installments on November 15, February 15, and May 15. Discounts are allowed for taxes paid in full by November 15. The total tax on a given property for education (K-12, education service districts, and community colleges) is limited to \$5 per \$1,000 of real market value. If the calculated tax exceeds the limits, taxes are reduced in a process called compression. Assessed values are limited to the lower of maximum assessed value or real market value. Maximum assessed value increases by 3% annually, but there are exceptions for new construction or improvements.

Total revenue	<u>\$ 5,223,455</u>	<u>\$ 5,814,988</u>	<u>\$ 5,216,447</u>	<u>\$ 6,041,424</u>

The general student fee supports online and hybrid classes, student athletics, student life and Associated Student Government activities, and the Streeter computer labs.

The technology student fee is used for costs of Information Technology Services directly related to teaching and learning in the classrooms and related technology infrastructure that supports classroom learning and wireless technology.

CLACKAMAS COMMUNITY COLLEGE
2025-26 Proposed Budget
Budget Analysis

The college services fee is dedicated to selected student services, including transportation support for students, transcripts, graduation supplies, and enhanced services of college safety. Service fees are paid by students or other users for services beyond the normal processes, including fees for payment plans, late payments, collection costs, facility rental and other miscellaneous fees.

Grants and Contracts

Operating grants and contracts

The Grants and Contracts fund accounts for various federal, state, and local grant awards. The fund is budgeted at an estimated total; individual grants and contractual arrangements are carved out of the total appropriation as agreements are finalized. This revenue category also includes the Customized Training Fund, which contracts with employers and other entities to deliver targeted education. The 2025-26 Proposed Budget includes an estimated appropriation level that acts as a placeholder for receipt of unexpected large federal grants which may be awarded to the College during the fiscal year.

Other Revenue

Sales & other revenue

This revenue is largely sales in the Bookstore Fund, and self-assessed revenue in the Debt Service Fund for pension bond debt service. With each payroll, the various funds are charged a percentage of gross wages. The Debt Service Fund uses that money for principal and interest payments on the 2004, 2005 and 2020 PERS bonds.

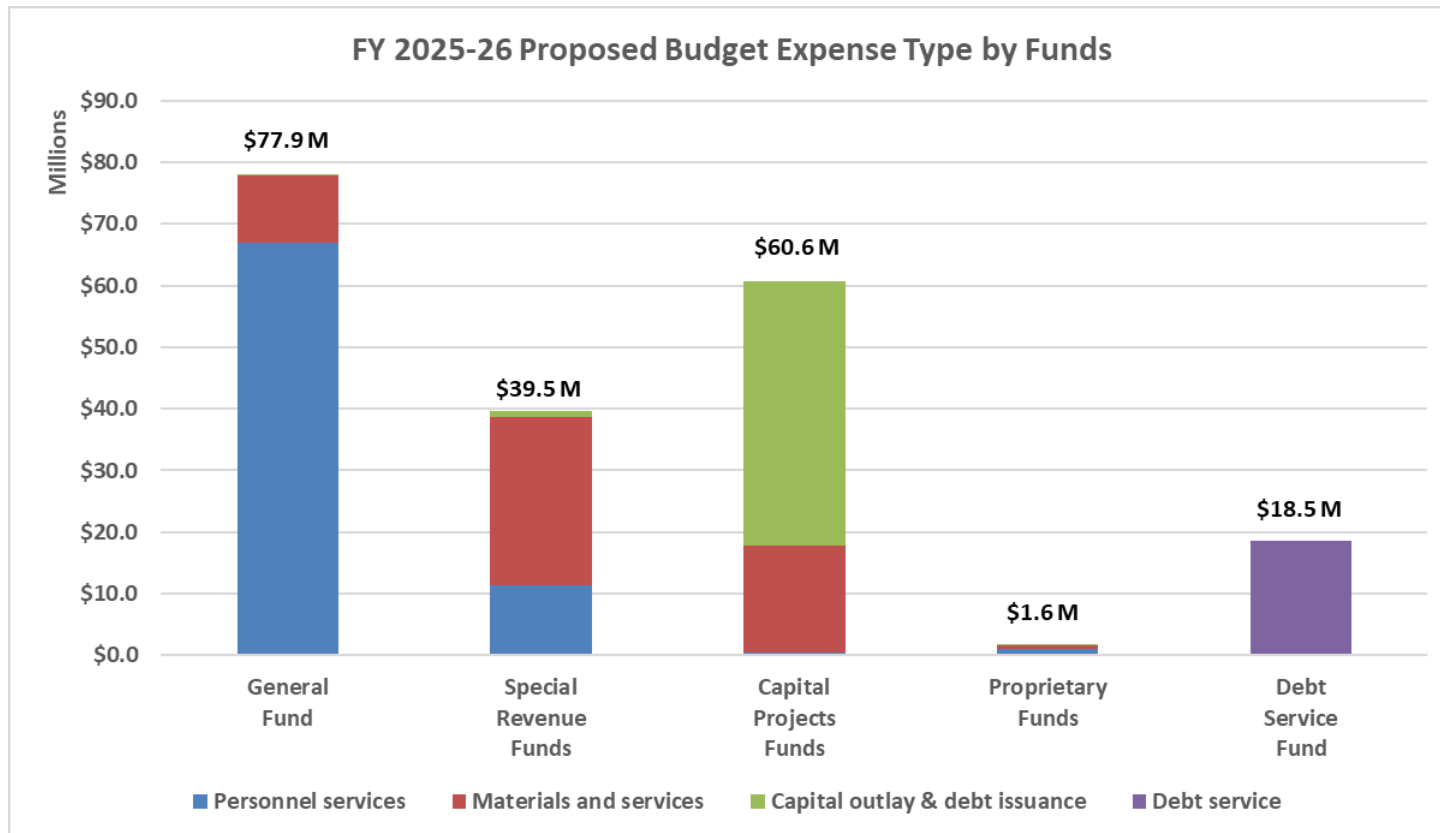

Student Financial Aid

The college determines eligibility, awards, and disburses financial aid to students from various federal, state, and local entities. The largest financial aid programs are federal Pell grants, which received \$6.3 million in FY 2023-24, and federal direct loans, which received \$5.6 million in 2023-24. For FY 2025-26 Proposed Budget, the amount of PELL grants is estimated at \$8.6 million and Direct Loans are \$6.1 million.

OPSRP covers individuals who began working after August 29, 2003. Employees must meet eligibility requirements before their wages are subject to PERS. The College pays the employer rate plus the six percent employee rate on employees' behalf.

The rate increases were experienced throughout the PERS participating agencies. No significant rate relief is anticipated until about 2033, since the bulk of PERS's projected costs are for Tier I/II benefits that have already been earned. Information on PERS costs and analysis are provided on the state website here: <https://www.oregon.gov/pers/emp/pages/employer-rate-summary.aspx>

In addition to the rate paid to directly to PERS, the college charges itself an additional amount from every payroll to accumulate resources for principal and interest payments on the pension bonds, which are explained in the Description of Long-Term Debt in the Funds section of this budget document. The rate is lowered by 2.24% for FY 2025-26.

CONTINGENCY AND ENDING FUND BALANCE

Contingency is an amount set aside for unforeseen spending that may arise – it is a budgeted appropriation, and may be moved to any other appropriation category for subsequent expenditure. Budgeted ending fund balance is considered unappropriated; and cannot be transferred to any other appropriation category during the fiscal year per restrictions of Oregon local budget law.

Contingency

Amounts budgeted as contingency by fund category. The General Fund contingency account reflects reduction as compared to the FY 2024-25 Revised Budget due to the anticipated continued draw down of one-time funds as the college works toward closing the structural operating deficit.

General Fund

Board policy requires a minimum General Fund balance equal to ten percent of revenue. The FY 2024-25 Proposed Budget adheres to this policy and includes this operating contingency. The ten percent minimum reflects an awareness of the need for healthy reserves given the demonstrated volatility in state support and enrollment.

PLANNING AND POLICIES

CLACKAMAS COMMUNITY COLLEGE

Planning and Assessment

The CCC Strategic Plan codifies the College's intentional focus on opportunities and needs that are considered most urgent or significant, and outlines a plan for response.

A new strategic plan was launched at the beginning of the 2021-22 school year. This new plan includes updates to the College's mission, vision, values, and strategic priorities. Information about the plan itself—including updates regarding implementation—are available online at <https://www.clackamas.edu/strategic-planning>.

The College's new strategic priorities follow below (definitions follow the name of each priority):

Excellence in Teaching and Learning

Lead and support ongoing development and improvement of equitable innovative and responsive learning environments for students and employees

Holistic Student Support

Collaborate with students both in and out of the classroom to understand and respond to their needs and goals

Diversity, Equity, and Inclusion

Attract, retain, and uplift systemically non-dominant students and employees.

PLANNING

Unit Planning at Clackamas provides a direct, practical, and concrete link between strategic priorities, and departmental/division priorities. Unit planning relies on assessment data, environmental scan data (described below) and a careful consideration of strategic priorities and college mission in sync as budget decisions are made. The unit planning process is described, in brief, below:

1. To begin the Unit Planning process, units build a data-informed foundation for planning. This includes reviewing academic assessment and service-area assessment reports, and collaboration with the College's Institutional Research staff to perform an environmental scan. Faculty and staff use assessment results in combination with original research (e.g. surveys, focus groups with advisory board members), input from key partners (e.g. published labor market research from Oregon Employment Department), and local operational data (e.g. student success rates, student employment rates) to identify challenges and opportunities for their unit.
2. Units are then asked to use this foundational data to inform an action plan, which reflects each unit's unique opportunity to make impactful contributions to strategic priorities. These action plans will also reflect emerging needs, and on lessons learned from previous years' efforts.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Planning and Assessment

3. Finally, the Unit Planning process invites units to identify needs, and prioritize unit activities based on relevance to the College mission. Units that identify needs are encouraged to provide evidence that will strengthen the potential for support from internal or external funding sources.

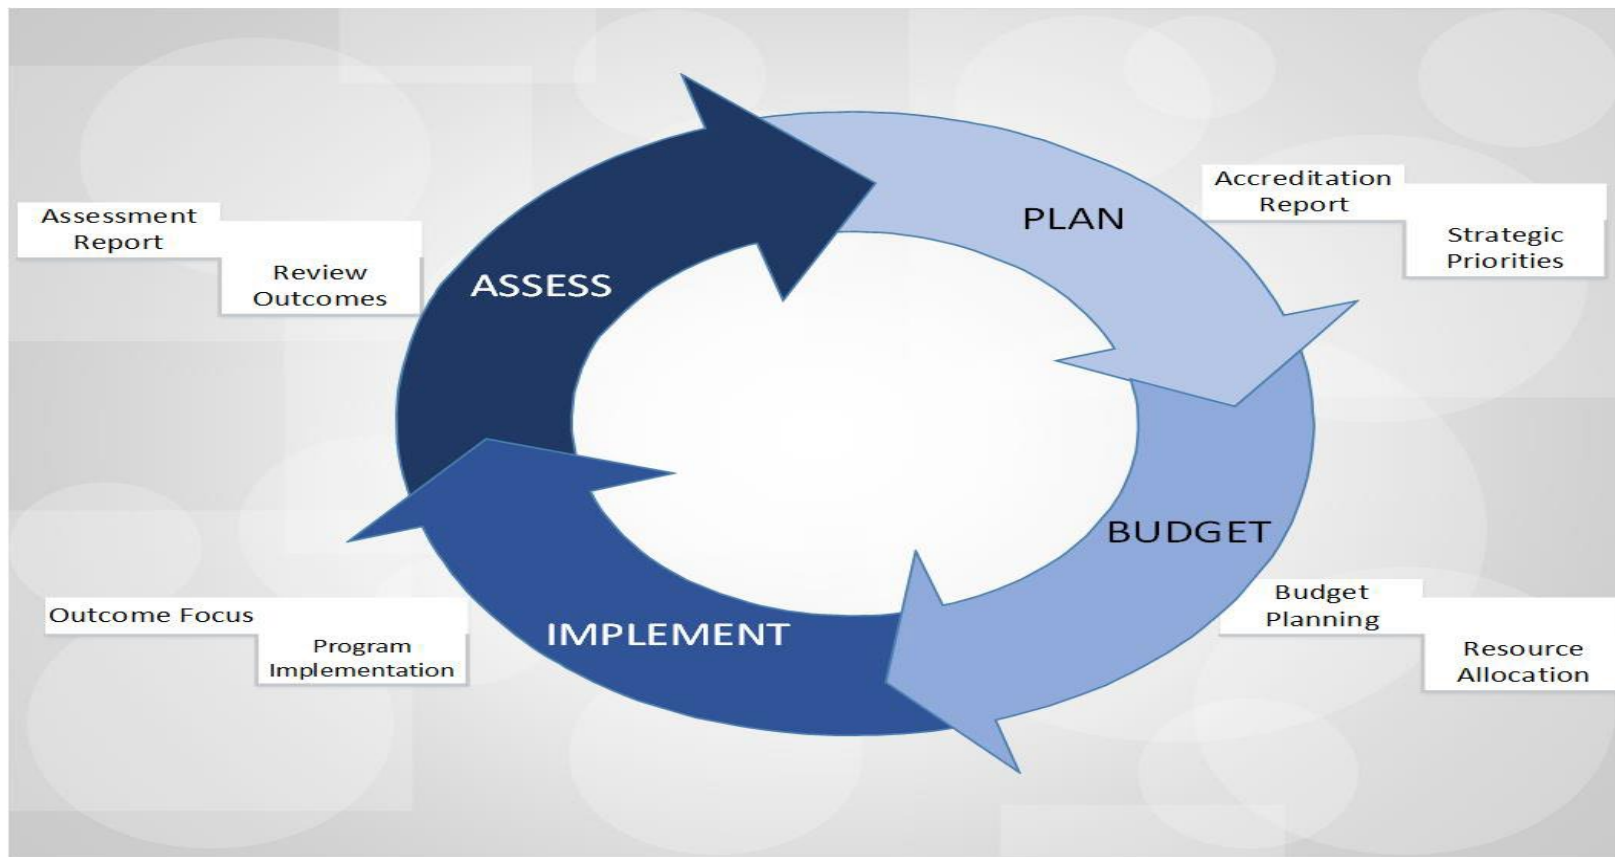

Units are supported through this process in significant ways. Institutional Research staff organize and collaborate with College leaders to offer several orientation sessions for the Unit Planning process every year. Each Unit (across Instruction and Student Services, and College Services) enjoys the opportunity to work with faculty in the Center for Teaching and Learning, and members of the College's Assessment Committee, to update, execute, and reflect on results of assessment plans. Each Unit works with their respective deans to strengthen ties between unit action plans and strategic priorities. Institutional Research staff and key collaborators offer ongoing consultation on choosing evaluation strategies for action plans, as well as performing research and interpreting results.

Following completion of unit planning, the college's Business Services department compiles the budget requests submitted for consideration via the unit planning process. Where new activities are funded, the cycle begins again: units fold new activities into ongoing assessment plans and reports, and use results to inform continuous quality improvement.

THE PROCESS LOOP

The preceding section described assessment and planning. The assessment phase identifies gaps in performance; the planning phase creates plans to remedy the gaps. Financial planning ensures that resources are available to implement plans, and annual budgeting allocates those resources. FINANCIAL PLANNING

The Dean of Business Services and Vice President of Finance and Operations maintain a five-year forecast for the General Fund. The forecast details assumptions and projections for revenue, expenditures, transfers, and fund balance. The forecast is updated whenever events occur or might occur that could significantly impact the college's financial status. The intent of the forecast is to quantify the impact of potential financial events so that there is time to react thoughtfully and constructively. Updates are presented at the Board of Education, the Finance Council and Budget Advisory Sub-group, and during all-staff budget presentations.

Leadership from the Business Services and Information Technology Services will maintain a five-year forecast for information technology operations, which schedules episodic replacement of infrastructure. The expense forecast includes all the funds and departments used to account for technology. This forecast drives recommendations for changes in the Student Technology Fee, one of the universal fees.

Other long-term financial plans include:

- a five-year forecast for the General Student Fee and College Services Fee, the remaining universal fees
- rate projections for the Internal Service Fund
- projected expenditures from reserve funds

BUDGET PRINCIPLES AND ASSUMPTIONS

Forecasts and fiscal indicators are long-term, looking ahead five years or more. Budgeting is an annual process. In January, the Board of Education adopts budget planning principles and assumptions. The 2024-25 Budget Principles reaffirmed that the college's measures of success in achieving all aspects of our mission in statute, accreditation and board policy are reflected in our five new Strategic Priorities. Each strategic priority and their respective indicators are ultimately tied to the success of each of our students, communities, and the businesses CCC serves.

The budget assumptions embedded in the General Fund forecast and detailed in the January resolution are as follows.

Revenue

- Community College Support Fund (CCSF): Receives \$25.7 million for 2025-27; CCC receives approximately 6% of the statewide shared resources. The state legislative session for 2025-27 does not conclude until June 2025, and any changes from the forecasted resources from the CCSF will be incorporated into future General Fund forecasts.
- Property taxes: Clackamas County property taxes are forecast to increase at a rate of 4.5% per year.
- Enrollment: Reimbursable FTE is assumed to increase 5% in 2025-26, then increases by another 5% in FY 2026-27.
- Tuition: Increase in-state \$4 per credit hour to \$130.00; out-of-state and international increased \$9 per credit hour to \$311.00.

Expenditures

- Contractually obligated wage increases are planned in the General Fund forecast and incorporated into base budgets for the College. All personnel service changes, such as wage-driven benefits, PERS contributions, and health benefits are included in the forecast for financial planning.

Transfers

- Maintain the annual General Fund transfer to Insurance Reserve Fund at \$50,000.
- Maintain the annual General Fund transfer to the Innovation Fund at \$150,000.
- Maintain the annual General Fund transfer to the Equipment Replacement Fund at \$150,000.
- Maintain the annual General Fund transfer to the Major Maintenance Fund at \$300,000.
- Maintain the annual General Fund transfer to the Retirement Fund at \$750,000

BUDGET REQUESTS

In prior years, there were numerous mechanisms and dates for requesting resources. For the FY 2025-26 Budget, requests for additional department funding were funneled through a single process at the time of unit planning and due in January 2025. The annual budget request includes requests for both financial and non-financial resources, namely:

- Full-time staff positions
- Changes in departmental budgets for part-time staff and staff overtime in the General Fund
- Changes in departmental budgets for materials and services in the General Fund
- Furniture and equipment needs, along with building remodels and space allocations
- Course fees and other revenue

Budget reductions were researched and prepared during the fall and winter terms of fiscal year 2024-25 for the upcoming budget year. The College did not approach reductions with an across-the-board reduction model. Instead, there were areas of reduction research, modeling, and analysis where leadership teams prepared prioritized options to bring to the newly formed Budget Advisory Sub-group to provide feedback and advice for the Executive Team as they consider final budget decision points.

Generally, all requests for new resources are submitted and move through the various reviews detailed in the Budget Calendar, including the Deans, the Budget Advisory Sub-group, and the College Executive Team. The college aims to use ongoing resources for ongoing expenses, and one-time resources are dedicated to shorter term projects and do not support ongoing operations.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Law, Format, and Financial Policies

PROPOSING, APPROVING, AND ADOPTING THE BUDGET

Oregon budget law, administered by the state Department of Revenue, applies to community colleges, school districts, cities, counties and other municipal entities. Community colleges are required to prepare an annual or biennial budget using a fiscal year that begins July 1 and ends June 30.

The Budget Committee consists of the seven members of the Board of Education, elected by the district voters, and seven members appointed by the Board, one from each of the seven zones of the district. The Budget Committee receives and deliberates on the proposed budget. When the Budget Committee members are satisfied that the budget meets the needs of the college and the community, it approves the budget. The Board of Education holds a public hearing on the approved budget, then adopts the budget and passes a resolution making appropriations and levying property taxes. The Budget Committee may make changes from the proposed budget before approval, and the Board of Education may make changes from the approved budget before adoption, within the limitations imposed by budget law.

Budget law is designed to enable the public to be apprised of the financial policies and administration of the municipal corporation in which they are interested. All Budget Committee and Board of Education meetings are open to the public. Notice of those meetings is published in the Oregonian newspaper and on the College's website at <http://www.clackamas.edu/about-us/leadership/budget>. and there is opportunity for public comment.

Board policy designates the President as the Budget Officer for the College. The Budget Officer directs the preparation of the budget document.

BUDGET CHANGES AFTER ADOPTION

Appropriations may be changed during the fiscal year, within the limitations imposed by Oregon local budget law. The Board of Education adopts changes in appropriations. Changes are either resolution transfers or supplemental budgets. A resolution transfer decreases an existing appropriation and increases another by the same amount. The second type of change, a supplement budget, is used to increase total appropriations. Supplemental budgets are used for occurrences which were not known at the time of budget adoption and generally include actions supporting the receipt of unanticipated state or federal grants. Supplemental budgets require a public hearing, whereas resolution transfer actions do not.

Budget originators are responsible for ensuring that actual expenditures do not exceed the budget for their departments or funds. Reclassification of expenditures which do not revise appropriations may be approved by the appropriate dean or vice president. Guidelines for budget changes after adoption are detailed in the policy available to the campus on the internal Business Office website.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Law, Format, and Financial Policies

BUDGET FORMAT

Oregon budget law categorizes resources and requirements as follows. Clackamas uses these categories for appropriations, by fund.

- Personnel services include wages, payroll taxes, and benefits for active employees, and stipends and benefits for early retirees.
- Materials and services include contractual services, materials, and other operating expenditures. The cost of items purchased for resale in the Bookstore and financial aid disbursed to students are in this category.
- Capital outlay -- durable assets which cost at least \$5,000 and have a useful life of at least one year -- includes equipment, vehicles, buildings, land, and the library collection.
- Debt service is principal and interest payments on long-term debt.
- Transfers out are resources moved between funds with no expectation of repayment.
- Contingency is a budget set aside for unforeseen spending that may arise.
- Unappropriated ending fund balance is an amount set aside in the budget to be carried over to the next year's budget.

The notice of public hearing which is published prior to budget adoption displays expenditures both by the object categories above and by functional categories which reflect the services delivered. These functions are as follows.

- **Instruction:** Expenditures for the actual teaching of students that involve interaction between the faculty and students.
- **Instructional support:** Activities specifically designed and carried out to provide academic and administrative support to instructional programs. It includes libraries, course and curriculum development, faculty professional development, and academic deans and management.
- **Student services other than financial aid:** Student services includes admissions, enrollment, and degree/certificate/program evaluation; activities contributing to students' emotional and physical well-being and intellectual, cultural, and social development outside the context of the formal instruction program; counseling and career guidance; and administration of student financial aid.
- **Student loans and financial aid:** Expenditures for scholarships, grants, work study, and other financial aid disbursed to students.
- **Community services:** Community services are non-instructional services beneficial to groups external to the college. Clackamas does not currently have any departments in this functional category.
- **College support services other than facilities acquisition and construction:** Expenditures for management and long-range planning for the entire institution, such as the governing board, planning, and legal services; fiscal operations; administrative computing; human resources functions; logistical activities that provide procurement, storerooms, safety,

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Law, Format, and Financial Policies

security, printing, and transportation services to the institution; and activities concerned with community and alumni relations, including development and fund raising.

- **Facilities acquisition and construction:** This is the capital budget for acquisition of land and buildings; major remodeling and construction of buildings; initial installation or extension of service systems and other built-in equipment; and major improvements to sites. Capital project expenditures for purchase and construction of land and buildings can be very large, and vary from year to year depending on the availability of funds and the timing of projects.

The Proposed Budget displays resources and requirements. Resources are amounts available for expenditure, as follows:

- Beginning fund balance represents available spendable resources on July 1, the beginning of the fiscal year.
- Revenue is earned during the year from various sources, such as property taxes or tuition.
- Other sources is resources that are not “earned” in the same sense as revenues. Other sources are unique to entities using governmental accounting, and include transfers in from other funds; receipts from sale of fixed assets such as equipment and vehicles; and proceeds from issuance of long-term debt.

The requirements section shows what was done with the available resources, as follows:

- Expenditures are resources used to purchase goods and services.
- In other uses, costs of long-term debt issuance are the use of bond proceeds to refund debt or to pay the costs of issuing debt. Transfers out are the flip side of transfers in.
- Contingency is an amount set aside for unforeseen spending that may arise.
- Actual ending fund balance represents resources on hand at June 30, the end of the fiscal year. In the budget columns, fund balance is unappropriated ending fund balance.

Oregon State and Local Budget Law allows funds from which operating expenses are paid to budget contingency. If operations necessitate spending during the year on items that cannot be specifically identified at the time the budget is prepared, the Board of Education may approve transferring contingency to an expenditure budget, appropriating it so that it may be spent. Unappropriated ending fund balance cannot be transferred by resolution or used through a supplemental budget except in an emergency created by civil disturbance or natural disaster.

The College budgets contingency in each operating fund to maintain a buffer and provide flexibility for unforeseen events. Unappropriated ending fund balance is budgeted only in the debt service fund:

- Debt Service Fund, for balances restricted by law or debt covenants. Unrestricted are budgeted as contingency.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Law, Format, and Financial Policies

A balanced budget is defined as one in which resources equal requirements, and contingency is not negative. The budget is balanced for each fund.

The Proposed Budget shows the following columns, which are required by Oregon budget law:

- Actual for the preceding two completed fiscal years
- Budget for the current fiscal year. This includes the adopted budget and changes made by the Board during the year.
- The budget as proposed to the Budget Committee, approved by the Budget Committee, and adopted by the Board.

FUND ACCOUNTING, MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

For accounting purposes, the college is a governmental entity subject to the pronouncements of the Governmental Accounting Standards Board. The college uses fund accounting, segregating resources into distinct funds in accordance with special regulations, restrictions, or managerial accountability.

Consistent with Oregon budget law, the college budgets current financial resources, on a modified accrual basis, in all funds. This differs from the accounting used by businesses, which measure economic resources and net income, on an accrual basis.

As a practical matter, the difference between governmental and business accounting is largely in the treatment of long-term debt and capital assets, as follows:

- When the college borrows money, the debt proceeds provide available spendable resources. Consequently, it records the debt proceeds as a source, like a revenue. Principal payments and interest payments are both recorded as expenditures. In a business, debt issuance would create a liability and principal payments would reduce the liability; neither would appear in the budget.
- When the college buys a vehicle or other capital asset, the cost is an expenditure. Depreciation is not recorded. In a business, the purchase would not appear in the budget; it would be recorded as an asset. Depreciation expense would be budgeted and recorded over the useful life of the item.

The audited Annual Comprehensive Financial Report presents the budget and actual results for all funds on the current financial resources basis. The report also displays actual results for the college as a whole on the economic resources basis, as required by generally accepted accounting principles.

APPROPRIATIONS

The term “fund” in Oregon budget law can legitimately be interpreted as what is more commonly understood as fund type: i.e. General, Special Revenue, Debt Service, Capital Projects, and Proprietary.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Law, Format, and Financial Policies

For accounting purposes, there are numerous individual Special Revenue, Capital Projects, and Proprietary funds. Each is described and budgeted in the Funds section of this document. All funds are included in the audited comprehensive annual financial report.

For appropriations, accounting funds in Special Revenue, Capital Projects, and Proprietary are grouped by the nature of restriction or purpose. Those groups are considered subdivisions of “fund” as interpreted in Oregon budget law.

FINANCIAL POLICIES

Financial policies are intended to ensure that the college maintains the ability to meet its immediate and long-term service objectives. Financial policies are designed to:

- provide timely, accurate information useful to college management, the Board of Education, and community members in making informed business decisions.
- ensure compliance with all finance-related statutory and contractual requirements
- promote sound financial management & safeguard college assets

Specific financial policies follow.

Budgeting

The adopted budget is balanced for each fund and must remain balanced with any subsequent budget amendments.

Reserves

To ensure sufficient cash flow and provide for unanticipated events, the proposed budget for the General Fund must include contingency equal to at least ten percent of budgeted revenue. The currently adopted budget is to be managed such that actual General Fund unreserved ending fund balance is at least ten percent of actual revenues.

Reserve funds, defined in Oregon budget law, save money from year to year. The College uses reserve funds to hold money for the future costs of retiree benefits, losses in excess of the insurance deductible amount, and future increases in PERS rates, and the planned replacement of information technology infrastructure and software.

Financial Reporting and Review

The Board of Education receives a monthly financial report for all funds and a more detailed report for the General Fund. A variety of reports for all funds, departments, projects and grants are on line and accessible to those responsible for budget management at any time.

Audit

The college prepares an Annual Comprehensive Financial Report, audited by independent CPAs appointed by the Board

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Budget Law, Format, and Financial Policies

of Education. The report is presented to the Board by the external auditors.

Purchasing

Purchase orders are required for certain purchases. Purchasing approvals are governed by policy; processes are governed by rules of procurement adopted by the Board of Education acting as the Local Contract Review Board, in accordance with Oregon statutes.

Cash and Investments

Cash balances are maintained only at financial institutions included on the list of qualified depositories maintained by the Oregon State Treasurer. These institutions provide periodic reports to the State Treasurer, pledge collateral, and participate in a shared liability structure. Cash in excess of immediate needs is held in the Oregon Local Government Investment Pool or the Oregon Local Government Intermediate Fund, investment pools managed by the Oregon State Treasury, or otherwise invested in accordance with the policy approved by the Board.

Capital Assets

Capital assets are land, buildings and building improvements, equipment, and other durable items with a useful life of more than one year and an initial cost of \$5,000 or more. The Business Office maintains an inventory of capital assets, all licensed vehicles, instructional and sensitive equipment

costing \$1,000 or more. Sensitive equipment includes items such as laptops, Chromebooks, cameras, and certain tools.

Debt Policy

College policy restricts short-term borrowing to temporary cash flow situations, or interim financing of capital assets to be replaced by long-term debt. The College has not issued short-term debt.

Long-term debt is issued only to finance capital assets. The sole exception was issuance of pension obligation bonds, where the debt proceeds were invested in a side account with PERS to reduce the rate paid with each payroll. The source of funds for repayment is identified prior to debt issuance. The repayment period of debt issued for capital assets cannot exceed the estimated useful life of the assets financed.

The amount of outstanding general obligations bonds is limited by statute. Board policy limits annual debt service for debt other than general obligation bonds to ten percent of General Fund revenue.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Personnel FTEs

This schedule details employee FTEs. An FTE (full time equivalent) is the proportion of full time; for example, an employee regularly scheduled to work 30 hours per week is .75 FTE. In the columns, Administrative employees are those who are exempt from the overtime provisions of the Fair Labor Standards Act. Full-time faculty are faculty in that bargaining unit. Classified includes staff in the classified bargaining unit and grant-funded non-exempt employees working half-time or more who are excluded from the bargaining unit. Associate faculty are instructors in that bargaining unit. The final page in this schedule, FTEs by function, includes part-time administrative; part-time classified (PTC), who are hourly employees working less than half-time; and student employees, who are by definition enrolled for six or more credits per term.

Fund Descriptions

This section describes each of the funds used by the College. The shaded bars on the left side show how the funds are grouped for appropriations on pages 18 and 19.

<u>Fund</u>	<u>Description</u>	<u>Revenue</u>	<u>Division - Department that Manages the fund</u>
-------------	--------------------	----------------	--

The **General Fund** accounts for ongoing College operations. It records all activity not segregated in other specific-purpose funds.

General Fund	11 General Fund	The main operating fund for the College.	State community college support, property taxes, tuition and fees.	All departments have responsibility for a portion of General Fund expenditures. For the budget by department, see "General and Fee Fund Expenditures by Department" in the Funds section. Revenue is non-departmental and centrally managed by College Services - Business Office.
--------------	-----------------	--	--	--

Special Revenue funds account for revenue that is legally restricted to specific purposes by outside parties, or designated for specific purposes by the Board of Education.

Unrestricted	12 Fee Fund	Accounts for course fees which cover costs beyond those of the normal classroom.	Course fees and facility use fees.	Instructional departments, and a few others, have fee funds.
	15 Innovation Fund	Pays for approved projects and purchases which advance strategic priorities.	Transfers from General Fund.	The department submitting the request manages the approved project.

Restrictions on and use of fund balance

General obligation bonds: Fund balance represents tax receipts in excess of current year debt payments. The money is legally restricted to future principal and interest payments on general obligation bonds.

Pension obligation bonds: The College accumulates money for debt service on the pension bonds by charging itself a rate on each payroll. The bonds were structured with increasing payments each year. These excess reserves are available to subsidize the self-assessment rate in future years.

CLACKAMAS COMMUNITY COLLEGE
2025-26 BUDGET
Description of Long-Term Debt

The College's long-term debt issues are described here. Future payments are detailed in the following schedule of Debt Service Expenditures to Maturity. All debt service (principal and interest payments) is made from the Debt Service Fund.

General Obligation Bonds

General obligation bonds are authorized by district voters. Property taxes are levied annually in the amount needed to make principal and interest payments. The tax levy for the bonds, which appears in the Property Tax Levies schedule, is distinct from and in addition to the tax levy for operations. The operating levy is a fixed, permanent rate of .5582 per \$1,000 of assessed value.

General Obligation Bonds were issued in 2001 for capital construction. The 2007 bonds refunded the callable 2001 bonds to take advantage of lower interest rates.

In November 2014, district voters authorized issuance of \$90 million in General Obligation Bonds for construction, equipment, deferred maintenance improvements to facilities, and refunding of the 2006 debt incurred for construction at the Harmony community campus. In June 2015, the college issued \$44,924,012 of that authorization. In June of 2017, the college issued the remaining \$44,997,901 of that authorization.

In November 2024, district voters authorized the issuance of \$120 million in General Obligation Bonds for construction, equipment, deferred maintenance improvements to facilities, and refunding of the 2015A and 2015B debt incurred during the 2014 bond program and the 2021 debt for property acquisition. In April 2025, the college issued \$148,305,000 for the entire debt service authorization.

Pension Obligation Bonds

The college contributes to the pension plans administered by the Oregon Public Employees Retirement System (PERS). PERS estimates the unfunded actuarial liability (UAL), the difference between the future cost of pension benefits and the assets estimated to be available to pay those benefits and revises the percentage rate on subject wages paid by each public employer on July 1 of odd-numbered years.

In 2004, 2005, and 2021, a consortium of Oregon community colleges issued pension bonds to finance their UAL. Bond proceeds were invested by PERS and are being used over the life of the bonds to reduce the percentage rate paid by the College. The College uses the savings from the reduction in its employer rate for principal and interest payments on the bonds. So long as returns on the bond proceeds invested by PERS exceed the interest paid on the bonds, the college will pay less over time in debt service on the pension bonds than it would have paid to PERS had it not issued the bonds.

Description of Long-Term Debt

Full Faith and Credit Obligations (FFCO)

Full faith and credit obligations (FFCO) are used to finance capital assets in a manner similar to bonds, whereby investors may purchase a portion of the total debt issue. Full faith and credit means the college has pledged its general taxing power for payment of the debt. Unlike general obligation bonds, there is no dedicated tax levy for repayment of FFCO debt, so the pledge refers to taxes levied for operations.

In February of 2021, the college entered into an FFCO financing agreement with Bank of the West for a \$1.2 million loan. This \$1.2 million was used to purchase land adjacent to the college on Beaver Creek Road. This debt is structured as interest-only payments through FY 2024-25, and the loan is structured to be paid in full by FY 2031-32 at the latest. In 2025, the college paid this FFCO in full with the issuance of the 2025 General Obligation bonds.

The 2009 FFCO advance refunded certificates of participation (COPs) issued for construction of the Public Safety Training Center and the Sheriff's precinct station in 1996, which was subsequently refunded in 1998. The station is being purchased from the college by the Clackamas County Sheriff. Rent payments received from the County approximate debt service on the 2009 FFCO. The debt was called on June 1, 2019, and thus was paid off in full during fiscal year 2018-19.

Payments from the County will continue through 2026 pursuant to the original agreement. The payments are now considered a source of General Fund revenue, and the College recoups the transfer and is provided interest income on the continued financing agreement by the College for Clackamas County. Between 2020 and 2026, the General Fund will receive \$174,800 in interest which would otherwise have been passed on to those who owned the full faith and credit obligations.

Debt Limitation

The legal debt limitation in Oregon Revised Statutes 341.675 is 1.5% of the real market value of property. The limit applies to bonded indebtedness. Bonded indebtedness is the outstanding principal amount of general obligation bonds. The college may levy property taxes in the amount necessary to pay debt service on these bonds.

Geography

Clackamas Community College is located in Clackamas County, Oregon, shown below.

The city of Portland, geographically centered in Multnomah County, is the hub of the Metropolitan Statistical Area (MSA) which includes Multnomah, Clackamas, Washington, Columbia, and Yamhill counties in Oregon, and Clark and Skamania counties across the Columbia River in Washington. The college is on the southern end of the Portland metropolitan area.

History

Established in 1843, Clackamas County is one of the original four Oregon districts and once covered parts of Canada. Oregon City is the county seat. In 1844, Oregon City became the first incorporated city west of the Rocky Mountains.

County Snapshot

- Average Temperatures 2020: January: 40.2°, July: 68.4°
- Elevation at Oregon City: 55'
- Elevation at Mt. Hood: 11,245'
- Area: 1,884 sq. mi.
- Population (2023 estimate): 423,173
- Average Annual Precipitation: 48.4"
- Principle Industries: Agriculture, metals manufacturing, trucking and warehousing, nursery stock, retail services, wholesale trade and construction.

Population

The five Oregon counties in the Portland MSA contain 1,997,975 people, with a total of 47% out of Oregon's total population of 4,272,371. The population of Clackamas County has steadily increased from 1850. The 2024 population of 425,857 represented a 12.5% increase over the 2010 population of 375,992.
