Diversity, Equity, and Inclusion Committee Charter

Mission
Clackamas Community College strives to address, explore, educate, learn about, and respond to the diversity of the human experience.

We prepare our students to successfully understand diverse perspectives and backgrounds by teaching critical thinking, empathy, and a deeper appreciation of others.

We create an inclusive, equitable, culturally competent, and supportive environment where students and employees model behavior that enriches our community.

Purpose
The Diversity, Equity, and Inclusion Committee will guide and hold the institution accountable in the integration of diversity, equity, and inclusion into all aspects of the work at Clackamas Community College.

Guidelines for Interaction
- Be present and respect the space
- Share your experiences, use “I” statements
- Assess your safety and use your discernment
- The stories of others are theirs to share, maintain confidentially and trust among the group
- Step up, step back
- If you experience yourself making judgements, ask yourself where did those feelings come from
- Consider and address the impact of actions rather than focusing on your intentions
- Consider your privilege
- Acknowledge pain or offense in the moment using “ouch” and have the option to discuss it or not at that time
- Confront, critique, and challenge your discomfort

Definitions
Diversity: The range of human differences, including but not limited to race, ethnicity, gender, gender identity, sexual orientation, age, socioeconomic status, physical ability or attributes, religious or ethical values systems, national origin, political beliefs, and cultures.

- Diversity means more than just acknowledging and/or tolerating difference. It’s a set of conscious practices that seek to understand and appreciate the interdependence of humanity, cultures, and the natural environment.
**Equity:** Ensuring that everyone has support and access to the resources needed to be successful and identifying and eliminating barriers that have prevented the full participation of communities most impacted by systemic oppression.

- Improving equity involves increasing justice and fairness within the procedures and processes of institutions and systems, as well as in the distribution of resources. Tackling equity issues requires an understanding of the root causes of outcome disparities within our society and institution.
- Equity differs from equality. Equality refers to treating everyone the same, but does not necessarily lead to equitable outcomes because diverse communities have diverse needs and have faced varying obstacles and inequities.

**Inclusion:** Ensuring that people of all backgrounds, identifies, abilities, perspectives, and beliefs have an equal opportunity to belong, achieve, and contribute to their communities. An inclusive institution promotes and sustains a sense of belonging; it values and practices respect where all people are recognized for their inherent worth and dignity, talents, beliefs, backgrounds, and ways of living.

**Cultural Competence:** An understanding of how institutions and individuals can respond respectfully and effectively to people from all cultures, economic statuses, language backgrounds, races, ethnic backgrounds, disabilities, religions, genders, gender identifications, sexual orientations, veteran statuses and other characteristics in a manner that recognizes, affirms and values the worth, and preserves the dignity, of individuals, families and communities.

Committee Creation
In February and March 2017, the Diversity Taskforce requested feedback on the above statement from the following groups: Associated Student Government, Classified Association, College Council, Department Chairs and Directors, Executive Team, Faculty Senate, Human Resources. The Diversity Taskforce worked to obtain campus input on important areas of diversity or equity for the college community. In addition to feedback from specific groups, a survey was created and sent to the entire campus (students, staff, and faculty) to determine the top three areas that Clackamas should focus on related to diversity and equity. The areas are listed above as the purpose of the committee.

Based on campus feedback, college administration formed the Diversity, Equity, and Inclusion Committee which was convened for the first time in fall term 2017. The committee’s scope also incorporated requirements of Oregon House Bill 2864 around cultural competency training for college employees.

The DEI Committee engaged in a strategic planning process between January 2019 and May 2020.

Subcommittees
Subcommittees are aligned with priorities and goals identified in the 2020 DEI Strategic Plan. A list of subcommittees and descriptions are available on the DEI webpage. Subcommittees create an opportunity for members of the college community to engage in implementation of the DEI Strategic Plan. Inquiries about subcommittees should be directed to diversity@clackamas.edu.
