

Clackamas Community College Fall 2020 Online Tutoring Options

The Learning Center is providing the following options for online tutoring:

1. **For most subjects you can schedule an appointment at [WCOOnline](#).** You will have to create an account. [Instructions are here](#), or a [video is here](#).

- For help in math, science, engineering, Computer Science, Moodle, accounting, and business computing courses **Online** appointments can be between 15 minutes and 1 hour. Writing Center appointments are 1 hour. It's okay to use less than your full appointment time in all subjects to ask a quick question!
- In some subjects you also have the option to upload a paper or documents for a tutor to return feedback at a scheduled time through **eTutoring**. Check [WCOOnline](#) for more information.

2. **For other subjects not listed or for extended hours of online tutoring, students have up to 7 hours free with Smarthinking**
To access Smarthinking, log in to your [Moodle account](#) and click on the Smarthinking link on the top right of the Moodle homepage.
