Welcome to Clackamas Community College!

For nearly 50 years, Clackamas Community College has served thousands of students as they achieved their education and training goals. Whether your goal is completing a bachelor’s degree or beyond, gaining the skills to get a job or advance in a job, or improving your basic skills, Clackamas will provide the classes and support to get you there.

At Clackamas, you will find instructors and staff who are dedicated to your success in college. You’ll find a variety of services to support your classes like the Learning Center in the Dye building, tutors, computer labs and more. You will find opportunities to explore your interests outside of the classroom.

Community colleges play a major role in education and training in the United States, representing about 45 percent of all undergraduates. In 2012, community colleges awarded more than 1.2 million associate degrees and certificates. Soon you’ll be among those students realizing their dreams at Clackamas Community College.

Enjoy your educational journey!

*Clackamas Community College is accredited by the Northwest Commission on Colleges and Universities.*

Accreditation of an institution of higher education by the Northwest Commission on Colleges and Universities indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Northwest Commission on Colleges and Universities is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding an institution's accredited status by the Northwest Commission on Colleges and Universities should be directed to the administrative staff of the institution. Individuals may also contact:

Northwest Commission on Colleges and Universities  
8060 165th Avenue N.E., Suite 100  
Redmond, WA 98052

Who We Are

Purpose
Creating lifetime opportunities for success through responsive education

Mission
To serve the people of the college district with high quality education and training opportunities that are accessible to all students, adaptable to changing needs, and accountable to the community we serve.

Core Themes
Our core themes describe the essential elements of our mission fulfillment. They are:

- **Academic Transfer** – We provide education that results in successful academic transfer to a four-year institution.
- **Career and Technical Education** – We provide education and training that reflect the economic needs of the community and region and lead to successfully attaining employment.
- **Essential Skills** – We provide education that supports high school completion and learning English, and develops essential skills such as mathematics, reading and writing.
- **Lifelong Learning** – We provide diverse special events, enrichment programs, and continuing education opportunities and develop strong partnerships with our community agencies.

Philosophy
The college’s mission is implemented with a commitment to being accessible, adaptable, and accountable.

The college endeavors to be accessible by:
- maintaining an open-door admissions policy
- keeping tuition and fees as low as possible and maintaining financial aid programs
- informing our public about available programs and services
- encouraging student success through appropriate course placement, effective instructional strategies, recognition of diversity of learning styles, and commitment to student support
- surmounting the geographical, physical, educational, psychological, and financial barriers that exist for district citizens
- encouraging free and open exchange of thoughts and ideas
- welcoming students and staff of diverse backgrounds and cultures.

The college endeavors to be adaptable by:
- asking district citizens, businesses and other community groups what programs and services are needed
- maintaining flexibility in planning, budgeting, programming and staffing practices so that resources can be shifted as needs change
- cooperating with other organizations to respond to common challenges
- maintaining instructional and student support programs which recognize the diversity of learning and cultural styles
- building productive partnerships with business and industry.

CCC is:
- accredited by the Northwest Commission on Colleges and Universities
- a publicly supported, community-based organization, governed by a locally elected Board of education
- operating within available resources from student tuition and fees, local property taxes, state funds, and additional resource development activities (i.e., state and federal grants, individual and corporate gifts, etc.)
The college endeavors to be accountable by:

- maintaining appropriate standards of performance for all programs, courses and services
- involving citizens in the budget process, the planning process, and in program development and review
- conducting regular performance reviews for all college staff members
- continuing efforts to make the most effective use of college resources
- evaluating the effectiveness of educational programs and services by measuring student outcomes.

Ethics

Clackamas Community College is dedicated to personal growth and academic excellence. Each member of the college community—students and staff alike—shall strive to:

- recognize the inherent goodness of all people and honor the humanity that joins us
- practice personal and academic integrity, respecting the dignity, rights and property of all persons
- encourage diversity, striving to learn from differences in people, ideas and opinions
- demonstrate concern for others, their feelings and their needs, and treat them as we wish to be treated ourselves.

Goals

The college has established the following goals to guide our planning:

Breadth of service

by responding effectively to the needs of our varied constituencies.

Quality of education

by striving to achieve the highest quality of teaching, learning and student success.

Commitment to values

by aligning our organizational systems to the achievement of our Institutional Values.

A healthy organization

by promoting a strong sense of community with a commitment to communication, continuous learning and improvement.

Resources to succeed

by securing and sustaining human and financial resources and facilities to fulfill our mission.

Values

In order to ensure quality service to our community and students and a fulfilling work environment for our staff, we subscribe to the following institutional values:

Community

The college staff holds the institution in trust for the citizens of the district. We believe that:

- our service and instruction shall always strive to meet the highest standards
- the college exists in a dynamic environment which encourages innovation, self-evaluation and continuous improvement
- the preservation of the college in the pursuit of its mission must take priority over individual concerns while safeguarding the rights and dignity of staff or students
- academic freedom and the free exchange of ideas are essential elements of the college.

Students

The college exists to enable students to earn a college education, to prepare for the world of work, and to learn how to learn. We believe that:

- students can grow toward full potential as they experience the joys of discovery and participate in the rigors of study
- all students possess inner resources which can be developed and refined
- students have the right to enroll in classes appropriate to their ability levels
- students must take an active role in their own learning to make their educational experiences meaningful
- students should respect the diversity and dignity of all persons.
Staff
All college personnel must contribute to and support the educational mission of the college. We believe that:

- every staff member is a problem solver, with the right and the responsibility to identify and resolve issues they encounter on the job
- staff members must develop and maintain a strong interest in the growth of students and the community we serve
- effective communication and cooperation among staff members is necessary to fulfill the college mission
- staff members are responsible for seeking opportunities for continued professional growth
- the college is responsible for providing professional development opportunities for staff
- each staff member is entitled to fair and honest treatment by the college.

Diversity
The college is committed to building awareness of cultural diversity on our campus and in our community. We believe in:

- respecting the inherent right of all persons to live with dignity and freedom
- respecting individual rights of expression
- setting a standard for the larger community by promoting tolerance, communication, and understanding among people with differing beliefs, color, gender, cultures and backgrounds
- encouraging affirmative action for students and staff
- providing opportunities (curriculum development, art exhibits, theatrical presentations, special events) for increasing our awareness of cultural differences and personal life-style preferences within our college and the community.

Environment
The college accepts responsibility as a steward of the environment. In all areas of the college's operations, we will be proactive in protecting the environment. Our educational role is not only to teach environmental principles but also to model appropriate environmental behaviors. To implement our role, we will:

- encourage students and staff to practice behaviors consistent with the preservation of a clean and safe environment
- minimize the creation of waste and repair, reuse, and recycle materials whenever possible
- provide facilities that are safe and free from environmental hazards
- use the most energy efficient systems available in the physical operation of the college and make energy conservation a priority when planning new facilities and retrofitting existing facilities
- purchase earth-friendly products whenever feasible and consider environmental effects when we plan investments in buildings, equipment, maintenance, and repairs
- maintain a landscape that provides opportunities for environmental awareness, learning, and enjoyment by using the most environmentally compatible methods available for upkeep
- evaluate our own performance through formal audits and by listening carefully to the observations of employees and others on ways we can improve.

Decision Making
The college maintains an open and inclusive organizational structure which enables all members of staff to participate in the decision-making process. We believe that:

- institutional direction is driven by information received from the staff, the students and the community
- all employees should have a clear understanding of how they are connected to the decision-making process
- we achieve a balance of decentralized and centralized decision making
- we maintain a dynamic and continuous organizational audit with the goal of continuous improvement
- we are flexible and able to develop contingency plans to adjust to a changing environment
- we are constantly in the process of defining and dispelling ambiguity but are able to accept a certain amount of uncertainty
- we are constantly seeking direction from the community in policy and curriculum development.

Goals developed and adopted by the VISIONS Group, May 1993.

**CCC at a Glance**

*Numbers reflect 2012-13 data unless otherwise noted.*

**Service Area**
CCC District: All of Clackamas County except Lake Oswego, Sandy, Damascus, and Boring school districts.

**District Population:** estimated – County 383,857 (2012 Census)  
District (83%) = 318,478 (2012 Census)

**Enrollment**
2012-13 Head count: 30,370  
2012-13 Full-time Equivalence: 7,894.72

**Programs**

**Career Technical:** CCC offers one-year Certificate of Completion and two-year Associate of Applied Science degree programs in 110 career technical career areas and General Studies.

**College Transfer:** CCC offers the two-year Associate of Arts Oregon Transfer degree, completion of which allows the student to meet the general education requirements of the baccalaureate degree program, and have junior standing for the purposes of admission and registration, at any Oregon University System (OUS) institution.

CCC offers the two-year Associate of Science degree, completion of which allows students to take the first two years of articulated coursework at Clackamas Community College, and transfer to specific four-year institutions to complete a degree in the designated discipline.

**Literacy/Basic Skills:** CCC offers individualized instruction in basic academic and study skills, including Adult High School Diploma, GED, ESL, Alternative Schools, and Life & Career Options.

**Community Education:** CCC offers non-credit personal interest and enrichment courses through district community schools and parks and recreation locations throughout Clackamas County.

**Business Training:** CCC offers contracted employee training through the Customized Training & Development Services program and assistance to small businesses through the Business Development Center.

Getting Started

www.clackamas.edu
Quick Guide to Getting Started

www.clackamas.edu (click on Admissions & Aid)
www.clackamas.edu/Como_Inscribirse.aspx

☐ Apply to CCC
☐ Apply for financial aid (if applicable)
☐ Submit any previous college work (if applicable)
☐ Log in to myClackamas
☐ Determine course placement
☐ Attend a New Student Advising (NSA) session and register for classes.

Visit www.clackamas.edu/im_registered_whats_next.aspx for your next steps after registration!

Transfer Students

CCC accepts college-level credits from regionally accredited colleges and universities recognized by the Council for Higher Education Accreditation (CHEA). These credits may be accepted for course placement, course equivalency, program requirements and degree completion.

If you have taken classes at other colleges and would like this coursework reviewed for transfer credit at CCC, include official copies of your transcripts with your application or ask the college you previously attended to send a copy of your official transcript to Graduation Services. NOTE: If you want this coursework evaluated before you begin at CCC, apply for admission and send your previous college transcripts to CCC at least 12 weeks prior to when you want to begin classes.

Credit for Prior Learning

You may have already completed college credits through several local and national programs including Advanced College Credit (ACC), Advanced Placement (AP), College Level Examination Program (CLEP), International Baccalaureate (IB) and the military among others. It is important to send exam scores or transcripts to Graduation Services at least 12 weeks prior to the term in which you will begin at CCC so your credits can be evaluated.

International Students/Program for Intensive English (PIE)

CCC is approved by the Department of Homeland Security (DHS) to accept qualified students from other countries. Students pursuing a college level course of study can submit TOEFL scores (minimum scores: 500 paper-based, 173 computer-based, 61 internet-based tests), provide previous college coursework or take a placement test upon arrival, to determine placement.

If you need a higher level of English proficiency to succeed in college credit courses, you will be placed in the Program for Intensive English and conditionally admitted to college level courses of study. Application materials and information are available at www.clackamas.edu; click on "Admissions & Aid".

Admission

ENROLLMENT SERVICES CENTERS
ALL CAMPUS LOCATIONS
503-594-6100

Clackamas Community College has an open access admission policy and welcomes all students who can benefit from the instruction offered, regardless of their educational background. Adult enrollment (18 and older) is unrestricted. Students 17 and younger that have not completed high school or obtained a GED must comply with special enrollment requirements. See Programs for Adult Populations and High School Age Students, page 15, for additional information.

Students Seeking Degrees or Certificates

If you are working toward a degree or certificate go to www.clackamas.edu and click on “Admissions & Aid” to apply for admission online. Paper applications are available upon request.

You should apply for admission at least four weeks prior to when you want to begin at CCC. If you are applying for financial aid or have previous college work to be evaluated, apply 12 weeks prior to when you want to begin at CCC.

Students Not Seeking Degrees or Certificates

If you want to take classes but not complete a degree or certificate you are strongly encouraged to apply for admission by going to www.clackamas.edu. Click on “Admissions & Aid” to apply online. Paper applications are available upon request.
Special Admission Programs

The following programs require a separate admission application:

- Degree Partnership Programs (four-year universities)
- International Students
- Clinical Lab Assistant
- Dental Assistant
- Medical Assistant
- Nursing

Special admission programs often require prerequisite courses or skills assessments. Requirements, application dates and deadlines are subject to annual change. Admission requirements and application materials for each program must be downloaded from www.clackamas.edu, Admissions & Aid.

Degree Partnership Programs

At CCC there are several ways in which the college partners with 4-year universities to help make your transition from CCC to your institution of choice easier.

- You can co-enroll at one of three 4-year institutions; Portland State University, Oregon State University, and Oregon Institute of Technology all offer the opportunity to be admitted and enrolled at the same time you attend CCC.
- Articulation Agreements – CCC offers an array of Associate of Science degrees that are specifically designed with transfer to a partner 4-year institution in mind. There are also several Associate of Applied Science degrees that are set up for transfer into either your specific program of study or into a Bachelor’s of Applied Science.
- Associate of Arts – Oregon Transfer and Associate of Science- Oregon Transfer/Business are both transfer degrees that are accepted by all Oregon public universities and several private colleges as well.
- Oregon Transfer Module is a one-year transfer program accepted by all public Oregon universities as general education credit fulfilling the first year requirements at the receiving institution.

Programs for Adult Populations and High School Age Students

CCC offers many programs for adult populations and high school aged students:

Skills Development

CCC offers academic assistance to students in all college programs. Emphasis is placed on mastering the foundational skills needed to reach educational goals. Programs are available to help students earn a GED, complete a high school diploma and improve academic skills. Contact the Dye Learning Center at 503-594-3233 for more information.

Adult High School Diploma (AHSD)

CCC is authorized by the State Board of Education to award the Adult High School Diploma (AHSD). If you enter our high school diploma program, you may transfer credits from accredited high schools. AHSD students may also enroll in college credit classes and may receive dual credit for certain classes. You must be at least 16 years old and have completed 14 credits. If you are under 18, you must provide a referral or a release from compulsory attendance from your local high school. AHSD degree requirements are listed on page 49.

General Education Development (GED)

You may earn a high school equivalency certificate by passing the General Education Development (GED) test. You must be at least 16 years old; those under 18 are admitted only with a referral or a letter of release from compulsory attendance obtained from your high school principal or counselor. A fee is charged each term. Spanish GED is also available. Refer to the current Class Schedule for local GED options.

Registration for GED preparation classes takes place in the Dye Learning Center.

Students Younger than Age 18

To take high school or college classes at CCC, the following options are available:

- If you are 16 years of age or older and want to get your high school diploma or GED at Clackamas, contact the Skills Development Department, 503-594-3233.
- To take high school credit recovery classes at CCC that will transfer back to your high school, contact the Skills Development Department, 503-594-3233.
- If you are under 18 and want to take college classes while still in high school contact Enrollment Services, 503-594-6100.
- If you want to earn transferrable college credits for courses you are taking at your high school, contact your high school counselor or the CCC Advanced College Credit coordinator, 503-594-3208.
Financial Aid & Scholarships

Application Procedures
You may apply for financial aid anytime throughout the year. However because certain financial aid funds are limited, you should apply as soon after January 1 each year you want to receive aid.

If you are applying for a federal or state grant, a work program or loan, you must complete a Free Application for Federal Student Aid (FAFSA) application form. CCC uses the FAFSA to determine the amount a family and student can contribute to the cost of their college education. The use of this federally approved aid application assures every applicant fair and consistent treatment. Apply online at www.fafsa.ed.gov. No fee is charged.

After CCC receives the FAFSA data electronically, our financial aid staff will send you an email and post notifications in your myClackamas account (under My Documents). You must check your account frequently during this process to ensure you have submitted all of the forms needed to process your financial aid request. Failure to do so could mean you don’t have your aid when school begins.

Be sure to pay attention to the financial aid recommended deadlines and allow up to 12 weeks for the entire process from application to award letter.

Student Eligibility Requirements
You may be eligible for financial aid if you:
- Are an admitted and enrolled student, whether full or part-time;
- Are enrolled in an eligible program at least one year in length that leads to a degree or certificate;
- Have registered with the Selective Service (if required to do so);
- Have a high school diploma or GED; are not attending an elementary or secondary school;
- Are a United States citizen or an eligible noncitizen;
- Are not in default of any federal loan program; and
- Do not owe a refund on any federal grant program

For the Federal Direct and PLUS Loan programs, you must be enrolled at least half-time (six credit hours).

For a Pell Grant, you must be an admitted, degree or certificate seeking student enrolled in one or more credits.

For the Oregon Opportunity Grant, you must be a resident of Oregon for a year prior to the start of school and enrolled at least half-time (six credit hours).

Program Eligibility Requirements
Eligible programs need to be at least one year in length (some exceptions apply) and must lead to a degree or certificate. Eligible one-year programs must provide training to prepare students for “recognized occupations” as defined in the Dictionary of Occupational Titles.

Academic Standards and Eligibility
To receive financial aid, you must fulfill the standards of Satisfactory Academic Progress (SAP). Information regarding SAP requirements are available online at www.clackamas.edu. Click on “Admissions & Aid.”

Financial Aid Disbursement Policy
Financial Aid is mailed to students or direct deposited to a student’s bank account the last business day prior to the first day of the term. Funds are not available prior to this day. After the term begins, funds are processed on the last working day of each week.
Federal & State Financial Aid Programs

FEDERAL PELL GRANTS
You may be eligible for up to $5,645 a year in 2014-15, depending on the amount of federal funding available. Awards are based on eligibility and enrollment status.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS
You may be eligible for up to $1,050 a year. Part-time students (taking 6-11 credits a term) will receive smaller grants.

OREGON STATE OPPORTUNITY GRANTS
You must be enrolled for six or more credits to be eligible for Oregon State Opportunity Grants. Oregon Opportunity Grants are funded through the Oregon Student Assistance Commission. If you are not an Oregon resident, contact your home state for eligibility requirements for your home state program.

FEDERAL WORK-STUDY
You may be eligible to receive an award to fund a paid part-time job through the college. Jobs are available both on campus and in the community. Part-time students (taking 6-11 credits a term) receive fewer dollars than full-time students.

FEDERAL DIRECT LOANS
Most students are eligible to apply for Federal Direct Loan funds. The Federal Direct Loan is a Federally guaranteed loan. First year students (less than 45 credits completed) are eligible to borrow subsidized amounts up to $3,500, and second year students may borrow up to $4,500 (actual amount is dependent on student budget criteria). The Financial Aid Office provides information on unsubsidized Direct loans.

FEDERAL PARENT LOANS TO UNDERGRADUATE STUDENTS (PLUS)
Your parents may be eligible for Parent Loans to Undergraduate Students. Commercial banks and other participating lenders offer these loans. Parents may borrow the cost of education minus any financial aid.

CCC Financial Aid Programs
503-594-6100
finaid@clackamas.edu

TUITION NEED WAIVERS
Clackamas Community College offers one-time tuition waivers each year to students who need assistance. Due to limited resources, specific criteria applies to these waivers. Contact the Financial Aid Office for more information at 503-594-6100.

Scholarships
503-594-6100
scholarships@clackamas.edu

Clackamas Community College offers various scholarship opportunities. The following are available:

HIGH SCHOOL SCHOLARSHIPS
Every year the CCC Foundation offers two full year tuition scholarships and one full-time, one term scholarship through each in-district public high school. Information and applications for these scholarships are available in December in your local high school counseling center or career center. In-district high school students who compete in the annual Clackamas Regional Skills contest are eligible for CCC scholarships. Partial, one-term tuition scholarships are awarded to the top three winners in all categories of the competition. For more information contact CCC Admissions and Recruitment, 503-594-3284.

TUITION SCHOLARSHIPS
If you possess special skills or plan to participate in extra-curricular activities like art, athletics, speech, journalism, student government, music or theater, you may be eligible for a tuition waiver. Contact the appropriate college department to find out how to apply.

STUDENT SCHOLARSHIPS
The CCC Foundation funds over half a million dollars in scholarships for new and returning students. There is one application form to complete for all scholarships, and the application is available online at www.clackamas.edu/scholarships January 1 through April 30.

PRIVATE SCHOLARSHIPS
A variety of sources offer private scholarships. These scholarships are listed at www.clackamas.edu/scholarships
Veterans Benefits
CCC OREGON CITY CAMPUS
BILL BROD COMMUNITY CENTER, RM100
503-594-3438
vetinfo@clackamas.edu
www.clackamas.edu/Veterans/

If you have ever served in the Armed Forces you may be eligible for educational benefits. Benefits may also be available for spouses and dependent children of veterans.

Please contact us to verify your benefit eligibility and make a career-focused education plan.

We will:
• Provide information about your benefits
• Assist you with the necessary paperwork
• Create an education plan based on your career goals
• Assist with getting started and being successful
• Certify your enrollment and monitor your progress

The regulations and requirements associated with providing and receiving the variety of veteran benefits are extensive and complex. We are here to assist you with these benefits and more. Please come see us soon.

Placement Tests and Advising

Testing/Assessment Center
CCC OREGON CITY CAMPUS, ROGER ROOK HALL, RR136

CCC HARMONY COMMUNITY CAMPUS
503-594-0636
CCC WILSONVILLE CAMPUS
503-594-0944
Visit www.clackamas.edu/testing or call for testing hours.

To be successful in college, it is important to know your current reading, writing, math, and computer skill levels. These skill levels will be determined by the following:

EVALUATION OF PRIOR COURSEWORK
If you received credit for college writing, math or computer courses at Clackamas Community College or any other college or university, you may be placed based on this course work.

Bring a copy of your official transcripts from any colleges you previously attended to Student Services for recommended placements in writing, math and computer courses at Clackamas Community College.

You may have already completed college credits through several local and national programs including Advanced College Credit (ACC), Advanced Placement (AP), College Level Examination Program (CLEP), International Baccalaureate (IB) and the military among others. It is important to send exam scores or transcripts to Graduation Services at least 12 weeks prior to the term in which you will begin at CCC so your credits can be evaluated.

ACT OR SAT SCORES
If you have taken the ACT or SAT and your scores are high enough, you may be placed with these scores. Bring a copy of your scores to the testing center for evaluation. If your scores are not high enough, you will be asked to take one or more COMPASS tests.

COMPASS TESTS FOR READING, WRITING, AND MATH
If you are not able to be placed through prior coursework or ACT/SAT scores, you will need to take one or more of the COMPASS tests. These tests are computer-based, and are not timed.

COMPUTER PLACEMENT ASSESSMENT
If you have not previously received college credit for completing a computer course, you will need to take our computer assessment test. This assessment can also fulfill the computer competency requirement for some Clackamas Community College degrees. Before taking this test to establish computer competency, please consult with an academic advisor.

Advising Sessions/Talking with an Advisor

Student Services
CCC OREGON CITY CAMPUS
BILL BROD COMMUNITY CENTER

CCC HARMONY COMMUNITY CAMPUS
503-594-0623
CCC WILSONVILLE CAMPUS
503-594-0944
www.clackamas.edu/Advising

Students who are new to college are strongly encouraged to attend a New Student Advising Session after completing their placement testing. This two hour session will review campus resources and degree requirements, and will provide hands-on experience for choosing courses, creating a schedule, and registering for classes. Please visit the website or call for specific information regarding advising sessions.

Visit Clackamas Community College on the web at www.clackamas.edu
Students with previous college coursework who are transferring into CCC should meet with an advisor at any of our campus locations. Faculty advisors in the academic departments are also available by appointment to provide specific information about your program of study. They can also serve as a mentor. Your faculty advisor’s name, e-mail address, phone number and office number are listed in the Class Schedule each term. No matter what program you are working on, you should work with an advisor to be sure you’re taking classes that meet your goals.

Registration

ENROLLMENT SERVICES CENTERS
ALL CAMPUS LOCATIONS
503-594-6100
registration@clackamas.edu

Registration is available for currently enrolled, returning and admitted students via your myClackamas account, fax/mail-in and in person as explained in our Class Schedule each term. Registration is based on the number of credits completed at CCC (credits completed at other colleges are not counted for registration purposes). Courses in progress during the current term do not count toward this total. You will be notified of your registration date and time through your myClackamas account. The registration schedule is also printed in the Class Schedule each term. If you miss your registration window, you are able to register any time after that.

To Change Your Schedule

Adding and Dropping Classes
Changing Grading Method

You are required to obtain instructor permission (signature) after open enrollment ends. Generally this is after the first week of the term or after the course begins.

- You must officially drop courses you have registered for if you decide to stop going to class. Ceasing to attend class does not constitute official withdrawal! You will be held academically and financially responsible if you do not officially drop your courses. Official withdrawal is via myClackamas or in person.

- To change your grading method (from graded to P/NP, or P/NP to graded), you must submit a request to Enrollment Services by the end of the sixth week of the term.

- To change to an audit, you must submit a request to Enrollment Services by the end of the sixth week of the term. For more information regarding the Audit Option, see page 26.

Administrative Withdraw

- If you don’t attend your class, instructors MAY drop you but ARE NOT REQUIRED to do so. Instructors may do this at any time during the first two weeks of the class. This is called administrative withdrawal.

- If an instructor does an administrative withdrawal, you may be granted a full refund of charges for the class.

- An instructor may administratively withdraw you from a course if you are unable to demonstrate fulfillment of the stated class prerequisite or co-requisite requirement.

- If you are utilizing Financial Aid or Veteran’s benefits, you may owe a repayment. Please check with these offices for additional information regarding your enrollment status and entitlement to benefits.

- If you are administratively withdrawn from a course, you will be notified by Enrollment Services.
Wait List Procedure

Some CCC classes utilize a wait list option. If the class you want to register for is full and it has a wait list:

- Add your name to the wait list via myClackamas or in person.
- You will be added to the course by Enrollment Services on a first-come, first-served and eligibility basis.

Note: This process ends once a course begins. You must contact your instructor directly once a course has started.

- You will be notified by email and sent a letter when you are added to a class.
- You are academically and financially responsible for the class if you no longer want to be in the class and don't drop it.

The following conditions may affect your eligibility for wait list placement:

- Wait list capacity has been met.
- There is a “hold” on your student record that restricts registration.
- There are course restrictions in place such as “instructor consent.”
- You are already enrolled in another section of the same course.
- There is a time conflict with the course you have selected.
- You have reached the maximum number of credits allowed (18) without additional authorization.
- Class has already begun.

Tuition and Fees

2014-2015 Tuition and Fees

Tuition and fee rates, as well as payment option information can be found in a current copy of the Class Schedule. Please note that tuition and fee rates are subject to change without prior notice.

</tr>
</tbody>
</table>

Course Fees Varies

Certain classes have special fees in addition to tuition and the general fee. These are listed in the “Course Fee” column in the credit course listing in the Class Schedule.
Getting Started

Paying for Classes

How Do I Pay for Classes?

Pay Now: Payment is due at the time of registration. You can pay in person with cash or a local, bank-imprinted check for the amount due. You can make credit card payments in person or online using Visa, MasterCard, Discover or American Express.

Pay Later*: Payment is due by 5 p.m. at the end of the second week of each term. Accounts with a balance after this date will be charged a $30 deferred payment fee.

Deferred Payment: Account balances must be paid by 5 p.m. at the end of the sixth week of each term or you will be charged a non-payment fee of $75 and a hold will be put on your account that will prevent future registration.

*Pay Later conditions: You must be 18 years of age, owe a balance of at least $100, and cannot have an existing balance from a previous term or owe a financial aid repayment. If these conditions do not apply, payment is due at the time of registration.

REFUND POLICY

CCC provides full refunds if you drop your classes on time. We do not provide partial refunds. To receive a full refund you must drop your classes:

- During the first 2 weeks of the class for classes meeting 5 weeks or more
- During the first week of the class for classes meeting 3-4 weeks
- Before the class begins for classes meeting 2 weeks or less

Drop requests are processed via the official college registration request form or your myClackamas account. Eligibility for a refund is determined by the date that your official request is received. Ceasing to attend class or verbal notification does not constitute an official drop. This refund policy is in effect for all classes, seminars and workshops.

If you have questions about an outstanding balance, contact the Student Accounts Receivables Office at 503-594-6068 or stuaccounts@clackamas.edu. If you have a question regarding a refund, contact Enrollment Services at 503-594-6100, or registration@clackamas.edu.

Cancelled Class

If your class is canceled you will be notified and officially dropped by Enrollment Services. Your tuition and fees for this class will be adjusted appropriately.
Absence/Attendance

- You must be officially registered to attend class.
- Be sure to notify your instructor if you can’t make it to your first day of class. If you don’t, you may lose your seat to a student on the wait list, or be dropped due to the administrative withdraw process.
- If you stop going to class and you don’t officially drop the classes from your schedule, you will be held academically and financially responsible.
- If the college is open on a religious holiday, you may be excused through prior arrangement with your instructors.
- If you attend a college-sponsored field trip, intercollegiate function or other event, you may be excused through prior arrangement with your instructors.
- Financial aid programs have specific attendance requirements. Contact the Financial Aid Office at finaid@clackamas.edu or click on www.clackamas.edu for more information.

Academic Standing

All degree/certificate seeking students enrolling in six credits or more each term will be required to maintain a minimum term GPA of 2.0 and complete at least 50% of their attempted credits. (Credits attempted does not include credit hours dropped prior to the sixth week of the term or credit hours changed to audit.)

Students will be evaluated for academic standing by the Registration and Records Office at the end of each term. Notification will be sent to students who have not met satisfactory academic standing as follows:

- The first term that a student does not meet academic standing requirements will result in an Academic Alert status. Students in this status will be provided with and encouraged to take advantage of academic support resources to assist them with areas of concern.
- If there is a second consecutive term that a student does not meet one or more of the academic standing requirements, he/she will be placed in an Academic Probation status. Students in this status will be required to meet with an academic advisor during the academic probation term in order to determine a course of action and the resources needed to support the student’s success. Students who do not meet with an academic advisor by the end of the 5th week of their probation term will be restricted from enrolling in a subsequent term.
- If there is a third consecutive term that a student does not meet one or more of the academic standing requirements, he/she will be placed in an Academic Suspension status. Students in this status will be required to petition to the Dean of Academic Foundations and Connections for reinstatement to CCC. If your petition is approved, you will be required to meet with an academic advisor and will be restricted from enrolling at CCC until intervention strategies have been accomplished. Student appeals will be considered quarterly by the Dean of Academic Foundations and Connections, for academic suspension status only.

Students receiving Financial Aid or that are enrolled in programs with additional academic performance requirements (e.g., Nursing, Allied Health, International/PIE) will be subject to higher academic standing criteria.
**Active Military Duty**

If you are called up for active military duty, and wish to withdraw from classes, you will be held harmless with regard to financial and academic responsibility.

- You will be asked to officially withdraw from classes through myClackamas, fax, mail, or in person.
- Students who have already shipped out or are unable to drop classes should contact Enrollment Services directly: 503-594-6100 or registrar@clackamas.edu.
- You will be asked to submit a copy of your orders along with a request for a refund/credit to Enrollment Services.
- Requests to be held harmless financially and academically for a prior term enrollment must be submitted directly to the Registrar at 503-594-3370 or taras@clackamas.edu.

Clackamas Community College’s CPL program can award college credit for knowledge and skills acquired outside the classroom. For more information contact Student Services.

**Credit by Examination (Challenge Exam)**

You can challenge a course for credit by taking an oral, written, performance examination, or a combination of these, for course eligibility. Challenge exams are subject to the following limitations:

- Certain courses have been approved for challenge (visit Student Services for more information).
- You must be enrolled at CCC and complete a minimum of three non-CPL credits during the term in which you challenge a course, or have received a minimum of 12 non-CPL credits from CCC in previous terms.
- Challenge exams need to be completed by the tenth week of the term. Credit from challenge exams completed after the tenth week will be recorded on your transcript the following term.
- The per credit challenge fee must be paid prior to testing.

You may challenge a course by obtaining an application from an Enrollment Services Center or Student Services and contacting the college department responsible for instruction of the course. The exam is comprehensive, covering all the basic information and skills required of a student completing the course in the regular manner. For more information call Student Services, 503-594-3475.

**Credit Hours and Credit Loads**

The standard unit of measurement for college work is called a credit.

A full-time student is defined as someone enrolled in 12 or more credits in any one term. No student may enroll in more than 18 credits per term without approval from an advisor.

* **COURSES NUMBERED:**

<table>
<thead>
<tr>
<th>100 and above</th>
<th>College level courses resulting in transcripted academic credit which may be applied toward a degree and/or certificate. May also transfer to four-year colleges.</th>
</tr>
</thead>
<tbody>
<tr>
<td>010 through 099</td>
<td>Courses that result in transcripted academic credit which may or may not be applied toward a degree and/or certificate. May be transferable to other community colleges.*</td>
</tr>
<tr>
<td>001 through 008</td>
<td>Continuing education courses, workshops or seminars that carry no credit or application toward a degree and/or certificate. Not transcripted.</td>
</tr>
<tr>
<td>009</td>
<td>Classes, seminars, workshops and training resulting in Continuing Education Units (CEUs). These courses are not transcripted as academic credit nor are they applicable toward a degree and/or certificate.</td>
</tr>
</tbody>
</table>

* Students should consult with a faculty advisor or an academic advisor to verify course eligibility towards degree/certificate requirements.

**Final Exams**

Final examinations take place the last week of each term (see the Class Schedule for exact dates and times). You must take finals at the scheduled time; exceptions will be made only for illness or other circumstances beyond your control, and must be approved by your instructor prior to scheduled exam time.
**Grades and GPA**

Letter grades are used to indicate the quality of work completed. To find your grade point average (GPA), divide the total number of grade points earned by the total number of credits attempted in classes graded A-F. Courses graded Pass/No Pass are excluded in calculating GPA. If you believe a grading error has occurred, you must notify your instructor immediately.

<table>
<thead>

<td>Audit, no credit, no grade points</td>
<td>N/A</td>
</tr>
<tr>
<td>Y</td>
<td>Never attended, no credit, no grade points</td>
<td>N/A</td>
</tr>
</tbody>
</table>

**Incomplete**

A grade of Incomplete indicates that the quality of work is satisfactory, but an essential requirement of the course has not been completed. Incompletes are granted only for acceptable reasons and only with the instructor’s consent. An Incomplete must be made up within one calendar year from the time it is received. The course must be repeated if credit is to be received.

You must make arrangements with the instructor to complete a course in which you’ve received an Incomplete.

**Never Attended and Withdraw**

If you never attend a course and don’t drop it from your schedule, you remain financially responsible for the course and an instructor will assign a grade of “Y.”

If you start attending a course but don’t drop it and stop attending, you remain financially responsible for the course and an instructor may assign a grade of “W.”

Grades are at the discretion of your instructor. If you stop attending a course and don’t drop it by the stated deadlines, talk with your instructor about the grade you will receive.

**Pass/No Pass**

A Pass grade indicates satisfactory completion of the course (equivalent to a C or better). A No Pass grade means the course was not satisfactorily completed and no credit was granted. Some courses are offered only on a Pass/No Pass basis. Some courses offer the option to choose between Pass/No Pass and an A-F grade option and some courses may be taken as A-F letter grade only. You will select your grade option at the time of registration. Changes to grade option must be made with Enrollment Services by the end of the sixth week of the term. Please note that this grade option may mean the course is no longer transferable to a four-year institution and may not count toward a degree or certificate.

**Audit**

An audit allows you to attend class without responsibility for a grade. Audit carries no credit, doesn’t contribute toward full-time status and does not meet full-time status required for Veterans, Social Security, Financial Aid or athletic eligibility. All other college policies apply including registration, tuition payment, refunds, and attendance. If you decide to change your status from audit to credit or credit to audit, notify your instructor prior to the end of the sixth week of the term.

If you are a financial aid student, please notify the Financial Aid Office if you change from a credit to an audit or receive an audit grade. You may be required to pay back funds. Audit classes do not qualify for financial aid.

**Honor Recognition**

Students achieving a term GPA of 3.5 or better based on nine or more credits graded (A-F) will be recognized at the end of each term for academic excellence on their transcripts.
Prerequisites

A prerequisite is a course that must be satisfactorily completed before you can enroll in a particular course. The Class Schedule indicates whether a course has a prerequisite under each course title.

Registration and Transcript Restrictions

A transcript and/or registration restriction (referred to as a “hold”) will be placed on your record if you fail to meet an academic, equipment return or financial obligation to the college. You will be notified of the hold through your myClackamas account and the obligation must be resolved before the hold is removed.

See page 19 for additional policies related to registration.

Repeating Courses for Credit

Certain classes may be repeated for credit towards degree completion as specified in the catalog. If a catalog course description does not include information that specifies the course may be repeated then credits from the course may not be applied towards degree completion. If you have any questions about whether a repeated course will count for credit, contact the Advising Office.

Repeating Courses for GPA

You may repeat a course as many times as you choose. A repeated course will reflect an “R” on your transcript. Beginning summer term 2013 the best grade (A, B, C, D, F) will be used in computing your cumulative GPA. Other attempts will be shown on your transcript, but will not be included in calculating your GPA. This will happen automatically.

Repeated courses completed prior to summer term 2013 will reflect the most recent attempt in the GPA. A Repeated Course Notification form is required.

Variable Credit

Some courses are eligible for variable credit. These courses are noted in the Class Schedule with a “V” in the credit column. This option allows you to pursue an individualized learning program. You must register for the number of credits you expect to earn in that term as determined with your instructor. Changes to variable credit must be processed through registration by the end of the 10th week of the term.

Transcripts

Official transcripts of your coursework at CCC may be ordered online, in person, by written request or fax through Enrollment Services. Unofficial transcripts are available by going to the Web at my.clackamas.edu/

For more information call the Transcript Request Line, 503-594-6102.

Clackamas Community College reserves the right to withhold issuance of transcripts to students who have not met their obligations to the college.

Academic advisors are available on a drop-in and appointment basis to help students by providing a wide range of academic information and assisting students with many academic processes including course selection, degree requirements, educational and career planning, and transfer information.

Throughout the year academic advisors present advising sessions for new students, pre-nursing students, and others. Please visit the website for more information, including hours, transfer information, and a multitude of other resources.

Associated Student Government

www.clackamas.edu/Associated_Student_Government.aspx

CCC OREGON CITY CAMPUS, COMMUNITY CENTER, CC152
503-594-3040

The Associated Student Government (ASG) of Clackamas Community College is the governing body of CCC students. The president and vice president are elected by the student body; senators and other officers are determined by a selection process. ASG operates under a constitution designed to promote student activities which stimulate social, physical, moral and intellectual life on campus.

Intramurals

503-594-3931

Clackamas offers opportunities for students to participate in a variety of intramural sports activities, including fun runs, softball, basketball, flag football, Badminton, dodgeball, ultimate Frisbee, and soccer, (not all activities are offered each year).

Athletics

www.clackamas.edu/athletics/
CCC OREGON CITY CAMPUS, RANDALL HALL
503-594-3043

Intercollegiate

Clackamas is a member of the Northwest Athletic Association of Community Colleges (NWAAACC) and competes in intercollegiate sports with other colleges throughout the Northwest. Intercollegiate athletics for men include cross-country, track, wrestling (NJCAA), basketball and baseball. Women's intercollegiate sports include basketball, softball, volleyball, track, cross country and soccer.

For Intramurals, see Associated Student Government or contact campact@clackamas.edu

Bookstore

www.cccbooks.com/home.aspx

CCC OREGON CITY CAMPUS, McLoughlin Hall
503-594-6500

CCC HARMONY COMMUNITY CAMPUS
HARMONY BUILDING
503-594-0647

The Bookstore is the place to shop for almost everything a student needs for college. Items in stock include new and used textbooks, e-books, study aids, calculators, flash drives, art, drafting and office supplies, sundries, stamps, school supplies, greeting cards, general books, CCC clothing, snacks, candy, cold drinks and convenience foods. Tri-Met bus passes and tickets are available at the Oregon City store only. The Harmony Store also stocks items needed for the Nursing and Allied Health programs including scrubs, lab coats, name tags and stethoscopes. Both stores offer a special order service for many items not normally stocked.

Textbooks are available for shipment or in store pick-up by ordering online at www.cccbooks.com

If you are attending classes at the Wilsonville campus, your books can be delivered to the Wilsonville campus when ordering online.

Students may sell their unwanted new and used books for cash at the Bookstore. Receipts are not needed for textbook buyback. While textbook buyback is open most of the year, students are encouraged to sell their books at term ending when prices are usually better.

Hours are posted in the Class Schedule, as well as the website www.cccbooks.com

Both stores are open extended hours the first week of fall, winter and spring terms.

Visit Clackamas Community College on the web at www.clackamas.edu
Career Services  
www.clackamas.edu/career_services.aspx

Career, employment, and training information and services are provided to students and potential students. Information and services include:

• Career exploration resources
• Career assessment tools
• Job search information and planning
• Career and job search classes
• Career counseling

Many of these resources are available online.

College Counselors  
www.clackamas.edu/Counseling/

Counselors are available to provide retention and support services which help students benefit from their experience at Clackamas Community College. Counselors at CCC help students develop career goals and to design a path of education or training that will help them reach those goals. Short term personal counseling and referrals to community resources are provided to students to help identify and overcome barriers that are interfering with success. Counselors also teach courses related to academic strategies and applied life skills. These classes are designed to improve career, personal, and academic achievement.

Child Care  
www.clackamas.edu/childcare/

The YMCA Child Development Center is located in the Family Resource Center on the Oregon City campus of Clackamas Community College. The center offers affordable and flexible child care for children ages 6 weeks to 12 years. Children enrolled in the program will play and learn in our NAEYC accredited, state-licensed child care program which offers a host of age-appropriate experiences for children under the watchful guidance of well-trained, caring staff members.

Space is limited and pre-enrollment is necessary. We encourage you to contact the center for enrollment materials as soon as you recognize your child care needs. Students at CCC may qualify for child care assistance and should contact the YMCA center to learn more about these options.

Community Gardens  
www.clackamas.edu/CommunityGardens/

The Community Gardens at Clackamas Community College provides an economical, convenient spot for the public to grow their own vegetables and flowers. Each plot is $40 per year.

For information on the Community Gardens, contact Student Life & Leadership at 503-594-3040. You can also e-mail: communitygarden@clackamas.edu

Computer Labs  
CCC OREGON CITY CAMPUS  
503-594-6632

The college has computers available for student use. The Academic Computing lab in the Dye Learning Center and Streeter Hall Open Computing lab are general access labs open to all students.

Many academic departments manage their own computer labs. Specialized software for these programs is usually available in these labs only. Check with specific departments to see if they provide lab hours for their students.
**Streeter Hall Open Computing Lab**
503-594-6632

Streeter Hall Open Computing Lab is a general access lab open to all students. The lab offers Windows-based computers, general-purpose software such as Microsoft Office, and a printer. A project room is available for student groups to work together. You must be a currently registered student to use the lab. Streeter Hall Open Computing lab is open Monday–Thursday from 9 a.m.–4 p.m.

**Academic Computing Lab**
See The Learning Center.

**Music Technology and Audio Recording Labs**
NIEMEYER CENTER, N216
503-594-3337

The Music Technology Labs and Audio Recording Studio enable students to compose, record, print and produce music. The facilities are available to CCC students enrolled in music classes which use related Music Technology hardware and software. The CCC Music Technology Labs house 25 state-of-the-art music computer work stations. Software includes Finale, ProTools, and Reason.

**Disability Resource Center**
www.clackamas.edu/DisabilityResourceCenter/

**Student Services**
CCC OREGON CITY CAMPUS, COMMUNITY CENTER
503-594-6357
drc@clackamas.edu

The Disability Resource Center (DRC) offers a wide range of services to provide students with disabilities access to college programs and activities and auxiliary support. Services may include: interpreters for Deaf and hard of hearing students, note taking options, proctored testing, electronic text, test readers or scribes, campus-based adaptive equipment and training, orientations, campus tours by special arrangement, and referral assistance. The DRC also provides faculty/staff consultations.

Students requesting services must:
- Arrange to meet with the DRC Coordinator.
- Provide the DRC with documentation from a certifying professional that establishes the existence of a current disability and supports the need for accommodations requested.
- Personally request accommodations through the DRC Coordinator.

English as a Second Language Program for Intensive English
www.clackamas.edu/ESL/
www.clackamas.edu/International/

Clackamas Community College offers English as a Second Language (ESL) for residents of the community, and the Program for Intensive English (PIE) for international students and international visitors. Both credit and noncredit classes are offered.

**Enrollment Services Center**
www.clackamas.edu/EnrollmentServices/
CCC OREGON CITY CAMPUS, ROGER ROOK HALL
503-594-6100

CCC HARMONY COMMUNITY CAMPUS
HARMONY BUILDING
503-594-0620
CCC WILSONVILLE CAMPUS
503-594-0940

Each Enrollment Services Center provides information and assistance with admissions, registration, transcript requests, student ID cards, making payments and general financial aid.
Financial Aid

www.clackamas.edu/FinancialAid/
CCC OREGON CITY CAMPUS, ROGER ROOK HALL
503-594-6100

Financial Aid services provide students with information, applications and required forms for federal and state student aid programs, all types of scholarship programs, and the various types of aid and assistance offered by Clackamas Community College. General financial aid and scholarship advising sessions on a weekly basis. Also see pages 16-18.

Scholarships

www.clackamas.edu/Scholarships/
503-594-3421

The Scholarship Coordinator provides students with information regarding scholarships and provides assistance throughout the application process. The application for CCC Foundation Scholarships can be found beginning January 1st each year at www.clackamas.edu/scholarships with a deadline of April 30th. Scholarship questions can be emailed to scholarships@clackamas.edu.

Veterans Benefits

www.clackamas.edu/Veterans/
CCC OREGON CITY CAMPUS, COMMUNITY CENTER, RM100
503-594-3438
vetinfo@clackamas.edu

The college provides a wide range of services for Veterans which include:
- Information about benefits
- Education and career information
- Assistance with getting started and being successful
- Referrals to additional resources
- Assistance with necessary paperwork
- VA enrollment and progress certification

If you have ever served in the Armed Forces please contact us to learn more about our veteran services. Please see page 18 for more information.

Work Study

www.clackamas.edu/WorkStudy/
503-594-3428

The Work Study program is a federal financial aid program providing temporary employment. The program is based on financial need and available to eligible students who apply early and are enrolled in at least six credits of course work in a degree or certificate program. Applicants should use the Free Application for Federal Student Aid (FAFSA) to apply for financial aid.

Fitness Center

CCC OREGON CITY CAMPUS, RANDALL HALL
503-594-3043

The CCC Fitness Center is open to students and staff when classes are not scheduled in the center. Equipment includes pyramid weight machines, free weights, exercise bicycles, steppers and rowing machines, treadmills, as well as spinning bikes, ellipticals, an upper body ergometer and several single station machines.

Food Service

www.clackamas.edu/FoodService/
CCC OREGON CITY CAMPUS, COMMUNITY CENTER

A full-service cafeteria operates in the Community Center. Vending machines are located in the Apprenticeship Training Center, Barlow, Clairmont, Community Center, Family Resource Center, Randall, and at the Harmony and Wilsonville campuses.

A coffee shop operates in the cafeteria and offers specialty coffee drinks.

The bookstore has a large assortment of items including frozen meals, healthful snacks, fruit, breakfast choices, candy, juice, soda and many gluten free offerings. Microwaves are available in the Randall Hall lobby, second floor of Barlow Hall, and the Community Center.

Graduation Services

CCC OREGON CITY CAMPUS
503-594-6651

A completion coach from Graduation Services can assist you on the total number of credits being transferred in from other colleges, identify the number of credits needed to complete your degree, and assist you with your petition to graduate.

Haggart Astronomical Observatory

www.clackamas.edu/Haggart_Observatory.aspx
CCC OREGON CITY CAMPUS
503-594-6044

Haggart Astronomical Observatory is located at the Environmental Learning Center on the Oregon City campus. The centerpiece of the Observatory is a 24” reflector telescope. Through a partnership agreement with the Rose City Astronomers (RCA), a local amateur astronomy club, the RCA maintains the observatory and opens it at least once a month for the general public, weather permitting. For additional information on the observatory, visit the Observatory’s website at www.clackamas.edu/Haggart_Observatory.aspx

For information on public openings and private access, visit the RCA website at rosecityastronomers.org/sp/haggart.htm

Astronomy courses are offered at CCC through the Science Department. See Physics in a current Class Schedule.
Honor Society  
depts.clackamas.edu/clubs/ptk/  
ΦΘΚ: Phi Theta Kappa  
503-594-3040 or 503-594-3041  
The Clackamas chapter of Phi Theta Kappa, the international honor society for students in community colleges, offers students recognition for hard work and ways to contribute to the community.  
Students who have completed at least 12 college-level credits and have a 3.5 or better cumulative grade point average are invited to join.  
Membership has many benefits, including Phi Theta Kappa scholarships, society publications, and travel to regional and international meetings. They also have the opportunity to wear a gold stole and tassel at graduation. Chapter activities are centered around the society’s four hallmarks: scholarship, leadership, service and fellowship. Joining Phi Theta Kappa is a mark of distinction. Applications are available in the Student Activities Office, CC152.

The Learning Center  
www.clackamas.edu/tutoring  
CCC OREGON CITY CAMPUS, DYE LEARNING CENTER  
503-594-6191  
tutoring@clackamas.edu  
The Learning Center: A welcoming environment, open and accessible to all, that inspires people to engage in lifetime learning. The Learning Center is located in the Dye building on the Oregon City campus and offers the services listed below. Hours: Monday–Thursday, 7:30–8; Friday, 7:30–5; Saturday, 11–3.

Academic Computing Lab  
www.clackamas.edu/tutoring/  
503 594-6632  
The Academic Computing Lab in the Dye Learning Center has Windows-based computers available for student use and offers drop-in tutoring for a variety of computing issues, such as accessing information on Moodle, using all Microsoft Office applications, or printing. Business and computer science tutors are available during all open lab hours. You must be a currently registered student to use the lab. The Academic Computing Lab is open Monday–Thursday from 7:30 a.m.–8 p.m., Friday 7:30 a.m.–5 p.m., and Saturday 11 a.m.–3 p.m.

Additional services  
• Chemistry Help Center: Pauling 165  
• Anatomy and Physiology Study Room: Pauling 145  
• General Science Tutoring: DeJardin main floor

Math Lab  
503-594-3121  
tutoring@clackamas.edu  
Drop-in (no appointment) math tutoring is available in the Dye Learning Center on the Oregon City campus and at the Harmony campus. In the Math Lab, students can obtain one-to-one help for their math homework and in preparation for math exams. Help is available for all the math classes taught on campus: arithmetic, algebra, statistics, and calculus.  
For hours of operation: www.clackamas.edu/Math/Mathlab/

Writing Center  
503-594-6275  
writing@clackamas.edu  
The Writing Center offers students one-to-one feedback on any writing assignment, for any class or project. Online tutoring may be available by request. Students can get help with any aspect of writing: understanding the assignment, strategies for getting started, grammar and editing, organization, strategies for revising and polishing, considering the audience, and citing sources. Help is available for working on scholarship and admissions applications and essays, as well as cover letters and resumes.

Subject-Area Tutoring  
503-594-6191  
tutoring@clackamas.edu  
The Learning Center provides free individual and small group tutoring in many subjects such as accounting and physics. Tutors are available by request, with some drop-in tutoring and some by appointment. Limited services are available at Harmony Campus and Wilsonville in some subjects.

Library  
www.clackamas.edu/Library  
503-594-6323  
The library has a collection of over 32,000 books and compact disks and offers electronic access to the complete text of more than 4,600 journals, 1,200 newspapers, and over 50,000 e-books. With a student ID number, all databases may be accessed from home through the library’s Web page. Librarians assist students in the use of library and Internet resources and provide formal library instruction in LIB-101. Electronic reference assistance, interlibrary loan, and reserve materials are also available. The library is available for use by students, faculty, staff, and the general public.
Music

dep.ts.clackamas.edu/music/CCC_MUSIC_HOME/Welcome.html

CCC OREGON CITY CAMPUS, NIEMEYER CENTER
503-594-3337

The Music Department sponsors a number of vocal and instrumental performing groups which are open to students and to the community. Groups include Concert Band, Jazz Ensemble, Chamber Singers, Vocal Jazz Ensemble, Chamber Ensemble, Orchestra, Jazz Combo/Improvisation and Pep Band (pop/blues/rock/R&B). Some ensembles require an audition. Scholarship funds and work-study positions may be available for students who participate in music groups or activities (need not be a music major).

The Music Department offers group instruction on guitar, voice, and piano. In addition, individual (private) lessons are available for almost all instruments.

Music Technology Labs and Audio Recording Studios enable students to compose, record, print and produce music. Software includes Finale, ProTools, and Reason. The Labs are available to CCC students enrolled in appropriate music classes.

The CCC Music Department is home to the Ed Beach Collection, a library of over 2,200 hours of recorded jazz. The original master tapes are now in the National Archives; this edition of the Collection is the only other edition in existence.

Renewable Energy and Sustainability Center

dep.ts.clackamas.edu/sustainability/

503-594-3657

The Renewable Energy and Sustainability Center was created to serve as a clearing house for information about sustainable practices and activities already accomplished by the college and plans for future activities. It is also a resource for college and community events in the area of sustainability and a source for career options available in the area of green jobs. Clackamas Community college can help you reach those career goals through degree and certificate options. Most of the information is available through our website, however, there is also a campus sustainability tour which showcases current efforts by the college to move toward greater environmental, economic and social sustainability.

Service Learning Volunteers

www.clackamas.edu/peerprogram/

CCC OREGON CITY CAMPUS, COMMUNITY CENTER
503-594-3205

The Service Learning program provides volunteer/community service opportunities for CCC students. Service Learning is a program which combines classroom learning with volunteer field experience. College credit is earned for participation in the program and tuition is free.

Speech & Debate: Forensics

dep.ts.clackamas.edu/comm-theatre/SpeechHome.htm

CCC OREGON CITY CAMPUS, NIEMEYER CENTER
503-594-3155

The Clackamas Community College Forensics (Speech & Debate) Club is comprised of students with a passion for public speaking. The purpose of this club is to amplify students’ awareness regarding current events and societal changes through forums and club activities. This club provides a remarkable number of benefits, which include developing better speaking and writing skills, along with increasing individual communication aptitude while developing critical thinking and logical argumentation skills. Our vision is that every team member will be empowered to become an effective communicator, ethical individual, critical thinker, and leader in our community. The team competes with other community colleges and four-year colleges and universities in speaking areas that include: Platform Speeches, Oral Interpretation, Limited Preparation and Parliamentary Debate.
Student Accounts Receivable

www.clackamas.edu/Tuition/Options/
503-594-6100

Student Accounts Receivable services provide students with information regarding amounts owed to the college and education regarding college policy for the payment of tuition/fees. For more information regarding payment and refund of tuition and other charges, see page 21.

Student ID Cards

Photo student ID cards are available at each of our campuses. You’ll need this card for transactions on campus, including library checkout, access to computer and tutorial labs, the Assessment Center, enrollment verification, and admission to college events. Picture identification will be required to obtain your photo ID card. First card is free, replacements $10.

Student Life & Leadership

www.clackamas.edu/StudentLife

CCC OREGON CITY CAMPUS, COMMUNITY CENTER, CC152
503-594-3040

The Student Life & Leadership Office serves as a resource and information center and coordinates student activities on campus. The office provides information on transportation, insurance, student government, special events, clubs, health and wellness events, intramurals, housing, and other programs of interest to students. The office is also the location for calculator and locker rentals, as well as the campus Lost & Found.

Student Publications

thecrackamasprint.net
www.clackamas.edu/Student_Publications.aspx

CCC OREGON CITY CAMPUS, ROGER ROOK HALL, RR135
503-594-3261 or 503-594-3254

The Clackamas Print is an award-winning student-run newspaper published weekly during the school year. Clackamas News Online trains students in broadcast journalism. Clackamas Literary Review is a nationally distributed literary magazine designed and edited by students that publishes poetry, fiction, and essays, and offers a student writing contest. Together, these student-run media provide the opportunity to gain practical experience in writing, broadcast journalism, publishing, photography, multimedia reporting, illustration, layout, desktop publishing and graphic design. Tuition waivers are available to student editors.

For information contact Rita Shaw at ritas@clackamas.edu or 503-594-3254.
Theatre
www.theatreccc.org
CCC OREGON CITY CAMPUS, NIEMEYER CENTER
503-594-3153
The Theatre Department produces one full-length play and several student-directed theatre projects each term. Workshop courses focus on the production of theatre for public performance, and everyone in the community is welcome to participate. The department also offers lecture courses which encompass technique, theory, and philosophy of theatre arts. College credit is available for each production, and students in need of financial assistance may qualify for tuition waivers or work-study.

Clackamas Repertory Theatre
www.clackamasrep.org
CCC OREGON CITY CAMPUS, NIEMEYER CENTER
503-594-6047
Founded in 2005 as an extension of the CCC Theatre Department, Clackamas Repertory Theatre is a professional theatre company which produces a three-play season July through October. CRT features current and former CCC Theatre Department students both on stage and behind the scenes, as well as professional Portland area actors and directors. For information on our current season see our website at www.clackamasrep.org

See The Learning Center.
Student Rights

Campus Security Report – Jeanne Clery Act

The "Jeanne Clery Disclosure for Campus Security Policy and Campus Crime Statistics Act" (formerly the Campus Security Act) is a federal law that requires institutions of higher education to disclose campus security information, including crime statistics for the campus and surrounding area. As a current or prospective CCC student or employee, you have a right to obtain a copy of this information. You may review this information by accessing the federal government web site (enter "Clackamas Community College" in the search field) or in the CCC student handbook. You may also obtain a hard copy of this information upon request by contacting the CCC Campus Safety at 503-594-6234 or at www.clackamas.edu/Rights_and_Responsibilities.aspx

Directory Information

Clackamas Community College has established an institutional policy regarding the release of limited directory information as defined in the Family Educational Rights and Privacy Act (FERPA). The following information will be released upon request to anyone:

1. Enrollment status
2. Verification of certificate or degree award
3. Residency status
4. Major
5. Athletic participation – height and weight of team members

The following information may be released by the Dean of Academic Foundations and Connections or Registrar:

a. Student name, address, telephone number
b. Class location to Public Safety in case of health or safety emergencies.

Exceptions to the above may include but are not limited to:

1. Release of alumni names and addresses to our Foundation Office for communication with CCC graduates;
2. The release and posting of names of students receiving academic honors/awards;
3. Student athletes may sign a release of information form through the Athletic Department for the release of information regarding registration activity, grades and access to records by their coach or the athletic director.

Students employed with the college that have access to student records receive FERPA training and are asked to read and sign an institutional confidentiality statement of understanding. Directory information for use within the college is permitted in accordance with FERPA guidelines. Disclosure within the college does not constitute institutional authorization to transmit, share or disclose any or all information received to a third party.

Family Educational Rights & Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) provides students with specific rights regarding their academic records. They are as follows:

- The right to inspect and review your records. You may request to review your records by submitting a written request to the Registration and Records Office or other school official having custody of such records.
- The right to seek amendment to your record if you believe it to be inaccurate, misleading or in violation of your privacy rights. Requests for amendments must be in writing and must describe the specific item or record you wish to have amended. You must also include the reasons why the amendment is justified.
- The right to consent to disclosure of personally identifiable information contained in your academic records, except when consent is not required by FERPA. FERPA does not require a student’s consent when disclosure is to school officials with legitimate educational interests (See AR 6-96-0031). Additionally, consent is not required by FERPA in the instances where a person or company with whom the college has contracted or appointed as its agent and/or students serving on official committees have legitimate educational interest. A school official has a legitimate educational interest if the official needs to review an academic record in order to fulfill his/her professional responsibilities.
- The right to file a complaint with the Department of Education, Family Compliance Office concerning alleged failures by the college to comply with the FERPA requirements.
- FERPA allows the college to disclose your directory information without consent. If you do not want this information released, you must submit a request with the Registration and Records Office.
Release of Information

Clackamas Community College adheres to and is committed to honoring all state and federal laws pertaining to the privacy and confidentiality of your directory information and academic record. You have the right to restrict access to information if you so choose. Please refer to the following in regards to the release and restriction of directory information.

Requesting to Restrict the Release of Directory Information

You may restrict the release of directory information as mentioned above by submitting a Restrict Directory Information request form to the Registration and Records Office. This restriction will remain in place until you ask for removal. It will remain in place even after you graduate or have stopped attending.

Use of Your Social Security Number

OAR 581-41-460 authorizes Clackamas Community College to ask you to provide your Social Security Number. The number will be used for reporting, research, and record keeping. Your number will also be provided to the college to the Oregon Community College Unified Reporting System (OCCURS), which is a group made up of all community colleges in Oregon, the State Department of Community Colleges and Workforce Development and the Oregon Community College Association. OCCURS gathers information about students and programs to meet state and federal reporting requirements. It also helps colleges plan, research and develop programs. This information helps the colleges to support the progress of students and their success in the workplace and other education programs.

OCCURS or the college may provide your Social Security Number to the following agencies or match it with records from the following systems:

- The Oregon Employment Department, which gathers information about the release and restriction of directory information.
- The Internal Revenue Service, to provide required information related to the Taxpayer Relief Act of 1997.
- The Oregon Department of Revenue and collection agencies only for purposes of processing debts and only if credit is extended to you by the college.
- The National Student Loan Clearinghouse for the purpose of verifying your enrollment at other colleges, universities and vocational schools.
- The Oregon Department of Education, to provide reports to the state of students and programs to meet state and federal governments. The information is used to learn about education, training, and job market trends for planning, research and program improvement.
- The Oregon Department of Revenue and collection agencies only for purposes of processing debts and only if credit is extended to you by the college.
- The National Student Loan Clearinghouse for the purpose of verifying your enrollment at other colleges, universities and vocational schools.
- The Internal Revenue Service, to provide required information related to the Taxpayer Relief Act of 1997.

State and federal law protects the privacy of your records. Your number will be used only for the purposes listed above.

Solomon Amendment Disclosure

The Solomon Amendment requires by law that the college release: student name, address, telephone number, date of birth, educational level, academic major and degrees awarded upon request from recruiters of the branches of the U.S. military. If you request that this information not be released, CCC will not release to military recruiters or other parties except as noted in this publication or upon written permission from you.

Student Information

The college collects data on all students. The kind and amount of data differ for each student depending on the kind of services you use and the length of your stay at the college. Pursuant to Public Law 93-380, you may review all official records, files, or data pertaining to you, with the following exceptions:

- Confidential financial information reported by the parent or guardian unless the records explicitly grant by written permission the student to review the financial statement.
- Medical, psychiatric, or similar records used for treatment purposes.

Access to your student record is guaranteed and must be made available to you within 45 days of your official request. You may challenge the content of a record you consider inaccurate, misleading, or otherwise in violation of your privacy or other rights by contacting the college Registrar. You have the right to a hearing as outlined in the “Students’ Rights, Freedoms & Responsibilities” section of the Student Handbook.

*All data from records submitted, filed and accumulated in Enrollment Services become the property of the College.
Student Right to Know and Other Notification Requirements

Clackamas Community College information regarding academic programs, student completion/graduation rates, financial assistance, athletics, institutional financial support, privacy rights (FERPA), campus security, crime statistics and other Student Right to Know items may be obtained by going to www.clackamas.edu/Rights_and_Responsibilities.aspx

Printed copies of this information may also be obtained by contacting the Registration and Records Office at 503-594-3370 or registrar@clackamas.edu

Discrimination Concerns

Clackamas Community College does not discriminate on the basis of race, color, religion, gender, sexual orientation, marital status, age, national origin, disability, family relationship or any other protected status in accordance with applicable law. The college's commitment to non-discrimination applies to curricular activity and all aspects of the college.

In accordance with applicable law, Clackamas Community College does not discriminate on the basis of a disability and is specifically dedicated to providing a harassment free environment for all people with disabilities, as well as timely and effective provision of services for students with disabilities.

To this end the following procedures are designed to serve any member of the community who experiences any form of discrimination.

ADA Grievance Procedure

Any disabled student who feels that he/she has been discriminated against or harassed due to his/her disability should contact the Disability Resource Coordinator to report the event. The Disabilities Resource Coordinator will then investigate the incident. Please refer to the Problem Resolution Procedure as outlined in the Student Handbook.

Any disabled student is free at any time to submit a complaint to the office for Civil Rights. Please refer to board policy for ADA Grievance Procedure and Discrimination form:

policy.osba.org/clackcc/AB/ACA%20R%20G1.PDF
policy.osba.org/clackcc/AB/AC%20R%20G1.PDF

Sexual Harassment/Assault Report Procedure

All complaints of sexual or other harassment will be investigated. Once the college has a notice or complaint of sexual harassment, the college has a legal duty to investigate. Please refer to board policy for Sexual harassment complaint procedure: policy.osba.org/clackcc/J/JBA_GBN%20R%20G1.PDF

When a student reports an alleged incident of sexual or other harassment to a staff person, the student will immediately be referred to the Associate Dean of AFAC. Complaints involving only students will be investigated by the Associate Dean of AFAC; complaints involving one or more employees should be reported to the Dean of Human Resources; complaints involving vendors or other individuals (not employees) should be reported to the Dean of Campus Services, or designee. In all cases the responsible compliance officer will consult with the Dean of Human Resources to ensure consistency.

If you need assistance resolving a problem please see page 41 for information and a Problem Resolution Form.

It is the policy of the Clackamas Community College and its Board that there will be no discrimination or harassment on the grounds of race, color, sex, marital status, sexual orientation, religion, national origin, age or disability in any educational programs, activities or employment. Lack of English language skills will not be a barrier to admission and participation in career and technical education programs. Persons having questions about equal opportunity and nondiscrimination should contact the dean of Human Resources for Clackamas Community College in Barlow Hall at the Oregon City campus, 503-594-3300.

Problem Resolution Form

This form is used to aid in resolving a problem. Please read the instructions provided in the CCC Student Handbook for details of the process. Students should submit this form to the director of the area of concern (registration, enrollment, student services, or department chair). If a resolution is not reached, this form will be given to the Associate Dean of AFAC, Darlene Geiger, Dye 142.

Please reference the college rule, policy, or procedure allegedly violated as described in Student Rights, Freedom & Responsibilities www.clackamas.edu/Rights_and_Responsibilities.aspx

Name: __________________________ CCC Email: __________________________
Student ID: __________________________ Telephone: __________________________ Date: __________________________

Mailing Address __________________________ City __________________________ State __________________________ Zip __________________________

Date the Problem Occurred: __________________________ Location of incident: __________________________

On a separate piece of paper re-type or clearly print each question prior to each of your answers:

• Have you spoken with the staff member involved (circle one): yes no
  If yes, please provide name(s) and describe the discussion, including outcome.

• Please describe the issue, giving rise to your problem/concern, in as much detail as possible. Include any places, dates and/or times you can recall. Also reference campus policy and/or procedures as they may apply.

• Please describe—as clearly as you can—what would resolve this issue for you.

Problem Resolution Form Instructions

Use this form if you have a problem with a member of the college staff that you would like help in resolving. This procedure is not appropriate to address a grade dispute (the instructor maintains authority over a grade) or to pursue a sexual harassment complaint or discrimination due to disability (separate procedures through the HR office are available for these.) To resolve a problem with a member of staff, please follow these steps:

The College encourages you to meet with the staff member involved and discuss the situation. Staff members are eager to listen and, if appropriate, accommodate the concerns of students. If you are uncomfortable doing this or if you are not satisfied with the outcome of your discussion and want to pursue this matter further, use this form as outlined in the remaining steps.

Fill out this form and give it to the staff member’s immediate supervisor or to the appropriate Department Chair. You must do this within 30 days of the end of the quarter (term) in which the incident occurred.

Within five working days of receipt of this form, staff will attempt to resolve the situation by discussing it with the staff member and the student. Working days are days that classes are in session.

If you are dissatisfied with the supervisor / Department Chair’s efforts on your behalf and want to pursue the “Formal Procedure,” follow the steps as outlined in the Student Handbook.

All parties are urged to respect the confidential nature of these discussions.

Tips for successful communication when using this form

Ask yourself these questions:

• Stick to the facts: What are the objective facts that describe the situation?
• Is there a policy in the student handbook or class syllabus that relates to the problem?
• Can you request a meeting that is in a safe location and provides time for all parties to prepare?
• Do you have any documentation to support the claims made about the problem?

Remember: Rarely do problems get resolved when emotions are high. Give yourself—and others—time to think about it prior to the conversation. Count to ten. Breathe.

• Separate the problem from the person.
• Focus on shared interests.
• Generate as many solutions as possible.
• Identify solutions that both parties would agree are viable options for resolution.
Degree and Certificate Information & Requirements

www.clackamas.edu
Graduation Requirements

Requirements for degrees, certificates and diplomas are subject to approval by the Oregon Department of Education. Students are encouraged to submit a Petition for Graduation TWO TERMS prior to their anticipated term of completion. Petitions submitted before the sixth week of each term will be reviewed during the term submitted. Petitions submitted after the sixth week will be handled in date order and may be processed for the current term as time allows. Forms are available at www.clackamas.edu.

General Requirements (apply to all degrees, certificates and diplomas)

You will be evaluated for degree and/or certificate requirements under the current catalog unless a request for a prior catalog year is indicated on your Petition for Graduation form. You must meet the following conditions to request an exception:

- You must complete 25% of your degree and/or certificate requirements at CCC
- You must petition for graduation within one calendar year from the date you completed requirements for the degree and/or certificate
- The prior catalog cannot be more than five years old (e.g. in 2013-14, the oldest catalog that can be used is 2008-09)
- For the catalog selected, you must have earned at least one credit in that calendar year.

The awarding of the credential becomes official only when graduation information has been posted to your transcript.

Multiple Degrees/Certificates of Completion

A student wishing to earn multiple associate degrees must complete 24 credit hours of college level coursework that are above and beyond those used to satisfy the previously earned associate degree requirements. Earning multiple certificates of completion requires an additional 12 credits of college level coursework that are above and beyond those used to satisfy the previously earned certificate.

Please note that a separate Petition for Graduation form must be filed for each individual associate degree and/or certificate of completion that you are attempting to earn.

Multiple degrees/certificates may be earned as follows:

- One AAOT
- One ASOT– Business
- One AGS
- One or more AAS with differing program areas
- One or more Certificates of Completion with differing occupational content areas

To Successfully Graduate

You will be more likely to graduate if you do the following:

- Send all transcripts to Graduation Services as soon as possible
- Have coursework from other colleges evaluated early
- Talk with an Academic Advisor early and often
- Complete all pre-requisites for required courses
- If you change your mind about what you are studying, notify Enrollment Services as soon as possible
- If you plan to transfer to a four-year university or college, contact that institution to inquire about articulation agreements in your field of study
- Be sure to submit a Petition for Graduation form two terms before you think you will be finished with classes so CCC can confirm you have met all of your degree or certificate graduation requirements

Graduation Ceremony

Formal graduation activities are held at the end of Spring term. Students who complete degree or certificate requirements during preceding terms are invited to participate in the Spring term commencement ceremony. Two ceremonies are planned, the first for High School Diploma and GED graduates, and a second for certificate and degree program graduates.

Honors status is granted to students achieving a cumulative GPA of 3.5 on total credits earned at Clackamas. The honors status of Spring term graduates is determined by cumulative GPA through the preceding Winter term.

Visit Clackamas Community College on the web at www.clackamas.edu
## Degree Programs

Degrees

Associate of Arts Oregon Transfer (AAOT)
The AAOT is a two-year degree that has been designed for the student intending to transfer to a four-year college or university and pursuing upper division baccalaureate courses. CCC students who have earned an AAOT degree will be eligible for junior standing for the purposes of registration at any of the schools currently part of the Oregon University System (OUS).

Associate of Science Oregon Transfer – Business (ASOT)
The ASOT–Business degree is a two year degree designed for the student intending to transfer to a four-year college or university within the Oregon University System (OUS) and pursuing upper division baccalaureate courses in Business. CCC students who have earned the ASOT–Business degree and have met the transfer institution's lower-division general education degree requirements will be eligible for junior standing for the purposes of registration.

AAOT/ASOT Student Learning Outcomes
The AAOT/ASOT transfer degrees at Clackamas Community College are designed to prepare students to succeed after transferring to Oregon University System schools and to attain GPAs comparable to students who begin their education at those institutions. Students who attain these degrees will possess a wide range of knowledge and skills, as described in the categories below.

As a result of completing the AAOT, students should be able to:

ARTS & LETTERS*

- Interpret and engage in the Arts & Letters, making use of the creative process to enrich the quality of life; and
- Critically analyze values and ethics within a range of human experience and expression to engage more fully in local and global issues.

* “Arts & Letters” refers to works of art, whether written, crafted, designed, or performed and documents of historical or cultural significance.

CULTURAL LITERACY

- Identify and analyze complex practices, values, and beliefs and the culturally and historically defined meanings of difference.

MATHEMATICS

- Use appropriate mathematics to solve problems; and
- Recognize which mathematical concepts are applicable to a scenario, apply appropriate mathematics and technology in its analysis, and then accurately interpret, validate, and communicate the results.

SCIENCE OR COMPUTER SCIENCE

- Gather, comprehend, and communicate scientific and technical information in order to explore ideas, models, and solutions and generate further questions;
- Apply scientific and technical modes of inquiry, individually, and collaboratively, to critically evaluate existing or alternative explanations, solve problems, and make evidence-based decisions in an ethical manner; and
- Assess the strengths and weaknesses of scientific studies and critically examine the influence of scientific and technical knowledge on human society and the environment.

SOCIAL SCIENCE

- Apply analytical skills to social phenomena in order to understand human behavior; and
- Apply knowledge and experience to foster personal growth and better appreciate the diverse social world in which we live.

SPEECH/ORAL COMMUNICATION

- Engage in ethical communication processes that accomplish goals;
- Respond to the needs of diverse audiences and contexts; and
- Build and manage relationships.

WRITING

- Read actively, think critically, and write purposefully and capably for academic and, in some cases, professional audiences;
- Locate, evaluate, and ethically utilize information to communicate effectively; and
- Demonstrate appropriate reasoning in response to complex issues.

INFORMATION LITERACY*

- Formulate a problem statement;
- Determine the nature and extent of the information needed to address the problem;
- Access relevant information effectively and efficiency;
- Evaluate information and its source critically; and
- Understand many of the economic, legal, and social issues surrounding the use of information.

*Information Literacy outcomes and criteria will be embedded in the Writing Foundational Requirements courses. At Clackamas, WR-121 and WR-122 meet that requirement.
ASOT students will also be able to:

■ Understand and apply micro- and macroeconomic theories and models to individual, group, and societal behavior and choices;
■ Recognize and apply business statistical methods and explain how they affect business decision making;
■ Prepare letters, reports and memos related to business topics using technology.

**Associate of Science (AS)**

The Associate of Science degree is designed for students who wish to take the first two years of their coursework at Clackamas Community College, then transfer to a particular four-year institution to complete a degree in the designated discipline. The Associate of Science degree has both general education and discipline specific requirements. In addition, this degree is institution specific, and the courses listed have been agreed on by the receiving institution as acceptable towards the four-year degree. Completing the Associate of Science degree does not guarantee acceptance into schools or departments that have special admissions requirements. It is important for the student to meet with an advisor to ensure that s/he fully understands the degree requirements.

**Associate of General Studies (AGS)**

The Associate of General Studies is a two-year degree designed to provide flexibility and uses a variety of college-level course work to meet degree requirements. Students are encouraged to work closely with an academic advisor if they are planning to transfer to a four-year college or university upon completion of the AGS degree.

Program outcomes for the AGS degree include a two year college degree experience that supports individual student needs and interests.

**Oregon Transfer Module (OTM)**

The OTM represents approximately half of an associate’s degree (45 credits). The OTM is designed for students who wish to transfer to an Oregon University System (OUS) school or another Oregon community college. Completion of the OTM can help those students taking courses at multiple post-secondary institutions by ensuring transferability of coursework. This is not a degree or certificate but is documentation on a student’s transcript that they have met a subset of common general education requirements. Please refer to page 64 for Student Guide information. Students interested in the OTM should meet with an academic advisor in Student Services, see page 18-19.

**Associate of Applied Science (AAS)**

Associate of Applied Science degrees are career technical in nature and are intended primarily to lead students directly to employment in a specific career. Occupational licensure, career advancement and further study at a four-year college or university are additional opportunities for students earning an AAS degree. Associate of Applied Science degrees are awarded to students who complete the requirements of a specified, two-year career and technical program and are offered in a number of interest areas (see page 45-46).

**Certificates of Completion (CC)**

Certificates of Completion are career technical in nature and are designed to prepare students for entry into the workforce. Occupational licensure, career advancement and further study at a four-year college or university are additional possible opportunities for students earning Certificates of Completion at CCC. Certificates of Completion can be a one-year program or a less-than-one year program.

**Career Pathway Certificates**

Career Pathway Certificates of Completion programs are designed to acknowledge a proficiency in a particular technical skill grouping with occupational program outcomes. Please refer to the specific AAS or certificate program for certificate/degree requirements.

**General AAS and CC Requirements**

General requirements for obtaining an AAS or CC include:

- Complete a minimum of 90 credits for an AAS degree
- Establish a cumulative 2.0 GPA at CCC
- Establish residency by earning a minimum of 25% of the degree or certificate credits at CCC
- See page 44 for additional general requirements for all degrees and certificates
- Specific discipline requirements are listed on pages 71-138.
Diplomas

**Adult High School Diploma (AHSD)**

Clackamas Community College is authorized by the State Board of Education to award the Adult High School Diploma (AHSD). Students who enter the college's high school diploma program may transfer credits from accredited high schools. AHSD students may also enroll in college credit classes and may receive dual credit.

Students who are under 18 years old, whose K-12 cohort has not yet completed 4 years of high school, must provide the AHSD program with one of the following:

- A Release from Compulsory Attendance from their boundary high school to be kept on file. A release must be obtained before commencing participation in the program. Instructors will not provide necessary signatures for a student to register for Adult Secondary Education courses until a Release from Compulsory Attendance is provided, or
- A contractual referral from their boundary high school which allows students to participate in the AHSD program while earning credits to transfer back to and graduate from their boundary high school.

**REQUIREMENTS FOR ADULT HIGH SCHOOL DIPLOMA**

Complete a minimum of 24 high school units:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Language Arts</td>
<td>4</td>
</tr>
<tr>
<td>(Shall include the equivalent of one unit in written composition.)</td>

<td>3</td>
</tr>
<tr>
<td>Electives</td>
<td>6</td>
</tr>
<tr>
<td><strong>Total:</strong></td>
<td><strong>24</strong></td>
</tr>
</tbody>
</table>

Additionally, students earning their AHSD are required to take the COMPASS college placement test as an exit activity the term prior to their expected graduation as part of their transition plan and as a way to show competency in Reading, Writing and Math. COMPASS scores allowing admittance to MTH-060, RD-090, and WR-090 or equivalent are required. Students must demonstrate proficiency in essential skills for reading, writing, math, and create a personalized learning plan.

Students must successfully complete at least 12 college credits or two high school units through CCC.

**General Education Development (GED)**

Students may earn a high school equivalency certificate by passing the General Education Development (GED) test. Students must be at least 16 years old; those under 18 are admitted only with a referral or a letter of release from compulsory attendance obtained from the high school principal or counselor. A fee is charged each term. Spanish GED is also available. Refer to the current *Class Schedule* for local GED options.

Registration for GED preparation classes takes place in the Dye Learning Center.

#### Notes:
1. All courses must be 100 level or higher.
2. All courses must be at least 3 credits.
3. All courses must be passed with a grade of C or better.
4. Students must establish a cumulative GPA of 2.0 or above.
5. No course may be used to satisfy more than one requirement or distribution area.

---

*Students are encouraged to work closely with an academic or faculty advisor if they are planning to transfer to a four-year institution upon completion of an AS degree. Call 503-594-3475 or email: advising@clackamas.edu or contact a department faculty advisor for course selection assistance.*
### Associate of Science in Biology

**Transfer Degree with University of Oregon**

**2014-15 Degree Requirements**

Students receiving an Associate of Science in the Biology degree will be prepared to transfer into upper division courses to complete a Bachelor of Science degree in Biology, Zoology or other professional degree program in the life sciences. Courses establish the foundations in understanding cellular processes, evolution, ecology, plant and animal physiology and population studies.

**CAREERS**

Career pathways include pre-pharmacy, pre-medical, pre-veterinarian, biological and zoology research fields, wildlife and fisheries management, and a wide range of related fields.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- communicate complex ideas by demonstrating an ability to gather and analyze data, construct evidence-based arguments and critically evaluate information;
- be able to apply critical thinking to address biological phenomena using scientific processes,
- demonstrate an understanding of the complexity and diversity of life,
- analyze and construct relationships between human activities and the environment,
- recognize the contributions of scientific knowledge in contributing to technological advances and advancing the human condition.

**ASSOCIATE OF SCIENCE IN BIOLOGY: UNIVERSITY OF OREGON**

Credits required for degree: 95-99

Arts & Letters or Social Science electives: any 100 level or above Arts & Letters or Social Science course in the prefixes of:

- Arts & Letters: ART, ASL, BA, COMM, ENG, FR, GER, HUM, J, MUS, MUP, PHIL, R, SPN, TA, WR
- Social Science: ANT, EC, GEO, HST, PS, PSY, SOC, SSC, WS

Recommended electives: Students must choose 12-16 credits from the following two categories. Students do not need to complete all of the electives within any one category.

Operating Systems—transfer students will be expected to be fluent with UNIX/Linux systems used in university labs. These courses, CS-140 and CS-240L, will help students with no Linux experience build the necessary competencies.

Additional Languages—These courses, CS-125H, CS-133S, CS-234A, and CS-234P, will help students expand their language repertoire to enhance their marketability and job opportunities.

Associate of Science in Engineering

Transfer Degree with Portland State University 2014-15 Degree Requirements

The Associate of Science in Engineering is for students interested in transferring a bachelor’s degree to Portland State with an emphasis in Civil Engineering, Computer Engineering, Electrical Engineering, Environmental Engineering or Mechanical Engineering.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- identify the broad context of engineering problems, including describing the problem conditions, identifying possible contributing factors, and generating alternative solution strategies;
- identify the fundamental elements of engineering design, including associated safety, quality, schedule and cost considerations;
- employ mathematics, science, and computing techniques in a systematic and rigorous manner to support the study and solution of engineering problems;
- conduct and document laboratory experiments in the sciences and engineering, effectively communicating determined quantitative relationships using both graphs and equations;
Associate of Science in Engineering continued…

- exhibit good teamwork skills and serve as effective members of laboratory and project teams,
- articulate and justify technical solutions to an audience through oral, written, and graphical communication;
- communicate the importance of professional and ethical responsibilities of engineers, and be aware of codes and other sources of guidance for professionally ethical decision making.

ASSOCIATE OF SCIENCE IN ENGINEERING:

Credits required for degree 92-104

* Mechanical Engineers should take WR-122. All other tracks should take WR-227

**Arts & Letters or Social Science electives:
- Arts & Letters:
  - ART-101, 102, 103, 204, 205, 206,
  - ASL-201, 202, 203, 211
  - COMM-100, 105, 112, 126, 129, 140, 150, 167, 212, 218, 219, 227, 267,
  - FR-201, 202, 203, 211, 212, 213
  - GER-201, 202, 203, 211, 212, 213
  - MUS-105, 140, 141, 205, 206, 230,
  - PHIL-101, 102, 103, 205, 210, 213, 215,
  - SPN-201, 202, 203, 211, 212, 213
  - TA-101, 102,

**Track Requirements:

- Civil Engineering: CDT-103 (2 credits); CH-222, ENGR-211,212,213; GIS-201; MTH-254. Recommended: 1 additional Arts & Letters or Social Science elective, Plane Surveying (CE211) at PSU. 95 total credits at CCC.
- Computer Engineering: CS-161, 162, 260; ENGR-221, 222; 1 additional Arts & Letters/Social Science elective; Recommended: Digital Calculus (ECE171) and Digital Systems (ECE271) at PSU. 92 total credits at CCC.
- Electrical Engineering: CS-161,162; ENGR-221,222,223; MTH-254; Recommended: Digital Circuits (ECE171) and Digital Systems (ECE271) at PSU. 93 total credits at CCC.
- Environmental Engineering: BI-101 or 211,234; CDT-103 (2 credits); CH-222; ENGR-211,212,213; GIS-201, MTH-254; Recommended: Microbiology Lab (BI235) at PSU. 103-104 total credits at CCC.
- Mechanical Engineering: CH-222; ENGR-115,211,212,213,221; MTH-254; Recommended: 1 additional Arts & Letters/Social Science elective. 97 total credits at CCC.
Associate of Science in Engineering

Transfer Degree with George Fox University
2014-15 Degree Requirements

The Associate of Science in Engineering is for students interested in transferring a bachelor’s degree to George Fox University.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• identify the broad context of engineering problems, including describing the problem conditions, identifying possible contributing factors, and generating alternative solution strategies;
• identify the fundamental elements of engineering design, including associated safety, quality, schedule and cost considerations;
• employ mathematics, science, and computing techniques in a systematic and rigorous manner to support the study and solution of engineering problems;
• conduct and document laboratory experiments in the sciences and engineering, effectively communicating determined quantitative relationships using both graphs and equations;
• exhibit good teamwork skills and serve as effective members of laboratory and project teams,
• articulate and justify technical solutions to an audience through oral, written, and graphical communication;
• communicate the importance of professional and ethical responsibilities of engineers, and be aware of codes and other sources of guidance for professionally ethical decision making.

Credits required for degree: 109

ELECTIVES:
The Engineering degree general education requirements differ from the general education requirements for other students (fewer credits are required). An engineering major must complete the following before graduation.
• 6 semester credits Social Science (note that the EC-201 or 202 counts toward this requirement.) Also, one of the following is required for engineering majors: PS-200, PSY-110, SOC-204.
• 8-9 semester credits Humanities. Each course must be in a different area of the humanities.
• 3 semester credits Global and Cultural Understanding.
• 6 semester credits in Communications (note that WR-121, WR-122 and COMM-111 are already listed above and together meet the requirement.)

A student may transfer a maximum of semester 64 credits to George Fox University.
Associate of Science in English

Transfer Degree with Marylhurst University
2014-15 Degree Requirements

The Associate of Science in English is for students interested in transferring a bachelor's degree to Marylhurst University with an emphasis in Literature, Creative Writing or Publishing.

Reading and writing skills have never been as central to our lives as they are today. Within the course of one day or one hour, we are bombarded with information on our televisions, computer screens, and telephones. We write socially, creatively, professionally, and/or academically, and we do so on a phone, a tablet, a desktop, or a physical piece of paper. An AS degree in English offers an array of focus areas, including studies in English Literature, Creative Writing, Comics, and Publishing to prepare students to navigate the world of images and words.

Where can a degree in English take you? The possible answers to that question lie in the skills that you gain through focusing on reading and writing, thinking and words. English majors graduate with the ability to analyze the words of others, think both critically and creatively, research ideas and positions, and organize their own thoughts into effective and articulate forms from web content to grant applications, business proposals to novels. Because of these skills, the National Association of Colleges and Employers has ranked English as one of the top-paying liberal arts majors, with average starting salaries above $40,000, and often rising much higher in the ten years after graduating.

The employment opportunities that accompany an English major are myriad. One obvious example is the field of publishing. But English majors rarely stop at the obvious. Their skills apply equally well to the fields of public relations, marketing, advertising, and copyrighting. In a business setting, English majors often find success as communications managers, web developers, researchers, project leaders, or administrators. If you want your words to reach the lives of others, English might guide you to the areas of law, government, and public policy. For those who truly love filling a blank page, English can lead into creative writing, speech writing, professional blogging, or technical writing. And the careers of professional writer, librarian, and teach are ideal if you find that your love of English is uncontainable and must be shared.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• identify research methods appropriate for specific topics,
• interpret and analyze a variety of texts based on close reading and analysis,
• construct sound academic arguments that prove an understanding of rhetorical conventions and diverse audiences,
• rewrite and edit work after reflection upon peer and instructor feedback,
• collaborate with peers on writing projects and presentations.

Creative writing and Publishing students will additionally be able to:
• complete a short play, screenplay, series of poems, collection of creative nonfiction pieces, compilation of short stories, and/or text for a graphic novel,
• demonstrate an understanding of independent publishing and production,
• discover and/or create opportunities for professional publishing and production.

Credits required for degree 93

* Must come from the list of General Education approved Biology or Chemistry courses.

** Required for Literature Track only

*** Required for Creative Writing and Publishing Tracks

** Program Electives: 8 credits from the following list:

ENG-121, 125, 130, 170, 194, 195, 217, 218, 225, 226, 240, 250, 252, 255, 260, 261, 266, 275, 295, 296, WR-227, 244, 245, 246, 263, 270

** Track Requirements:

** Literature: ENG-170 and 8 credits from the following: ENG-116, 121, 125, 130, 151, 194, 195, 210, 213, 214, 216, 225, 226, 240, 250, 251, 252, 260, 261, 266, 275, 295, 296

** Creative Writing: WR-246 and 8 credits from the following: WR-220, 240, 241, 242, 243, 244, 245, 262, 263

** Publishing: 4 credits from the following: ART-115, 131, 132, 133, WR-246 and 4 credits from the following: ENG-194, 195, 295, 296

Associate of Science in Geology

Transfer Degree with Portland State University
2014-15 Degree Requirements

The Associate of Science in Geology is for students interested in transferring a bachelor’s degree to Portland State University. Students receiving an Associate of Science in Geology degree will be prepared to transfer into upper division courses to complete a Bachelor of Science degree in Geology. Courses establish the foundations in understanding of plate tectonics, geologic time, rock and mineral systems, rock and mineral identification, seismology, fossil formation, surface processes, map reading and geologic structures.

** CAREERS

Career pathways include hydrogeology, geological research, geologic hazards, mineral resources, and a wide range of related fields.

** PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- assess geological environments and explain human impact on the environment, hazards associated with them and how these hazards affect society;
- use geologic tools to gather, analyze, interpret and explain data relative to a geologic setting, tools include: rocks and minerals, maps, fossils compasses and GPS;
- communicate complex ideas by demonstrating an ability to gather and analyze data, construct evidence-based arguments and critically evaluate information;
- demonstrate an understanding of the basic principles that guide the science of geology, these include: plate tectonics, Earth’s structure, seismology, rock and mineral formation, rock and mineral identification, fossil formation, geologic time and dating, surface processes, and Earth’s history.

** ASSOCIATE OF SCIENCE IN GEOLOGY:

Credits required for degree 93-95

*These courses are not always offered during the terms indicated. MTH-254 can be taken in winter and MTH-261 can be taken in spring.

**General electives for this requirement can be any college-level course 100 level or above. Recommended courses that would complement upper division courses at Portland State University include: Computer Science (CS-120, 161, or 162); Math (MTH-253 or 256); Foreign Language (SPN, FR, GER, ASL); GIS; or Geology (G-145 or 148). Time permitting also recommended: PH-201, 202, 203, 211, 221 or 213.

***Electives for this requirement can be any Social Science General Education course as listed on p. 50 of the catalog.

</tbody>
</table>

**Total Related Instruction Credits**

- Complete additional college-level coursework for a total minimum of 90 credits combined with the above.

**Computer Competency**

- Pass CS-090 or achieve a score of 45 or higher on the Computer Placement exam.

**Other College-Level Courses**

- Any 100- or 200-level course.

### Totals

- Complete a minimum of 90 credits
- Establish cumulative GPA of 2.0 or above
- Complete at least 23 credits at CCC
- Meet computer competency requirement

Submit a Petition for Graduation form to Enrollment Services two terms prior to when you expect to graduate.

* Satisfy the computer competency requirement by passing CS-090 or achieving a score of 45 or higher on the Computer Placement exam.

** College-level course work may include career technical education and/or other courses that exceed basic skills, workplace readiness and fundamental technical skills. Refer to the course description section of the catalog for details, see pages 141-236.

See page 44 for additional information on general requirements for graduation.

- Complete a minimum of 90 credits
- Complete at least 23 credits at CCC
- Establish cumulative GPA of 2.0 or above
- Meet computer competency requirement

Submit a Petition for Graduation form to Enrollment Services two terms prior to when you expect to graduate.

* Satisfy the computer competency requirement by passing CS-090 or achieving a score of 45 or higher on the Computer Placement exam.

**College-level course work may include career technical education and/or other courses that exceed basic skills, workplace readiness and fundamental technical skills. Refer to the course description section of the catalog for details, see pages 141-236.

See page 44 for additional information on general requirements for graduation.
### Oregon Transfer Module (OTM)

**Student Guide 2014-2015**

**Notes:**
1. All courses must be 100 level or higher.
2. All courses must be at least 3 credits.
3. All courses must be passed with a grade of “C” or better.
4. Students must have a minimum cumulative GPA of 2.0 at the time the module is posted.
5. No course may be used to satisfy more than one requirement or distribution area.

Courses must be from Arts & Letters, Social Science, or Science/Math/Computer Science disciplines above.

**Elective Courses**

Combined with above must equal at least 45 credits.

**Note:** For the most current list of General Education courses, go to: [www.clackamas.edu/curriculum](http://www.clackamas.edu/curriculum)

**Students are encouraged to work closely with an academic advisor if they are planning to transfer to a four-year institution upon completion of these programs.**

Call 503-594-3475 or email: [advising@clackamas.edu](mailto:advising@clackamas.edu) for more information.
### Additional Requirements

- Complete a minimum of 45 credits
- Complete at least 11 credits at CCC
- Establish cumulative GPA of 2.0 or above at the time the module is posted

Note: All courses must be 100 level or higher. All courses must be at least three credits. All courses must be passed with a grade of "C" or better. No course may be used to satisfy more than one requirement or distribution area.

The OTM is not a certificate or degree, but is documentation that students have met a subset of common general education requirements.

---

Students are encouraged to work closely with an academic advisor if they are planning to transfer to a four-year institution upon completion of these programs. Call 503-594-3475 or email: advising@clackamas.edu for more information.
Prerequisites for Reading, Writing and Math Courses

This chart of reading, writing and math prerequisites is designed to help you map out the courses you will take to complete your studies, or to meet prerequisites for other courses you wish to take. Use your placement scores to find which course you “placed” in, register to take that course first.
Career Technical Programs

Approved Related Instruction Courses

Associate of General Studies • Associate of Applied Science
Certificates

Associate of Applied Science (AAS)
Associate of General Studies (AGS)
For an Associate of Applied Science or Associate of General Studies degree complete one course from each of the following requirement areas:

- Communication
- Computation
- Human Relations
- Physical Education/Health/Safety/First Aid

Certificate of Completion (CC)
For a Certificate of Completion that is at least one academic year in program length, complete one course from each of the following requirement areas:

- Communication
- Computation
- Human Relations

Students are encouraged to work closely with an academic advisor if they are planning to transfer to a four-year institution upon completion of any of these programs.

List of Approved Courses:
The following represents approved courses for meeting related instruction requirement areas.

Communication
- WR-101, 121, 122, 123, 222, 227, BA-214

Computation
- Computer Science: CS-133VB, 161, 162, 260
- Mathematics: MTH-050, 052, 054, 065 or above (except 199 and 299)

Human Relations
- Business: BA-285
- Criminal Justice: CJA-250
- Education: ED-258
- Human Services: HS-156
- Oral Communication: COMM-100, 100A, 100B, 100C, 105, 126, 140, 218, 219, 227
- Psychology: PSY-101, 110, 200, 205, 214, 215, 219, 221, 231, 240
- Sociology: SOC-204, 205, 206, 223, 225, 230

Physical Education/Health/Safety/First Aid
- Health/Safety/First Aid: Courses with an HE prefix or MFG-107
- Physical Education: Courses with an HPE or PE prefix
Cooperative Work Experience (CWE)

The Cooperative Work Experience (CWE) is an internship program which offers students the opportunity to earn college credit by working in a job directly related to their program of study. CWE offers expanded learning experiences through exposure to actual work situations, organizational relationships, equipment, and techniques that cannot be duplicated in the classroom.

CCC’s CWE program creates a vital bridge between college studies and workplace success

Requirements & Registration for CWE:

- Declare a program of study and complete all prerequisites for CWE.
- 1-3 terms before the end of your program, meet with the CWE instructor in your department to discuss CWE requirements.
- Determine number of credits to enroll in. You are expected to work approximately 30 hours for each CWE credit.
- Secure the CWE Work Site
  - If you have a job appropriate to your program of study, get this approved by your CWE instructor.
  - If you do not have a CWE site, find one with the assistance of your instructor.
- Final Steps to enrolling in CWE
  - Fill out online application. (Application can be found at www.clackamas.edu/CWE-Students.aspx)
  - Fill out the form with 1) the appropriate CWE course for program of study, and 2) the classroom or online CWE seminar.
  - Get signature from your instructor on the registration form
  - Get signature and stamp from the CWE office on the registration form
  - Turn registration form in to registration office.
  - Participate in a CWE seminar course on career management skills and complete seminar assignments.
  - Successfully complete 30 hours of work experience for every credit.

Credit & Grading

The number of credits earned depends on the number of hours worked and the program requirements. Students may earn a maximum of 12 CWE credits per year.

Accounting

**Associate of Applied Science Degree**
The Accounting program at Clackamas Community College emphasizes developing an advanced understanding of accounting principles, analytical skills and the capacity to solve problems. Students should have the ability to reason, read with comprehension and compute math applications.

The program is not designed to lead to a traditional four-year business administration degree. For students interested in pursuing a bachelor’s degree, the Accounting Associate of Applied Science articulates to a Bachelor of Applied Science in Technology and Management at Oregon Tech.

For information contact Hugo Grimaldi, 503-594-3073 or hugog@clackamas.edu

**PROGRAM OUTCOMES**
Upon successful completion of this program, students should be able to:

- accurately analyze, journalize, and adjust accounting transactions and closing entries;
- accurately analyze and interpret basic financial statements,
- accurately prepare basic budgets,
- identify and explain the basics of general fund accounting as used in municipal governments,
- identify and explain basic tax concepts with regard to individuals, partnerships, and corporations;
- identify and explain the issues and objectives auditors face during the audit of financial statements,
- accurately prepare product cost sheets in order to price manufacture goods,
- accurately prepare accounting records for a business entity using Quickbooks.

**CAREERS**
Career opportunities include GS8 Accountant I, bookkeeper, data-entry clerk, financial staff accountant, cost accountant and general office clerk.

For information contact Hugo Grimaldi, 503-594-3073 or hugog@clackamas.edu

Credits required for degree 93-94

* For this degree, BA-104 meets the Related Instruction Computation requirement.

**Accounting Clerk**

**Certificate**
Curriculum includes basic bookkeeping and accounting, including manual and computerized data entry, transaction analysis, preparation of financial statements and other related tasks. Graduates of this certificate program can specialize in tax preparation or general accounting assistant work.

**PROGRAM OUTCOMES**
Upon successful completion of this program, students should be able to:

- accurately analyze, journalize, and adjust accounting transactions and closing entries;
- accurately analyze and interpret basic financial statements,
- accurately prepare and account for basic payroll,
- accurately prepare basic budgets.

**CAREERS**
Career opportunities include accounts payable clerk, accounts receivable clerk and data entry clerk for small and medium-sized service businesses.

For information contact Hugo Grimaldi, 503-594-3073 or hugog@clackamas.edu

* For this certificate, BA-104 meets the Related Instruction Computation requirement.

Courses in this program can be applied to satisfy elective requirements in the Business AAS degree.

Administrative Office Professional

Associate of Applied Science Degree
This program provides a strong foundation of office and technology skills and courses in business administration, with an emphasis on critical thinking and human relations skills. The program includes Related Instruction requirements, industry standard computer programs and more advanced business administration courses.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
- effectively and independently use Microsoft Office (Word, Excel, Access, and PowerPoint), Adobe Professional, and Google Applications;
- identify and analyze organizational and planning procedures in business office operations,
- identify and analyze effective working relationships and Human Resources practices within a business or office environment,
- articulate, analyze, and apply basic business math and accounting skills common to business operations;
- analyze the concepts, rules, and principles of law applying to effective business practices.

CAREERS
Career opportunities may include administrative assistant, office manager, project coordinator, legal assistant and medical secretary.

For information contact Beverly Forney, 503-594-3115 or beverlyf@clackamas.edu

ADMINISTRATIVE OFFICE PROFESSIONAL PROGRAM ELECTIVES
Any Business Administration (BA) or Business Technology (BT) course not included in the Administrative Office Professional program.
Administrative Office Assistant

Certificate
This program provides a strong foundation of basic skills in office administration. Emphasis is placed on critical thinking and human relations skills. Course work includes Related Instruction requirements, industry-standard computer programs and specific business and office administration courses.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- identify and analyze effective working relationships and Human Resources practices within a business or office environment,
- identify and analyze the skills necessary for effective business office operations,
- effectively use Microsoft Office (Word, Excel, Access, and PowerPoint);
- apply correct English grammar in a business office environment,
- apply key concepts in the full cycle bookkeeping process,
- effectively apply basic math skills as required in business and financial environments.

CAREERS
Career opportunities include administrative assistant, legal secretary and medical secretary.

Credits required for certificate 50

* For this certificate, BA-104 meets the Related Instruction Computation requirement.

Administrative Office Assistant Training

Certificate
This is a targeted job training program designed for those seeking new career opportunities in administrative office support positions. This program covers two-thirds of the required curriculum for the Administrative Office Assistant (one-year) certificate program.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- identify and analyze organizational and planning procedures in business office operations,
- effectively use Microsoft Office Outlook (email, calendar, and meeting scheduling);
- effectively use Microsoft Office Word,
- apply correct English grammar in a business office environment,
- analyze and apply basic computer literacy, including typing by touch,
- apply key concepts in the full cycle bookkeeping process,
- effectively apply basic math skills as required in business and financial environments.

CAREERS
Continued education and/or experience may lead to positions such as administrative assistant, office manager, or legal or medical office assistants.

For information contact Beverly Forney, 503-594-3115 or beverlyf@clackamas.edu

Credits required for certificate 29
Apprenticeship

Certificate
Associate of Applied Science Degree
Apprenticeship programs are approved for BOLI registered apprentices and are not available to the general student population. For more information about Oregon State registered apprenticeship programs, visit: www.oregon.gov/BOLI/ATD/Pages/A_Atdopen.aspx or contact the Apprenticeship and Training Division at 971-673-0760 for program and entrance requirements.

In conjunction with the Oregon State Apprenticeship Council, the Apprenticeship and Training Division (ATD), of the Bureau of Labor and Industry (BOLI), and local Joint Apprenticeship Training Committees (JATC), Clackamas Community College offers apprenticeship programs for the different trades. Clackamas’ Apprenticeship model offers educational trainings to prepare students for careers in the trades, provides statewide transfer opportunities, ladder-type certificates of completion, and an optional transfer path into Bachelor of Science degrees at Oregon Tech.

Clackamas offers a Certificate of Completion (CC) and an Associate of Applied Science (AAS) degree in Electrical Technologies Apprenticeship for Hydro-Generation, Inside Electrician, Limited Energy Technician-License A, Limited Energy Technician-License B (CC only), Line Estimator, Lineman, Meterman, and Wireman; a Certificate of Completion and an Associate of Applied Science degree in Construction Trades, General Apprenticeship for Plumbers and Painters.

An apprentice has the opportunity to receive a certificate of completion (CC) and/or Associate of Applied Science degree (AAS) in their designated field of study upon the completion of their OJT, related training, journey level card/Certificate and the required Related Instruction courses and possible elective courses, depending on the trade.

For more information on Clackamas’ apprenticeship certificates and degrees, please contact Leslie Donohue at 503-594-3031 or apprenticeship@clackamas.edu

RELATED TRAINING
The related training is usually available from a nearby community college, employer, or union-based training program. The related training courses are based on ATD and local JATC-approved related training courses developed to meet industry standards. The related training provides the theories and background information that a person may not otherwise be exposed to working on the job. This technical knowledge complements the on-the-job training during the apprenticeship program and requires at least 144 hours per year. The course of study relates to the specific craft (electrician, plumber, etc.). The related training is a vital component that provides the apprentice with a solid background from which to continue learning and growing to meeting the changing demands of the workplace.

APPRENTICE
Upon completion of an apprenticeship program, the worker has enjoyed the opportunity to work with qualified craft workers and has learned the theories and science of the craft from qualified instructors. In addition, the apprentice receives an Apprenticeship Certificate of Completion that is recognized by companies nationwide. This certificate is one of the most basic and highly portable industry credentials in use today.

PROGRAM OUTCOMES
Construction Trades, General Apprenticeship AAS Degree (Limited Entry Program-Journeyman’s card required)
Upon successful completion of this program, students should be able to:
- complete a minimum of 6000-8000 hours State of Oregon-approved on-the-job training (OJT),
- repair, install and maintain a variety of building construction projects using trade specific tools and techniques in compliance with building codes and OSHA regulations,
- complete required related training with a C or better,
- complete required General Education instruction courses and general electives with a C or better.

CAREERS
6000-8000 Hours BOLI-ATD Trades: Asbestos Removal, Carpenter, HVAC/R, Interior/Exterior Finisher, Painter, Pile Driver, Plumber, Scaffold Erector, and Sheet Metal. (This degree does not guarantee licensure.)

PROGRAM OUTCOMES
Electrician Apprenticeship Technologies AAS Degree (Limited Entry Program-Journeyman’s card required)
Upon successful completion of this program, students should be able to:
- complete the 6000-8000 hours State of Oregon-approved on-the-job training,
- apply theory to electrical wiring,
- repair, install electrical wire devices according to licensure regulations to meet NEC and OSC for inside electrician, limited energy technician license A, limited manufacturing plant electrician, sign assembler/fabricator; sign maker/erector, and stationary engineer;
- complete required related training with a C or better,
- complete required General Education instruction courses and general electives with a C or better.

CAREERS
6000 hour BOLI-ATD Trades: Limited Energy Technician-License A and Sign Maker/Fabricator.
8000 hour BOLI-ATD Trades: Hydro Generation, Inside Electrician, Line Estimator, Lineman, Manufacturing Plant Electrician, Meterman, Sign Assembler/Fabricator, Sign Maker/Erector and Stationary Engineer, and Wireman. (This degree does not guarantee licensure.)
PROGRAM OUTCOMES
Construction Trades, General Apprenticeship Certificate of Completion Degree (Limited Entry Program-Journeyman's card required)
Upon successful completion of this program, students should be able to:
• complete a minimum of 6000-8000 hours State of Oregon-approved on-the-job training (OJT),
• repair, install and maintain a variety of building construction projects using trade specific tools and techniques in compliance with building codes and OSHA regulations;
• complete required related training with a C or better.
CAREERS
6000-8000 hour BOLI-ATD Trades: Asbestos Removal, Carpenter, HVAC/R, Interior/Exterior Finisher, Painter, Pile Driver, Plumber, Scaffold Erector, and Sheet Metal. (This degree does not guarantee licensure.)

PROGRAM OUTCOMES
Electrician Apprenticeship Technologies Certificate of Completion Degree (Limited Entry Program-Journeyman's card required)
Upon successful completion of this program, students should be able to:
• complete the 6000-8000 hours State of Oregon-approved on-the-job training,
• apply theory to electrical wiring,
• repair and install electrical wire devices according to licensure regulations to meet NEC and OSC for inside electrician, limited energy technician license A, limited manufacturing plant electrician, sign assembler/fabricator, sign maker/erector, and stationary engineer;
• complete required related training with a C or better.
CAREERS
6000 hour BOLI-ATD Trades: Limited Energy Technician-License A and Sign Maker/Fabricator.
8000 hour BOLI-ATD Trades: Inside Electrician, Manufacturing Plant Electrician, Sign Assembler/Fabricator, Sign Maker/Erector and Stationary Engineer. (This degree does not guarantee licensure.)

PROGRAM OUTCOMES
Electrician Apprenticeship Technologies, Limited Electrician Technologies Certificate of Completion Degree (Limited Entry Program-Journeyman’s card required)
Upon successful completion of this program, students should be able to:
• perform inspections on major automotive systems, including steering, suspension, and brakes;
• demonstrate and perform testing and servicing on all hybrid systems,
• understand and perform basic repairs to automotive electrical systems,
• diagnose, service, test and repair modern automotive brake systems, including ABS and traction control/vehicle stability systems;
• diagnose, service, and repair front and rear suspensions of different designs;
• diagnose and repair engine problems, including cylinder head and valvetrain, block, reciprocating assembly, and cooling system;
• service and repair fuel storage and delivery systems, electronic fuel injection systems and emission controls;
• rebuild manual and automatic transmissions, for both front and rear wheel drive vehicles.
CAREERS
Career opportunities include: automotive service mechanic/technician, recreational vehicle service technician and truck service mechanic/technician.
For information contact the Automotive Department, 503-594-3047.

AM-280* Auto Mechanics/CWE 6

AUTOMOTIVE SERVICE TECHNOLOGY ASSOCIATE OF APPLIED SCIENCE DEGREE: 2ND YEAR

FALL TERM CREDITS
AM-245 Automatic Transmission Systems 7
WLD-102 Introduction to Welding or AB-112 Collision Repair Welding I 2
— — Human Relations requirement (see page 68) (Recommended: PSY-101 or COMM-100**) 3
— — PE/Health/Safety/First Aid requirement (see page 68) (Recommended: HE-252 or MFG-107) 3

WINTER TERM
AM-243 Fuel & Emission Control Systems 7
AM-244 Advanced Electrical Systems 7

SPRING TERM
AM-224 Comfort Systems 4
AM-228 Service Shop Management 4
AM-235 Power Transmission Systems 7

Credits required for degree 93-95

*May be taken after the first year

**COMM-100 may be substituted by taking all of the following: COMM-100A, COMM-100B and COMM-100C

Note: Alternative course schedule is available. Contact the Automotive Department, 503-594-3047 for information.

Under Car Technician—Automatic Transmission

Career Pathway Certificate

The Under Car Technician—Automatic Transmission Program combines the initial courses of the Associate of Applied Science (AAS) Automotive Service Technology degree to provide the student with an opportunity to gain entry level employment. This alternate first-year schedule offers accelerated employment qualification for the student. These courses train the student in the skills necessary to earn certification from Automotive Service Excellence (ASE) in the specified areas of A2, A3, A4, and C1, as described in the ASE Alignment Section. Coursework also qualifies the student to earn American Welding Society (AWS) certification. The National Institute for Automotive Service Excellence requires two years of documented time in trade before testing, and this nine month program is awarded 4.5 months equivalency. The AWS requires one year of documented time in trade before testing. These classes comprise an alternate first year schedule of our AAS degree in Automotive Service Technology. They focus on one skill set necessary for employment within the automotive service industry.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

• understand and perform basic repairs to automotive electrical systems,
• perform inspections on major automotive systems, including steering, suspension, and brakes;
• diagnose, service, and repair front and rear suspensions of different designs;
• demonstrate and perform testing and servicing on all hybrid systems,
• rebuild manual and automatic transmissions, for both front and rear wheel drive vehicles;
• diagnose, service, test and repair modern automotive brake systems, including ABS and traction control/vehicle stability systems;
• diagnose, service, and repair front and rear suspensions of different designs.

CAREERS

Manual transmission technician, automatic transmission technician, front-end and alignment technician, drive axle specialist, four wheel drive service technician, apprentice technician, and service writer.

For information, contact David Bradley, Automotive Department Chair, 503-594-3051 or bradleyd@clackamas.edu

Associate of Applied Science Degree
This AAS degree establishes a foundation for a successful management career while enabling students to explore a wide variety of business topics. The program is designed to enhance skills and employability for students who desire a career path in management as well as those who choose the entrepreneurial path. The AAS in Business permits students to complete certificates in Accounting, Business Management, Human Resource Management, Marketing, Project Management or Retail Management and to apply those credits towards completion of the AAS in Business degree. Students may also select courses from a cross section of the aforementioned disciplines.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate an understanding of fundamental business concepts through the integration of the functional areas of business into a comprehensive plan,
• interpret and present business-related financial information,
BUSINESS PROGRAM ELECTIVES
Any Business Administration (BA) or Business Technology (BT) course not included in the Business AAS program; or up to 12 credits from CS-125P, CS-125R, CS-133VA, CS-133VB, CS-135DB, CS-135I, CS-135S, CS-135W, EC-201, EC-202, COMM-111, MTH-111, MTH-243, and MTH-244 may also be used to satisfy program electives.

Business Management

Certificate
This certificate focuses on basic management and leadership skills, motivation, decision-making, ethics, work flow analysis, ergonomics, personality and human relations, communications, technological innovations and adapting to change.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate an understanding of fundamental business concepts through the integration of the functional areas of business into a comprehensive plan,
• select appropriate marketing strategies for an organization,
• make informed business decisions based on the use analysis of financial and budgetary data,
• demonstrate an understanding of the functions of leading, planning, organizing, and controlling in an organization;
• identify effective supervisory strategies (e.g. motivation, goal setting, coaching, leadership, etc.) for given individual and group situations;
• demonstrate all the programs learning outcomes for the Management Fundamentals Career Pathway Certificate.

CAREERS
Career opportunities include management trainee, first-line supervisory, management analyst, merchandiser, or marketing/sales representative in small and medium-sized retail and service companies.

Human Resource Management

Certificate
This certificate is recommended for students and/or professionals currently working in the human resource field who wish to obtain national certification in Professional in Human Resources (PHR) from the Human Resource Certification Institute. Though this certificate is intended to enhance the qualifications of people already working in the human resource field, others may wish to take the classes to advance their own skills and knowledge.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- describe the impacts of the major laws and Supreme Court decisions affecting Human Resource Managers,
- describe disparate treatment and adverse impact, and explain the Uniform Guidelines related to national origin, religion, and other discrimination;
- conduct job analyses,
- conduct recruitment and selection processes, and advise hiring supervisors regarding legal and ethical issues,
- implement and maintain Human Resource Management processes, including Training and Development and Performance Management, under direction of HR Manager;
- describe issues related to financial equity and direct and indirect financial compensation,
- apply reflective thinking and self-management in professional settings,
- explain legal and process considerations related to collective bargaining and Collective Bargaining Agreement management.

CAREERS
Career opportunities include human resource manager, human resource generalist, human resource specialist, human resource assistant, and information and records clerk.

Human Resource Management Essentials

Career Pathway Certificate
This program is designed for students who either are currently employed in or desire to be employed in Human Resource Management (HRM), and who lack formal education in Human Resource Management laws and processes. The classes provided in this pathway certificate form the foundation for work as a Human Resource Manager or for future education in the discipline.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- describe the impacts of major laws and Supreme Court decisions affecting Human Resource Managers,
- describe disparate treatment and adverse impact, and explain the Uniform Guidelines related to national origin, religion, and other discrimination;
- assist in conducting job analyses,
- assist in recruitment and selection processes, and advise hiring supervisors regarding legal and ethical issues,
- assist in implementing and maintaining Human Resource Management processes, including Training and Development and Performance Management;
- describe issues related to financial equity and direct and indirect financial compensation,
- apply reflective thinking and self-management in professional settings.

CAREERS
Careers includes human resource specialists, human resource generalists, and human resource assistants.

Marketing

Certificate
This certificate focuses on technical marketing skills in areas such as need identification, product and service development, determining price, communicating information to potential customers, and distributing the products to customers.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate the skills necessary for entry-level employment in areas such as retail and wholesale sales, marketing management, market research and advertising and distribution;
• develop a business plan,
• develop a marketing plan,
• develop a promotional plan,
• launch an entrepreneurial endeavor,
• prepare and deliver effective presentations,
• demonstrate an understanding of fundamental business concepts through the integration of the functional areas of business into a comprehensive plan.

CAREERS
Career opportunities include wholesale and manufacturing sales representative, insurance and financial sales agents and marketing and advertising assistants.

For students interested in an AAS in Business with a concentration in Marketing, include the following courses within your Business AAS electives: BA-223 Principles of Marketing, BA-238 Sales, BA-239 Advertising, & BA-261 Consumer Behavior

For information contact Dale Hatfield, 503-594-3074 or daleh@clackamas.edu

Integrated Marketing & Promotion

Career Pathway Certificate
Students who successfully complete this pathway will be prepared to develop integrated marketing and promotional strategy within the current business environment. Skills developed in this pathway should enhance effectiveness of the marketing and promotional functions for small business owners and develop practical marketing and promotion skills for employees working within the marketing function.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate a conceptual understanding of the strategic organization through the integration of the functional areas of business into a comprehensive marketing plan,
• develop a marketing plan,
• develop a promotional plan,
• prepare and deliver effective presentations.

For information contact Dale Hatfield, 503-594-3074 or daleh@clackamas.edu

Credits required for certificate 49

* For this certificate, BA-104 meets the Related Instruction Computation requirement.

Courses in this program can be applied to satisfy elective requirements in the Business AAS degree.
CAD/CAM Technology

Associate of Applied Science Degree

This program combines training in computer-aided drafting (CAD) and computer-aided manufacturing (CAM). Course work emphasizes machine tool fundamentals, computer numerical control (CNC) and computer-aided manufacturing.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- accurately interpret technical drawings to determine product manufacturing specifications,
- work safely in an industrial environment around machinery, power tools and chemicals;
- operate manual machine tools to produce products to required specifications;
- operate CNC machine tools including: program try-out, tooling/work-piece setup and adjustment, communicate effectively with G & M code language to perform everyday machining operations on three-axis milling machines and two-axis lathes;
- utilize computer software to create CAD models and CAM generated programs for machining processes;
- apply technical mathematics to solve manufacturing problems including: manual machining positioning, dimensional inspection, and NC programming;
- apply knowledge of materials, physics and mathematics to effectively machine industrial materials;
- plan manufacturing operations in a logical and efficient manner to produce products on both manual and CNC machine tools,
- work and communicate effectively in team environment to achieve high quality value stream,
- work independently to solve common problems in manufacturing processes,
- apply industrial drafting standards to technical drawings,
- use CAD software to develop, modify and test machine elements and assemblies in 2D and 3D applications.

CAREERS

Career opportunities may include CNC programmer and operator, CAD technician, manufacturing engineering technician and CAD/CAM technician. For information contact Mike Mattson, 503-594-3322 or mattsonm@clackamas.edu

MANUFACTURING ENGINEERING TECHNOLOGY (Oregon Tech transfer courses)

The Manufacturing Technology Department, in partnership with Oregon Tech, offers a significant number of transferable classes into Oregon Tech's Manufacturing Engineering Technology degree program.

Contact the Manufacturing Department for more information, 503-594-3318.

Students with specialized job training needs may be eligible to substitute some classes. Consult your instructor or the department chair for more information.

**Substitute college transfer courses for these courses if you plan to continue your education at a higher education institution. It is recommended that you consult with a faculty advisor or a staff member in Student Services for the transfer requirements of the specific advanced program or school.
Clinical Laboratory Assistant

Certificate

Clinical laboratory assistants serve a diverse ancillary role assisting other laboratory personnel, physicians and patients. Their duties may include data entry, laboratory billing practices, and the performance of waived testing according to standard operating procedures. Students are trained in all aspects of the medical laboratory support personnel, including phlebotomy, specimen processing, quality control, laboratory orientation, and regulation. Students will participate in unpaid, supervised externships in ambulatory or acute care laboratory settings. See website below for Program mission statement.

The CCC Clinical Laboratory Assistant (CLA) program is approved through the National Accrediting Agency for Clinical Laboratory Science (NAACLS), 5600 N River Rd, Suite 720, Rosemont, IL, 60018, 773-714-8880, www.naacls.org

PROGRAM REQUIREMENTS AND PREREQUISITES

Students who wish to apply to the CLA program are welcome to apply for our fall cohort. The CLA applications may be downloaded from our website.

To determine the availability of applications and the appropriate deadlines for each cohort, please visit the Health Sciences website: www.clackamas.edu/Programs/Clinical-Laboratory-Assistant.aspx

Applicants are advised that a high level of dexterity, the ability to multi-task, and a high degree of attention to detail are required for the successful completion of this program. For a complete list of Essential Functions please visit the above website.

During the application process, CLA applicants must:

• Meet appropriate placement scores in reading, writing, and math by either taking the placement exams or by providing proof of comparable assessment. The CLA program accepts competencies in writing, math, and reading as measured by CCC placement assessments dated no earlier than 2003, or previous college coursework as documented on official college transcripts. To be eligible to apply, students must show placement by: 1) passing WR-095 or placement in WR-121; 2) passing RD-090 or placement in RD-115.

• Have completed MA-110 Medical Terminology, and MTH-050 Technical Mathematics I or MTH-065 Algebra II. Curriculum prerequisites and requirements may be subject to change. In order to assure students have the most current information, please review the department website.

• Provide: 1) proof of a recent physical examination by a licensed healthcare provider, 2) required immunizations, 3) a current AHA or ASHI Healthcare Provider CPR, First Aid card, and complete a criminal history background check and drug testing as arranged by the Health Sciences department. Students may also be subject to a second drug and criminal screen just prior to clinical placement depending on clinical site requirements.

CLA students will be required to participate in unpaid, supervised externships in ambulatory or acute care laboratory settings. For a list of community partners, please visit the website.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

• demonstrate the ability to serve in an entry-level role as a clinical laboratory assistant,
• demonstrate proficiency in all types in blood collection techniques,
• understand and apply all laboratory regulations, standard operating procedures, Health and safety issues, and Quality Assurance;
• understand the roles of all laboratory personnel,
• demonstrate knowledge of health care delivery model and how clinical laboratories are an integrated part of patient care,
• successfully pass the Clinical Laboratory Assistant/Phlebotomy entry-level certification examinations.

CLINICAL LABORATORY ASSISTANT APPLICATION REQUIREMENTS

Application packets with admission procedures and requirements are available online: www.clackamas.edu/Programs/Clinical-Laboratory-Assistant.aspx

CAREERS

Career opportunities may include but are not limited to phlebotomist, laboratory specimen processor, waived testing analyzer, medical research assistant and physician office laboratory assistant.

For continuing education opportunities for healthcare providers see Healthcare Professional Development (HPD) in the course description section on page 198.

For more information, contact: health-sciences-questions@clackamas.edu

CLINICAL LABORATORY ASSISTANT CERTIFICATE PREREQUISITES

The following prerequisites must be completed prior to the start of the student's cohort. Curriculum prerequisites and requirements may change yearly. To see prerequisites or requirements, please review the department website.

COURSE CREDITS
MA-110 Medical Terminology 3
MTH-050 Technical Mathematics I or MTH-065 Algebra II 3-4

CLINICAL LABORATORY ASSISTANT CERTIFICATE

FALL TERM CREDITS
BI-120* Introduction to Human Anatomy & Physiology 4
CLA-100 Introduction to Healthcare 2
CLA-101 Clinical Laboratory Assistant Skills I 4
CLA-118 Phlebotomy for Clinical Laboratory Assistants 2
WR-101 Communication Skills: Occupational Writing or WR-121 English Composition 3-4

Continued
Clinical Laboratory Assistant continued…

WINTER TERM
CLA-102  Clinical Laboratory Assistant Skills II  4
CLA-115  Laboratory Administrative Skills  2
CLA-119  Phlebotomy/Laboratory Practicum I  3
CLA-130  Specimen Collection  1
CS-120  Survey of Computing  4

SPRING TERM
CLA-103  Clinical Laboratory Assistant Skills III  4
CLA-120  Phlebotomy/Laboratory Practicum II  4
CLA-125  Introduction to Clinical Research  2
COMM-100** Basic Speech Communication
or COMM-111 Public Speaking
or COMM-218 Interpersonal Communication  3-4
PSY-101  Human Relations  3

Credits required for certificate  51-54

*Additional options to meet biology requirement: pass with C or better BI-101 & BI-102 or successfully complete the entire BI-231, BI-232, BI-233, Anatomy & Physiology series.
**COMM-100 may be substituted by taking all of the following: COMM-100A, COMM-100B and COMM-100C

Current First Aid card and Healthcare Provider level CPR (AHA or ASHI) card are required during practicums and must be taken prior to the first term practicum. All CLA students will be required to complete a criminal history background, provide proof of immunization, and take a drug test.

Note: All clinical practicum courses are Pass/No Pass. All other courses are letter grades and must be passed with a C grade or better in order to continue to the next term.

Core curriculum is sequential and may not be taken out of order, with the exception of CLA-100 which may be taken prior to beginning the program. Curriculum is intended to be completed in one academic year.

Individuals who have been found guilty of a felony or pleaded guilty to a felony may not be eligible for clinical practicum placement or be eligible to take the National exams.

Collision Repair and Refinishing Technology

Associate of Applied Science Degree
The Collision Repair and Refinishing program simulates real working conditions in a well-equipped modern shop facility. Training combines intensive theory and practical lab experience tailored to specific needs. Course work includes one term of cooperative work experience with a local employer. The flexibility of the program allows students to enter any term and proceed at their own pace.

Technicians repair or replace parts, straighten structure, install and adjust glass and components, repair electrical systems, restraints, suspension components, brakes, prepare all types of surfaces for necessary refinishing operations, mix and apply modern urethane and waterborne paint products, and finish their work to industry standards. Skills learned include welding, metal straightening, filler use, plastic repair, surface preparation, masking, product selection, mixing, color matching and application techniques, as well as detailing and troubleshooting.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate the proper selection of tools and materials needed to perform metal straightening and plastic filler repair processes,
• prepare a repaired surface, choose and apply appropriate materials, block sand, clean surface, and apply topcoat, detail;
• repair sheet metal damage, demonstrate panel replacement techniques, identify structural damage, and formulate viable repair processes;
• perform spot repairs and blends using the latest industry accepted practices and materials, to the standards of industry;
• demonstrate skill in major body repair, including frame and unibody repair;
• demonstrate the use of electronic frame measuring systems, during the repair of full frame and unibody vehicles;
• plan and execute an industry acceptable repair on both full frame and unibody vehicles, including structural, non-structural, cosmetic and mechanical repairs;
• display the skills needed to apply high-end automotive finishes to a variety of automotive substrates,
• perform a variety of welding processes needed to properly repair vehicles of both steel and aluminum construction, in accordance with I-CAR guidelines;
• demonstrate competency in Collision Repair Estimating, using Mitchells, Shoplink, and CCC One software.
CAREERS

Employment opportunities include auto body technician, frame technician, auto body mid-tech, painter's helper, painter, estimator or manager in an independent repair shop, automobile dealership, truck or heavy equipment dealer or service center, or sales of auto body related tools and materials.

For information contact Dave Bradley, 503-594-3051, or the Automotive Department, 503-594-3047.

Collision Repair Refinishing Technology

Career Pathway Certificate

The Collision Repair Refinishing Technology program simulates real working conditions in a well-equipped modern shop facility. Training combines intensive theory and practical lab experience tailored to specific needs. In order to complete the course in three consecutive terms, students must start fall term.

Technicians repair or replace parts, straighten frames and unibody structure, install and adjust components and glass, repair electrical systems, restraints, suspension components, brakes, prepare all types of surfaces for necessary refinishing operations, mix and apply modern waterborne and solvent-borne paint products, and finish their work to industry standards. Skills learned include welding, metal straightening, filler use, plastic repair, surface preparation, masking, product selection, mixing, color matching and application techniques, as well as detailing and troubleshooting. This certificate qualifies students to apply for an I-CAR Pro Level 1 Certification.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- demonstrate the proper selection of tools and materials needed to perform metal straightening and plastic filler repair processes,
- prepare a repaired surface, choose and apply appropriate materials, block sand, clean surface, and apply topcoat, detail;
- repair sheet metal damage, demonstrate panel replacement techniques, identify structural damage, and formulate viable repair processes;
- perform spot repairs and blends using the latest industry accepted practices and materials, to the standards of industry;
- demonstrate skill in major body repair, including frame and unibody repair;
- perform a variety of welding processes needed to properly repair vehicles of both steel and aluminum construction, in accordance with I-CAR guidelines,

CAREERS

Employment opportunities may include entry level positions as a prepger, masker, painter's helper, body mid-tech, paint or body technician at independent, dealership, or fleet repair facilities in any transportation related field: automotive, trucking, transit, light rail, aircraft, recreational vehicle, industrial or marine.

For information contact Dave Bradley, 503-594-3051, or the Automotive Department, 503-594-3047.

**Computer & Network Administration**

**Certificate**

**Associate of Applied Science Degree**

The Computer & Network Administration program prepares students for technical support careers specializing in network administration and maintenance. Students may earn either a one-year Certificate of Completion or two-year Associate of Applied Science degree. The course work emphasizes development of analytical and problem-solving skills in addition to specific hardware and software configurations. Cooperative Work Experience (CWE) is supervised real-world employment that supplements the academic classroom environment. For students interested in pursuing a bachelor’s degree, the Computer & Network Administration Associate of Applied Science articulates to a Bachelor of Applied Science in Technology and Management at Oregon Tech.

For information contact Debra Carino, 503-594-3170 or dcarino@clackamas.edu

**PROGRAM REQUIREMENTS**

Prerequisites for first term classes include completed course work or placement out of BA-131 Introduction to Business Computing, WR-095 Paragraph to Essay and MTH-065 Algebra II. This is an open program. Students may take any class in the program for which they have completed the prerequisite.

**PROGRAM OUTCOMES**

**Computer & Network Administration AAS Degree**

Upon successful completion of this program, students should be able to:

- demonstrate all the program learning outcomes of the Computer & Network Administration Certificate.
- operate, install, manage, and troubleshoot major server operating systems;
- understand advanced network technologies and implement intricate internetwork infrastructures,
- understand and demonstrate basic computer and network security principles,
- develop, implement, and document an integrated information systems project;
- communicate the importance of professional and ethical responsibilities and be aware of codes of conduct and other sources of guidance for professionally ethical decision making,
- articulate and justify technical solutions to an audience through oral, written, and graphical communication.

**PROGRAM OUTCOMES**

**Computer & Network Administration Certificate Degree**

Upon successful completion of this program, students should be able to:

- explain basic troubleshooting processes and procedures from initial diagnosis to final documentation and reporting,
- explain and demonstrate how to interact and communicate effectively with people of different technical backgrounds and professional positions,
- operate, install, manage, and troubleshoot major desktop operating systems;
- identify, install, and troubleshoot computer and network hardware components,
- understand fundamental network technologies and implement a basic local area network,
- exhibit good teamwork skills and serve as effective members of project teams.

**CAREERS**

Career opportunities include network specialist, computer service technician, field engineer, customer service engineer, computer technician, and PC/LAN support specialist.

For information contact Debra Carino, 503-594-3170 or dcarino@clackamas.edu
## Computer Application Support

### Certificate

**Associate of Applied Science Degree**

The Computer Application Support program prepares students for a variety of technical support careers including help desk, training, and design positions. Students may earn either a one-year certificate or a two-year Associate of Applied Science degree. The course work emphasizes development of analytical and problem-solving skills in addition to specific hardware and software configurations. Cooperative work experience (CWE) is supervised real-world experience that supplements the academic classroom environment.

For students interested in pursuing a bachelor's degree, the Computer Application Support Associate of Applied Science articulates to a Bachelor of Applied Science in Technology and Management at Oregon Tech.

For information contact Debra Carino, 503-594-3170 or dcarino@clackamas.edu

### PROGRAM REQUIREMENTS

Prerequisites for first term classes include completed course work for CS-120 Survey of Computing, WR-095 Paragraph to Essay and MTH-065 Algebra II or placement in BA-131 Introduction to Business Computing, WR-121 English Composition, and MTH-095 Algebra III. This program is an open program, meaning that students may take any class in the program for which they have completed the prerequisite.

### PROGRAM OUTCOMES

**Computer Application Support AAS Degree**

Upon successful completion of this program, students should be able to:

- operate, install, manage, and troubleshoot major desktop operating systems;
- apply sophisticated word processing and spreadsheet development techniques and provide support to businesses using word processing and spreadsheet applications,
- using HTML and CSS, along with current web editing software, to create standards-compliant websites or support a front-end web development team,
- integrate into a help desk or IT support team to provide professional customer service and application training,
- exhibit good teamwork skills and serve as effective members of project teams,
- articulate and justify technical solutions to an audience through oral, written, and graphical communication.

**Computer Application Support Certificate Degree**

Upon successful completion of this program, students should be able to:

- operate, install, manage, and troubleshoot major desktop operating systems;

Corrections

Associate of Applied Science Degree

The Corrections program utilizes an interdisciplinary approach, including sociological, psychological and biological behavioral perspectives to provide students with a well-rounded basis for interacting with corrections clients in a variety of correctional settings.

Course work includes cooperative work experience, hands-on experience in a correctional agency to supplement and apply knowledge gained in academic courses.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:
- identify the major steps of the criminal justice process,
- define each step in the criminal justice process, and critically analyze how a case proceeds through the system;
- explain the functions of law enforcement and corrections in the United States in terms of historical roots, structure and contemporary issues;
- describe the role of the criminal court system in the United States,
- communicate effectively both verbally and in writing.
• identify conditions that are specific to working with offenders in an institutional or community setting, and develop strategies for coping with those conditions;
• analyze contemporary issues in the adult and juvenile corrections systems in the United States and outline possible responses to those issues.

CAREERS
Career opportunities are generally in jail and prison facilities as well as community corrections agencies and may include correctional officer, correctional counselor and probation and parole officer.

For more information contact Ida Flippo, 503-594-3363 or i/f_lipp@clackamas.edu

Juvenile Corrections

Certificate
The Juvenile Corrections Certificate is a one-year program developed in cooperation with the Oregon Youth Authority. Students are prepared to interview for an entry level position in a juvenile correctional facility. The certificate curriculum is challenging and is aimed at providing the skills most desired for working within the juvenile corrections system in Oregon.

Course work includes cooperative work experience, hands-on experience in a correctional agency enabling students to demonstrate the skills and knowledge acquired in the academic courses in a practical manner.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• explain the function of juvenile corrections in the United States in terms of historical roots, structure and contemporary issues;
• determine causes of juvenile delinquency, and identify system responses based upon the various theories of causation;
• identify conditions that are specific to working with juvenile offenders in an institutional or community setting, and develop strategies for coping with those conditions;
• analyze contemporary issues in the juvenile corrections system in the United States and outline possible responses to those issues,
• communicate effectively both verbally and in writing.

CAREERS
Career opportunities are within secure facilities or in the community and may include youth correctional counselor, juvenile detention officer and group life coordinator.

For more information contact Ida Flippo, 503-594-3363 or i/f_lipp@clackamas.edu

Criminal Justice

Associate of Applied Science Degree

The course work for this two-year program is designed to develop students' knowledge and skills in the areas of law enforcement, courts and corrections. Areas emphasized include community policing, criminal investigation, routine patrol and criminological theory. Students gain an appreciation of the various parts of the criminal justice system and how they function as a whole. Students may enter this program any term.

The course work for this program includes cooperative work experience which affords the student opportunity for hands-on experience with many local, federal and state law enforcement agencies.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:
- identify the major steps of the criminal justice process,
- define each step in the criminal justice process, and critically analyze how a case proceeds through the system;
- explain the functions of law enforcement and corrections in the United States in terms of historical roots, structure and contemporary issues;
- describe the role of the criminal court system in the United States,
- communicate effectively both verbally and in writing,
- apply key United States Supreme Court cases to real-life situations,
- develop strategies for coping with stressors associated with working in law enforcement.

CAREERS

Career opportunities include law enforcement officer at the local, state or national level, loss prevention officers and Homeland Security officers. Many departments require college course work or degrees in addition to civil service requirements.

For general information or information about transferring to a four-year institution contact Ida Flippo, 503-594-3363 or iflipp@clackamas.edu

CAREERS
Career opportunities may include but are not limited to managed care facilities, private dental practices, state and county clinics, dental schools and the insurance industry.

Dental Assistant

Certificate
The Dental Assistant (DA) program is designed to prepare students for entry level positions in the dental care setting. The goal of the program is to graduate students that have demonstrated competencies in clinical and administrative practices as well as demonstrated work ethics and professional values consistent with that of the American Dental Association (ADA).

PROGRAM REQUIREMENTS AND PREREQUISITES
This limited entry program requires the applicant to meet the program requirements prior to being formally admitted into the program. The requirements are to be completed in a four-phase process, with specific timelines for each phase. Information regarding specific requirements and timelines are located at www.clackamas.edu/healthSciences/

The applicant must follow all steps to be invited to continue through each phase of the admission process, with the final phase resulting in the opportunity to be invited for admission.

DA students will participate in unpaid, supervised externships in the dental care setting.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- successfully pass the national and state dental assistant exams, required for entry-level positions;
- demonstrate competencies in dental procedures to provide dental care,
- collaborate strategically with others,
- apply current knowledge of aseptic procedures when delivering dental care,
- demonstrate basic competencies in dental administrative practices,
- demonstrate and practice effective communication techniques,
- utilize dental materials for specific dental procedures,
- demonstrate mastery of EFDA skills to obtain certification,
- produce diagnostic quality radiographs,
- assists with medical emergencies in the dental office,
- identify and practice all OSHA policies designed to provide employee protection.

Credits required for certificate 49-51

Dental lab schedules (am/pm) are based on lottery. Information will be provided at orientation.

Current Healthcare Provider level CPR (AHA) are required during practicums and must be taken prior to the first term practicum. All DA students will be required to complete a criminal history background, provide proof of immunization, and students will be asked to take a drug test as arranged by the department.

Note: Students must achieve a C or higher grade in all required courses prior to advancing to the next term.

Core curriculum is sequential and may not be taken out of order. Core curriculum is intended to be completed over three consecutive terms.
Digital Media Communications

Associate of Applied Science Degree

The Digital Media Communications (DMC) degree is designed to successfully prepare students for careers in the expanding fields of digital media productions and communications.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- employ concepts and use terminology reflecting an understanding of two-dimensional design fundamentals in the context of completed multimedia design and/or artistic projects,
- produce a final multimedia project that demonstrates preparedness for entry into a field related to one of the DMC focus areas, and articulate how that project relates to professional opportunities in that field;
- critically analyze and discuss multimedia works in the context of mass media and society,
- demonstrate an awareness of ethical and legal considerations involved when creating multimedia works, including basic professional skills related to documentation and rights licensing for copyright, fair use, etc.;
- complete digital multimedia video projects illustrating professional entry-level competence in planning, production, and editing tools and techniques;
- create or contribute to a comprehensive digital multimedia project in a way that showcases specialized skills in one or more of the following focus areas: Motion Graphics & Computer Animation, Web Design, Multimedia Journalism, Film Studies, Video Production, Audio & Sound Engineering, or Music & Sound for Media.

CAREERS

Some of the careers available in media include: production designer, art department coordinator, camera operator, writer (general, film and documentary), editor, visual effects production, multimedia producer, sound mixer and recordist, boom operator, post production sound design, duplication, music composer, looping and foley, mobile location recording, voice-over work, audio for interactive multimedia, steadicam operator, assistant editor, weblog contributor, broadcast journalist, podcast writer and production, script supervisor and continuity, videographer, production assistant, graphic artist, photographer (still), location assistant, storyboard artist, art assistant, web designer, electronic news gatherer, web radio program editor, live sound engineer, broadcast reporter and other emerging opportunities.

**HUMANITIES PROGRAM ELECTIVES**

Additional selected humanities electives must be from the following list of prefixes: ANT, ART, DMC, EC, ENG, GEO, HST, J, MUS, PS, PSY, SOC, SSC, WR, WS. Additional Digital Multimedia Communications program electives may be chosen from focus areas not used to meet degree requirements.
Entry Level Multimedia Journalist

Career Pathway Certificate

The Entry Level Multimedia Journalist certificate prepares students for entry level positions in the field of multimedia and journalism. Students attain knowledge and learn skills to seek careers in creative and support professions related to multimedia and broadcast journalism, such as visual and audio editing, multimedia production, post production, weblog and podcast writing and production, broadcast reporting and electronic news gathering.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- display preparedness for an entry-level position in the field of multimedia journalism by orchestrating multiple news teams, generating newsworthy story ideas, and checking content for problem with libel and newsworthiness;
- demonstrate video production skills and understanding in broadcast Journalism by managing a news crew to follow up and record video news stories, editing video news stories, compressing video into needed formats, uploading and updating video news stories onto an internet server;
- demonstrate skills and understanding in Journalism by writing news stories and taking photographs for publication in the weekly newspaper, working with a peer group toward a common goal, conducting interviews in a professional manner, synthesizing Information gathered from sources to put together news articles, writing photo captions with no errors, researching, collecting and evaluating information for use in news stories, practicing ethical journalism in gathering information, and processing advertising contracts;
- demonstrate skills and understanding in digital video editing which include logging and capturing raw video, cutting video sequences into individual shots, assembling shots into cohesive and meaningful order within a timeline, generating text to place into video, adjusting audio levels and apply audio transitions and color correction, discuss the historical cultural impact of the language of film and how that impacts present-day editing decisions, apply established editing techniques and style to a creative video editing project using Premiere Pro, create a digital slide show, produce an audio news story, design and maintain a working news website.

CAREERS

Career opportunities include work in radio, television stations, motion picture industry, as well as advertising and promotions.

For information contact Andy Mingo, 503-594-3264 or andym@clackamas.edu

Video Production Technician

Career Pathway Certificate

The Video Production Technician certificate prepares students for entry level positions in the field of multimedia video production. Students attain knowledge and learn skills to seek careers in creative and support professions related to multimedia video production, such as visual and audio editing, multimedia production, post production, sound design, duplication production assistant, camera operators, multimedia artists and animators, titling, and motion graphics.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- create and produce a multimedia production by the following process of logging and capturing raw video, cutting video sequences into individual shots, generating text to place into video and using skills with software to produce a professionally edited video;
- demonstrate skills and understanding in visual editing by assembling shots into cohesive and meaningful order within a timeline and use effects such as video transitions and color correction;
- demonstrate skills and understanding in audio editing by adjusting audio levels and apply audio crossfades;
- demonstrate competency in entry-level positions in the field of multimedia video production;
- display skills and knowledge of software used in the multimedia industry by using the software to create the work and using advanced techniques like, compositing multiple video clips together.

CAREERS

Career opportunities include work in radio, television stations, motion picture industry, as well as advertising and promotions.

For information contact Andy Mingo, 503-594-3264 or andym@clackamas.edu
CAREERS
Career opportunities include audio and video equipment technicians; broadcast technician; camera operators; film/video editor; media and communication equipment workers; media and communication workers; and multimedia artists and animators.

Early Childhood Education & Family Studies

Certificate
Associate of Applied Science Degree
This program provides a foundation in the ten core knowledge categories: Family and Community Systems; Diversity; Health, Safety and Nutrition; Human Growth and Development; Learning Environments and Curriculum; Observation and Assessment; Personal, Professional and Leadership Development; Program Management; Special Needs; and Understanding and Guiding Behavior (The Oregon Registry, 2008).
Students must obtain a First-Aid certificate with infant-toddler CPR by the end of the first year.

PROGRAM OUTCOMES
Early Childhood Education & Family Studies AAS Degree
Upon successful completion of this program, students should be able to:
• promote children’s development and learning by creating and maintaining environments that are healthy, respectful, supportive and challenging for each child;
• build family and community partnerships based on understanding and valuing the complex characteristics of children’s families and communities,
• observe, document and assess young children;
• implement developmentally effective approaches, depending on children’s ages, characteristics and the settings within which teaching and learning occurs;
• use content knowledge to build meaningful curriculum by designing, implementing and evaluating experiences that promote positive development and learning for each and every young child;
• identify and conduct themselves as members of the early childhood profession and be continuous collaborative learners.

PROGRAM OUTCOMES
Early Childhood Education & Family Studies Certificate
Upon successful completion of this program, students should be able to:
• promote children’s development and learning by collaborating to create healthy, respectful and supportive environment;
• respect, support and communicate with families,
• observe and document young children,
• define and understand developmentally effective approaches, depending on the children’s ages, characteristics and the setting within which teaching and learning occur;
• use content knowledge to understand curriculum by designing and implementing experiences that promote positive development and learning for each and every young child,
• identify and conduct themselves as members of the early childhood community.

CAREERS:
After completing the two-year AAS in Early Childhood Education & Family Studies, students will be prepared to work in a variety of education and family support settings: in-charge teachers in private preschools/kindergartens or teaching assistants (paraeducators) in public school settings (PK-4th Grade and Head Start). Additionally, students will be prepared to work as family support personnel (e.g. family advocates, parent practitioners, family life paraprofessionals, etc.) in various education settings or child and family support agencies.

**Family Development**

**Career Pathway Certificate**

The Family Development Career Pathway Certificate is designed to provide paraprofessionals, working within child and family support agencies, with competencies to assist families to become self-reliant and interdependent within the scope of their communities.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- build family and community partnerships based on understanding and valuing the complex characteristics of families and communities,
- design a strengths-based family development plan,
- promote cooperative solutions to conflicts that families may experience,
- implement respectful, cross-cultural communication strategies when interacting with families,
- assist families in locating resources to achieve their goals,
- conduct family meetings, including home visits, with strengths-based outcomes.

**CAREERS**

Career opportunities include: family advocates, child care and education practitioners, home visitors and family practitioners, employment and training counselors, community or nutrition workers, home health aides and direct care workers, early intervention staff, outreach workers, crisis intervention staff, intake and social welfare workers, case managers.

Credits required for certificate 12
Electronics Engineering Technology

Certificate
Associate of Applied Science Degree
Program course work focuses on a traditional electronics foundation, including a basic electronics series, digital logic series, a troubleshooting series, a physics series and a semiconductor linear circuit series. The degree focuses on electronics and engineering design principles and electronics systems and is taught in a team environment whenever possible.

Specific skill areas for the Electronics Engineering Technology degree include test equipment use, computer use, problem-solving, teamwork, understanding math and electronics fundamentals and writing and oral communication.

PROGRAM OUTCOMES
Electronics Engineering Technology AAS Degree
Upon successful completion of this program, students should be able to:

• collaborate safely and professionally in an electronic technology-focused workplace,
• use and comprehend standard electronics terminology in communication,
• identify and isolate technology problems,
• identify electronic components including resistors, capacitors, inductors, diodes, transistors, amplifiers and digital logic gates;
• read specifications, symbols, schematics, ladder diagrams and assembly drawings;
• recognize common circuit arrangement like bridges, Darlington pairs, differential pairs;
• comprehend AC, DC, amps, volts, ohms, impedance, watts, frequency, apparent and reactive power;
• operate and interpret oscilloscopes, multimeters, signal generators, power supplies;
• assemble and disassemble electronic equipment.

CAREERS
Career opportunities may include engineering technician, manufacturing equipment technician, field services technician and operators and processors with large and small employers in high-tech industries.

For information contact the Manufacturing Department, 503-594-3318.

ELECTRONICS ENGINEERING TECHNOLOGY CERTIFICATE
FIRST TERM  CREDITS
EET-112  Electronic Test Equipment & Soldering  3
EET-137  Electrical Fundamentals I  4

Continued
Emergency Medical Technology

Certificate
Emergency Medical Technicians (EMTs) give immediate care to critically ill or injured people in the pre-hospital setting and provide transport to hospitals, care facilities and private residences. The ability to work under pressure in challenging environments, think critically to make difficult decisions independently and perform life-saving skills precisely are essential to success in this career. A criminal history background check, immunizations, and drug testing will be required.

EMTs in Oregon must be licensed by the state through the Oregon Health Authority, EMS & Trauma Systems Section (OHA/EMS). National certification is available through the National Registry of EMTs (NREMT). Each certification requires approved continuing education classes in emergency care for certification renewal. The CCC Emergency Medical Technology (EMT) certificate program includes the required Oregon license and national EMT certification.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- demonstrate the ability to safely provide immediate care to the critically ill patients or injured people in the pre-hospital setting,
- demonstrate the ability to be an effective member of a 911 emergency medical response team,
- demonstrate the ability to safely transport sick and injured person to emergency medical facilities,
- effectively evaluate each situation and administer basic and advance life support care, including patient extrication;
- demonstrate the ability to properly document patient information, treatment plans and patient progress in the pre-hospital setting;
- demonstrate the ability to apply the laws and rules relevant to emergency responders,
- become an Oregon licensed and National Certified EMT, preparing for entry-level employment within Oregon.

CAREERS
Career opportunities that may require EMT training include but are not limited to: firefighter (career or volunteer), paramedic, search and rescue, critical care transport or basic life support transport provider. The EMT certificate can lead to a career as a paramedic if a student wishes to continue their studies and completes the requirements for an AAS-EMT (Associate of Applied Science - EMT) degree at an accredited institution.

For continuing education opportunities for healthcare providers see Healthcare Professional Development (HPD) in the course description section on page 198.

For information contact the EMT program director at 503-594-0696 or department at 503-594-0650.

Current Healthcare Provider level CPR (AHA or ASHI) are required; criminal history background check, proof of immunization, and students will be asked to take a drug test as arranged by the department.

Energy & Resource Management

Certificate
Associate of Applied Science Degree
The Energy & Resource Management (ERM) program prepares students for entry-level careers in the utility, energy and resource industries. The program will prepare graduates for employment in the energy industry by emphasizing current concepts in traditional and alternative energy generation, distribution, management and leadership. The ERM program is endorsed by the Utility Training Alliance (UTA) comprised of Portland General Electric and Clackamas Community College.

PROGRAM REQUIREMENTS
Students who wish to participate in the Energy & Resource Management (ERM) program are welcome to register for the ERM classes once all prerequisites are met.
Students are advised of the necessary utility industry standards for math, writing, reading, and computer skills required for the successful completion of this program.
Prior to registration in the ERM courses, students must meet the following:
- Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121, pass MTH-060 or placement in MTH-065 and pass CS-090 or placement in CS-120.
- Pass ERM-121 with a C or better.
- Meet with EURM Department Advisor.

PROGRAM OUTCOMES
Energy & Resource Management AAS Degree
Upon successful completion of this program, students should be able to:
- describe the current and potential applications of renewable energy resources through the energy and resource industries, such as the renewable energy impact on generation, transmission, distribution, transportation and end-use in buildings;
- analyze and describe various methods for generating electricity and power distribution throughout the Northwest; coal, natural gas, nuclear, hydro, diesel powered plants, wind, solar, geothermal and wave energy resources;
- discuss management and leadership strategies to deal with major issues faced in the energy and resource industries,

Continued
Energy & Resource Management continued...

- develop and customize a working portfolio to record the application of knowledge and skills acquired from their education, work history and this program which may relate to their current and future career path in the energy and resource industries;
- prepare and test for the National Career Readiness Certificate (NCRC) by practicing on the WIN website application,
- articulate principles and concepts that govern safe work practices in the utility industry,
- identify and demonstrate personal health and safety within industry standards,
- earn a CPR/First Aid/AED certification.

PROGRAM OUTCOMES

Energy & Resource Management Certificate Degree

Upon successful completion of this program, students should be able to:

- explain basic principles of alternating and direct current as it affects electrical flow and the generation sources of electricity, transmission, and final delivery to the consumer;
- discuss the various methods for generating electricity and power distribution throughout the Northwest such as coal, natural gas, nuclear, hydro, diesel powered plants, and the path to emerging technologies such as wind, solar, geothermal and wave energy resources;
- develop and customize a working portfolio to record the application of knowledge and skills acquired from their education, work history and this program which may relate to their current and future career path in the energy and resource industries;
- prepare and test for the National Career Readiness Certificate (NCRC) by practicing on the WIN website application,
- articulate principles and concepts that govern safe work practices in the utility industry,
- identify and demonstrate personal health and safety within industry standards,
- earn a CPR/First Aid/AED certification.

Students will have additional related elective courses to strengthen their base knowledge on specific topics which enhance the overall outcome of this degree. Students will also earn the Project Management Leadership & Communication Career Pathways Certificate (See page 129.) with the successful completion of second year coursework and applying with a separate petition for graduation.

CAREERS

Career opportunities may include: customer service representative, technician operator, support personnel, utilities assistant, resource specialist, business administration and project management.

For information contact:

Angie Sandercock, EURM Department Advisor
503-594-0944 or angies@clackamas.edu

Shelly Tracy, Wilsonville Campus Director
503-594-0945 or shellyt@clackamas.edu

OREGON TECH TRANSFER AGREEMENT

Graduates from CCC’s Energy & Resource Management AAS Degree may transfer with a maximum of 60 credits to Oregon Tech’s Bachelor of Applied Science (BAS) in the Technology and Management program. Admission to Oregon Tech is not guaranteed. Transfer students must apply for admission to Oregon Tech in accordance with policies and procedures of Oregon Tech. Students are responsible for notifying the Oregon Tech Admissions and Registrar’s Office to ensure their credits transfer. Students must be attending Clackamas Community College during the current catalog year and must enroll at Oregon Tech within three years of the current catalog year.

90-91
CAREER TECHNICAL PROGRAMS

PRIOR TO REGISTRATION IN THE ERM COURSES, STUDENTS MUST MEET THE FOLLOWING:

- Must be 18 years or older
- Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121, pass MTH-060 or placement in MTH-065 and pass CS-090 or placement in CS-120
- Pass ERM-121 with a C or better
- Meet with EURM Department Advisor

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- identify and demonstrate a working knowledge of personal health and safety practices by using fire extinguishers, ties, ropes and knots, OSHA 10, Personal Protective Equipment (PPE), and ladder safety;
- develop and customize a working portfolio to record the application of knowledge and skills they’ve acquired from their education, work history and this program which may relate to their current and future career path in the energy and resource industries;
- prepare and test for the National Career Readiness Certificate (NCRC) by practicing on the WIN website application,
- articulate principles and concepts that govern safe work practices in the utility industry,
- identify and demonstrate personal health and safety within industry standards;
- earn a CPR/First Aid/AED certification.

CAREERS

Career opportunities may include: flagger, extraction worker’s helper, meter reader and utility locator-damage prevention specialist.

OCCUPATIONAL HEALTH AND SAFETY CAREER PATHWAY CERTIFICATE

CAREER PATHWAY CERTIFICATE

The Occupational Health and Safety Career Pathway program provides training that prepares students for entry-level positions within the utility industry. It is important to be physically fit, to work well in a team environment, adhere to safety requirements and maintain ethical conduct in all work practices. The Occupational Health and Safety Career Pathway Certificate is offered as part of the Energy and Resource Management Program. This certificate is endorsed by the Utility Training Alliance (UTA) comprised of Portland General Electric (PGE), and Clackamas Community College.

PROGRAM REQUIREMENTS

Students who wish to participate in the Occupational Health and Safety program are welcome to register for the ERM classes once all prerequisites are met.

Students are advised of the necessary utility industry standards for math, writing, reading, and computer skills required for the successful completion of this program.
Utility Workforce Readiness

Career Pathway Certificate
The Utility Workforce Readiness Career Pathway program provides training that prepares students for entry-level positions in technical careers within the utility industry. It is important to be physically fit, to work well in a team environment, adhere to safety requirements and maintain ethical conduct in all work practices. The Utility Workforce Readiness Career Pathway Certificate is offered as part of the Energy and Resource Management Program. This certificate is endorsed by the Utility Training Alliance (UTA) comprised of Portland General Electric (PGE) and Clackamas Community College.

This program is approved by the Oregon State Apprentice & Training Council (OSATC) Division of the Bureau of Labor & Industries (BOLI) as an authorized Pre-Apprenticeship program.

PROGRAM REQUIREMENTS
Students who wish to participate in the Utility Workforce Readiness program are welcome to register for the ERM classes once all prerequisites are met.

Students are advised of the necessary utility industry standards for math, writing, reading, computer skills and the physical capability required for the successful completion of this program.

Prior to registration in the ERM courses, students must meet the following:

- Must be 18 years or older
- Possess a valid driver’s license and CDL permit
- Capable of strenous physical activity
- Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121, pass MTH-060 or placement in MTH-065 and pass CS-090 or placement in CS-120.
- Pass ERM-121 with a C or better.
- Meet with EURM Department Advisor.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- demonstrate the hands-on skills needed and describe the core knowledge required to acquire entry-level positions within the utility industry,
- identify and comply with all laws and performance standards, and produce reliable results to blend safety and performance into a unified work practice by identifying and demonstrating health and safety practices both personally and as a team,
- demonstrate a working knowledge of utility tools of the trade: use of fire extinguishers, tie ropes and knots, trenching and shoring, chain saw, basic rigging, operating a fork lift, OSHA 10, Personal Protective Equipment (PPE), ladder safety, electrical hazard awareness, and pole identification;
- develop and customize a working portfolio to record the application of knowledge and skills they’ve acquired from their education, work history and this program which may relate to their current and future career path in the energy and resource industries;
- prepare and test for the National Career Readiness Certificate (NCRC) by practicing on the WIN website application,
- articulate principles and concepts that govern safe work practices in the utility industry, identify and demonstrate personal health and safety within industry standards;
- earn a CPR/First Aid/AED certification.

CAREERS
Career opportunities may include: ground worker, general laborer, flagger, service technician, store room, general maintenance and repair workers, hydro maintenance, telecom construction or technical assistant. It also will prepare students to enter a utility industry apprenticeship.

Utility Trade Preparation: Lineworker

Certificate

The Utility Trade Preparation: Lineworker program prepares students to enter the outside line construction industry with the core required skills, knowledge and safety awareness for initial entry-level employment requirements. It is important to be physically fit, work well in a team environment, adhere to safety requirements and maintain ethical conduct in all work practices.

This certificate is endorsed by the Utility Training Alliance (UTA) comprised of Portland General Electric (PGE) and Clackamas Community College.

PROGRAM REQUIREMENTS

Students who wish to participate in the Utility Trade Preparation: Lineworker program are welcome to register for the ERM classes once all prerequisites are met.

Students are advised of the necessary utility industry standards for math, writing, reading, computer skills and the physical capability required for the successful completion of this program.

Prior to registration in the ERM courses, students must meet the following:
- Must be 18 years or older
- Possess a valid driver’s license and CDL permit
- Capable of strenuous physical activity
- Physically able to climb utility poles
- Comfortable with heights of up to 60 feet
- Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121, pass MTH-060 or placement in MTH-065, and pass CS-090 or placement in CS-120
- Pass ERM-121 with a C or better
- Meet with EURM Department Advisor.

Continued
Utility Trade Preparation: Lineworker continued…

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- demonstrate the hands-on skills needed and describe the core knowledge needed to acquire entry-level positions within the utility industry;
- identify and comply with all laws and performance standards, and produce reliable results to blend safety and performance into a unified work practice by identifying and demonstrating personal health and safety practices;
- demonstrate an advanced working knowledge of utility tools of the trade: use of fire extinguishers, tie ropes and knots, trenching and shoring, chain saw, advanced rigging, operating a forklift, running an excavator, OSHA 10, Personal Protective Equipment (PPE), ladder safety, electrical hazard awareness, pole identification, and advanced Groundworker practices which includes building cross arms, using mathematical equations to complete setting poles and guy wires;
- demonstrate how to safely climb, maneuver and perform work on a utility pole, and be able to incorporate blue print reading and basic electricity theories into every day work practices;
- develop and customise a working portfolio to record the application of knowledge and skills acquired from their education, work history and this program which may relate to their current and future career path in the energy and resource industries;
- prepare and test for the National Career Readiness Certificate (NCRC) by practicing on the WIN website application,
- articulate principles and concepts that govern safe work practices in the utility industry, identify and demonstrate personal health and safety within industry standards;
- earn a CPR/First Aid/AED certification.

CAREERS
Career opportunities include: ground worker, general laborer, flagger, service technician, store room, maintenance and repair workers, power line clearance, maintenance and repair workers, telcom construction and installation, general laborer or technical assistant. It also will prepare students to enter a utility industry apprenticeship.

For information contact:
Angie Sandercock, EURM Department Advisor

Shelly Tracy, Wilsonville Campus Director
503-594-0945 or shellyt@clackamas.edu

Fire Science (Wildland)

Certificate
The Fire Science (Wildland) program provides training that can lead to seasonal employment in wildland firefighting or to the first step to a career in the forest industry or park service. There are many career tracks in the field of wildland firefighting and forestry. It’s exciting work that requires fundamental survival, safety and firefighting training and skills. It is also important to be physically fit, work well in a team environment, and respond quickly and efficiently to instruction/commands.

Clackamas Community College is a certified training site recognized by the Pacific Northwest Wildfire Coordinating Group (NWCG), the Oregon Department of Forestry, and National Forest Service. Program instructors are National Wildfire Coordinating Group (PNWCG), the Oregon Department of Forestry, and recognized by the Pacific Northwest Wildfire Coordinating Group (NWCG) certified and offer 15-30 years of wildland firefighting experience. Many of the courses carry NWCG certification as well as college credit.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- demonstrate the basic knowledge of wildland fire behavior,
- recognize situations where safety may be at risk and take appropriate actions to insure personal safety,
- apply the fundamental skills necessary to work as a wildland firefighter at the Firefighter 2 level, working as a member of a hand crew or engine crew;
- demonstrate an understanding of basic forest management.

CAREERS
The certificate can lead to careers as a wildland firefighter, forest and conservation technician, forest fire inspector or investigator, forest fire prevention specialist, independent firefighting contractor or employment in the timber industry.

For information contact Yvonne Smith, 503-594-3207 or yvonnes@clackamas.edu; Tom Laugle, 503-594-3066 or toml@clackamas.edu or visit www.clackamas.edu/firescience/

### Wilderness Survival and Leadership

#### Career Pathway Certificate

The Wilderness Survival and Leadership program is designed for those students who would like to pursue a variety of careers in the outdoors. Students will understand leadership, survival and rescue in the wilderness. The certificate is part of the Wildland Fire career pathway.

#### PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- demonstrate appropriate search and rescue methods including evacuation techniques,
- demonstrate first aid skills used in the field,
- discuss the basics of land navigation and Northwest weather prediction,
- articulate the knowledge areas required for an understanding of wilderness preparedness,
- prepare helicopter landing zones.

#### CAREERS

This program prepares students for employment in parks and recreation, guide services, search and rescue, state and federal agencies, private organizations, forestry jobs and wildland firefighting. The certificate gives students the necessary skills to lead and/or participate in any programs in a wide variety of settings that require leadership and competency in the outback regions of the Northwest.

For more information contact Tom Laugle, 503-594-3066 or toml@clackamas.edu or visit: [www.clackamas.edu/Programs/Wilderness-Survival-and-Leadership.aspx](http://www.clackamas.edu/Programs/Wilderness-Survival-and-Leadership.aspx)

Note: Courses do not need to be taken in sequence.
**Wildland FireFighter 1**

*Career Pathway Certificate*

This program will provide students the opportunity to gain the skills necessary to prepare them for entry-level jobs in the wildland firefighting industry. The courses will be offered over three terms so students will be ready for employment late spring.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- demonstrate the ability to function as a Wildland Firefighter at the Firefighter 2 level,
- recognize situations and take corrective actions when personal safety may be at risk,
- apply the basic skills to operate portable pumps, read and understand fire maps, compass and GPS.

For more information contact Tom Laugle, 503-594-3066 or toml@clackamas.edu or visit [www.clackamas.edu/firescience/](http://www.clackamas.edu/firescience/)

**Wildland Fire Forestry**

*Career Pathway Certificate*

The Wildland Fire Forestry program provides training in Forestry and Conservation skills needed for technicians in this field of work. Intended for students who would like to pursue a variety of careers in the outdoors. Students are introduced to the functions, basic tools and processes to manage forestland in Oregon.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- summarize use of Silviculture and regeneration practices,
- demonstrate how to identify trees and shrubs commonly found in Oregon,
- discuss the basics of forest road development,
- demonstrate the basics of forest measurement tools,
- explain the basics of marketing timber,
- identify logging systems,
- cite Oregon forest harvest laws.

For more information contact Tom Laugle, 503-594-3066 or toml@clackamas.edu or visit [www.clackamas.edu/firescience/](http://www.clackamas.edu/firescience/)

**Fitness Technology**

*Certificate*

The Fitness Technology certificate will give students the core skills and experience needed to enter the fitness industry at an entry level position. Students attain knowledge and learn skills to seek careers related to personal training, nutrition, strength and conditioning specialist as well as other careers in the fitness industry.

The course work for this program includes cooperative work experience which affords the student opportunity for hands-on-experience within the various areas of the health and fitness industry. Students may enter this program at any term.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- demonstrate excellent interpersonal skills in the areas of leadership, motivation and communication;
- understand and apply advanced exercise principles related to injury prevention, conditioning, resistance training, and functional training;

Visit Clackamas Community College on the web at [www.clackamas.edu](http://www.clackamas.edu)
Continued

- understand and apply nationally recognized standards for fitness and health and be able to communicate the benefits and precautions associated with exercise,
- understand and apply behavior modification strategies to enhance exercise and health behavior change with clients,
- demonstrate excellent leadership abilities, interpersonal communication skills, organizational and presentation skills and other necessary professional qualities demanded of health and fitness professionals in the workforce.

CAREERS
Career opportunities include personal trainer, life coach, nutrition specialist, strength and conditioning specialist, athletic coach, fitness instructor and Physical Education instructor.

Geographic Information Systems (GIS) Technology

Certificate

The Geographic Information Systems (GIS) Technology Certificate offers instruction in the fields of geography, cartography, computer-aided drafting (CAD), global positioning systems (GPS), database theory and mathematics. The program also includes instruction in research skills, technical mathematics, computer programming, human relations skills and other field competencies.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- interpret accurately technical drawings to determine product manufacturing specifications,
- understand clearly GIS concepts and techniques,
- understand and capably use many aspects of the ArcGIS software,
- create high quality digital maps,
- design, plan and execute GIS projects;
- create and design advanced Geodatabases for use in GIS,
- use capably geoprocessing tools to analyze data in a GIS environment,
- write scripts using the Python programming language,
- use advanced editing techniques to capture GIS data,
- analyze and interpret remote sensing data, including LIDAR,
- use a mapping grade Global Positioning System (GPS) to collect data for a GIS project,
- transform data form different formats to a GIS,
- create websites using HTML,
- create CAD data and transform it to a GIS.

CAREERS

Career opportunities may include: GIS technician, mapping technician and survey technician.

For information contact the Manufacturing Department, 503-594-3318.

TECHNICAL ELECTIVES

Any course with a GIS or CDT prefix.

Gerontology

Certificate

The Gerontology program offers a one-year certificate on the study of aging, which is designed for individuals who work with older people. The one-year certificate can provide significant coursework towards the two-year Associate of Applied Science degree in Human Services.

PROGRAM REQUIREMENTS

Current CPR certificate is required.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- demonstrate the academic skills necessary to continue the study of gerontology at the next educational level,
- apply gerontological concepts to practice settings working with older adults,
- demonstrate an understanding of current community resources available to older adults and how to access them,
- communicate effectively with co-workers and clients of all ages,
- differentiate between normal aging and disease processes associated with aging, especially chronic illness and dementia;
- provide support to older adults grieving a loss (including the death of a loved one) by utilizing knowledge and skills of grief and bereavement.

CAREERS

Career opportunities include activity director, volunteer coordinator, senior services case worker, information and referral worker, client advocate, and administrative and support personnel in senior residential facilities.

For more information, contact Yvonne Smith at 503-594-3207 or yvonnes@clackamas.edu

Gerontology for Health Care Professionals

Career Pathway Certificate
The need for nurses to be better prepared for caring for our aging population has been highlighted by the National League for Nurses (NLN) 2012, The Hartford Center for Geriatric Nursing (1996), the Institute of Medicine (IOM) 2012, Healthy People 20-20 and myriad other nursing organizations. Currently the Oregon Consortium for Nursing Education (OCNE) requires students receive Older Adult content in NRS-110 (Health Promotion) and then the assumption is that as the curricula addresses the life span of an individual, that more gerontology content is included throughout the program. Although this may be the case, it is up to each individual college and then each individual instructor to determine when and how much gerontology content to include. This career pathway certificate will address the need for students in nursing and other allied health care programs (such as Medical Assistant, and Emergency Management Technology) to have the background and knowledge to work with the aging population.

PROGRAM OUTCOMES
Upon the successful completion of this program, students should be able to:
• apply current theories in gerontology to their field of practice,
• apply gerontological concepts to practice settings working with older adults,
• differentiate between normal aging and disease processes associated with aging, especially chronic illness and dementia;
• provide support to older adults grieving a loss (including the death of a loved one) by utilizing knowledge and skills of grief and bereavement,
• discuss the impact of aging on patient care in the allied health fields.

For information, contact Yvonne Smith at 503-594-3207 or yvonnes@clackamas.edu

Nursing Assistant–Gerontology Specialist

Career Pathway Certificate
This program combines the nursing assistant clinical training with the applicable theory aimed at serving our aging population. This certificate will ultimately lead to an advanced workforce for employers and more robust employment opportunities for students.

PROGRAM OUTCOMES
Upon the successful completion of this program, students should be able to:
• apply gerontological concepts to practice settings working with older adults,
• differentiate between normal aging and disease processes associated with aging, especially chronic illness and dementia;
• provide support to older adults grieving a loss (including the death of a loved one) by utilizing knowledge and skills of grief and bereavement.

Horticulture

Certificate
Associate of Applied Science Degree
The Horticulture Department provides quality education and training for industry and community members. Greenhouse, nursery, landscape and urban agriculture courses integrate technical knowledge, critical thinking and environmental stewardship appropriate for the 21st century.

Horticulture is a hands-on, broad-based curriculum where all students participate in a laboratory-style practicum class which develops a full season’s experience in growing and caring for plants. Learning activities involve students in the day-to-day operation of a wide range of power and hand tools used in the trade, including: landscape mowers, rototillers, computers, tractors, skid steer loader, pruning tools and greenhouse equipment. Students cultivate plants in CCC’s extensive landscape and greenhouse facilities, including: the Water-Efficient Demonstration Garden, All-American Selections Display Garden, Annual Display Garden, Herb Garden, Perennial Garden, Certified Landscape Technician Test site, Farm site and several greenhouses.

Students may begin this program any term. Degree options include a one-year certificate program or a two-year associate’s degree program. Following the course offerings in the order listed is not required, but will allow for completion in the one or two year period.

PROGRAM OUTCOMES
Horticulture AAS Degree
Upon successful completion of this program, students should be able to:

- demonstrate a broad range of skills in the production and maintenance of plants, including: safe use of tools and equipment, propagation from seeds and cuttings, landscape maintenance activities, growing in a greenhouse environment, and vegetable bed preparation;
- identify common woody plants in the landscape;
- recognize and evaluate key pests and propose solutions based on IPM strategies,
- use a basic understanding of plant biology and soil science to make sound decisions in the production and maintenance of plants,
- display effective decision making, time management and project management skills in the horticulture industry;
- communicate effectively with co-workers and customers through speaking, writing and computer technology;
- pass the ODA Pesticide Laws & Safety exam, and an applicator exam.

PROGRAM OUTCOMES
Horticulture Certificate Degree
Upon successful completion of this program, students should be able to:

- demonstrate a broad range of skills in the production and maintenance of plants, including: safe use of tools and equipment, propagation from seeds and cuttings, landscape maintenance activities, growing in a greenhouse environment, and vegetable bed preparation;
- identify common woody plants in the landscape;
- implement IPM strategies in the horticulture industry,
- use a basic understanding of plant biology and soil science to make sound decisions in the production and maintenance of plants;
- effectively communicate with co-workers and customers through speaking, writing, and computer technology;
- pass the ODA Pesticide Laws & Safety exam.

Students are eligible to sit for the Oregon Certified Nursery Professional Exam. Students completing the Horticulture Associate of Applied Science (AAS) Degree with a 2.5 GPA or higher, are eligible to take the Oregon Landscape Contractors License exam.

CAREERS
Career opportunities include nursery and garden center manager and associate, nursery production, greenhouse grower, organic food production, supply and equipment sales, landscape design, installation and maintenance worker, parks department personnel and groundskeeper.

For information contact Renee Harber, Horticulture advisor, 503-594-3294 or rharber@clackamas.edu

OREGON STATE UNIVERSITY TRANSFER AGREEMENT
Some horticulture classes transfer to Oregon State University as part of a bachelor’s degree. Horticulture students planning to continue their studies at a four-year college should consult the Horticulture advisor to obtain the most recent transfer information.

- Horticulture program electives: 6

- *Offered alternate years
- **Course may be waived with current CPR certification
- ***COMM-100 may be substituted by taking all of the following: COMM-100A, COMM-100B and COMM-100C
**Irrigation Technician**

*Career Pathway Certificate*

The Irrigation Technician program provides instruction for design, installation, repair, upgrade, maintenance, monitoring and programming of irrigation systems for landscapes, nurseries, golf courses, parks or agriculture. This pathway certificate is a part of the Horticulture certificate and AAS degree programs.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- design, install, maintain, troubleshoot, repair and program irrigation systems.

**CAREERS**

Career opportunities include working as an Irrigation Technician in nurseries, greenhouses, parks, golf courses, landscapes or production agriculture.

For information contact Renee Harber, Horticulture advisor, 503-594-3294 or rharber@clackamas.edu

---

**Plant Health Management**

*Career Pathway Certificate*

The Plant Health Management program provides instruction for monitoring and identifying pests, selecting and utilizing appropriate control measures and evaluating their effectiveness. Course work is offered through evening classes and on-the-job training. This pathway certificate is a part of the Horticulture Certificate and AAS programs.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- pass the ODA Pesticide Laws & Safety exam, and a Commercial Pesticide Applicator exam;
- recognize and evaluate key pests in the landscape and propose solutions based on IPM strategies.

**CAREERS**

Career opportunities include working as a Plant Health Management Technician or Pest Control Specialist in nurseries, greenhouses, parks, golf courses, landscape management, or production agriculture.

For information contact Renee Harber, Horticulture advisor, 503-594-3294 or rharber@clackamas.edu

---

**Human Services Generalist**

*Certificate Associate of Applied Science Degree*

Both the one-year certificate and the two-year AAS in Human Services Generalist degree offer training for both entry-level positions in diverse social services agencies. The degree combines academic course work with 12 credits of supervised field experience. In addition to general course work in human services, students may select a variety of approved elective certificates/courses to focus on different concentration areas.

**PROGRAM OUTCOMES**

**Human Services Generalist AAS Degree**

Upon successful completion of this program, students should be able to:

- demonstrate appropriate interviewing skills when working with human service clients,
- complete human service assessments that include client strengths and challenges,
- outline key resources in the community and the network of service delivery,
- apply knowledge about the development and function of individuals and families in a practice setting,
- practice professional communication skills both verbally and in writing in a human services setting,
- adhere to the professional ethics, attitudes and values necessary for effective human service work.

---

**Human Services Generalist Certificate Degree**

Upon successful completion of this program, students should be able to:

- outline key resources in the community and the network of service delivery,
- apply knowledge about the development and function of individuals and families in a practice setting,
- practice beginning-level professional communication skills both verbally and in writing in a human services setting,
- adhere to the professional ethics, attitudes and values necessary for effective human service work.
CAREERS
Opportunities for employment include positions such as case managers and assistants, resource specialists, family advocates, client advocates, intake workers, family assistance workers and volunteer coordinators.
For information contact Yvonne Smith, 503-594-3207 or yvonnes@clackamas.edu

HUMAN SERVICES GENERALIST CERTIFICATE

FALL TERM
HDF-260 Understanding Child Abuse & Neglect 3
HE-151 Body & Drugs I 3
HS-100 Introduction to Human Services 3
WR-101 Occupational Writing
or WR-121 English Composition 3-4
— — Human Services Generalist program electives 3

WINTER TERM
HE-152 Body & Drugs II
or HE-255 Body & Alcohol 3
HS-154 Community Resources 3
MTH-050 Technical Mathematics I
or MTH-065 Algebra II 3-4
— — Human Services Generalist program electives 6

SPRING TERM
HDF-140 Contemporary American Families 3
HS-170 Introduction to Field Experiences in Human Services 3
HS-280 Human Services Generalist: CWE/Practicum 3
SOC-205 Social Stratification & Social Systems 4
— — Human Services Generalist program electives 3

Credits required for certificate 46-48

WINTER TERM
HS-156 Interviewing Theory & Techniques 3
HS-281 Human Services Generalist II: CWE/Practicum 4
PSY-221 Introduction to Counseling 4
— — Human Services Generalist program electives 4

SPRING TERM
HS-216 Group Counseling Skills 3
HS-282 Human Services Generalist III: CWE/Practicum 4
PSY-219 Introduction to Abnormal Psychology 4
— — Human Services Generalist program electives 3

Credits required for degree 90-92

HUMAN SERVICES GENERALIST PROGRAM ELECTIVES
Students take 25 credits from any of the following certificate programs, as electives in the Human Services Generalist program:

Alcohol & Drug Counselor Career Pathway Certificate
Business Management Certificate
Early Childhood Education & Family Studies Certificate
Emergency Medical Technology (EMT) Certificate
Family Development Career Pathway Certificate
Gerontology Certificate
Juvenile Corrections Certificate
Medical Assistant Certificate
Paraeducator Certificate

Alcohol & Drug Counselor Career Pathway Certificate
The Alcohol & Drug Counselor Pathway Certificate prepares students to sit for the certification examination offered by the Addiction Counselor Certification Board. The coursework is appropriate both for new students to the field, and those wishing to update their skills or seek additional certification. The certificate provides the 150 educational hours required by the certification board. Students can also opt to add a CWE component that will partially fulfill the 1000 required practicum hours. Qualifying for the CADC I certificate is a stepping stone for students who want to work now, but may also be thinking of pursuing further education in the future. More information about certification can be found at www.accbo.com

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

• demonstrate appropriate interviewing skills in an assessment or treatment setting,
• articulate the ethics required for effective work in the substance abuse field,
• recognize the signs of common substance abuse disorders,
• discuss the impact of drug use and abuse on society and the public health.

Continued
CAREERS
This program prepares students to work in a variety of human service settings, including both inpatient and outpatient treatment programs, programs for the homeless, and a variety of community agencies.
For information contact Yvonne Smith, 503-594-3207 or yvonnes@clackamas.edu

ALCOHOL & DRUG COUNSELOR CAREER PATHWAY CERTIFICATE

COURSE | CREDITS
--- | ---
HE-151 Body and Drugs I | 3
HE-255 Body and Alcohol | 3
HS-103 Ethics for Human Service Workers | 2
HS-156 Interviewing Theory and Techniques | 3
HS-211 HIV, TB, and Infectious Diseases | 1
HS-216 Group Counseling Skills | 3

Credits required for certificate: 15

Note: Students may add HS-280 Human Services Generalist I/CWE for additional credits

Career Development Facilitator

Career Pathway Certificate
The Career Development Facilitator Career Pathway Certificate is designed for individuals who are working in the field of career development and/or career advancement. This certificate can also serve as a step toward earning a Global Career Development Facilitator Credential which is endorsed by the National Career Development Association.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
- be proficient in the basic career facilitating process while including productive interpersonal relationships,
- use current resources to understand labor market and occupational information and trends,
- comprehend and with supervision, use both formal and informal career development assessments with emphasis on relating appropriate ones to the population served,
- recognize special needs of various groups and adapt services to meet their needs,
- follow the CDF code of ethics and know current legislative regulations,
- understand career development theories, models, and techniques as they apply to lifelong development, gender, age, and ethnic background;
- know job search strategies and placement techniques, especially in working with specific groups,
- prepare and develop materials for training programs and their implementation, and work as a liaison in collaborative relationships;
- market and promote career development programs with staff and supervisors,
- comprehend and use career development,
- computer applications,
- accept suggestions for performance improvement from consultants or supervisors.

CAREERS
Career development facilitator training can enhance the skills of many careers including human service providers, educators, training and development specialists, and human resource professionals. Career development facilitators may serve as school-to-work coordinators, work force development personnel, case managers, job search and career workshop facilitators, career coaches, intake interviewers, career resource specialists, and employment/placement specialists.
For information contact Student Life & Leadership, 503-594-3475, or www.clackamas.edu/Advising/

HS-280 Human Services Generalist I/CWE | 4
Landscape Management

Associate of Applied Science Degree
The Landscape Management degree will prepare students for entry-level management positions in the landscaping industry by providing them business, communication and project management skills in addition to a basic understanding of, and hands-on experience with, the activities involved in the installation and maintenance of landscapes.

Sustainable practices, such as the use of Integrated Pest Management, low water landscapes, and techniques that protect and care for the soil are emphasized throughout the program. Students use Industry standard equipment and practices in the care of CCC’s extensive landscape facilities, including an arboretum, water-efficient demonstration garden, large turf areas, several herbaceous perennial and shrub beds, and our award winning All-American Selections Display Garden.

CCC’s landscape program is the only one in Oregon accredited by the Professional Landcare Network (PLANET), which speaks to its credibility in the industry. Students have the opportunity to compete on the team that attends the National PLANET Student Career Days each year. Also, PLANET’s certified technician testing site for Oregon is located on campus, and is used for instructional purposes.

Students may begin this program any term. Following the course offerings in the order listed is not required, but will allow for completion in a two year period.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- demonstrate competency in sustainable landscape maintenance and installation activities, including: safe use of tools and equipment, operation of irrigation systems, pruning and training techniques, turf maintenance, hardscape installation and reading/installing from a design plan;
- identify common woody and herbaceous plants in the landscape,
- recognize and evaluate key pests in the landscape and propose solutions based on IPM strategies;
- use a basic understanding of plant biology and soil science to make sound decisions in the design and maintenance of landscapes,
- display effective decision making, time management and project management skills in the landscape industry environment;
- effectively communicate with co-workers and customers through speaking, writing and computer technology;
- pass the ODA Pesticide Laws & Safety exam, and a Commercial Pesticide Applicator exam;
- pass PLANET’s Landscape Industry Certified Technician Test for Ornamental Maintenance.

Students completing the Landscape Maintenance Associate of Applied Science (AAS) Degree with a 2.5 GPA or higher are eligible to take the Oregon Landscape Contractors License exam.

CAREERS
As a graduate of our Landscape program, you will be prepared to work in a supervisory or skilled landscape technician position for a landscape design/build company, estate garden parks department, tree care company, golf course or as a self-employed installation/maintenance contractor.

For information contact Renee Harber, Horticulture advisor, 503-594-3294 or rharber@clackamas.edu

OREGON STATE UNIVERSITY TRANSFER AGREEMENT
Some horticulture classes transfer to Oregon State University as part of a bachelor’s degree. Landscape students planning to continue their studies at a four-year college should consult the Horticulture advisor to obtain the most recent transfer information.

### Manufacturing Technology

#### Professional Upgrade Certificate

**Associate of Applied Science Degree**

Course work in manufacturing technology prepares students for careers in high-tech manufacturing by producing products to exacting industrial standards utilizing current manual and computer-aided machine tool technology. Many classes are taught in a flexible, open-lab format and students may enter the program any term.

Individualized daytime and evening instruction is provided in the operation of machine tools such as: lathes, mills, surface and cylindrical grinders and common machine shop equipment. Included in the degree program is the study of computer numerical control (CNC) programming and machining for milling, turning and electrical discharge machining (EDM), as well as courses in computer-aided manufacturing (CAM) utilizing current industrial CAD/CAM software. Quality control is stressed while students are taught a wide range of measuring and inspection techniques. Other topics include courses offered in welding, materials science and basic electricity. Many students enroll in these courses to upgrade existing job skills and several of our courses satisfy the continuing education unit (CEU) requirements of local apprenticeships and trade organizations.

### PROGRAM OUTCOMES

**Manufacturing Technology AAS Degree**

Upon successful completion of this program, students should be able to:

- accurately interpret technical drawings to determine product manufacturing specifications,
- work safely in an industrial environment around machinery, power tools and chemicals,
- operate manual machine tools to produce products to required specifications,
- operate CNC machine tools including: program try-out, tooling/work-piece setup and adjustment, communicate effectively with G&M code language to perform everyday machining operations on three-axis milling machines and two-axis lathes,
- utilize computer software to create CAD models and CAM generated programs for machining processes,
- apply technical mathematics to solve manufacturing problems including: manual machining positioning, dimensional inspection, and CNC programming,
- apply knowledge of materials, physics and mathematics to effectively machine industrial materials,
- plan manufacturing operations in a logical and efficient manner to produce products on both manual and CNC machine tools,
- work and communicate effectively in team environment to achieve high quality value stream,
- work independently to solve common problems in manufacturing processes.

### PROGRAM OUTCOMES

**Manufacturing Technology Certificate Degree**

Upon successful completion of this program, students should be able to:

- accurately interpret technical drawings to determine product manufacturing specifications,
- work safely in an industrial environment around machinery, power tools and chemicals,
- apply technical mathematics to solve manufacturing problems including: manual machining positioning and dimensional inspection,
- plan manufacturing operations in a logical and efficient manner to produce products on manual machine tools,
- work independently to solve common problems in manufacturing processes.

### CAREERS

Career opportunities may include machine tool operator, CNC programmer/operator and CAD/CAM technicians.
Manufacturing Technology continued...

SHORT TERM TRAINING
For students who need a quick-entry strategy into the work force, an individualized education and employment plan can be created that concentrates the knowledge and skills necessary to start or change a career path. Please see a faculty advisor for more information. A short-term training certificate is available.

For information contact the Manufacturing Department, 503-594-3318.

MANUFACTURING ENGINEERING TECHNOLOGY
(Oregon Tech transfer courses)
The Manufacturing Technology Department, in partnership with Oregon Tech, offers a significant number of transferable classes into Oregon Tech's Manufacturing Engineering Technology degree program. For information contact the Manufacturing Department, 503-594-3318.

*Substitute college transfer courses for these courses if you plan to continue your education at a higher education institution. It is recommended that you consult with a faculty advisor or a staff member in Student Services for the transfer requirements of the specific advanced program or school.

**Students seeking to earn the associate's degree must take nine credits of MFG-113.

CNC Machining Technician

Career Pathway Certificate
The CNC Machining Technician program at Clackamas provides the training necessary for employment within the advanced manufacturing field. The program is arranged with core CNC competencies in mind while allowing the student flexibility to take other relevant manufacturing courses. Course work covers blueprint reading, technical mathematics, safety, and manual and CNC machining. The program is fully transferable to the one-year Manufacturing Technology Certificate or two-year Manufacturing Technology AAS Degree.

This certificate is part of the manufacturing career pathway preparing students for a wide variety of manufacturing careers and opportunities to continue at a four-year institution.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- accurately interpret technical drawings to determine key inspection dimensions and specifications,
- work safely in an industrial environment around machinery, power tools and chemicals;
- operate manual machine tools to produce simple products to required specifications,
- operate CNC machine tools including: program try-out, tooling/work-piece setup and adjustment of three-axis lathes;

Visit Clackamas Community College on the web at www.clackamas.edu
• apply mathematics to solve manufacturing problems in machining and inspection.

CAREERS
Career opportunities may include entry-level CNC operator, machinist or general manufacturing technician.

For more information contact the Manufacturing Department, 503-594-3318.

Mastercam

**Certificate**
The Mastercam program is comprised of a series of three classes that prepare students to use Mastercam for 2D and 3D model building, toolpath selection and creation, and toolpath verification. Students will learn all basic 2D milling toolpaths, 3D surfacing toolpaths, and lathe with live-tooling toolpaths.

**PROGRAM OUTCOMES**
Upon successful completion of this program, students should be able to:
• utilize Mastercam for programming two dimensional toolpaths, advanced surface toolpaths, and lathe/mill-turn toolpaths.
• attain the skills necessary for employment as CAD/CAM CNC programmer.

CAREERS
CNC programmer
For information contact the Manufacturing Department, 503-594-3318.

Credits required for certificate 12

Medical Assistant

**Certificate**
Medical assistants function as integral members of the healthcare delivery team in performing administrative, clinical and trans-disciplinary (general) functions. The Medical Assistant (MA) program at Clackamas Community College is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Medical Assistant Educational Review Board, MAERB (CAAHEP), 1361 Park Street, Clearwater, FL 33756; telephone: 727-210-2350, online: www.caahep.org

**PROGRAM PREREQUISITES & REQUIREMENTS**
The MA applications with admission procedures, requirements and pertinent dates are available online, www.clackamas.edu/healthSciences/; at the Health Sciences Department and Student Advising Services at Harmony Campus, and at the Enrollment Service Center or Student Academic Support Services Department at the Oregon City Campus.

For successful completion of the MA program, applicants are advised that a high level of physical and mental stamina, manual dexterity, the ability to multitask, and a high degree of attention to detail will be required.

Prior to application the MA student candidate must:
• Meet the appropriate placement score in math either by taking the placement exam or by providing proof of a comparable assessment. CCC placements should be dated no earlier than 2007 or previous college coursework as documented by official college/university transcripts. To be eligible to apply, students must show placement by:
  • passing WR-095 or placement in WR-121
  • passing MTH-020 or placement in MTH-050/060
  • passing RD-090 or placement in RD-115
• During the multi-phase application process the applicant will be asked to provide:
  • proof of recent physical examination by a licensed healthcare provider,
  • proof of required immunizations or proof of immunity,
  • Healthcare Provider CPR (American Heart Association) card and a Basic First Aid card; both of which must remain current throughout the entirety of the MA program,
  • complete a criminal history background check and urine drug screen (UDS) as instructed by the Health Sciences Department. NOTE: Successful students will be asked to repeat the criminal history and UDS prior to entering clinical placement.
• candidates accepted into the MA program must have successfully completed MA-110, Medical Terminology, prior to beginning core curriculum. Please check the website as prerequisites may change from year to year.

Continued
PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate entry-level employment skills,
• apply knowledge appropriate to pass national exam,
• demonstrate the ability to work within the scope of practice of a medical assistant,
• perform phlebotomy and other specimen collection skills using accepted technical practices,
• apply medical laws and ethical principles to medical assisting practice,
• apply infection control principles and techniques to the practice of medical assisting,
• consistently demonstrate patient safety skills,
• calculate and safely administer medications: oral and parenteral,
• apply critical thinking skills to administrative and clinical competencies,
• apply professional behaviors in all aspects of medical assisting,
• sit for the American Association of Medical Assistants national certification exam, certification@aama.ntl.org or the American Medical Technologists national certification exam, www.americanmedtech.org

CAREERS
Career opportunities may include but are not limited to: employment in the ambulatory healthcare facilities, and outpatient surgical centers. Students should be prepared for entry-level employment as a medical assistant.

The Medical Assistant Program of Clackamas Community College does not discriminate among applicants as to age, gender affiliation, sexual orientation, color, religion, or national origin.

For continuing education opportunities for healthcare providers see Healthcare Professional Development (HPD) in the course description section on page 198.

Credits required for certificate 50-51

**To meet graduation requirements in addition to successful completion of courses, the MA student is required to:
• Participate in an unpaid, supervised externship in an ambulatory care setting.
• Perform 20 hours of public health-related community service.
• Register for either the CMA (AAMA) or the RMA (AMT) certification exam.

Note: All clinical/practicum courses are Pass/No Pass. All other courses are letter graded and must be passed with C or better.

Core curriculum is sequential and may not be taken out of order. Core curriculum is intended to be completed over three consecutive terms in one academic year.

Individuals who have been found guilty of, or pleaded guilty to a felony, may not be eligible for clinical practicum placement or be eligible to take the national certification exam.

For the Certified Medical Assistant (CMA) exam, direct inquiries to: AAMA Certification Department at www.aama-ntl.org or by phone 800-228-2262.

For the Registered Medical Assistant (RMA) exam, direct inquiries to www.americanmedtech.org or by phone 800-275-1268.
Microelectronics Systems Technology

Certificate
Associate of Applied Science Degree
This program prepares students for entry into the microelectronics and semiconductor industries. Course work focuses on wafer manufacturing, integrated circuit fabrication, component manufacturing, microelectronic assembly and equipment maintenance. Specific skill areas include: silicon materials fabrication, silicon manufacturing, semiconductor processing, microcontamination and particle control, troubleshooting of equipment and systems, microlithography, ion implantation, etch and chemical vapor deposition.

PROGRAM OUTCOMES
Microelectronics Systems Technology AAS Degree
Upon successful completion of this program, students should be able to:
- safely and professionally collaborate in an electronic technology-focused workplace,
- use and comprehend standard electronics terminology in communication,
- identify and isolate technology problems,
- identify electronic components including resistors, capacitors, inductors, diodes, transistors, amplifiers and digital logic gates;
- read specifications, symbols, schematics, ladder diagrams and assembly drawings;
- comprehend AC, DC, amps, volts, ohms, impedance, watts, frequency, apparent and reactive power;
- operate and interpret oscilloscopes, multimeters, signal generators, power supplies;
- assemble, disassemble, adjust and verify electronic equipment performance;
- use test procedures and test equipment to service and maintain equipment,
- demonstrate a comprehensive knowledge of the semiconductor manufacturing process including materials, processes, vacuum systems and quality control;
- apply technical knowledge of sensors and actuators to automated manufacturing and motion control,
- comprehend the theoretical elements of fluid power systems and apply this knowledge to design, installation and repair of industrial equipment;
- program and install PLCs to control manufacturing processes.

PROGRAM OUTCOMES
Microelectronics Systems Technology Certificate Degree
Upon successful completion of this program, students should be able to:
- safely and professionally collaborate in an electronic technology focused workplace,
- use and comprehend standard electronics terminology in communication,

MICROELECTRONICS SYSTEMS TECHNOLOGY PROGRAM ELECTIVES:

Any course with an EET, RET, SM, MFG, WLD or CDT prefix not already in the Microelectronics Systems Technology program.

*Substitute college transfer courses for these courses if you plan to continue your education at a higher education institution. It is recommended that you consult with a faculty advisor or a staff member in Student Services for the transfer requirements of the specific advanced program or school.

ELECTRONICS ENGINEERING TECHNOLOGY (Oregon Tech transfer courses)

The Manufacturing Technology Department, in cooperation with Oregon Tech, offers a number of transferable microelectronics classes into Oregon Tech’s Electronics Engineering Technology degree program. For information contact the Manufacturing Department, 503-594-3318.

Music Technology

Certificate

The Music Technology certificate gives students the core skills needed to enter the sound and music production industry.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- complete recording projects illustrating competence in professional audio recording technologies and the ability to complete the production process using appropriate software/hardware,
- complete recording projects that include elements of music and audio in digital format, including MIDI, sound sampling, synthesis, processing, editing, and mixing and display confidence in the use of associated software/hardware appropriate for these tasks in a professional setting;
- produce a final recording project that demonstrates preparedness for entry into a career related to music technology, and articulate how that project relates to professional opportunities in that field;
- critically analyze and discuss multimedia works (their own or others) in the context of music history and/or theory,
- demonstrate an awareness of ethical, legal, and business considerations involved when creating recorded audio works, including basic professional skills related to documentation and rights licensing for copyright, fair use, etc.

CAREERS

Careers include recording engineer, live sound engineer, media and sound post-production for internet companies, sound/music for video games, sound/media engineer for TV, recording/sound for advertising production, video post-production engineer, sound engineer for radio, video production engineer, film sound recording engineer, film post production for mixed media, film post production for sound only, film sound designer (FX), film foley artist, technical support for music production software companies, technical development for music production hardware and software and sound technical development for software companies.

For more information contact Brian Rose, 503-594-3340 or brianr@clackamas.edu

Nursing

Associate of Applied Science Degree

NURSING ASSISTANT OPTIONS
Being a certified nursing assistant can be a fulfilling, life-long vocation or the first step in your health care career.

NURSING ASSISTANT 1 (CNA 1)
Clackamas Community College Nursing Assistant course provides the student with the skills to perform basic level nursing care. Certified Nursing Assistants are defined by law as people who assist licensed nursing personnel in the provision of nursing care. Content includes: introduction to health care facilities, communication, basic body structure and function, patient needs, preventing infection, body mechanics, and much more. This course is approved by the Oregon State Board of Nursing.

Class times may vary term to term. This one-term course consists of 150 contact hours including 75 hours of lecture and lab and 75 hours of clinical experience. Clinical hours begin the 6th week of the course and are normally done at local Skilled Nursing Centers. Approximate length of the course is 11 weeks.

Credits required for certificate 50-60

Upon successful completion of this 7 credit course, students may apply for the Oregon State Board of Nursing certification exam for nursing assistants (CNA 1).

READING & WRITING COMPETENCIES:
You will need to prove competency levels in reading and writing. Competency in reading and writing is measured by CCC placement test(s) or previous college coursework (unofficial transcript). Placement exam scores must be at least WR-121 and RD-115 to be eligible to apply or an unofficial transcript indicating WR-095 was taken with a C or better.

Continued
Nursing continued...

You must be at least 18 years of age. High school students may apply with written authorization from their high school counselor. (Proof must be provided.)

Before you will be permitted to enroll you must attend the Nursing Assistant Mandatory Orientation. Specific details can be found in the college's Schedule of Classes and online at www.clackamas.edu/healthsciences/nursingassistant/

**NURSING ASSISTANT II – ACUTE CARE TRAINING (CNA 2)**

This course is designed to prepare students to perform routine and acute nursing assistant tasks for clients in the following venues: hospital, long-term and skilled care facilities and the community. Instruction incorporates concepts of safety and preventing complications, communicating client responses to the nurse, and documenting/record outcomes of client care. By Oregon State Board of Nursing regulations, the course is restricted to those who hold a current, unencumbered Oregon CNA 1 license and have their name listed on the CNA Registry. Also, you must be able to demonstrate proficiency in CNA 1 skills during lab sessions. This course meets the minimum state requirements with 42 hours of lecture and lab instruction as well as at least 30 hours of clinical experience.

**COURSE OFFERED—SUMMER, FALL, WINTER, SPRING TERMS:**

| NUR-101 Certified Nursing Assistant 2 | 3 credits |

Before you will be permitted to enroll you must attend the Nursing Assistant 2 Mandatory Orientation. Specific details can be found in the course schedule and online. For more information email: Health-Sciences-Questions@clackamas.edu

**NURSING PROGRAM**

Clackamas Community College is a full partner in the Oregon Consortium for Nursing Education (OCNE). The curriculum in OCNE nursing programs is a competency-based curriculum developed in collaboration with Oregon Health & Science University (OHSU) and other community colleges around the state. This curriculum, which has been approved by the Oregon State Board of Education as well as the Oregon State Board of Nursing, can ultimately culminate in a Baccalaureate of Science degree with a focus in nursing offered by OHSU. For more information on the OCNE curriculum, refer to www.ocne.org

Admission into the Nursing program is by special application only. The application is a two-step process. Students must submit application to the Registrar’s Office by the deadline. Qualified applicants will progress to the interview/essay portion of the application process. Acceptance to the nursing program allows for co-admission to Clackamas Community College and Oregon Health & Science University School of Nursing.

A physical examination by a licensed healthcare provider, immunizations, criminal history background check, and urine drug testing are required prior to clinical experience in the first term of the program. Drug use and/or conviction of a felony may result in the Oregon State Board of Nursing denying licensure upon graduation.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

• demonstrate the ability to choose personal and professional actions that are based on a set of shared core nursing values,
• demonstrate the effective use of reflection, self-analysis and self-care to develop insight in the delivery of nursing care;
• demonstrate the ability to engage in intentional, life-long learning;
• demonstrate the ability to be an effective leader in nursing and health care,
• demonstrate the ability to collaborate as part of a health care team,
• demonstrate the ability to practice within, utilize, and contribute to the broader health-care system;
• demonstrate the ability to practice relationship-centered care,
• demonstrate the ability to make sound clinical judgments,
• demonstrate the ability to choose and apply the best available evidence.

The OCNE curriculum is designed as a four-year course of study with the first year devoted to pre-admission requirements. The second and third year of designated study will be taken at Clackamas Community College. Upon completion of the CCC nursing program, students will be eligible to receive their Associate of Applied Science degree in nursing and take the national examination (NCLEX-RN) for registered nurse licensure. Graduates of the nursing program at Clackamas Community College should be prepared for entry-level employment as a registered nurse. The student may elect to continue for the fourth year of study, leading to a Baccalaureate of Science degree with a focus in nursing offered by OHSU.

**CAREERS**

Career opportunities may include but are not limited to entry-level employment as a registered nurse in the acute care setting, sub-acute setting and the ambulatory care setting.

For continuing education opportunities for healthcare providers see Healthcare Professional Development (HPD) in the course description section on page 198.

**NURSING APPLICATION REQUIREMENTS**

Information regarding the program, the application process and pre-nursing academic advising sessions is available at www.clackamas.edu/HealthSciences/Nursing/

Students are eligible to be considered for admission to the nursing program after completing 30 credit hours of the Prerequisite/Required Preparatory courses listed below. BI-231 (Human Anatomy/Physiology I) must be completed and math competency must be demonstrated prior to submission of program application. Completion of BI-234 prior to entry into the nursing program is strongly recommended. Failure to pass this course during fall term will prevent progression in the nursing program.

Visit Clackamas Community College on the web at www.clackamas.edu
A total of 45 credit hours of the Prerequisite/Required Preparatory courses must be completed prior to the start of the first term of the nursing program.

- Minimum Prerequisite/Required Preparatory Course credits to apply: 30
- Prerequisite/Required Preparatory Course credits prior to starting NRS course work during first term of nursing program: 45

Completion of all Prerequisite/Required Preparatory courses must be with a letter grade of C or better. Plus and minus grade will not be factored into the GPA calculations. If a course has been taken more than once, the most recent grade received will be the course considered. Application to the nursing program requires a minimum GPA of 3.0 for all completed Prerequisite/Required Preparatory courses.

- The following courses or their equivalents will meet the 8 credit minimum writing requirement:
  - WR-121, WR-122 and either WR-123 or WR-227 when each course is 3 credits each
  - WR-121 and WR-122 when each course is 4 credits

- Completion of a previous bachelor's degree at a regionally accredited college or university is considered equivalent to completion of the writing series.
- Students may need to take elective credits in order to meet the 45 credit hour prerequisite minimum required for entry into the nursing program.
- At least six credits must come from Social Sciences
- See list below for approved prerequisite/elective courses

Note: Courses listed above may have prerequisites. See course descriptions for those requirements.

Credits required for degree: 90-93

*Required only if 8 credit writing requirement not previously met.
- Students must achieve C or higher grades in all required courses (including prerequisites/preparatory courses) prior to advancing to the next term.
- Core curriculum is sequential and may not be taken out of order. Core nursing curriculum is intended to be completed in two academic years for an AAS degree.

### APPROVED COURSES TO MEET PREREQUISITE/ELECTIVE CREDIT REQUIREMENTS FOR THE NURSING PROGRAM

NOTE: All electives must be taken at the 100 level or higher unless otherwise noted.

### HUMANITIES (ARTS & LETTERS)

Courses used in this area must be at least three credits. Select courses with a prefix of:

- ASL, FR, GER, RUS, SPN (other foreign languages are accepted; languages must be 200 level)
- ART, DMC, ENG, HUM (except HUM-100), J, MUP, MUS, PHL, R, TA
- COMM (courses numbered COMM-126 and above)
- WR (except WR-101, 121, 122, 123 or 227)

Continued
Nursing continued…

SOCIAL SCIENCE
Courses used in this area must be at least three credits.
Select courses with a prefix of:
   ANT, EC, GEO, HST, PS, PSY, SOC, SSC, WS

NATURAL SCIENCES (SCIENCE/MATH/COMPUTER SCIENCE)
Courses used in this area must be at least six credits.
Select courses with a prefix of:
   ASC, BI* (except BI-163), BOT, CH (except CH-150), CS, ESR, G (except G-119, G-124), GS (except GS-160), MTH (MTH-095** accepted), PH, Z

*Concurrent enrollment required for BI-160/BI-160L or BI-165C/BI-165CL

**MTH-095 may be applied toward prerequisite credits but not toward the BSN degree.

NURSING
   NUR-160, NUR-217, NUR-288

BACCALAUREATE OF SCIENCE DEGREE WITH A FOCUS IN NURSING
After receiving the AAS degree in Nursing, students who wish to continue on for their baccalaureate degree may do so through co-admission at OHSU. Students who plan to continue through to OHSU must be aware that to earn their Baccalaureate of Science degree with a focus in Nursing, they must have:
   • Two years of the same high school foreign language, or two terms of college-level foreign language credit (includes American Sign Language) or a foreign language proficiency examination.
   • MTH-243 Statistics I

COURSE WORK FOR A BACCALAUREATE OF SCIENCE DEGREE WITH A FOCUS IN NURSING THROUGH OHSU WILL INCLUDE THE FOLLOWING NURSING CLASSES:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>NRS-410</td>
<td>Population Based Care: Chronic Illness &amp; Health Promotion</td>
</tr>
<tr>
<td>NRS-411</td>
<td>Epidemiology</td>
</tr>
<tr>
<td>NRS-412</td>
<td>Leadership Outcomes Management in Nursing</td>
</tr>
<tr>
<td>NRS-424*</td>
<td>Clinical Immersion I</td>
</tr>
<tr>

<td>Capstone I or Minor course work</td>
</tr>
<tr>
<td>NRS-425</td>
<td>Clinical Immersion II</td>
</tr>
<tr>
<td></td>
<td>Capstone II or Minor course work</td>
</tr>
</tbody>
</table>

At least 15 credits of elective credit must be taken at the upper division level (300/400 level) for the BS program. These can be taken under a co-enrollment agreement with PSU, Oregon Tech, EOU, or SOU.

* NRS-224 articulates to OHSU for substitution of NRS-424.

Occupational Skills Training

Certificate
The Occupational Skills Training program provides the opportunity for students to receive hands-on training in a specific occupational area. This program is designed for students who need or prefer work-based training to develop their skills. Students may begin their training at any time. Students participate in supervised and structured work-based training in addition to classroom instruction. The program utilizes local businesses as training sites. Individualized training plans are developed in consultation with the student, work-site trainer, CCC faculty and program coordinator.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
   • complete an individualized training curriculum and employment plan, describing the skills and knowledge necessary to become competitively employable;
   • demonstrate the ability to contact employers beyond what would ordinarily be available through an application process,
   • demonstrate an increase in occupational skills through hands-on training provided by an employer and through general education and occupation-related classroom instruction.

CAREERS
Career opportunities may be available in a variety of occupations, depending on the goals, skills and aptitude of the student and the availability of local training sites.

For information contact Student Academic Support Services Department, 503-594-3475, or www.clackamas.edu/Advising/

Paraeducator

Certificate
The Paraeducator Certificate is designed for those who would like to work as instructional assistants in educational settings. The certificate prepares students to resolve everyday challenges and to professionally support teachers in planning, presenting and evaluating instruction and learning. The paraeducator’s responsibilities include assisting small-group instruction in reading, math, spelling, assisting individual students in the above academic areas and self-help skills, daily-living skills, following behavior programs as directed by the teacher, and preparing and assembling materials. The particular responsibilities assigned to a paraeducator (instructional assistant) depend on the program and personnel in each school. Employment opportunities exist in surrounding areas as a result of the present legislative support for equal education for students with special needs. The program is designed for persons of all ages, races, cultures and economic backgrounds. The program values and encourages diversity in the field of education.

Course work provides a basic foundation in theory and practical application in how children learn, teaching strategies, developing positive relationships with students, integrating current technology into the learning environment, addressing the needs of special-needs students and the role of the classroom in a multicultural society.

Course work includes Related Instruction requirements, cooperative work experience and core courses in education, many of which are offered online to meet the needs of currently employed teacher assistants and students exploring educational careers.

The No Child Left Behind Act of 2002 now mandates that paraeducators who work in Title I schools have two years of college, an associate's degree, or pass a competency test equivalent to sophomore level course work in reading, writing, math and teaching strategies.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- describe the social, historical, and political foundations of the US system of education as well as the contemporary Issues affecting professional educators;
- demonstrate the academic foundation skills necessary to assist K-12th grade students in classroom settings,
- apply knowledge of learners and the learning process to facilitate student learning and foster productive behaviors,
- employ a variety of instructional strategies in order to assist with planning, instruction, and evaluation of K-12th grade learners;
- apply knowledge about the needs of diverse and exceptional student populations and how to assist these students in the classroom,
- demonstrate the ability to work professionally with students, colleagues, and others in educational settings.

PORTLAND STATE UNIVERSITY TRANSFER AGREEMENT
Portland State University will accept the Paraeducator Certificate as part of a 90 credit Associate of General Studies. Talk with a staff member in Student Life & Leadership, or Paula Hamm at 503-594-3210 for requirements.

CAREERS
Career opportunities may include paraeducator positions in public or private elementary or secondary schools. For information contact Yvonne Smith, 503-594-3207 or yvonnes@clackamas.edu

Professional Truck Driver

Certificate
The Professional Truck Driver program provides the necessary training for employment within the Transportation and Logistics field. Course work covers rules, regulations and practices, practical applications, customer service skills, and Commercial Driver’s Licensing (CDL) training provided in conjunction with the IITR truck driving school. This four class series is part of a statewide program designed to put you in the driver’s seat of an exciting career.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• use the necessary skills to take the Commercial Driving License exam and be qualified for employment in the transportation and logistics industry;
• maintain logbooks and other written records as required by the I.C.C. and other agencies, as well as employers;
• operate vehicles of multiple configurations safely on surface streets, highways, and freeways, complying with all regulations and provide excellent customer service throughout the distinct seasonal weather challenges.

CAREERS
Career opportunities include short and long haul trucking, delivery services, public transportation, supply and logistics management, and dispatching.

For information contact the Automotive Department at 503-594-3051 or Dave Bradley at bradleyd@clackamas.edu

Project Management

Associate of Applied Science Degree
Upon completion of the two-year Project Management Associate of Applied Science (AAS) Degree program, students with appropriate work experience are qualified to sit for the national certification examination in project management and to earn the PMP professional designation.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• identify project management’s five process group along with primary activities associate with each,
• successfully employ common project management tools, such as a work breakdown structure, network diagram, risk assessment, and earned value management,
• demonstrate effective interpersonal communications, especially meeting and stakeholder management,
• list and explain key motivational, influence, and conflict management techniques,
• deliver persuasive and informative presentations,
• employ common software tools for project management,
• analyze scenarios to determine appropriate responses to ethical dilemmas within the context of a defined scenario, plan, execute, control, and close a project;
• demonstrate appropriate written communication–emails, memos, and reports;
• develop and maintain budgets to track financial and human resources,
• manage a project from initiation through closing, ensuring that stakeholder requirements have been met.

CAREERS
Careers include project and program management, project portfolio management, and project administration. Potential job titles include project manager, program manager, project scheduler, cost estimator, project portfolio manager, project administrator, project leader, project office manager/director, procurement planner/analyst, procurement assistant, project assistant, and project coordinator.

For more information contact Bill Waters, 503-594-3079 or billw@clackamas.edu

Project Management Leadership & Communication

Career Pathway Certificate
This program is designed for students with prior project management experience who want to build their interpersonal skills, including effective approaches to leadership and motivation, group dynamics, conflict, power, and organizational behavior. This program also provides a solid grounding in effective written and oral communication techniques, including meeting management, presentations, reports and correspondence. Since project managers typically spend over 80 percent of their time interfacing with people—communicating—these skills are critical to successful project management.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• demonstrate effective interpersonal communications, especially meeting and stakeholder management;
• list and explain key motivational, influence, and conflict management techniques,
• deliver persuasive and informative presentations,
• analyze scenarios to determine appropriate responses to ethical dilemmas,
• demonstrate appropriate written communication—emails, memos, and reports.

For more information contact Bill Waters, 503-594-3079 or billw@clackamas.edu

PROJECT MANAGEMENT LEADERSHIP & COMMUNICATION CAREER PATHWAY CERTIFICATE

Credits required for certificate 21

Certificate
This program is designed for students who are interested in upgrading their professional skills, those who want to learn new and valuable interpersonal skills and those who might be interested in pursuing the two-year Project Management Associate of Applied Science (AAS) Degree.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:
• successfully employ common project management tools, such as a work breakdown structure, network diagram, risk assessment, and earned value management;
• demonstrate effective interpersonal communications, especially meeting and stakeholder management;
• list and explain key motivational, influence, and conflict management techniques;
• employ common software tools for project management,
• analyze scenarios to determine appropriate responses to ethical dilemmas within the context of a defined scenario, plan, execute, control, and close a project.

CAREERS
Career opportunities include career enhancement such as more marketable skills in one’s current employment or job opportunities in a project management training program.

For more information contact Bill Waters, 503-594-3079 or billw@clackamas.edu
**Project Management Tools & Techniques**

**Career Pathway Certificate**

This program is designed for students with prior project management experience and good interpersonal skills who want to develop their technical competencies in project management. It provides a foundation in fundamental project processes such as initiation, planning, execution, monitoring and control, and closing. The program also focuses on management techniques, such as project management. The software programs, Microsoft Project and Excel, are employed for project estimating, scheduling, tracking, and analysis. This program provides the tools and techniques required for successful project management.

**PROGRAM OUTCOMES**

Upon successful completion of this program, students should be able to:

- identify project management’s five process groups along with primary activities associate with each,
- successfully employ common project management tools, such as a work breakdown structure, network diagram, risk assessment, and earned value management;
- employ common software tools for project management within the context of a defined scenario, plan, execute, control, and close a project;
- develop and maintain budgets to track financial and human resources.

**Renewable Energy Technology**

**Certificate**

**Associate of Applied Science Technology**

The Renewable Energy Technology (RET) program provides technical training for employment in the field of manufacturing, installation and maintenance of renewable energy systems and products. Graduates will be prepared to integrate, install and make repairs related to equipment and controls. This program takes a broad-based approach to training renewable energy technicians, with emphasis on mechanical and electro-mechanical systems, fluid power, instrumentation and controls as well as systems troubleshooting. RET graduates will be prepared to work in the capacity of a technician with specialized skills in energy system measurement, energy efficiency, system design and electronic controls.

**PROGRAM OUTCOMES**

**Renewable Energy Technology AAS Degree**

Upon successful completion of this program, students should be able to:

- communicate effectively through technical drawings to determine product and customer specifications in building systems, energy products and thermal components;
- diagnose and repair electromechanical systems,
- design, install and troubleshoot electrical and fluid power controls related to energy system integration;
- analyze potential energy sources and select appropriate technologies,
- perform a residential energy audit, recommend and implement remediation measures;
- communicate the pros and cons of renewable energy technologies to a diverse user base,
- determine the financial feasibility of a project through the mathematical analysis of thermal and electrical energy problems.

**PROGRAM OUTCOMES**

**Renewable Energy Technology Certificate Degree**

Upon successful completion of this program, students should be able to:

- communicate effectively through technical drawings to determine product and customer specifications in building systems, energy products and thermal components;
- diagnose and repair electromechanical systems,
- design, install and troubleshoot electrical and fluid power controls related to energy system integration;
- analyze potential energy sources and select appropriate technologies,
- perform a residential energy audit, recommend and implement remediation measures;
- communicate the pros and cons of renewable energy technologies to a diverse user base.
CAREERS

Career opportunities include residential/commercial energy systems integrator, energy audit and efficiency technician, energy systems installer, photo-voltaic (PV) manufacturing and industrial maintenance technician, wind turbine technician, limited renewable technician; PV, geothermal and solar thermal technicians. Additional opportunities exist in the utilities and building trades.

For information contact the Manufacturing Department at 503-594-3318.

Energy Systems Maintenance Technician

Career Pathway Certificate

The Energy Systems Maintenance Technician certificate provides students with the basic technical skills and principles to support manufacturing, installation and maintenance, and electronics and communication engineers related to renewable energy.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- communicate effectively through technical drawings to determine product and customer specifications in building systems, energy products and thermal components;
- diagnose and repair electromechanical systems;
- design, install and troubleshoot electrical and fluid power controls related to energy system integration;
- analyze potential energy sources and select appropriate technologies;
- perform a residential energy audit, recommend and implement remediation measures;
- communicate the pros and cons of renewable energy technologies to a diverse user base.

CAREERS

Career opportunities include employment in the field of manufacturing, installation and maintenance of renewable energy production.

Retail Management

Certificate

This certificate is sponsored by members of the retail industry and is recommended for students currently working retail sales positions or those students who would like to work in retail sales and progress into management roles and responsibilities. Course work is specific to the retail industry and focuses on preparing retail employees for upward mobility.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- identify effective human relations and leadership strategies,
- communicate effectively using written documents, spreadsheets, and slide presentations;
- demonstrate an understanding of marketing concepts,
- analyze and evaluate the legal, procedural and ethical impacts of personnel management decisions,
- evaluate retail management strategies to make sound decisions.

CAREERS

Career opportunities include retail clerks, cashiers, manager trainees, sales associates, and other similar positions in all types of retail establishments.

For information contact Sharon Parker, 503-594-3075 or sharonp@clackamas.edu

Note: This certificate is designed to be completed in less than one year. Most courses in this program can be applied to partially satisfy elective requirements in the Business Management certificate.

Urban Agriculture

**Certificate**
This certificate focuses on an ecological systems approach to sustainable farming principles and practices suitable for local food crop production through intensive classroom and on-farm experience. Many classes have a lab component which allows students to have the opportunity to learn organic systems, and production methods for vegetable, grain, and fruit crops. Students may begin this program Fall, Winter, or Spring term.

**PROGRAM OUTCOMES**
Upon successful completion of this program, students should be able to:
- apply sustainable, organic methods in the planning, planting, management and harvesting of food crops;
- select and properly use farm equipment that is appropriate for a given scale and system of farming,
- implement organic IPM strategies in orchards and on small scale vegetable and berry farms,
- use a basic understanding of soil science and irrigation systems to make ecologically sound decisions in the production of food crops,
- write a business plan and identify the various regulations that impact an organic food producer,
- effectively communicate with co-workers and customers through speaking, writing and computer technology;
- pass the ODA Pesticide Laws & Safety exam.

**CAREERS**
The Urban Agriculture certificate prepares graduates to operate their own farm or community food system endeavor. Graduates will be qualified to run small-scale farms, work closely with existing farmers, and be advocates of local food systems, utilizing firsthand experience to become new farmers in the principles and techniques needed to be successful producers of specialty crops incorporating local organic production methods. Other career opportunities include working and managing small farms, community gardens, farmers markets, and school gardens.

For information contact Renee Harber, Horticulture advisor, 503-594-3294 or rharber@clackamas.edu

**URBAN AGRICULTURE CERTIFICATE**

**FALL TERM**
- HOR-124 Food Harvest | 3
- HOR-125 Food Production in the Willamette Valley | 3
- HOR-235 Weed Identification | 2
- HOR-250 Western Herbs | 2
- MTH-050 Technical Mathematics I or MTH-065 Algebra II (or higher level math) | 3-5
- WR-101 Communication Skills: Occupational Writing or WR-121 English Composition | 3-4

**WINTER TERM**
- BA-250 Small Business Management | 3
- HOR-135 Propagation of Edible Plants | 3
- HOR-136 Urban Agriculture Practicum/Winter | 6
- HOR-216 Integrated Pest Management | 3
- HOR-231 Irrigation & Drainage Design | 3

**SPRING TERM**
- HOR-120 Pesticide Laws & Safety | 1
- HOR-140 Soils | 3
- HOR-141 Urban Agriculture Practicum/Spring | 6
- HOR-148 Farm Equipment | 3
- HOR-246 Organic Farming and Gardening | 3

**SUMMER TERM**
- COMM-100* Basic Speech Communication | 3
- HOR-146 Fruit and Berry Growing | 3
- HOR-284 Urban Agriculture Farm Experience/CWE | 3
- HOR-285 Urban Agriculture/CWE | 3

**Credits required for certificate** | **62-65**

*COMM-100 may be substituted by taking all of the following: COMM-100A, COMM-100B and COMM-100C
Water & Environmental Technology

Professional Upgrade Certificate
Associate of Applied Science Degree

The Water & Environmental Technology program provides career technical classes combined with field experience. Classes are offered in day/evening combinations and have enrollment limits to enhance instructional quality and job placement.

Course work emphasizes fundamental aspects of drinking water distribution, drinking water treatment, wastewater collection and wastewater treatment. Course work includes 240 hours of industry cooperative work experience, laboratory methods in environmental chemistry, aquatic microbiology and preparation for the provisional operator certification exams.

PROGRAM OUTCOMES
Water & Environmental Technology AAS Degree
Upon successful completion of this program, students should be able to:

- successfully pass the state required level-1 licensure exams for Oregon wastewater treatment and collection systems, additionally pass the Washington State Operator In Training exams in water treatment and distribution;
- maintain and operate water and waste water treatment facilities and collection and water distribution systems;
- utilize mathematical skills to solve licensure exam problems as well as situations experienced at water and waste water facilities,
- conduct and document scientific laboratory experiments as applied to the water and waste water industry and effectively communicate determined quantitative relationships using both graphs and equations,
- exhibit good teamwork skills and serve as effective members of laboratory and project teams,
- articulate and justify technical solutions to an audience through oral, written, and graphical communication,
- communicate the importance of safety in operator daily activities and be good stewards of ethical and professionally work place interactions.

CAREERS
Career opportunities include water and/or liquid waste treatment plant and system operator, environmental science technician and environmental engineering technician. Careers also include environmental lab technician, source control technician, surface water specialist and environmental regulator.

For information contact Matthew LaForce 503-594-3148 or laforce@clackamas.edu

WATER & ENVIRONMENTAL TECHNOLOGY CERTIFICATE

FALL TERM CREDITS
CH-104  Introductory Chemistry
or CH-221  General Chemistry 5
MTH-082A  Wastewater Math I 1
MTH-082B  Waterworks Math I 1
WET-110  Wastewater Operations I 3
WET-111  Waterworks Operations I 3
WR-101  Communication Skills: Occupational Writing
or WR-121  English Composition 3-4
COMM-100*  Basic Speech Communication
or PSY-101  Human Relations 3

WINTER TERM
BI-204  Elementary Microbiology 4
MTH-082C  Wastewater Math II 1
MTH-082D  Waterworks Math II 1
WET-120  Wastewater Operations II 3
WET-121  Waterworks Operations II 3
WET-122  Water Distribution/Wastewater Collection Systems 3
WET-123  Environmental Chemistry I 3

SPRING TERM
CS-120  Survey of Computing 4
WET-130  Wastewater Operations III 4
WET-131  Water Treatment 4
WET-132  Collection & Distribution Lab 1
WET-134  Environmental Chemistry II 3
WET-180  Water & Environmental Projects I 5

Credits required for certificate 58-59

*COMM-100 may be substituted by taking all of the following: COMM-100A, COMM-100B and COMM-100C

Web Design & Development

Associate of Applied Science Degree

The Web Design & Development program prepares students for technical positions related to web programming and design. This multidisciplinary program incorporates classes from computer science, art, English, and business. Course work includes computer graphics and design, web development with a focus on current industry standards, web server administration, data-driven web programming, multimedia and animation, and technical writing. Cooperative Work Experience (CWE) is supervised real-world employment that supplements the academic classroom environment.

PROGRAM REQUIREMENTS

Prerequisites for first term classes include completing course work for CS-120 Survey of Computing, WR-095 Paragraph to Essay, and MTH-060 Algebra I or placement in BA-131 Introduction to Business Computing, WR-121 English Composition and MTH-065 Algebra II. This is an open program. Students may take any class in the program for which they have completed the prerequisite.

PROGRAM OUTCOMES

Upon successful completion of this program, students should be able to:

- demonstrate all the program learning outcomes of the Web Design Certificate,
- create sophisticated custom logos, graphics, and animations for a wide variety of client applications,
- describe the significance of relational databases to web development and apply these database concepts along with server-side scripting technologies towards the creation of data-driven web applications,
- interview and communicate with clients to create web applications that match client vision, personality, and needs,
- describe and complete the steps to begin a consulting business, including initial market research, marketing plans, and budgeting;
- exhibit good teamwork skills and serve as effective members of project teams.

continued
Web Design & Development continued...

CAREERS
Career opportunities may include web designer/consultant, webmaster, web programmer, web systems specialist, and graphic designer.

Web Design

Certificate
The Web Design program should prepare students for technical positions related to web and graphic design. This multidisciplinary program incorporates classes from computer science and art. Course work includes a strong emphasis on computer graphics and design, data communications theory, operating systems, and web design with a focus on current industry standards. Cooperative Work Experience (CWE) is supervised real-world experience that supplements the academic classroom environment.

PROGRAM REQUIREMENTS
The Web Design program prepares students for technical positions related to web and graphic design. This multidisciplinary program incorporates classes from computer science, English, and art. Course work includes a strong emphasis on computer graphics and design, data communications theory, operating systems, and web design with a focus on current industry standards. Cooperative Work Experience (CWE) is supervised real-world employment that supplements the academic classroom environment.

PROGRAM OUTCOMES
Upon successful completion of this program, students should be able to:

- apply knowledge of current graphic design software to capture or create images for use in client websites,
- use HTML, CSS, JavaScript, and current web editing technologies, to create standards-complaint, professional websites;
- leverage existing component tools to create e-commerce applications that solve real-world problems,
- perform client needs analyses to create web applications that solve real-world problems,
- articulate and justify technical solutions to an audience through oral, written, and graphical communication,
- communicate the importance of professional and ethical responsibilities and be aware of codes of conduct and other sources of guidance for professionally ethical decision making.

CAREERS
Career opportunities include web designer, web production staff, and graphic designer.

Welding Technology

Professional Upgrade
Certificate
Associate of Applied Science Degree
This program prepares students for entry into these industries: fabricated structural metal products, motor vehicles and equipment, construction and heavy construction, transportation equipment, ship and boat building and repair, aircraft and parts, self-employment and miscellaneous fabricated metal products.

CCC’s welding instructors are American Welding Society (AWS) certified professionals. The program’s curriculum is based on the AWS national standard for entry level welders.

Course work focuses on the knowledge and skills to perform:

- Fillet welds and groove welds using:
  - Shielded metal arc welding (SMAW)
  - Gas-metal arc welding (GMAW)
  - Flux-core arc welding (FCAW)
  - Gas-tungsten arc welding (GTAW)
  - Steel, stainless steel and aluminum
  - A variety of different electrodes
- Plasma arc cutting (PAC), air carbon arc cutting (C-A) and gouging, manual and automatic oxy-fuel cutting (OFC and OFC-Track Burner) processes
- Knowledge of materials science and welding theory
- Print reading, inspection, quality, safety and shop practices
- Fabrication techniques, including job cost calculations, layout, sketching, bills of material, fitting and cutting welding applied to real projects designed by industry partners

PROGRAM OUTCOMES
Welding Technology AAS Degree
Upon successful completion of this program, students should be able to:

- work safely in an industrial environment around machinery, power tools, and chemicals;
- set up, operate, and make adjustments to welding equipment as necessary to demonstrate quality workmanship that meets current American Welding Society (AWS) and industry standards;
- demonstrate the ability to set up and operate oxy fuel cutting equipment, carbon arc cutting and gouging and plasma cutting equipment safely and skillfully;
- apply basic knowledge of blueprint reading to fabricate projects as assigned;
- complete welding projects such as fillet welds and groove welds in all positions with Gas Metal Arc Welding (GMAW), Flux Core Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW) that will meet visual inspection criteria based on AWS codes and industry standards;
- perform advanced welding on materials such as stainless steel and aluminum with all welding processes;
- pass AWS D.1.11 structural steel welding certification tests;
- recognize and be able to repair common welding defects according to AWS and industry standards;
- recognize and be able to repair common welding defects according to AWS and industry standards.

CAREERS
Career opportunities include welding, fabrication, construction, production welding, CNC cutting machine operation and sheet metal.
Welding Technology continued…

**SHORT-TERM TRAINING**

For students who need a quick-entry strategy into the work force, an individualized education and employment plan can be created that concentrates the knowledge and skills necessary to start or change a career path. Please see a faculty advisor for more information.

For information contact the Manufacturing Department, 503-594-3318.

</table>
AB Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

**Collision Repair**

**AB-009 Street Rod Construction**
6.6 CEU, Fall/Winter/Spring/Summer
Provides instruction in small and medium metal part fabrication and repair. Includes shop safety, chemical hazard safety, proper and safe use of tools, basic metal work and finishing, and paint preparation and application.

**AB-009 Basic Metal Forming**
3.3 CEU, Spring
Provides instruction in basic metal forming in aluminum and steel; intended for automotive, motorcycle, aircraft or any area in which metal shaping is required.

**AB-101 Auto Restoration**
3 credits, Fall/Winter/Spring/Summer
Designed for students interested in auto body repair and painting their own vehicles. Includes dent removal, panel replacement, welding and painting. May be repeated for up to 12 credits.

**AB-112 Collision Repair Welding I**
2 credits, Fall/Winter/Spring
Focus on auto collision damage repair. Emphasis is on Metal Inert Gas (MIG), Gas Metal Arc Welding (GMAW), welding on light gauge metals, oxygen-acetylene welding cutting and forming.

**AB-113 Collision Repair I/Nonstructural**
6 credits, Fall/Winter/Spring
Provides basic instruction in collision repairs, including shop safety and chemical hazard safety; proper safe use of tools; basic metal work and finishing; use of plastic filler; door removal, replacement and alignment; and replacement and alignment of bolt-on front end sheet metal parts. Required: Current enrollment in or successful completion of AB-112 and ABR-125.

**AB-123 Collision Repair Welding II**
2 credits, Fall/Winter/Spring
Training in light gauge metal repair: Gas Metal Arc Welding (GMAW). Plasma Arc Cutting (PAC), Squeeze Type Resistance Spot Welding (S-TRSW), and other advanced welding techniques specific to collision damage repair. Prerequisite: Pass AB-112.

**AB-133 Collision Repair II/Structural**
6 credits, Fall/Winter/Spring
Repair major body damage using modern frame and body repair equipment. Includes repair and replacement of bolt-on, bonded, and welded components using the latest technology. Includes introduction to computerized measuring and damage analysis. Prerequisite: AB-113.

**AB-149 Collision Repair Estimating I**
2 credits, Fall
Provides instruction in procedure and terminology used in the collision repair estimating field. Body part component identification and the effects of a collision on a vehicle will be studied.

**AB-150 Collision Repair Computerized Estimating - Shoplink**
2 credits, Winter
Provides detailed instruction in the use of modern computerized estimating systems in the collision repair field. Focus is on Shoplink software. Prerequisite: AB-149.

**AB-151 Collision Repair Computerized Estimating - CCC ONE**
2 credits, Spring
Provides detailed instruction in the use of modern computerized estimating systems in the collision repair field. Focus is on CCC ONE software. Prerequisite: AB-149.

**AB-224 Collision Repair IV/Advanced Structural**
6 credits, Fall/Winter/Spring
Advanced frame and unibody repair procedures. Electronic measurement and dimensioning, repair documentation, brakes suspension, and alignment as they relate to collision repair. Prerequisite: AB-222.

**AB-226 Collision Repair V/Advanced Structural**
6 credits, Fall/Winter/Spring
Uses the latest high quality, productive techniques and equipment to repair vehicles to pre-collision condition. Covers the refined collision repair processes for today’s workplace. Prerequisite: AB-224.

**ABE Courses with this prefix will not transfer to a four-year institution.

**Adult Basic Education**

**ABE-012 Adult Basic Education**
0 credit, Fall/Winter/Spring/Summer
Instruction offered to improve reading, writing, and math skills. Individual schedules are arranged. Students must be 16 years or older. Required: Instructor consent.
Collision Repair and Refinishing

ABR-125 Collision Repair/Refinishing I
6 credits, Fall/Winter/Spring
Covers shop safety, fire prevention, selection and use of paint products, abrasives, fillers, basic application of top coats, primers and sealers. Required: Current enrollment in or successful completion of AB-112, and AB-113.

ABR-127 Collision Repair/Refinishing II
6 credits, Fall/Winter/Spring
Application of solvent and waterborne finishes, including spot repairs, color matching, complete refinishing, and problem solving. Introduction to computerized color information retrieval and mixing. Prerequisite: ABR-125.

ABR-129 Collision Repair/Refinishing III
6 credits, Fall/Winter/Spring
Application of solvent and waterborne basecoats and tri-coats and urethane topcoats, using both foreign and domestic refinishing systems. Includes complete refinishing, spot and panel painting, color matching and problem solving. Prerequisite: ABR-127.

ABR-142 Airbrush Art
2 credits, Fall
Includes origination or repair of automotive art, murals, lettering, logos, etc. Techniques may be applied to signage and manicurist projects. Topics include airbrush selection and maintenance, layouts and masking, colors and blending.

ABR-162 Basic Automotive Pinstriping
2 credits, Winter
Matching factory striping colors and patterns. Designing and applying custom designs. Integrating striping into graphic designs. Covers necessary materials and tools.

ABR-180 Collision Refinishing/CWE
2-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Work-based learning experience in an auto refinishing shop. Required: Instructor consent & a CWE seminar.

ABR-225 Production Shop Techniques
6 credits, Fall/Winter/Spring
Designed for students who wish to gain additional hands-on experience in refinishing, using the most up-to-date methods and materials. Prerequisite: ABR-129.

ABR-227 Restoration Practices
6 credits, Fall/Winter/Spring
Designed for students who wish to broaden their skills base in the upper end refinishing market. Projects will be more challenging, with standards and expectations set higher. Prerequisite: ABR-225.

AM Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

AM-106 Fix Your Own Car
2 credits, not offered every term
A do-it-yourself course for non-automotive majors who want to work on their own cars. Includes: oil change, lubrication, fluid checks, brakes, cooling system, electrical system, safety, and other quick services. May be repeated for up to 12 credits.

AM-121 General Auto Repair I
3 credits, Fall/Winter/Spring
Course material is coordinated with other auto courses. Includes live repair work and fundamentals such as safety, tools, measuring, and fasteners. For first term automotive students. Required: Current enrollment in or successful completion of: AM-129, AM-130, AM-131, AM-133, AM-224 or AM-235.

AM-122 General Auto Repair II
3 credits, Fall/Winter/Spring
Course material is coordinated with other auto courses. Includes live repair work and fundamentals such as safety, tools, measuring, and fasteners. For second term automotive students. Prerequisite: AM-121.

AM-123 General Auto Repair III
3 credits, Fall/Winter/Spring
Provides students with knowledge of theory and physical description of hybrid vehicles. The student will have the opportunity to acquire practical experience in the area of diagnosing and repairing hybrid vehicles. Prerequisite: AM-122.

AM-129 Electrical Systems
7 credits, Fall
Includes General Electrical System Diagnosis; Battery Diagnosis and Service; Starting System Diagnosis and Repair; Charging System Diagnosis and Repair; Lighting Systems Diagnosis and Repair; Ignition System Diagnosis and Repair. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.

AM-130 Brake Systems
7 credits, Fall
Provides students with knowledge of theory and physical description of hybrid vehicles. The student will have the opportunity to acquire practical experience in the area of diagnosing and repairing hybrid vehicles. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.
AM-131 Chassis Systems  
7 credits, Winter  
A theory and lab course covering the design, construction, service, and repair of front and rear suspension systems, wheels and tires, steering systems, and alignments. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.

AM-133 Engine Systems  
7 credits, Spring  
A course in engine repair. Includes design, construction, testing, maintenance, repair, and rebuilding. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.

AM-175 Advanced Mechanic Studies  
3 credits, Fall/Winter/Spring  
Lab course for currently enrolled automotive students wishing to specialize in specific areas of automotive repair. Required: Instructor consent.

AM-185 Advanced Mechanic Studies II  
3 credits, Fall/Winter/Spring  
Lab course for currently enrolled automotive students wishing to specialize in specific areas of automotive repair. Required: Instructor consent.

AM-195 Advanced Mechanic Studies III  
3 credits, Fall/Winter/Spring  
Lab course for currently enrolled automotive students wishing to specialize in specific areas of automotive repair. Required: Instructor consent.

AM-224 Comfort Systems  
4 credits, Spring  
Covers design, construction, testing, maintenance, and repair of automotive heating and air conditioning systems. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.

AM-228 Service Shop Management  
4 credits, Spring  
Course designed to familiarize students with the responsibilities of the parts manager, service manager and service writer. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.

AM-235 Power Transmission Systems  
7 credits, Spring  
Covers construction, operation, service and repair of clutches, manual transmissions, U-joints, drive lines, final drives, overdrive, and four wheel drives. Prerequisite: Pass MTH-020 or placement in MTH-050, pass RD-080 or placement in RD-090.

AM-243 Fuel & Emission Control Systems  
7 credits, Winter  
Covers service of fuel storage and delivery systems: fuel injection, emission controls, and other electronic engine controls. Includes DSO use and exhaust gas analysis. Prerequisite: Pass AM-129 with a C or better.

AM-244 Advanced Electrical Systems  
7 credits, Winter  
Includes an in-depth study of systems that affect engine performance and information on computerized diagnostic equipment. Covers diagnosis/repair of accessory systems, supplemental restraint systems and advanced diagnosis of electrical/electronic systems. Prerequisite: Pass AM-129 with a C or better.

AM-245 Automatic Transmission Systems  
7 credits, Fall  
Provides students with knowledge of theory and physical description of the automatic transmission. The student will have the opportunity to acquire practical experience and learn the proper procedures for overhaul and service. Prerequisite: Pass AM-129 with a C or better.

AM-280 Auto Mechanics/CWE  
2-6 credits  
Fall/Winter/Spring/Summer  
Cooperative work experience. Work-based learning experience in an auto repair shop or auto dealership. Required: Instructor consent & a CWE seminar.

ANT  
Anthropology  
ANT-101 Physical Anthropology  
4 credits, not offered every term  
Introduces the study of humans as biocultural beings in the context of modern genetics, evolutionary theory, primate taxonomy, anatomy and behavior, fossil hominines, and the role of the physical anthropologist in forensic science. Recommended: Pass RD-090 or placement in RD-115.

ANT-102 Archaeology & Prehistory  
4 credits, not offered every term  
Introduces the methods used by archaeologists to study the development of human cultures. Provides a survey of world prehistory, tracing the transition of human societies from hunting and gathering to farming, to the beginning of urban life and the rise of early civilizations. Recommended: Pass RD-090 or placement in RD-115.

ANT-103 Cultural Anthropology  
4 credits, not offered every term  
Introduces the diversity of contemporary human cultures and the ways anthropologists study and compare them in an effort to understand how different societies organize their lives and make sense of the world around them. Explores the interrelationships among the various elements of culture. Recommended: Pass RD-090 or placement in RD-115.

ANT-231 Indians of the Pacific Northwest  
4 credits, not offered every year  
Survey of Native American cultures in the Pacific Northwest region from prehistoric times to the present. Course is based on archeological, ethnographical, and ethnographic evidence. Includes contemporary issues in Northwest Native American life. Recommended: Pass RD-090 or placement in RD-115.
ANT-232 Indians of North America
4 credits, not offered every year
A broad survey of the cultures, arts, and history of Native Americans north of Mexico. Uses archaeological, ethnographic, and ethnographic evidence to explore the diversity of Native American cultures from prehistoric times to the present. Includes contemporary issues in Native American life. Recommended: Pass RD-090 or placement in RD-115.

ANT-280 Anthropology/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of anthropology and/or archaeology. Required: Instructor consent & a CWE seminar.

ART

ART-100A Jewelry Making Techniques
1 credit, not offered every term
Various topics will introduce techniques in: construction, forming, fabrication, soldering, inlay, etching, mold making, casting, stone setting, chain making and silversmithing. Students will be encouraged to create and design their own jewelry with both meaning and function. Historical and contemporary issues surrounding jewelry and body adornment will be presented and discussed during the course. May be repeated for up to 3 credits.

ART-100B Ceramic Making Techniques
1 credit, not offered every term
Various topics will introduce techniques in clay construction, firing, glazing, mold making, kiln building and other ceramic methods. Students will be encouraged to create and design their own work using clay and clay materials which consider meaning and function and/or construct or work with kilns and learn about firing methods. Historical and contemporary issues related to ceramics will be presented and discussed. May be repeated for up to 3 credits.

ART-101 Art Appreciation
3 credits, Fall
Discover the fundamentals of thinking about and creating art through readings, class discussions, art projects and gallery/museum tours. This course will examine history, ideas and issues associated with art making and culture from ancient to 20th century.

ART-102 Art Appreciation
3 credits, Winter
Discover the fundamentals of thinking about and creating art through readings, class discussions, art projects and gallery/museum tours. This course will examine history, culture, ideas and issues associated with art and culture. Focus on modern and contemporary art.

ART-103 Art Appreciation
3 credits, Spring
Discover the fundamentals of thinking about and creating art through readings, class discussions, art projects and gallery/museum tours. This course will examine history, ideas and issues associated with art making and culture. Focus on the formalism of art, architecture and design.

ART-106 Animation & Motion Graphics I
3 credits, Fall/Winter
Introduction to the fundamentals of animation and motion graphics design. This project-based course will explore experimental and new technological approaches to creating digital effects and animation for video and web-based applications. Students will learn the basics of Adobe After Effects. Previous experience with computer graphics and digital video is recommended. Recommended: ART-221, ART-225, ART-226, DMC-104.

ART-107 Animation & Motion Graphics II
3 credits, Winter/Spring
This project-based course will explore intermediate aspects of experimental and new technological approaches to creating digital effects and animation for video and web-based applications. Students will learn intermediate aspects of After Effects to create successful motion graphics projects. Previous experience with computer graphics and digital video is recommended. Prerequisite: ART-106/DMC-106. Recommended: ART-221, ART-225, ART-226, DMC-104.

ART-108 Animation & Motion Graphics III
3 credits, Spring
Continuation of the process of animation and motion graphics design. This project-based course will explore advanced aspects of experimental and new technological approaches to creating digital effects and animation for video and web-based applications. Previous experience with computer graphics and digital video is recommended. Students will learn advanced aspects of After Effects to create successful motion graphics projects. Prerequisite: ART-107/DMC-107. Recommended: ART-221, ART-225, ART-226, DMC-104.

ART-115 Basic Design: Two Dimensional Design
4 credits, Fall
Acquaint students with the vocabulary of composition and the elements and principles of design. Develop creative composition and analytical skills through projects and critiques. Examine historical and contemporary issues and ideas related to visual composition.

ART-116 Basic Design: Color Theory & Composition
4 credits, Winter
Explore the use of color in art. Create charts, paintings and collages that investigate the elements, principles and theory of color. Examine historical and contemporary issues and ideas of color and composition in the arts.
ART-117 Basic Design: Three Dimensional Composition
4 credits, not offered every term
Examine the elements of form, space, structure and sculpture. Create works of art using various sculptural processes. Historical and contemporary issues and ideas relating to sculpture and 3-dimensional design.

ART-131 Drawing
4 credits, Fall
Introduces drawing tools, materials, techniques, elements of composition; line, gesture, color and value. Assignments involve observational drawing and its relationship to volume and form on a two-dimensional plane. Assignments include drawings, assigned readings, term papers and group critiques of drawing projects. Historical issues of drawing will be examined.

ART-132 Drawing
4 credits, Winter
Introduces drawing tools, materials, techniques, elements of composition; line, gesture, color and value. Assignments involve direct observation and its relationship to volume and form on a two-dimensional plane. Assignments include drawings, assigned readings and group critiques of drawing projects. This course emphasizes the human form.

ART-133 Drawing
4 credits, Spring
Introduces drawing tools, materials, techniques, elements of composition; line, gesture, color and value. Assignments involve observational drawing and its relationship to volume and form on a two-dimensional plane. Assignments include drawings, assigned readings and group critiques of drawing projects. This course emphasizes space, perspective and composition.

ART-161 Photography I
3 credits, Fall/Winter/Spring
Introduction to basic camera operation and darkroom processes in developing and printing film. Elements of composition, content, and historical reference will be explored. Required: 35mm camera with adjustable exposure controls.

ART-162 Photography II
3 credits, Winter/Spring
Continuation of the exploration of camera operation and darkroom processes in developing and printing film. Elements of composition, content, and historical reference will be explored. Prerequisites: Pass ART-161 or instructor consent. Required: 35mm camera with adjustable exposure controls.

ART-163 Photography III
3 credits, Spring
Continuation of the exploration of camera operation and darkroom processes in developing and printing film. Elements of composition, content, and historical reference will be explored. Prerequisites: Pass ART-162 or instructor consent. Required: 35mm camera with adjustable exposure controls.

ART-149 Watercolor Painting
3 credits, not offered every term
Beginning level study and practice course focused on individual exploration in technique and application of watercolor painting. Skill development includes: preparation, creative expression, and presentation with the transparent medium of watercolor.

ART-194 Watercolor Painting, Intermediate
3 credits, not offered every term
An intermediate skill level course focused on individual exploration in technique and translucency of watercolor painting. Students continue to explore, through the application of skill development in: the preparation of compositions, creative expression, and public presentation with the medium of watercolor. Prerequisites: ART-194.

ART-195 Watercolor Painting
3 credits, not offered every term
An intermediate skill level course focused on individual exploration in technique and translucency of watercolor painting. Students continue to explore, through the application of skill development in: the preparation of compositions, creative expression, and public presentation with the medium of watercolor. Prerequisites: ART-194.

ART-197 Gallery Design & Management
3 credits, not offered every term
Introduction to the fundamental goals and methodology of managing a visual arts gallery. This course examines issues of contemporary art while providing practical experience in curating, preparation and installation of exhibitions, fund raising, grant writing, public relations and related gallery objectives.

ART-204 History of Western Art
4 credits, Fall
Examines art, culture, and history from the Paleolithic era through the Byzantine style. This is a broad overview of art history that promotes an understanding of art and its history through readings, lectures, papers and exams. Students must be able to write brief research papers. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ART-205 History of Western Art
4 credits, Winter
Examines art, culture, and history from the Medieval Era through the Renaissance. This is a broad overview of art history that promotes an understanding of art and its history through readings, lectures, papers and exams. Students must be able to write brief research papers. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ART-206 History of Western Art
4 credits, Spring
Examines art, culture, and history from the Baroque period through the current century. This is a broad overview of art history that promotes an understanding of art and its history through readings, lectures, papers and exams. Students must be able to write brief research papers. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ART-221 Flash Animation: Design & Techniques
3 credits, Winter/Spring
Introduces the principles of animation using Adobe's Flash software. The course will emphasize design principles, analytical skills and creativity. Students will learn the basics of Flash in order to create successful animated projects. Prerequisites: Pass CS-195 or pass ART-225, equivalent experience, or instructor consent.
ART-222 Advanced 2D Animation: Design & Techniques  
3 credits, Spring  
Covers advanced principles of animation using Adobe Flash and other software. The course will emphasize professional workflow and techniques of animation production for multimedia platforms. Prerequisites: Pass ART-221, or instructor consent.

ART-225 Computer Graphics I  
3 credits, Fall/Winter  
Introduction to the use of digital graphics programs. Photo manipulation, illustration, and compositing techniques will be explored. Design principles and creative composition will be emphasized. Historical and contemporary issues related to graphic design aesthetics will be considered. Recommended: Pass ART-115.

ART-226 Computer Graphics II  
3 credits, Winter/Spring  
Continue exploring the processes of digital graphics programs. More advanced aspects of image compositing, bit mapping, layering, and using channels in Photoshop. More advanced aspects of vector graphics creation and document creation in Illustrator and InDesign. Creative problem solving, design applications and contemporary issues will be explored. Historical reference and current trends in digital media will continue to be examined. Recommended: Pass ART-225.

ART-227 Computer Graphics III  
3 credits, Spring  
Advanced use of multimedia applications to create images, compositions, and documents. Develop a design portfolio. Design principles, creative problem solving, historical and contemporary issues in graphics, and aesthetics will be analyzed. Recommended: Pass ART-225 and ART-226.

ART-250 Ceramics/Beginning  
4 credits, Fall  
 Broad general introduction background in ceramics. Explore different methods of working with clay, including pinching, coiling, slab construction, and throwing on the wheel. Introduction to glazing and firing methods. Research into the ancient history of ceramics. Develop fundamental skills to foster artistic growth.

ART-251 Ceramics/Beginning  
4 credits, Winter  
 Broad general introduction background in ceramics. Explore different methods of working with clay, including pinching, coiling, slab construction, and throwing on the wheel. Introduction to glazing and firing methods. Research into the history of ceramics from the 10th to the 19th centuries. Develop fundamental skills to foster artistic growth.

ART-252 Ceramics/Beginning  
4 credits, Spring  
 Broad general introduction background in ceramics. Explore different methods of working with clay, including pinching, coiling, slab construction, and throwing on the wheel. Introduction to glazing and firing methods. Research into the history of ceramics from the early 20th century to the present. Develop fundamental skills to foster artistic growth.

ART-253 Ceramics/Intermediate  
4 credits, Fall  
Further develop skills and ideas to foster artistic growth. Explore working with clay: pinching, coiling, and slab construction and throwing on the wheel. Continue to learn about glazing and firing. Research contemporary and historical ceramics. Prerequisites: Pass ART-250, ART-251 and ART-252 or instructor consent.

ART-254 Ceramics/Intermediate  
4 credits, Winter  
Further develop skills and ideas to foster artistic growth. Explore working with clay: pinching, coiling, and slab construction and throwing on the wheel. Continue to learn about glazing and firing. Research contemporary and historical ceramics. Prerequisites: Pass ART-250, ART-251 and ART-252 or instructor consent.

ART-255 Ceramics/Intermediate  
4 credits, Spring  
Further develop skills and ideas to foster artistic growth. Explore working with clay: pinching, coiling, and slab construction and throwing on the wheel. Continue to learn about glazing and firing. Research contemporary and historical ceramics. Prerequisites: Pass ART-250, ART-251 and ART-252 or instructor consent.

ART-277 Welding: Metal Sculpture  
2 credits, not offered every term  
Examines basic issues of historical and contemporary visual art while providing practical hands-on experience in the craft and process of welding, metal fabricating, and casting. Emphasis will be placed on the development and completion of individual student projects which utilize the tools and processes of manipulating metal.

ART-280 Art/CWE  
2-6 credits, Fall/Winter/Spring  
Cooperative work experience. Provides students with on-the-job work experience in the field of art. Required: Instructor consent & a CWE seminar.

ART-281 Painting/Beginning  
4 credits, Fall  
Introduces basic painting tools, materials, techniques, and elements of composition, color, gesture, and value. Direct observation of reality in relation to volume and form on a two-dimensional plane. Assignments include paintings, readings and critique of projects.
ART-283 Painting/Beginning
4 credits, Winter
Introduces basic painting tools, materials, techniques, and elements of composition, color, gesture, and value. Direct observation of reality in relation to volume and form on a two-dimensional plane. Assignments include paintings, readings and critique of projects.

ART-283 Painting/Beginning
4 credits, Spring
Introduces basic painting tools, materials, techniques, and elements of composition, color, gesture, and value. Direct observation of reality in relation to volume and form on a two-dimensional plane. Assignments include paintings, readings and critique of projects. Prerequisites: ART-283 or instructor consent.

ART-284 Painting/Intermediate
4 credits, Fall
Utilizes advanced painting concepts, materials, and techniques with emphasis on composition, color, gesture, and value. Problems deal with observation of reality in relation to volume and form on a two-dimensional plane. Assignments include paintings, readings and critique of projects. Prerequisites: ART-283 or instructor consent.

ART-285 Painting/Intermediate
4 credits, Winter
Utilizes advanced painting concepts, materials, and techniques with emphasis on composition, color, gesture, and value. Problems deal with observation of reality in relation to volume and form on a two-dimensional plane. Assignments include paintings, readings and critique of projects. Prerequisites: ART-283 or instructor consent.

ART-284 Painting/Intermediate
4 credits, Spring
Utilizes advanced painting concepts, materials, and techniques with emphasis on composition, color, gesture, and value. Problems deal with observation of reality in relation to volume and form on a two-dimensional plane. Assignments include paintings, readings and critique of projects. Prerequisites: ART-283 or instructor consent.

ART-291 Sculpture
4 credits, Fall
Introduction to the processes and concepts of sculpture; the elements of form and space will be explored. Clay, plaster, mold making, carving, and assemblage will be introduced. Reference to historical and aesthetic content will be presented.

ART-292 Sculpture
4 credits, Winter
Explores the human form in traditional and contemporary techniques and concepts. Use of armatures, combining media, and flexible molds will be explored. Concepts of aesthetics in formal composition will be explored through projects, lectures, and critiques. Historical reference will be explored.

ART-293 Sculpture
4 credits, Spring
Examines the processes and concepts of sculpture; the elements of form, space and visual communication will be examined with emphasis on current concerns. Clay, plaster, mold making, welding, carving, human form and assemblage will be explored. Reference to historical and contemporary aesthetic content will be presented.

ASC
Arts and Sciences

ASC-200 Integrated Science Inquiry
4 credits, Fall
An introductory laboratory course for liberal arts majors emphasizing an evolutionary approach to major topics in science through the use of integrating themes. The themes focus on the scientific discoveries and people that shape our understanding of the world. The course emphasizes an interdisciplinary perspective on science, collaborative scientific investigations and critical thinking. Themes have included Evolution & Contemporary Issues, Africa, and the Lewis and Clark Expedition. Recommended: Pass WR-095 or placement in WR-121.

ASC-202 Integrated Science Inquiry
4 credits, Spring
An introductory laboratory course for liberal arts majors emphasizing an evolutionary approach to major topics in science through the use of integrating themes. The themes focus on the scientific discoveries and people that shape our understanding of the world. The course emphasizes an interdisciplinary perspective on science, collaborative scientific investigations and critical thinking. Themes have included Evolution & Contemporary Issues, Africa, and the Lewis and Clark Expedition. Recommended: Pass WR-095 or placement in WR-121.

ASE Courses with this prefix will not transfer to a four-year institution.

Adult High School Diploma

ASE-010 Basic Math
.5 high school credit
Fall/Winter/Spring/Summer
Math concepts: addition, subtraction, multiplication, division of whole numbers, fractions and decimals; percentage; measurement; graphs; ratio/proportion; basic principles of algebra and geometry. Course is geared to those students who may need a slower-paced approach. Elective credit only for high school diploma requirement. Required: Instructor consent. May be repeated for up to 1.5 credits.
ASE-011 Applied Math I
.5 high school credit
Fall/Winter/Spring/Summer
Presents the use of the numbers and operations of arithmetic while basic algebra and geometry are integrated throughout the course. The use of up-to-date technology is integrated. A scientific calculator is required. Required: Instructor consent.

ASE-012 Applied Math II
.5 high school credit
Fall/Winter/Spring/Summer
Presents the use of numbers and operations of arithmetic while integrating algebraic and geometric concepts throughout the course. Current technology is also incorporated. Scientific calculator required. Required: Instructor consent.

ASE-015 Basic English
.5 high school credit
Fall/Winter/Spring/Summer
Review of English fundamentals of grammar, spelling, capitalization, and punctuation. Required: Instructor consent. May be repeated for up to 1.5 high school credits.

ASE-016 Intermediate English
.5 high school credit
Fall/Winter/Spring/Summer
Review of capitalization, punctuation, and spelling, with emphasis on paragraph construction. Includes practical applications of sentence patterns, subject and verb agreement, and other writing skills. Required: Instructor consent.

ASE-017 Advanced English
.5 high school credit
Fall/Winter/Spring/Summer
Language arts course emphasizing grammar, sentence structure, style, clarity, logic, organization, and paragraph composition. Emphasis on transition from paragraph to essay. Required: Instructor consent.

ASE-020 Literature I
.5 high school credit
Fall/Winter/Spring/Summer
Course focuses on literature from the 17th-19th centuries, including the elements and examples of prose, poetry, and drama that produce good literature. Required: Instructor consent.

ASE-026 Health I
.5 high school credit
Fall/Winter/Spring/Summer
Presents issues impacting psychosocial health; applies prevention and risk-reduction concepts to health related problems. Determines the impact of behaviors that pose a threat to healthy living. Required: Instructor consent.

ASE-028 Global Studies I
.5 high school credit
Fall/Winter/Spring/Summer
Focuses on geographic tools (maps, globes, charts, graphs) to explain and analyze geographical relationships and area. Identifies areas and physical features that have impacted historical and modern issues and events. Required: Instructor consent.

ASE-029 Global Studies II
.5 high school credit
Fall/Winter/Spring/Summer
Focuses upon examination, prediction, and critical evaluation of the interrelationships among social, cultural, historical, economic, and environmental processes that change the characteristics of places and regions throughout the globe over time. Required: Instructor consent.

ASE-032 US History I
.5 high school credit
Fall/Winter/Spring/Summer
Focuses on the settlement of America to 1900, emphasizing the development of economic, political and social systems. Analyzes causes and effects of wars and domestic and foreign policy and examines the growth of technology. Required: Instructor consent.

ASE-033 US History II
.5 high school credit
Fall/Winter/Spring/Summer
Focuses on the settlement of America from 1890 to the present, emphasizing the development of economic, political and social systems. Analyzes causes and effects of wars and domestic and foreign policy, and examines the growth of technology. Required: Instructor consent.

ASE-034 Government I
.5 high school credit
Fall/Winter/Spring/Summer
Introduction to the basic principles of American government, including the branches of federal, state, and local government and how they interact. Required: Instructor consent.

ASE-035-Careers I
.5 high school credit
Fall/Winter/Spring/Summer
Students explore skills, interests, and related careers. Presents job search, acquisition, and retention strategies; defines appropriate workplace behaviors, and analyzes workplace problems in context. Required: Instructor consent.

ASE-036 Personal Finance I
.5 high school credit
Fall/Winter/Spring/Summer
Presents skills to promote realistic financial patterns, uses techniques for personal income planning, record keeping, use of credit, purchase goods/services, and rights and responsibilities in the marketplace. Students acquire basic technology skills. Required: Instructor consent.

ASE-037 Basic Developmental Reading
.5 high school credit
Fall/Winter/Spring/Summer
Develops basic reading skills, including phonics, pronunciation, spelling, word attack skills, basic vocabulary, and comprehension skills. Elective high school credit only for high school diploma requirements. Required: Instructor consent.

ASE-038 Intermediate Reading
.5 high school credit
Fall/Winter/Spring/Summer
Word attack, vocabulary, spelling, and reading comprehension skills to improve basic reading abilities and textbook reading strategies. Required: Instructor consent.

ASE-039 Advanced Reading
.5 high school credit
Fall/Winter/Spring/Summer
Develops advanced vocabulary, reading comprehension skills, critical reading, and study skills. Required: Instructor consent.
ASE-041 AHSD Life Experience Assessment
.5 high school credit
Fall/Winter/Spring/Summer
Assists student in documenting actual life experiences, which are then assessed toward meeting credit requirements for an Adult High School Diploma. May be repeated for up to 2 high school credits. Required: Instructor consent.

ASE-043 Cooperative Work Experience
.5-1.5 high school credits
Fall/Winter/Spring/Summer
Cooperative Work Experience. Provides field experience for developmental education students. Students are placed in non-paying or paid positions both on and off campus and meet weekly in a seminar. Required: Instructor consent.

ASE-046 Human Development
.5 high school credit
Fall/Winter/Spring/Summer
Provides instruction in the areas of parent education and life skills targeted to the issues of teen parents and high school students. This course will assist students in developing positive parenting skills, understanding child development, applying appropriate practices for various developmental stages, building self-esteem, improving personal communication skills and developing survival skills. May be repeated for up to 2 high school credits. Required: Instructor consent.

ASE-047 Physical Education I
.5 high school credit
Fall/Winter/Spring/Summer
Presents a broad perspective of sports activities including team cooperation. Explores the significance of sports in a variety of cultures. Analyzes rules, procedures, and practices that are safe and effective for specific activities. Required: Instructor consent.

ASE-051 Introduction: Food Preparation/ Nutrition
.5 credit high school credit
Fall/Winter/Spring
Introduces students to food budgeting, shopping, nutrition, sanitation of food, and cooking techniques through classroom discussions, demonstrations, specific assignments and hands-on cooking and shopping experiences. May be repeated for up to 2 high school credits. Required: Instructor consent.

ASE-054 American Civics II
.5 high school credit
Fall/Winter/Spring/Summer
Presents basic principles and ideals embedded in American democracy. Examines documents and law in relation to American ideals and the roles, rights, and responsibilities of citizens. Explores interactions between the U.S. and other countries in a global community. Required: Instructor consent.

ASE-056 Personal Finance II
.5 high school credit
Fall/Winter/Spring/Summer
Explores the relationships between personal finance, workplace issues and personal choices. Presents skills to enter and advance in the workplace, promote healthy living patterns, and for personal planning. Basic technology skills are incorporated. Corequisite: ASE-057. Required: Instructor consent.

ASE-057 Careers II
.5 high school credit
Fall/Winter/Spring/Summer
Explores the relationships between personal finance, workplace issues and personal choices. Presents skills to enter and advance in the workplace, promote healthy living patterns, and for personal planning. Basic technology skills are incorporated. Corequisite: ASE-056. Required: Instructor consent.

ASE-058 Physical Education II
.5 high school credit
Fall/Winter/Spring/Summer
Presents a broad perspective of physical fitness, encouraging students to pursue and maintain a health enhancing level of physical fitness. Identifies the basic principles of fitness development. Required: Instructor consent.

ASE-059 Health II
.5 high school credit
Fall/Winter/Spring/Summer
Presents a broad perspective of physical fitness, encouraging students to pursue and maintain a health enhancing level of physical fitness. Identifies the basic principles of fitness development. Required: Instructor consent.

ASE-061 General Science/Life Science
.5 high school credit, Fall
Presents principles of habitat, habitat management, and wildlife science in a hands-on environment. Explores concepts of endangered species and extinction, adaptations and natural selection, life cycles, food webs, habitat, and wildlife laws. Required: Instructor consent.

ASE-062 Physical Science/Winter Ecology
.5 high school credit, Winter
Presents principles of winter ecology. Students explore animal, insect, human, and plant adaptations to life in cold wintry environments. Required: Instructor consent.

ASE-063 General Science/Wildlife
.5 high school credit, Spring
Presents principles of the plant kingdom in a hands-on outdoor setting. Explores plant growth, function, adaptations, and processes, ecosystem with a partially developed urban watershed. Required: Instructor consent.

ASE-066 Word Processing/Spreadsheet Applications
.5 high school credit
Fall/Winter/Spring/Summer
Uses on the use of technology in an educational setting, in the workplace, and in everyday life. Skills needed to operate and utilize a computer’s hard drive and various software applications: Microsoft Word, Excel, Access and PowerPoint. Required: Instructor consent.

ASE-067 E-mail/Internet/Personal Applications
.5 high school credit
Fall/Winter/Spring/Summer
ASE-068 Literature II
.5 high school credit
Fall/Winter/Spring/Summer
Focuses on literature from 1850-present. Methods of identifying, understanding, interpreting, analyzing, synthesizing, and critically evaluating elements and devices of literature are presented. Utilizes a variety of literary forms and genres. Required: Instructor consent.

ASE-071 Algebra I
.5 high school credit
Fall/Winter/Spring/Summer
Major topics (in an integrated approach) include the use of variables, multiplication in algebra, addition in algebra, and subtraction in algebra. Required: Instructor consent.

ASE-072 Algebra II
.5 high school credit
Fall/Winter/Spring/Summer
Major topics (in an integrated approach) include linear sentences, division in algebra, slopes and lines, exponents, quadratic equations, and linear systems. Required: Instructor consent.

ASE-086 General Science/Birds
.5 high school credit
Fall/Winter/Spring/Summer
Presents principles of general science such as scientific classification, evolution and natural selection, distinguishing fact from value, the scientific method, and current events and their correlation to historical events in science in the context of bird adaptations, origins, physiology, flight, migration, and current scientific cases. Required: Instructor consent.

ASE-087 Physical Science: Exploring The Narroo
.5 high school credit
Fall/Winter/Spring/Summer
Using simulated river ecology, students investigate the chemical and physical changes the river has undergone as development of the river resources takes place. Interdependence in an ecosystem; collection and interpretation of data; and development are primary themes and issues. Required: Instructor consent.

ASE-101 American Sign Language I
4 credits, Fall
First of a three-term introductory course. Everyday communication is the centerpiece of each lesson. Topics revolve around sharing information about ourselves and our environment. Grammar is introduced in context, with an emphasis on developing question and answering skills. Strategies are presented to help the student maintain a conversation. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ASE-102 American Sign Language II
4 credits, Winter
Second of a three-term introductory course. Emphasis will be on increasing communicative abilities. Course will focus on language functions such as making requests, describing others, and/or telling a short story. Grammar and vocabulary will also be emphasized throughout the course. Prerequisite: Pass ASL-101 or instructor consent.

ASE-103 American Sign Language III
4 credits, Spring
Third of a three-term introductory course. Emphasis will be on developing conversational competence. Course includes basic ASL vocabulary and grammar used for basic communication such as opening conversations, clarifying, giving reasons, narrating family history, correcting, and elaborating. Prerequisite: Pass ASL-102 or instructor consent.

ASE-201 Second-Year American Sign Language I
4 credits, Fall
Review and expansion of American Sign Language vocabulary and structure in order to perfect expressive skills. Emphasizes active communication in sign language. Prerequisite: Pass ASL-103 or instructor consent.

ASE-202 Second-Year American Sign Language II
4 credits, Winter
Continuation of ASL-201. Emphasizes active communication in sign language. Increased emphasis on exploring, analyzing the rules, and presenting stories and literature in sign language. Prerequisite: Pass ASL-201 or instructor consent.

ASE-203 Second-Year American Sign Language III
4 credits, Spring
Continuation of ASL-202. Emphasizes active communication in sign language. Increased emphasis on exploring, analyzing the rules, discussing, developing, and presenting literature and poetry in sign language. Prerequisite: Pass ASL-202 or instructor consent.

ASE-211 Conversational American Sign Language
3 credits, not offered every year
An immersion course in the concepts of ASL. Emphasizes the development of receptive signing skills and expands communicative abilities. To apply to a university interpreter program, further studies are needed. Prerequisite: Current enrollment in or successful completion of ASL-103 or instructor consent.

BA Business Administration

BA-101 Introduction to Business
4 credits, Fall/Winter/Spring
Introduces the American business system in a changing global environment. Disciplines covered include economics, entrepreneurship, formation, accounting, finance, marketing, and management. Recommended: Pass RD-090 or placement in RD-115.

BA-103 Business Strategies for Computer Consultants
3 credits, not offered every term
Introduces the procedures for establishing and developing a successful consulting business in computer-related services including web development, network support, and computer support.
BA-104 Business Math
3 credits, Fall/Winter
Business applications including mark-ups and mark-downs; simple interest; present value and future value of single sums and annuities; gains, losses and valuations of stocks, bonds, mutuals, and other investments. Also included are accounting math applications of depreciation, inventory valuation, financial ratios and analysis. Prerequisite: Pass MTH-050 or place into higher level math class.

BA-111 General Accounting I
4 credits, Fall/Winter/Spring
Full-cycle recordkeeping and payroll for service and merchandising businesses; topics include subsidiary ledgers, journalizing, posting, preparing financial statements, and end-of-period adjustments for small businesses. Recommended: Pass RD-090 or placement in RD-115.

BA-112 General Accounting II
4 credits, not offered every year
Financial recordkeeping topics include reporting standards; cash collections and controls; receivables and payables; inventory adjustments; and valuing property, plant and equipment, accounting for proprietorships. Also introduced are partnerships and corporate form of ownership. Prerequisite: Pass BA-111.

BA-119 Project Management Practices
2 credits, Winter
Basic course in project management, intended for non-project management students. Students gain a better understanding of project management principles and techniques, with emphasis on scope planning, scheduling, and resource management. Students learn practical application of cost control, time management, and communication in project environments.

BA-120 Project Management Fundamentals
3 credits, Fall
A foundational course in project management. Students gain a thorough grounding in project management principles and techniques, including project life cycle, chartering stakeholder management, work/task breakdown, network diagram and critical path, contingency planning, resource allocation, and project monitoring, and reporting.

BA-122 Teamwork
3 credits, Fall
Focuses on team dynamics and skills for achieving goals while working in a diverse group. Students complete a team project and in the process, practice successful communication strategies, goal definition, schedule coordination, peer feedback, and conflict management. Additional course topics include learning styles, diversity, appreciating differences, and ethical behavior in teams.

BA-123 Leadership and Motivation
3 credits, Fall
Focuses on leadership—achieving organizational goals by employing human, financial, and organizational resources—and provides both a theoretical and a practical perspective on leadership and motivation skills. By engaging in both introspective and interactive exercises, students build the expertise necessary to lead both projects and organizations.

BA-124 Negotiation
3 credits, Spring
Approaches negotiation from both theoretical and practical perspectives, with an emphasis on successful—and ethical—negotiation techniques. Students engage in one-on-one and team negotiation role plays and complete both pre- and post-negotiation analyses. Students also predict and then evaluate effective negotiations from the perspective of themselves and their peers.

BA-125 Advanced Project Management Tools
5 credits, Winter
Tools and processes employed in project communication, risk, procurement, and quality. Major topics include project communication planning and channels; risk assessment and management; project procurement planning and management; with a focus on every year contracts and contract awards; and approaches to project quality planning, quality assurance, control and improvement. Required: Current enrollment in or successful completion of BA-120.

BA-126 Project Management: Workshop
3 credits, Spring
In small teams, students manage a simulated project, managing schedule, resources, and reporting project status. As a final outcome, student teams submit a report and presentation that summarizes the project experience and lessons learned. Course tools include Microsoft Project 2010, in which the student is expected to have prior training. Prerequisites: Pass BA-120, BA-125 & BT-177 or instructor consent.

BA-130 Leadership in Literature
4 credits, not offered every year
Examines the nature of leadership by analyzing characters who are leaders in major literary works. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

BA-131 Introduction to Business Computing
4 credits, Fall/Winter/Spring
Introductory course using Microsoft Word, Excel, Access, and PowerPoint applications to create business documents, utilize the Internet, and file management. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass BT-120 or instructor consent.

BA-146 Entertainment Law & New Media
3 credits, Spring
Covers the basic elements of copyright law and licensing as it applies to artists, songwriters, composers, filmmakers, and New Media Artists. Also covers how to protect your intellectual property and benefit from your rights as a copyright owner.
BA-156 Business Forecasting  
3 credits, Winter  
Basic economic principles applied to business decision-making, forecasting, and critical thinking skills related to budgeting, planning, financial analysis, and application of business policy and practice. Designed for business majors. Recommended: Pass RD-090 or placement in RD-115.

BA-177 Payroll Accounting  
3 credits, Winter  
Basic personnel payroll records necessary in business firms, laws affecting payroll systems, procedures used in computing wages, salaries and deductions, and manual preparation of payroll records and reports. Prerequisite: Pass BA-111 or BA-211.

BA-205 Business Communications with Technology  
4 credits, Fall/Winter/Spring  
Students practice critical skills for successful communication in a business environment by employing a structured writing process, analyzing audience needs, and identifying and using appropriate communication channels and modalities. Students also work individually to produce a PowerPoint presentation with embedded narration and as team members to manage a comprehensive project and complete a business research paper. Recommended: Pass RD-090 or placement in RD-115. Prerequisites: Pass BA-131 and WR-121.

BA-206 Management Fundamentals  
4 credits, Fall/Winter/Spring  
Concepts and theories of management with focus on planning, organizing, leading, and controlling. Organizational structures, planning principles, global management, managing change and culture, effective communication, and motivation. Recommended: Pass RD-090 or placement in RD-115 and pass BA-251.

BA-208 Employee Labor Relations  
4 credits, Winter  
Provides a legal and historical overview of employee and labor relations in union and non-union environments. Presents a realistic picture of collective bargaining and labor relations situations and highlights contemporary issues in employee relations, unions, bargaining units, and employee group representation.

BA-211 Financial Accounting I  
4 credits, Fall/Winter/Spring  
Basic principles of accounting cycle for service and merchandising companies, journals, ledgers, accounting for cash, end-of-period operations, work-sheets, entries, and financial statements. Emphasis on procedure and theory. Recommended: Pass RD-090 or placement in RD-115.

BA-212 Financial Accounting II  
4 credits, Fall/Winter/Spring  
Principles and practices in service and merchandising corporations, cash controls, receivables, assets, short-term and long-term liabilities, debt, and financial statements. Corporate analysis of financial position including the cash flow statement. Prerequisite: Pass BA-211.

BA-213 Decision Making with Accounting Information  
4 credits, Fall/Winter/Spring  
Accounting for manufacturing operations, cost systems, capital budgeting, variances and budget performance reports, job order, process, flow, and cost/volume profit analysis and standard costs. Presentation and interpretation of accounting data to aid decisions. Prerequisite: Pass BA-212.

BA-214 Business Communication  
3 credits, Winter  
Focuses on the development of written communication skills in a business organization. Within communications, the interpersonal skills, in the form of both written and oral expression, are integrated to achieve individual and organizational objectives. Both informal and formal techniques are applied to a variety of business communication scenarios. Recommended: WR-101 or WR-121, and CS-120 or BA-131.

BA-216 Cost Accounting  
3 credits, Winter  
Job order and process costing to a higher level, including variances and cost estimations; standard and variable costing in a manufacturing environment; inventory and capacity analysis; customer-profitability analysis; spoilage, rework and scrap; and performance measurement. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass BA-213.

BA-217 Budgeting for Managers  
3 credits, Spring  
Focuses on developing and managing departmental and project budgets and on understanding how they fit into the overall organizational framework. Addresses fixed, flexible, and rolling budgets, break-even and contribution margin analysis, profit planning, manufacturing costs and sales forecasts, and cost behavior and variance analysis. Recommended: Pass BA-111 or BA-211 or have experience in accounting or work-related budgeting. Pass BA-131 or CS-135S and pass RD-090 or placement in RD-115.

BA-218 Personal Finance  
4 credits, Fall/Winter/Spring  
Analysis and application of basic principles of personal finance including career planning, budgeting and spending, financial decision-making, use of credit, savings and investing, home purchase, taxes, risk management, retirement planning, estate planning, and other major personal finance topics. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass MTH-020 or higher, or pass BA-104.

BA-222 Financial Management  
3 credits, Winter  
Study of sources and uses of funds, financial, and cash flows; includes valuation of financial assets; long-term cash flows and budgeting; cost of capital; capital structure and dividend policy; working-capital management, ethics, and international business finance. Prerequisite: Pass BA-212.
BA-223 Principles of Marketing
4 credits, Fall/Winter
Offers a comprehensive investigation of strategic marketing in a global environment. Topics covered will include research, ethics, consumer behavior, product strategy, distribution strategy, promotional strategy and pricing strategy. Recommended: Pass RD-090 or placement in RD-115.

BA-224 Human Resource Management
4 credits, Fall/Spring

BA-225 Business Report Writing
3 credits, not offered every year
Focuses on the skills and techniques required to write and produce professional business reports, including research, writing, formatting, and presentation. Prerequisites: Pass WR-121 & pass BA-205 or instructor consent.

BA-226 Business Law I
4 credits, Fall/Winter/Spring
Concepts, principles, and rules of law applicable to business and personal transactions, with emphasis on sources of law, the U.S. Constitution, personal and business torts and crimes, case-based applications, ethics, and consumer contract law. Recommended: Pass RD-090 or placement in RD-115.

BA-227 Business Law II
4 credits, Winter
Emphasis on real and personal property, negotiable instruments, insurance, documents of title, secured transactions, bailments, commercial paper, agency, bankruptcy, suretyship, bulk sales, and estate planning. Prerequisite: Pass BA-226.

BA-228 Computerized Accounting
3 credits, Spring
Provides the student with an introductory hands-on experience to learn how computers are used for accounting applications using a Windows operating system environment. Prerequisite: Pass BA-111 or BA-211.

BA-229 Employment Law
4 credits, Spring

BA-238 Sales
4 credits, Spring
Professional consultative selling techniques and how professional selling fits into a comprehensive marketing program as well as daily life. Interactive exercises will be used throughout the course that emphasize face-to-face communication skills and relationship building. Recommended: Pass RD-090 or placement in RD-115.

BA-239 Advertising
4 credits, Fall
Emphasizes a strategic and integrated approach to promotion where traditional and non-traditional techniques of promotion are explored. The relationship and role of advertising to marketing will be stressed throughout the course. Recommended: Pass RD-090 or placement in RD-115; BA-101.

BA-249 Retailing
3 credits, not offered every term
Provides an understanding of the types of retail businesses, strategies, operations, formats and environments through which retailing is carried out, including a multi-disciplinary approach to understand the structure of effective retail management. Recommended: Pass RD-090 or placement in RD-115.

BA-250 Small Business Management
3 credits, Winter
Managing a small business, identifying a market opportunity, developing a business plan, and meeting the competition. Also financial accounting and cash flow projections. Recommended: Pass RD-090 or placement in RD-115.

BA-251 Supervisory Management
3 credits, Fall/Winter
Role and responsibilities of the first line supervisor or manager. Analyzing business, dealing with change, staffing and scheduling, leadership, decision-making, motivational skills, legal considerations, and managing teams. Recommended: Pass RD-090 or placement in RD-115.

BA-254 Basic Compensation and Benefits
4 credits, Spring
Covers wages, salary benefits, and plans with a primary focus on designing an effective and strategic compensation and benefit program within an organization. Covers general compensation topics, terminology, and practical applications to the workplace.

BA-255 Advanced Topics in Accounting & Auditing
4 credits, Spring
Capstone class for students working towards the Accounting AAS degree. The course will build upon knowledge obtained from the Principles of Accounting courses and introduce, from a user perspective, more advanced topics such as Fund and Governmental Accounting, Auditing, Fraud Examination, and current issues in Taxation. Prerequisite: BA-213 or instructor consent.

BA-256 Income Tax Accounting
3 credits, Fall
Detailed review of the federal tax structure as it relates to the preparation of individual tax returns. Also provides a brief overview of partnership and corporate tax returns. Recommended: Pass RD-090 or placement in RD-115.
BA-261 Consumer Behavior
4 credits, Spring
Seeks to understand how and why people make consumption decisions then apply this understanding to marketing strategies. Concepts of the consumer decision-making process, personal and interpersonal factors and their impact on consumer decisions are major components. Recommended: Pass RD-090 or placement in RD-115.

BA-268 Applied Project Demonstration
3 credits, Spring
Students demonstrate the ability to manage a real-world project from initiation through closing. Course deliverables include project scope statement, communication management plan, risk management plan, status report with Gantt chart, and “Lessons Learned” report and presentation. The project—along with a comprehensive exam—demonstrates knowledge acquired in prerequisite classes in the Project Management degree program.

BA-280 Business/CWE
3-6 credits, Fall/Winter/Spring
Cooperative work experience. On-the-job experience in a business related to the student’s major course of study. Under supervision of instructor and employer. May be repeated for up to 6 credits. Required: Instructor consent & a CWE seminar.

BA-281 Business/CWE
3-6 credits, Fall/Winter/Spring
Cooperative work experience. On-the-job experience in a business related to the student’s major course of study. Under supervision of instructor and employer. May be repeated for up to 6 credits. Required: Instructor consent & a CWE seminar.

BA-285 Human Relations in Business
4 credits, Fall/Winter/Spring
Students are introduced to the theory and practical application of human relations at the individual, group, and organizational levels. Students assess their intrapersonal and interpersonal skill levels and write a plan for improvement that will increase their work performance. Upon completion, the successful student will have a basic understanding of psychological principles that help build relationships among employees and employers, including goal setting, motivation, communication, leadership, evaluation, conflict management, individual and group behavior. Recommended: Pass RD-090 or placement in RD-115.

BI

Biology

BI-101 General Biology; Cellular Biology
4 credits, Fall/Winter/Spring/Summer
An inquiry-based laboratory course focusing on cellular biology, genetics, epigenetics, biotechnology and natural selection. Class uses student centered activities in a collaborative learning environment to enhance appreciation of the biological world. Recommended: Pass MTH-060 or placement in MTH-065; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

BI-102 General Biology; Animal Systems
4 credits, Fall/Winter/Spring/Summer
An inquiry-based laboratory course focusing on human and animal body systems; including teratogens, Hox genes and hormone mimics in embryonic development. Activities emphasize comparisons across animal phyla to better understand the diversity of life. The class uses student centered activities in a collaborative learning environment to enhance appreciation of the animal kingdom. Recommended: Pass MTH-060 or placement in MTH-065; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

BI-103 General Biology; Plants and the Ecosystem
4 credits, Fall/Winter/Summer
An inquiry-based laboratory course focusing on plants and the ecosystem; including plant identification, population dynamics, productivity and energy flow. Activities include an integrated approach to understanding environmental issues and the impact of humans on the biosphere. The class uses student centered activities in a collaborative learning environment to enhance appreciation of the biological world. Recommended: Pass MTH-060 or placement in MTH-065; pass RD-05590 or placement in RD-115; pass WR-095 or placement in WR-121.

BI-112 General Biology for Health Sciences
4 credits, Fall/Winter/Spring/Summer
One-term preparatory biology course that introduces the Health Occupations student to the scientific method, cellular chemistry, cell structure and function, processes that affect the cell and its components, principles of inheritance, natural selection, tissues and organ systems. Topics and skills covered prepare student to enter BI-231, Anatomy & Physiology; and BI-234, Introductory Microbiology. Recommended: Pass MTH-060 or placement in MTH-065; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Corequisite: CH-112 strongly recommended.

BI-120 Introduction to Human Anatomy & Physiology
4 credits, Fall
Laboratory course designed to serve the students in the Career Technical programs: Medical Assistant and Clinical Assistant Laboratory students as part of their core curriculum. Material covered includes the structure and function of the human body. Basic chemistry and cell structures are covered, as well as the organization of tissues, organs, and organ systems. Correlations can then be made between this material and disease states commonly encountered in the practice of these fields. Animal organ dissection required.
BI-160 Bird ID & Taxonomy
3 credits, not offered every year
Lecture course introducing bird anatomy, identification, classification, and behavior. Identification techniques applied to birds through lectures, slides and field trips to various locations in Eastern Oregon, the Willamette Valley and the Oregon Coast. Corequisite: BI-160L.

BI-160L Bird ID & Taxonomy Lab
1 credit, not offered every year
Lab course consisting of weekend field trips and online labs. This lab accompanies the BI-160, Bird ID and Taxonomy lecture. Focuses on field identification of common Oregon birds by sight, sound, and habitat. Field trips required. Corequisite: BI-160.

BI-163 Malheur Field Trip
1 credit, not offered every year
Four day field trip. Study of plants, animals, geology, and history of the Northern Basin and Range ecoregion at the Malheur Environmental Field Station in southeast Oregon. Required: Field trip, and Instructor consent.

BI-165C Natural History of the Oregon Coast
3 credits, not offered every year
Explores the natural processes that form our Northwest coastal environment: geologic development, shoreline processes, oceanography, and environmental hazards. Topics include the ecology of marine mammals, birds, estuaries, tidepools, sand dunes, and coastal forests.

BI-165CL Natural History/Oregon Coast Lab
1 credit, not offered every year
A lab to accompany the BI-165C, Natural History of the Oregon Coast, lecture. Field trips and exercises focus on the plants, animals, geology, and environmental issues of the Oregon coast. Corequisite: BI-165C.

BI-165D Natural History of SW Deserts
4 credits, not offered every year
A lab course studying plants, animals, geology, and environmental issues of the Great Basin Region and Death Valley National Park. On-site study. A nine-day trip through Southwestern United States desert regions. Required: Instructor consent.

BI-165T Natural History of Tropical Ecosystems
4 credits, not offered every year
A field-based lab course studying plants, animals, ecology, geology, and environmental issues of tropical ecosystems. On-site study with varied locations. Required: Instructor consent.

BI-204 Elementary Microbiology
4 credits, Winter
A lab course with environmental focus. Explores microscopic life, its importance in the environment, industry and waterborne pathogens. Labs provide practice with aseptic technique and introduces tools and methods used in the study of microorganisms.

BI-211 General Biology for Science Majors (Cellular Biology)
5 credits, Fall
The first quarter of a three-quarter sequence of a laboratory course for science majors and pre-professional students. It emphasizes an evolutionary approach to cell biology. It emphasizes cell biology; including the process of science, cell structure, organization and function, cellular communication, biochemical processes, DNA, cell cycle, protein synthesis, biotechnology, genetics, epigenetics, evolution, and an introduction to tissues, organs, and organ systems. Recommended: Pass MTH-105 or pass MTH-111 with a C or better or placement in MTH-105 or MTH-111; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass BI-112 (preferred), or pass BI-211 or both BI-101 and BI-102. Pass CH-112 (preferred), or pass CH-104 and CH-105, or pass CH-221 and CH-222.

BI-213 General Biology for Science Majors (Plant Biology & Ecology)
5 credits, Spring
The third quarter of a three-quarter sequence of a laboratory course for science majors and pre-professional students. It emphasizes an evolutionary approach to plant biology and ecology; including plant diversity, plant organ systems and their functions, photosynthesis and transpiration, productivity and energy transfer, nutrient cycles, population dynamics, ecosystems and environmental issues. Prerequisite: Pass BI-212. Corequisite: CH-105 or CH-222.

BI-231 Human Anatomy and Physiology I
4 credits, Fall/Winter/Spring/Summer
A lab course designed for students entering physical education or medically-related fields. Includes body organization, terminology, tissues and systematic study of the integumentary, skeletal, and nervous systems. Animal organ dissection required. Recommended: Pass MTH-095 with a C or better or placement in MTH-105 or MTH-111; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass BI-112 (preferred), or pass BI-211 or both BI-101 and BI-102. Pass CH-112 (preferred), or pass CH-104 and CH-105, or pass CH-221 and CH-222.

BI-232 Human Anatomy and Physiology II
4 credits, Fall/Winter/Spring/Summer
A lab course covering structure and function of the muscular, cardiovascular, lymphatic, and respiratory systems. Animal organ dissection required. Prerequisite: Pass BI-231 with a C or better.

BI-233 Human Anatomy and Physiology III
4 credits, Fall/Winter/Spring/Summer
A lab course covering neuroendocrine control, digestive, excretory, and reproductive systems. Study of fluid, electrolyte, and acid base balance. Animal organ dissection required. Prerequisite: Pass BI-232 with a C or better.
### BI-234 Introductory Microbiology
4 credits, Fall/Winter/Spring  
An introductory microbiology lab course required for health science and science majors. Includes characteristics, physiology and growth requirements of microorganisms, interactions between humans and microorganisms, immunology, infection, and principles of microbial control. This course emphasizes critical thinking and analytical skills in a collaborative laboratory environment. Prerequisites: Pass BI-101, BI-112 or BI-211 and pass CH-104, CH-112 or CH-221.

### BI-280 Biology/CWE
2-6 credits  
Fall/Winter/Spring/Summer  
Cooperative work experience. Provides students with on-the-job work experience in the field of biology. Required: Instructor consent & a CWE seminar.

### BRI
Courses with this prefix will not transfer to a four-year institution.

### Bridges

**BRI-090 Bridges**  
3 credits, not offered every term  
Designed to assist young adults (17-23) in successfully transitioning to higher education by providing awareness of educational options and resources; overcoming barriers; exploring attitudes, abilities and interests; goal setting; and presenting opportunities to aid students in college success; therefore enabling them to take full advantage of options that will positively shape their future. Prerequisites: GED or High School Diploma, and/or instructor consent.

**BRI-095 Bridges to Work**  
3 credits, not offered every term  
Designed to assist young adults (17-23) in successfully transitioning to higher education through providing awareness of educational options and resources; overcoming barriers; exploring attitudes, abilities and interests; goal setting; and presenting opportunities to aid students in college success, therefore enabling them to take full advantage of options that will positively shape their future. Prerequisites: GED or High School Diploma, and/or instructor consent.

### Business Technology

**BT-101 Introduction to e-Learning**  
1 credit, not offered every term  
Introductory course for students who are new to web-based, e-learning courses including courses which are web-assisted, hybrid, or full-online. The course will include e-learning fundamentals including the use of e-learning course management software, e-learning readiness and student success tips, support resources, technical requirements, and online research basics.

**BT-110 Income Tax Preparation**  
8 credits, not offered every year  
An introduction to individual income tax law and tax return preparation. Approved by the Oregon State Board of Tax Practitioners to prepare students to take the Oregon Licensed Tax Preparer’s Exam. Recommended: Pass RD-090 or placement in RD-115.

**BT-120 Personal Keyboarding**  
2 credits, Fall/Winter/Spring  
Basic instruction on electronic alphanumeric keyboard. Provides practice for speed and accuracy with individual program. Students will develop the necessary skills to effectively use the Internet, use e-mail, and create simple documents.

**BT-121 Data Entry**  
1 credit, Fall/Winter  
Designed to teach the computer numeric keypad by touch with speed and accuracy using industry standards for data entry. This skill is especially helpful to people in the fields of data entry, accounting, office administration, insurance, banking and finance, and any other work that requires numeric input.

**BT-122 Keyboarding Skillbuilding**  
2 credits, Fall/Winter  
Designed to improve typing proficiency using microcomputers. Students will refine and further develop speed and accuracy skills learned in BT-120 Personal Keyboarding. Prerequisite: Pass BT-120 or instructor consent.

**BT-124 Business Editing I**  
3 credits, Fall  
Course builds communication skills through the study of correct usage of grammar, spelling, vocabulary usage, effective writing, and editing principles. Recommended: Pass RD-090 or placement in RD-115.

**BT-125 Business Editing II**  
3 credits, Winter  
Follows BT-124 and uses the second half of the same textbook. It covers additional new grammar rules, in addition to other punctuation, capitalization, and numbers. The course also covers composing business communication documents such as memorandums, letters, and reports, as well as using effective communication in a business environment. Prerequisite: Pass BT-124 with a C or better.

**BT-160 Word I**  
3 credits, Winter  
Introductory-level course where students learn basic concepts of the Word software program. This course is designed for students who have no or little knowledge of Word. Recommended: 35 words per minute typing skill. Prerequisite: Pass BT-120 or instructor consent.

**BT-161 Word II**  
3 credits, Spring  
Intermediate level course where students learn more advanced features of the Microsoft Word software program. This course is designed for students who have completed BT-160 Word I. Recommended: Pass BT-124 and 40 words per minute typing skill. Prerequisite: Pass BT-160.
BT-172 Introduction to Microsoft Outlook
2 credits, Spring
Introductory course using Microsoft’s Outlook application as a tool to send and receive mail, organize schedules and events, and maintain contact lists, to-do lists, and tasks. The material covered in this course teaches the necessary skills required in those business environments that use Outlook.

BT-173 Introduction to Microsoft PowerPoint
2 credits, not offered every year
Fundamentals in learning the basics of presentation concepts including how to plan, develop, and give a presentation to present data and information using Microsoft’s presentation graphics program. Prerequisite: BT-120 or instructor consent.

BT-177 Microsoft Project
3 credits, Winter
Covers the basics of using Microsoft Project to plan, schedule, and track a project. Also addresses communicating project information, assigning and tracking resources and costs, tracing progress, and closing a project. Concludes with students using Microsoft Project to produce management and other reports and to share project information with other audiences and applications.

BT-216 Office Procedures
4 credits, Spring
Presents critical thinking, problem solving, and collaborative learning; skills and knowledge are applied to business office operations, including communications, technology, records management, safety, travel, meeting management, mail procedures, reprographics, and career planning. Prerequisite: Pass BT-160.

BT-262 Integrated Projects
4 credits, Fall
Advanced Microsoft Word skills in creating letters, reports, and forms; in creating Excel worksheet reports and budgets; in creating Access databases to generate reports and forms; in creating PowerPoint presentations, and in linking documents and saving as Web pages. Introduction to Acrobat forms and documents, Google Applications such as Word, Excel, and PowerPoint, and Gmail. Recommended: 45 words per minute typing skill. Prerequisite: Pass BT-161 with a C or better.

BT-271 Advanced Business Projects
4 credits, Spring
Participate in dynamic business simulations that provide experience in working as team members in a professional environment. Practice using oral and written communications, analyzing information, problem solving, decision making, prioritizing, applying time management skills, and using industry standard technology tools. Prerequisite: BT-161 with a C or better.

CDT-102 Sketching and Problem Solving
3 credits, Fall
Freehand sketching encountered in drafting engineering projects. Selecting views and implementing drafting standards. Dimensioning, lettering, sections and auxiliary views are covered. Problem solving in individual and group settings.

CDT-103 Computer-Aided Drafting I
4 credits, Winter
Introduction to drafting applications using AutoCAD. Instruction includes problem solving, drawing layout, orthographic multi-view projection, line types, geometric construction, and current drafting techniques. Use industry standards for CAD drawing, editing, file management, dimensions and notes. Recommended: Completion of CDT-102.

CDT-108A Introduction to SolidWorks
3 credits, Fall/Spring
An introduction to the SolidWorks parametric mechanical design software. Students will design 3D solid parts and assemblies, and develop 2D documentation from them.

CDT-223 Inventor Fundamentals
3 credits, Winter
Introduces parametric and adaptive modeling techniques using Autodesk Inventor. This course will guide students through design environment setup, creation of simple and complex part geometry, assembly building, animation, and detailed 2D drawing output. Recommended: Basic working knowledge of Windows operating system and Microsoft Excel.

CDT-224 Professional Web Design
1-3 credits, Spring
Introduction to the design, creation and management of professional web pages. Basic and intermediate HTML document creation, introduction of JAVASCRIPT, use and manipulation of graphic image files, animating web page graphics, HTML forms.
CDT-225 Advanced SolidWorks
3 credits, Winter
Advanced features of SolidWorks will be discussed and problems will be worked that exemplify them. Subjects include equations, configurations, design tables and dynamics. Prerequisites: CDT-108A or instructor consent.

CH

Chemistry

CH-104 Introductory Chemistry
5 credits, Fall/Winter/Spring/Summer
A lab transfer course for students in nursing, allied health fields, and liberal arts. Observation, measurement, composition, stoichiometry, atomic structure, periodic table, bonding, and nomenclature. Prerequisite: Pass MTH-065 with a C or better or placement in MTH-095, pass RD-090 or placement in RD-115.

CH-105 Introductory Chemistry
5 credits, Winter/Spring/Summer
A laboratory course discussing heat; molecular and ionic interactions in solids, liquids, gases, and solutions; chemical reactions including acid-base, electron transfer, and equilibrium. Prerequisite: Pass CH-104 (CH-112 not accepted).

CH-106 Introductory Chemistry
5 credits, Spring/Summer
A lab course discussing organic and biochemistry. Prerequisite: Pass CH-105.

CH-112 Chemistry for Health Sciences
4 credits, Fall/Winter/Spring/Summer
One-term preparatory biology course for students who want to take BI-231, Anatomy & Physiology; and/or BI-234, Introductory Microbiology. Includes measurement; atomic structure; periodic table; bonding; nomenclature; heat; molecular and ionic interactions in solids, liquids, and solutions; chemical reactions including acid-base; organic chemistry; and biochemistry. Prerequisite: Pass MTH-065 with a C or better or placement in MTH-095. Pass RD-090 or placement in RD-115. Corequisite: BI-112 strongly recommended.

CH-150 Preparation for Chemistry
4 credits, Fall
One term preparatory course for students who must take the general chemistry sequence (CH-221/222/223) but have no chemistry background. Prerequisite: Pass MTH-095 with a C or better or placement in MTH-111.

CH-221 General Chemistry
5 credits, Fall/Winter
Transfer lab course for science, engineering, and professional majors. The nature of chemistry; atomic theory, electron configuration, structure, bonding, properties, composition and nomenclature of covalent and ionic substances. Introduces organic chemistry and biochemistry topics. Prerequisites: A year of high school chemistry or pass CH-150 or CH-104 and CH-105; pass MTH-095 with a C or better or placement in MTH-105 or MTH-111.

CH-222 General Chemistry
5 credits, Winter/Spring
A lab course discussing reactions, stoichiometry, thermodynamics, organic compounds and polymers, kinetics, and equilibrium. Topics involving organic chemistry and biochemistry are introduced. Prerequisite: Pass CH-221.

CH-223 General Chemistry
5 credits, Spring/Summer
A lab course discussing states of matter, solutions, acids and bases, electrochemistry, nuclear chemistry, and spectroscopy. Topics involving organic chemistry and biochemistry are introduced. Prerequisite: Pass CH-222.

CH-241 Organic Chemistry I
5 credits, not offered every year
First term of a transfer sequence lab course meeting the organic chemistry requirement for premedical, dental, veterinary, pharmacy, chiropractic medicine, chemical engineering, and biology majors. Prerequisite: Pass CH-223.

CH-242 Organic Chemistry II
5 credits, not offered every year
Second term of a transfer sequence lab course meeting organic chemistry requirement for premedical, dental, veterinary, pharmacy, chiropractic medicine, chemical engineering, and biology majors. Prerequisite: Pass CH-241.

CH-243 Organic Chemistry III
5 credits, not offered every year
Third term of a transfer sequence lab course meeting organic chemistry requirement for premedical, dental, veterinary, pharmacy, chiropractic medicine, chemical engineering, and biology majors. Prerequisite: Pass CH-242.

CH-280 Chemistry/CWE
1–6 credits, not offered every term
Provides students with on-the-job experience in the field of chemistry. A weekly seminar is required and covers on-the-job issues and procedures. Supervision and evaluation of the student's job performance provided by qualified college staff and a supervisor of the employment site. Can be repeated for up to 12 credits. Prerequisite: Students must have previously completed 9 credits at CCC, declared a major and secured a job related to that major. Required: Instructor consent and a CWE seminar.

CIV

Courses with this prefix will not transfer to a four-year institution. Courses are intended for ESL students.

Citizenship

CIV-007 Citizenship Preparation
0 credit, not offered every term
Prepares students to pass the oral exam for U.S. citizenship. Students study U.S. history, government, citizens' rights and responsibilities, and U.S. symbols independently through a self-paced, online distance learning course, and periodic meetings with the Volunteer Tutor Coordinator, taking quizzes after completing separate modules. Required: Instructor consent.
CJA

Criminal Justice

CJA-101 Criminology
3 credits, Spring
Examines the social problem of crime, including the process of making and breaking laws as well as society’s reaction to the phenomenon. Provides a multidisciplinary study of the causes of crime, including its distribution across social strata and demographics. Focuses on theories of criminal behavior and specific types of crime.

CJA-110 Introduction to Law Enforcement
4 credits, Fall
Explores theories, philosophies, and concepts of American law enforcement. This course also examines the history of law enforcement, specific components of the system, public safety responses, and the professionals charged with peace keeping.

CJA-112 Patrol Procedures
3 credits, not offered every term
Describes the nature and purpose of patrol activities for the law enforcement officer. Includes routine emergency procedures and types of patrols. Examines crime prevention theory and community policing.

CJA-120 Judicial Process
3 credits, Winter
Studies the judicial and social processes from arrest through appeal, including search and seizure; interrogation; roles of defense attorneys, prosecutors, juries, grand juries, and judges; plea bargaining and guilty pleas; rights of criminal defendants at trial, appeals and habeas corpus.

CJA-122 Criminal Law
4 credits, Fall
Examines the elements, purpose and functions of criminal, traffic, juvenile and liquor laws. Studies historical development, philosophy of law, and constitutional provisions. Examines definition and classification of crime, application of administration of justice, legal research, study of case law, methodology and concepts of law as a social force. Prerequisite: Pass CJA-120.

CJA-130 Introduction to Corrections
3 credits, Spring
Examines the history, organization, and development of corrections in the United States, including sentencing, incarceration, community corrections and the juvenile justice system. Reviews the use of the death penalty. Identifies trends in corrections.

CJA-134 Correctional Institutions
3 credits, Fall
Analyzes prisons, jails and other correctional institutions. Discusses punishment history and rationale. Identifies functions of custodial staff and describes institutional procedures: reception, classification, program assignment, and release. Studies prison management systems and examines juvenile facilities.

CJA-137 Mass Murder and Serial Killers
3 credits, not offered every term
Examines the phenomenon of both mass murders and serial killings, and the impact each has both upon society and individual victims. Examines recent and historically notorious cases, while probing issues such as causation, social environmental linkage, and the mindset of offenders.

CJA-139 Juvenile Delinquency
3 credits, Fall
Surveys the nature and extent of delinquent behavior. Studies the historical and contemporary perspectives on juvenile offenders. Describes laws, enforcement, court, and correctional procedures within the juvenile system, and explores the differences between adult and juvenile practices.

CJA-200 Community Policing in a Culturally Diverse Society
4 credits, Fall
Examines interrelationships and role expectations of agencies and public policy. Provides information on how law enforcement professionals work effectively with diverse cultural groups. Explores racial and community tension, minority group crime, racial profiling, hate crimes, community policing, police misconduct and alternative lifestyles encountered in law enforcement.

CJA-201 Juvenile Delinquency
4 credits, Winter
Surveys the nature and extent of delinquent behavior. Studies the historical and contemporary perspectives on juvenile offenders. Describes laws, enforcement, court, and correctional procedures within the juvenile system, and explores the differences between adult and juvenile practices.

CJA-203 Crisis Intervention
3 credits, Spring
Examines crisis intervention as it applies to emergency service workers. Includes psychodynamics of family crisis; alcohol/drug related problems; suicide; sexual assault victims; domestic violence; mentally disturbed individuals; neglected, battered, abused children.

CJA-209 Community Policing in a Culturally Diverse Society
4 credits, Fall
Examines interrelationships and role expectations of agencies and public policy. Provides information on how law enforcement professionals work effectively with diverse cultural groups. Explores racial and community tension, minority group crime, racial profiling, hate crimes, community policing, police misconduct and alternative lifestyles encountered in law enforcement.

CJA-210 Criminal Investigation I
3 credits, Fall
Introduces the history, theory, and principles of criminal investigation in the justice system. Describes crime scene investigation and courtroom aspects of crime scenes including interviews, evidence, surveillance, follow-up, case preparation, and techniques for specific crimes.

CJA-211 Criminal Investigation II
3 credits, Winter
Continues the study and application of investigative techniques for specific offenses, including: death investigations, domestic violence, elder abuse and sexual offenses. Identifies similarities, differences, and elements of proof needed under state statutes and documentation of investigations through comprehensive reports. Prerequisite: CJA-210.
CJA-212 Criminal Investigation III
3 credits, Spring
Continues the study and application of investigative techniques acquired in CJA-210 Criminal Investigation I and CJA-211 Criminal Investigation II. Includes "hands-on" application of investigative processes from a practical aspect, including: search warrant writing, fingerprinting, evidence collection, and crime scene photography; diagramming and reconstruction. Prerequisite: CJA-211.

CJA-213 Interview & Interrogation
3 credits, not offered every term
Examines the dynamics of interviews and interrogations including common processes, approaches and techniques. Ethical, legal and psychological issues are also considered. Includes methods of how to analyze statements and behavior for deception and truthfulness.

CJA-214 Intimate Partner Violence
3 credits, not offered every term
This course will analyze the historical, social, legal, and psychological aspects of intimate partner violence. Includes definitions of the problem, demographics, survivors, perpetrators, children who witness, strategies and tactics of abuse and survival, and core strategies for legal intervention.

CJA-215 Sexual Violence & the Justice System
3 credits, not offered every term
This course will explore various aspects of sexual violence in America, including discussion on societal and historical perspectives, victim trauma, sexual predators and community response to these crimes. Core strategies for victim and legal response are introduced.

CJA-222 Procedural Law
3 credits, Spring
Discusses the constitutional and statutory provisions related to arrest, search and seizure. Includes use of deadly force, admissions, interrogations, plain view limitations, law of stop and frisk, and officer testimony.

CJA-223 Criminal Justice Ethics
3 credits, Winter
Surveys common ethical frameworks and then examines ethical issues, questions, challenges and consequences facing criminal justice professionals, including law enforcement, corrections, the courts and others.

CJA-232 Corrections Casework
3 credits, Spring
Introduces interviewing and counseling techniques used by corrections officers and workers in one-on-one and group contacts with clients. Discusses how to supervise the alcoholic, drug addicted, sex offender, mentally ill, juvenile, elderly, and emotionally immature client. Explores a variety of case management materials, with an emphasis placed on objective case planning and monitoring.

CJA-233 Drugs, Crime and the Law
3 credits, Winter
Examines the most common types of drugs consumed in society, effects of psychoactive substances, treatment and prevention models, laws and regulations, societal effects of drug policies, business of the illegal drug market, potential crimes associated with drugs, and law enforcement strategies used to address drug manufacturing, distribution and use.

CJA-250 Reporting, Recording and Testifying
4 credits, Spring
Surveys documentation skills in criminal justice professions. Verbal, nonverbal and written forms of criminal justice related workplace communication are studied and practiced, including communicating with the public, basic interviewing, documentation, courtroom testimony, and report writing. Prerequisites: Pass WR-121 with a grade of C or better.

CJA-252 Introduction to Restorative Justice
3 credits, Fall
Provides a critical introduction to the history, values, principles, and practices of restorative justice. Covers fundamental values and principles of restorative justice, and the experience and interests of key stakeholders (victims, offenders, communities, and systems).

CJA-280 Criminal Justice/Corrections/CWE
2-6 credits, Fall/Winter/Spring

CLA Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Clinical Laboratory Assistant
CLA-100 Introduction to Healthcare
2 credits, Fall
An overview and introduction to healthcare systems and career trends, ethical and legal responsibilities, personal and workplace safety, infection control, professionalism, life-long learning, and effective communication.

CLA-101 Clinical Laboratory Assistant Skills I
4 credits, Fall
Presents the student with a general overview of a clinical laboratory, including state and federal regulations, quality assurance practices, laboratory terminology, staffing, and a basic understanding of quality laboratory testing. The majority of the competencies required in the Core Module of NAACLS’s Clinical Laboratory Assistant program will be covered. Required: Students must be admitted into the current CLA cohort, or instructor consent.
CLA-102 Clinical Laboratory Assistant Skills II
4 credits, Winter
Addresses hematology and urinalysis theory with assistant level scope of practice. Correct specimen collection will be emphasized. Students will be required to perform various waived tests and demonstrate an understanding of the necessity of accuracy and attention to detail. Students will demonstrate the use of controls, standards and laboratory protocols. Prerequisite: Pass CLA-101. Required: Instructor consent.

CLA-103 Clinical Laboratory Assistant Skills III
4 credits, Spring
Continuation of CLA-101 and 102 with emphasis on Microbiology, Clinical Chemistry and Serology/Immunology. The Clinical Laboratory Assistant Scope of Practice and Professionalism at the workplace will be discussed in detail. Prerequisite: Pass CLA-102. Required: Students must be admitted into the current CLA cohort, or instructor consent.

CLA-115 Laboratory Administrative Skills
2 credits, Winter
Designed for the clinical laboratory assistant employed in a physician’s office laboratory, instructing them in laboratory coding, billing practices, and other administrative duties, with emphasis on patient test management and professionalism. EKG techniques will be included as well as other back office skills, as required by NAACLS. Required: Instructor consent.

CLA-118 Phlebotomy for Clinical Laboratory Assistants
2 credits, Spring
Designed for the Clinical Laboratory Assistant student to instill a broad understanding of blood/serum collection and specimen handling techniques used in ambulatory and medical center laboratories and to prepare students to perform these tasks effectively and safely in the workplace. Universal and standard precautions will be stressed. The students will collect blood samples on their lab partners throughout the term. Required: Students must be admitted into the current CLA cohort, or instructor consent.

CLA-119 Phlebotomy/Laboratory/Practicum I
3 credits, Winter
Supervised unpaid assignment in area medical center laboratories to gain practical experience. Required: Instructor consent.

CLA-120 Phlebotomy/Laboratory/Practicum II
4 credits, Spring
Students will participate in a supervised unpaid assignment, known as a clinical practicum in area medical center laboratories to gain practical experience. A weekly seminar accompanies this course. Prerequisite: Pass CLA-119. Required: Students must be admitted into the current CLA cohort, or instructor consent.

CLA-125 Introduction to Clinical Research
2 credits, Spring
An overview of research as applied through clinical studies. Participants will learn elements of proper research techniques as conducted under the supervision of a physician or Ph.D. Required: Students must be admitted into the current CLA cohort, or instructor consent.

CLA-130 Specimen Collection
1 credit, Spring
Designed to qualify students to perform drug testing collections under U.S. Department of Transportation (DOT) regulations. The final examination will include a demonstration of collection proficiency. Specimen management, adulteration and quality assessment will be addressed. Required: Students must be enrolled in current CLA cohort, or instructor consent.

COMM Communication Studies

COMM-100A Basic Speech Communication: Principles
1 credit, Fall/Winter/Spring
Explores elements of the communication process including major influences such as self-concept, perception, and culture. Examines verbal and non-verbal modes of communication. First unit of a three-credit series; may be taken in any order. Designed for non-transfer students.

COMM-100B Basic Speech Communication: Interpersonal Relationships
1 credit, Fall/Winter/Spring
Explores interpersonal skills in day-to-day formal and informal situations. Develops strategies for effective listening behavior. Examines strategies for building and maintaining relationships. Second unit of a three-credit series; may be taken in any order. Designed for non-transfer students.

COMM-100C Basic Speech Communication: Business Relationships
1 credit, Fall/Winter/Spring
Explores small group dynamics and communication skills in day-to-day formal and informal situations. Examines leadership styles, conflict response, and effective interview techniques. Third unit of a three-credit series; may be taken in any order. Designed for non-transfer students.

COMM-105 Listening
4 credits, not offered every term
Course analyzes listening behavior. In addition, this course emphasizes developing an understanding and appreciation of listening as a vital element in the communication process. Course includes theory and individual skill development. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-111 Public Speaking
4 credits, Fall/Winter/Spring/Summer
Practice in organization, research and delivery of a variety of speeches. Prerequisites: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.
COMM-112 Persuasive Speaking
4 credits, not offered every term
Persuasive speaking, audience analysis, study of reasoning and the basic theories of persuasion. Prerequisites: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-126 Communication Between the Sexes
4 credits, Fall/Winter
Examines ways women and men are different and similar in their communication behaviors. Traditions, myths, social roles and current issues are discussed. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-140 Introduction to Intercultural Communication
4 credits, not offered every term
Explores the impact cultural differences have on the communication process; increases awareness of students’ own cultural behaviors. Students discover effective ways to deal with difficult situations when a cultural difference causes a problem. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Required: Non-native English speakers must have a Student Performance Level of 8 as measured by the BEST Plus. There is not a requirement for native speakers.

COMM-212 Mass Media & Society
4 credits, not offered every term
Takes students through a critical study of the production and consumption of mass media, including television, radio, books, film, newspapers, advertising and the Internet. Students also examine the economic and social organization of mass media, the growth of new media technologies, and the relationship between media and the public. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-218 Interpersonal Communication
4 credits, Winter/Spring
The interpersonal communication process examined through lectures, reading, and exercises. Subjects include goal-setting, first impressions, conflict resolution, non-verbal messages, image building and assertiveness. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-219 Small Group Communication
4 credits, not offered every term
Theories and practices of small group communication through group discussion, reading and written exercises. Emphasis on effective group communication, leadership skills, and problem-solving in small groups. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-227 Non-Verbal Communication
4 credits, not offered every term
Explores theories and types of nonverbal behavior in relation to the creative process of human communication. Examines the influence, interpretation and/or management of such qualities as appearance, body movement, facial expression, voice, use of space, touch and time. Considers how physical environments, social roles, gender, and inter/intra-cultural beliefs and values have an effect on relationships among individuals and groups. Applies theoretical interpretations to nonverbal communication found in various forms of human expression. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

COMM-280 Speech/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of communications. Required: Instructor consent & a CWE seminar.

CS

Computer Science

CS-090 Computers for New Users
2 credits, Fall/Winter/Spring/Summer
Course in computers for those with very little or no computer experience. It covers the basic use of computers running the Microsoft Windows 7 operating system.

CS-091 Computers for New Users II
2 credits, Fall/Winter/Spring/Summer
Continued development of skills learned in CS-090. Topics include learning intermediate features of the Microsoft Windows 7 operating systems, more work with file management, and more work with applications such as word processing using the latest version of Microsoft Word, spreadsheets using the latest version of Microsoft Excel, and presentations using the latest version of Microsoft PowerPoint. Takes place in the computer lab, one student to a computer. Prerequisite: Pass CS-090 or placement in CS-091.

CS-100 Survey of Computing
4 credits, Fall/Winter/Spring/Summer
A computer competency course to familiarize students with computer concept, software applications and the implications of living in the digital age. Introduces students to computer concepts, including, but not limited to the Microsoft Windows environment, Microsoft Office Applications, hardware terminology, social media and the Internet. Prerequisites: Pass CS-090 or placement in CS-120; pass WR-095 or placement in WR-121.

CS-121 Computer Applications
3 credits, not offered every year
Continuation of CS-120. Hands-on approach to word processing, database management, and electronic spreadsheets. Microsoft Office Suite (Word, Excel, Access, and PowerPoint.) Prerequisites: Pass CS-120 or placement in CS-121; pass MTH-060 or placement in MTH-065.
CS-125H HTML & Web Site Design
3 credits, Fall/Winter/Spring/Summer
Hands-on approach to planning, design, and developing published web sites using HTML tags in a text editor. The class focuses on basic HTML coding using HTML 5 models. Hyperlinks, images, cascading style sheets, forms, accessibility and design principles will be covered, as well as tools such as site management, validators, and page editors. Recommended: Pass CS-120 or equivalent experience.

CS-125P Computer Publishing
3 credits, not offered every year
Desktop publishing using Microsoft Publisher: modifying and publishing professional documents. Presentation software using Microsoft PowerPoint: creating, modifying, and publishing slide shows.

CS-125R Podcasting
3 credits, not offered every year
Introduces audio and video recording and editing for the purposes of podcasting. Writing XML scripts. Includes hands-on projects and exercises.

CS-133S Introduction to JavaScript & Server-side Scripting
3 credits, Winter
Design, programming, testing of scripted web pages using JavaScript for client-side applications and PHP for server-side applications. Introduction to: fundamental concepts of interactive web pages and server-side connectivity. Covers the Document Object Model (DOM) and programming constructs like variables, operators, functions, control structures, exception handling. Recommended: Pass MTH-060 or placement in MTH-065. Prerequisites: Pass CS-120 or equivalent experience.

CS-133VA Visual Basic for Applications
3 credits, Spring
Using Visual Basic for Applications to develop advanced macros and application features for Microsoft Office (Word, Excel, Access, and PowerPoint.) Topics will cover VB editor, objects, properties, variables, repeating statements, debugging codes, and integrating applications. Prerequisite: Pass BA-131.

CS-133VB Visual Basic.NET I
3 credits, Fall/Spring
Hands-on approach to software design using object-oriented programming. Planning an application, building a user interface, using variables and constants, calculating, accumulating, counting, making decisions, using functions, and using menus. Recommended: Pass MTH-060 or placement in MTH-065. Prerequisites: Pass BA-131 or CS-120.

CS-135B Microsoft Access
3 credits, Fall/Spring
Focuses on the advanced database capabilities using the latest version of Microsoft Access. Topics include design, construction, and documentation of a database management system, designing reports, forms, advanced form techniques, advanced queries, customizing tables, and creating and using an application system with macros. Recommended: Pass BA-131 or CS-120.

CS-135I Advanced Web Design with Dreamweaver
3 credits, Fall/Spring
Plan and publish standards-based, accessible web sites via a variety of tools, including the Adobe Creative Suite. Complete market and user-needs analysis to best target site content and design. Create a graphical web site mock-up, then use CSS, scripts, and multimedia to realize site goals. CS-135I emphasizes professional design techniques. Prerequisite: Pass CS-125H.

CS-135S Microsoft Excel
3 credits, Fall/Winter/Spring
Focuses on advanced spreadsheet capabilities using the latest version of Microsoft Excel. Topics include design, construction, and documentation of spreadsheets, use of templates, multiple worksheets, complex formulas, functions and filtering, Pivot Tables, advanced chart features, sorting, database capabilities, finding data, creating subtotals, using lookup tables, finding trends and forecasting, creating and editing macros, validating data, and working with controls. Recommended: Pass CS-120 or BA-131; pass MTH-060 or placement in MTH-065.

CS-135W Microsoft Word
3 credits, Winter
Focuses on advanced word processing features using the latest version of Microsoft Word. Topics include using tables, merging form letters and data source files, desktop publishing, large document capabilities including master documents and indexes, and linking and embedding objects between Office applications. Recommended: Pass BA-131 or CS-120.

CS-140 Introduction to Operating Systems
4 credits, Fall/Spring
Introduction to the theory behind operating systems as well as basic functions of Windows, Linux/UNIX, and Macintosh operating systems. Discussion of operating system interface with input, output, and storage devices and basic network theory. Prerequisites: Pass CS-120 or placement in CS-121; pass MTH-060 or placement in MTH-065; pass WR-095 or placement in WR-121.

CS-150 Computer Technician Orientation
3 credits, Fall/Spring
Examines foundational computing subjects used in Computer Science and Information Technology. Topics include computer architecture, electronic logic, data representation, and programming which are used in successive Computer Science courses. Information about degrees and certifications in Computer Science and Information Technology are also covered. Recommended: pass MTH-060 or placement in MTH-065. Prerequisites: Pass CS-120 or placement in CS-121; pass WR-095 or placement in WR-121.

CS-161 Computer Science I
4 credits, Fall
Disciplined approach to algorithm development, problem-solving methods, program design, data types, control structures, and subprograms. Uses C++. Prerequisites: Pass CS-120 or placement in CS-121; pass MTH-111 or placement in MTH-112, or 4 years high school math.
CS-162 Computer Science II
4 credits, Winter
Effective methods of designing large programs. Elementary and dynamic data structures, data abstraction, object-oriented programming, program correctness, verification, and testing. Requires a substantial project. Prerequisite: Pass CS-161.

CS-179 Networking I
3 credits, Winter
An introductory course in computer networking. Covers data communication basics, network models, cabling, Ethernet, remote connectivity, basic TCP/IP operation and configuration, wireless networking, and basic network security. This course, in conjunction with CS-229, covers the topics on the CompTIA Network+ exam. Prerequisite: Pass CS-150 or instructor consent.

CS-181 CMS Web Development
3 credits, Winter
Explores creating dynamic and interactive web sites via the use of a current content management system (CMS) and shopping cart utility. Includes installation of CMS/database, working with templates, creating efficient site navigation, enhancing sites using components, modules, plugins and extensions, and user management. Prerequisite: Pass CS-125H or equivalent experience.

CS-195 Flash Web Development
3 credits, Winter
Introduces the technologies and techniques behind creating an interactive, media-rich website using Adobe Flash. Topics include, but are not limited to, using the drawing tools, using the timeline, creating frame-based and tween-based animations, adding interactivity through ActionScript, and incorporating existing graphics, sound, and video files. Students will complete a portfolio of Flash creations throughout the class. Prerequisite: Pass CS-125H or equivalent experience.

CS-225 Computer End User Support
3 credits, Fall
Addresses professional and interpersonal skills needed by computer technicians who support and manage hardware and software information systems. Customer service skills, troubleshooting, helpdesk operation, product needs analysis, evaluation, purchase, and installation, technical documentation and training. Prerequisites: Pass CS-120 or placement in CS-121 or equivalent experience.

CS-227 Computer Hardware & Repair
4 credits, Winter
An in-depth course in computer science hardware. Covers operational concepts, identification, installation, configuration, and troubleshooting of power supplies, motherboards, microprocessors, memory modules, disk drives, optical drives, and expansion cards. This course, in conjunction with CS-228, covers the topics on the CompTIA A+ certification exam. Prerequisite: Pass CS-140 or instructor consent.

CS-228 Computer OS Maintenance & Repair
4 credits, Winter
An in-depth course in Windows operating system maintenance and repair. Covers installation, configuration, maintenance, and troubleshooting of Windows. Includes troubleshooting the boot process, application and system issues, and using various backup and restore utilities and processes. This course, in conjunction with CS-227, covers the topics on the CompTIA A+ certification exam. Prerequisite: Pass CS-227 or instructor consent.

CS-229 Networking II
4 credits, Spring
Practices the building and servicing of basic computer networks. Topics include physical media, network design, addressing, routing, switching, and management used in common LANs and the Internet. This course, in conjunction with CS-179, covers the topics on the CompTIA Network+ exam. Prerequisites: Pass CS-179 and CS-228.

CS-235S Web Application Development II
3 credits, not offered every year
Exploration of server-side programming emphasizing database-driven web site design. Uses ASP.NET to revisit general object-oriented programming constructs, create database connectivity and highly interactive web sites. XML concepts and database techniques are discussed. Prerequisites: Pass CS-133S; or pass CS-125H and CS-133S; or pass CS-125H and CS-161.

CS-233VB Visual Basic.NET II
3 credits, not offered every year
Continuation of CS-133VB. Creating object-oriented programs. List boxes, combo boxes, printing, saving data and objects in files, arrays, accessing database files. Prerequisite: Pass CS-133VB.

CS-234A AJAX Web Development
3 credits, Spring
In-depth exploration of creating dynamic websites using Asynchronous JavaScript and XML (AJAX) technologies. Course covers the Document Object Model (DOM), basic operation of an AJAX application, XML and JSON data formats, and working with common toolkits and APIs, including jQuery and the Google API. Prerequisite: Pass CS-133S or previous HTML and programming experience.

CS-234P PHP/MySQL Web Development
3 credits, Spring
Use PHP and MySQL to develop dynamic web sites for use on the Internet. Develop web sites ranging from simple online information forms to complex online applications. Introduce programming fundamentals including variables, control structures, functions and objects. Applications developed use MySQL as the backend database and will explore database connectivity, querying, and security. Recommended: Pass CS-275. Prerequisite: Pass CS-125H or equivalent experience.
CS-240L Linux Administration
4 credits, Spring
Hands-on system administration of Linux. Installation, system configuration, file management, user and group account management, disk formatting and partitioning, local file systems, system startup and shutdown, text editing, run levels, backup and restore, printing, basic local area networking, and memory management. Prerequisite: Pass CS-140.

CS-240M MacOS Administration
3 credits, Winter
Designed to prepare students for the challenges they will face as a networking professional supporting multiple operating systems. Lectures, projects and exercises reinforce skills as they are learned. Specific topic coverage includes: Installation and Setup, User Accounts, File Systems, Data Management, Applications, Network Configuration, Network Services, Peripherals, Startup and Troubleshooting. Prerequisite: Pass CS-140.

CS-240W Windows Desktop Administration
3 credits, Winter
An introduction to the current Windows desktop client operating system. Topics include: installation, managing disks and file systems, file access security, users, profiles and policies, groups, security, backup, remote access, printing and troubleshooting. Prerequisite: Pass CS-140.

CS-260 Data Structures
4 credits, Spring
Continuation of CS-162. Includes linear, linked lists, trees, abstract data types, searching and sorting algorithms, and their analysis. Prerequisite: Pass CS-162.

CS-275 Database Design
3 credits, Winter
Focuses on design of a relational database management systems (RDMS). Topics will include database development using the a) requirement, b) design, c) implementation model, database theory from flat table design to relational systems, entity-relationship models, one-to-one, one-to-many, and many-to-many relationships, referential integrity, normalization of tables, database programming and querying with SQL, and database security. Although other platforms may be demonstrated, the majority of work will be done with MySQL Server. Prerequisites: Pass CS-120 or placement above CS-120 or equivalent experience. Required: 4GB or larger USB hard drive.

CS-276 Advanced SQL
4 credits, not offered every term
Focuses on design, development and implementation of SQL programming for all types of relational database applications including client/server and Internet databases. Learn to write complicated interactive and embedded SQL statements and learn the implications of multi-user database applications. Recommended: Two terms of programming language sequencing. Prerequisite: CS-275

CS-279W Windows Server Administration
4 credits, Spring
Managing a Microsoft Windows server network. Topics include: Network protocols, Active Directory, performance issues, managing web resources, security, and disaster recovery. Prerequisites: Pass CS-179 and CS-240W.

CS-280 Computer Science/CWE
3-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience provides supervised work experience to supplement the school experience from the academic classroom environment. Examples would be providing user support, work with computer applications or programming languages, install or manage PC computer systems, and developing websites. Can be repeated for up to 9 credits. Required: Instructor consent & a CWE seminar. Prerequisites: Pass BA-131, CS-140 and CS-150.

CS-284 Network Security
3 credits, Winter
Comprehensive overview of network security. Covers communication security, infrastructure security, cryptography, operations/organizational security, disaster recovery, business continuity, and computer forensics. Prerequisite: Pass CS-279W.

CS-288W Windows Network Administration
4 credits, Winter
Practices network administration and design using Windows Server and other operating systems. Topics include TCP/IP protocols and services such as v4 and IPv6 addressing, DHCP, DNS, routing, filtering, network protection, and remote access. Prerequisite: Pass CS-279W.

CS-289 Web Server Administration
4 credits, Spring
An introduction to Apache and Microsoft Internet Information Server. Covers installation, administration, securing, and troubleshooting, as well as the http, https, and ftp protocols. Prerequisites: Pass CS-240L and CS-240W.

CS-297N Network Capstone
4 credits, Spring
Affords students the opportunity to put all the discrete information learned from their program classes together towards the completion of an enterprise computer project.

CS-297W Website Capstone
3 credits, Spring
The capstone course for the web development AAS programs. Provides the opportunity to function in a production design environment, work cooperatively with students from other focus areas, and research emerging website technologies. Emphasis will be placed on client interaction, project teams, and accountability, as well as the development of a professional portfolio web site or completion of a research project in an emerging web-related technology. Prerequisites: Pass CS-195 and CS-133S; or pass CS-195 and CS-135I, or instructor consent.
CWE

Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Cooperative Work Experience

CWE-281 Cooperative Work Experience Seminar I
0 credit, Fall/Winter/Spring/Summer
The seminar provides an opportunity to develop the career management skills necessary to obtain and sustain employment. Prepares students for career success. Corequisite for program specific CWE courses.

CWE-282 Cooperative Work Experience Seminar II
0 credit, Fall/Winter/Spring/Summer
The seminar provides an opportunity to develop the career management skills necessary to advance a career. Uses case studies and special projects. Prerequisite: CWE-281. Corequisite for program specific CWE courses.

CWE-283 Cooperative Work Experience Seminar III
0 credit, Fall/Winter/Spring/Summer
Advanced seminar that provides an opportunity to conduct an independent study of the career management skills necessary to develop advanced skills in obtaining, sustaining, and advancing employment. Prerequisite: CWE-282. Corequisite for program specific CWE courses.

CWE-284 Cooperative Work Experience Seminar IV
0 credit, Fall/Winter/Spring/Summer
Applicable in a limited number of programs. Corequisite for program specific CWE courses.

Discipline-Specific Cooperative Work Experience Classes:

- Accounting ......................... BA-280
- Anthropology ....................... ANT-280
- Art ................................ ART-280
- Auto Body Refinishing ............. ABR-180
- Auto Collision Repair/Refinishing AB-280

DA

Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Dental Assistant

DA-101 Dental Radiology I
3 credits, Fall
Introduction to history and principles of dental radiology, terminology, basic physics associated with x-rays, biological effects of x-rays, anatomical landmarks, and infection control. Includes practical instruction in radiation health and safety, types of film and holders, darkroom processing, film mounting, use of x-ray equipment, infection control techniques, disposal of hazardous waste, and exposure techniques on x-ray manikins. Required: Instructor consent.

DA-102 Dental Radiology II
1 credit, Winter
Advanced principles of radiology techniques emphasizing extra-oral radiography, techniques for children, patients with special needs, occlusal examinations, identification of basic radiographic interpretation, medical health history and infection control. DANB clinical proficiency criteria will be followed to prepare for Oregon Clinical Radiographic Proficiency Exam. Students meeting radiographic competency on x-ray manikins will begin preparation for radiologic proficiency exam. Required: Instructor consent. Prerequisite: Pass DA-101 with a C or better.
**DA-104 Clinical Procedures I**
3 credits, Fall
Introduction and practice of basic chair-side assisting and general procedures which are taught in a dental lab setting. OSHA and Hazard Communication guidelines are practiced. Includes lectures and discussion of the dental professional, dental law, ethics, HIPAA, and patient records. Measuring and recording of vital signs are also covered. Required: Instructor consent.

**DA-105 Clinical Procedures II**
3 credits, Winter
Further knowledge of chair-side skills. Covers expanded function procedures. Introduces patient health education, oral hygiene instruction, fluoride treatment and plaque-related diseases, sealants, and coronal polishing. Prerequisite: Pass DA-104 with a C or better. Required: Instructor consent.

**DA-106 Clinical Procedures III**
2 credits, Spring
Introduction to basic procedures, tray set-up, and dental materials of dental specialties: pedodontic, orthodontic, periodontics, oral surgery, and endodontics. Continue to perfect EFDA skills. Preclinical instruction in amalgam and composite polishing will be taught. Prerequisite: Pass DA-105 with a C or better. Required: Instructor consent.

**DA-107 Dental Materials I**
3 credits, Fall
Introduction to physical and chemical properties of dental restorative materials and dental cements. Includes manipulation, storage and disposal of hazardous dental materials and dental cements. Amalgam and composite procedures are taught and practiced in a laboratory setting. Required: Instructor consent.

**DA-108 Dental Materials II**
2 credits, Winter
Introduction to properties, uses and manipulation of impression materials, gypsum products. Includes instrumentation and procedures for fixed and removable prosthodontics, and polishing of removable appliances. Overview of dental implants will also be covered. Fabrication of custom trays, bleaching trays, and provisional restoration will also be covered. Required: Instructor consent. Prerequisite: Pass DA-107 with a C or better.

**DA-109 Clinical Practicum I**
1 credit, Fall
Clinical practicum begins in the seventh week of first term. Apply basic dental assisting procedures taught in weeks one through six. All protocols are followed to allow for student and patient safety and protection. A minimum of eight supervised unpaid hours per week is required for term one practicum. Participate in two seminars held during the term. Required: Instructor consent.

**DA-110 Dental Science**
1 credit, Fall
Introduction to general physiology, head and neck anatomy, oral embryology and histology, identification of face and oral cavity landmarks will also be covered. Required: Instructor consent.

**DA-115 Dental Science**
1 credit, Fall

**DA-110 Clinical Practicum I**
1 credit, Fall
Clinical practicum begins in the seventh week of first term. Apply basic dental assisting procedures taught in weeks one through six. All protocols are followed to allow for student and patient safety and protection. A minimum of eight supervised unpaid hours per week is required for term one practicum. Participate in two seminars held during the term. Required: Instructor consent.

**DA-112 Clinical Practicum II**
5 credits, Winter
Supervised unpaid practice and improvement of clinical skills taught in clinical procedures, dental materials, and radiology. Covers advanced EFDA skills. Implement infection control protocols. Introduce basic business office procedures. Ten hours of community service will be required. Participate in three seminars during the term: orientation seminar, mid-term seminar, and concluding seminar. May not be challenged. Required: Instructor consent. Prerequisite: Pass DA-110 with a C or better.

**DA-113 Clinical Practicum III**
8 credits, Spring
Supervised unpaid practice and improvement of advanced clinical skills in all areas of chair side dental assisting, laboratory procedures, specialties, radiology and EFDA procedures. A minimum of forty-four hours performing business office procedures will be required. Responsible to meet ten hours of community service. Participate in three seminars during the term: orientation seminar, mid-term seminar, and concluding seminar. Prerequisite: Pass DA-120 with a C or better. Required: Instructor consent. Radiological proficiency examination will be administered in the first two weeks of this course. Students are to make prior arrangements with instructor to take their exam at CCC’s dental lab.

**DA-115 Dental Science**
1 credit, Fall
Introduction to pharmacology, uses, types, purpose, and composition of drugs used in dentistry. Medical emergency signs/symptoms, vital signs, emergency equipment, and protocol will also be covered. Required: Instructor consent.

**DA-115 Dental Science**
1 credit, Fall
Introduction to pharmacology, uses, types, purpose, and composition of drugs used in dentistry. Medical emergency signs/symptoms, vital signs, emergency equipment, and protocol will also be covered. Required: Instructor consent.

**DA-145 Dental Office Procedures**
2 credits, Spring
A specialized study of dental business office procedures associated with desk and dental office management responsibilities. Includes employment strategies. Prerequisite: Pass CS-120 with a C or better. Required: Instructor consent.
DMC
Digital Media Communications

DMC-100 Introduction to Media Arts
3 credit, Fall/Winter
Presents an overview of career opportunities in the media industry. Introduces basic principles common to success in the media industry, common media industry entrance strategies and the history of the industry from film to online media. In addition this course will cover basic theories behind what shapes and drives the media industry.

DMC-104 Digital Video Editing
4 credits, Fall/Winter/Spring
Students will utilize video editing skills. These skills will include logging and capturing raw video, assembly of shots on a time line, and the use of effects in the creation of a final video sequence. Along with text generation and video compositing, this course will offer students an in-depth overview of the video editing process. Course will explore the history of film editing and the theory behind various forms of film and video editing. Lab component included.

DMC-106 Animation & Motion Graphics I
3 credits, Fall/Winter
Introduction to the fundamentals of animation and motion graphics design. This project-based course will explore experimental and new technological approaches to creating digital effects and animation for video and web-based applications. Students will learn the basics of After Effects to create successful motion graphics projects. Recommended: ART-221, ART-225, ART-226, DMC-104.

DMC-107 Animation & Motion Graphics II
3 credits, Winter/Spring
This project-based course will explore intermediate aspects of experimental and new technological approaches to creating digital effects and animation for video and web-based applications. Students will learn intermediate aspects of After Effects to create successful motion graphics projects. Previous experience with computer graphics and digital video is recommended. Recommended: ART-221, ART-225, ART-226, DMC-104. Prerequisite: ART-106/DMC-106.

DMC-108 Animation & Motion Graphics III
3 credits, Spring
Continuation of the process of animation and motion graphics design. This project-based course will explore advanced aspects of experimental and new technological approaches to creating digital effects and animation for video and web-based applications. Previous experience with computer graphics and digital video is recommended. Students will learn advanced aspects of After Effects to create successful motion graphics projects. Recommended: ART-221, ART-225, ART-226, DMC-104. Prerequisite: ART-107/DMC-107.

DMC-109 Introduction to Stop Motion Animation
1 credit, not offered every term
Introduces basic stop motion animation tools, materials, techniques and elements of storyboarding, scripting, narrative development, compositing, special effect and audio integration into a final group film. Assignments include character development, rigging, set creation, photography, video compositing, and audio recording and synching. Uses digital cameras, Adobe After Effects and Photoshop, and Dragononframe stop motion. Recommended: DMC-106, ART-225.

DMC-146 Entertainment Law & New Media
3 credits, not offered every term
The basic elements of copyright law and licensing as it applies to artists, songwriters, composers, filmmakers, and New Media Artists. How to protect your intellectual property and benefit from your rights as a copyright owner.

DMC-147 Music, Sound & Moviemaking
1 credit, Fall/Winter/Spring
Presents the basic components of designing, shooting, recording, editing, and scoring movies as well as the history and theory that has led to the current moment of film production.

DMC-180 Digital Media Communications Internship
1-12 credits, Fall/Winter/Spring
The internship is an opportunity to develop entry level skills in a specific occupational area and to practice the basic career management skills necessary to obtain, sustain, and advance employment. A Training and Evaluation Plan is developed and managed in consultation with the student, internship supervisor, and faculty. Required: Instructor consent & a CWE seminar.

DMC-190 Digital Media Communications Portfolio Project I
1-4 credits, not offered every term
Provides students the opportunity to combine their skills, knowledge, and special interests in the planning, production, and presentation of an original finished product representative of any one of the focus areas included in the Digital Multimedia Communications Program.

DMC-191 Digital Media Communications Portfolio Project II
3 credits, Fall/Winter/Spring
Provides students the opportunity to combine their skills, knowledge, and special interests in the revision, refinement, and further development of an original finished product representative of any one of the focus areas included in the Digital Multimedia Communications Program, and to collaborate with peers in the process of integrating their work with one additional DMC focus area. Prerequisite: Pass DMC-190.
DMC-192 Digital Media Communications Portfolio Project III
4 credits, Fall/Winter/Spring
Provides students the opportunity to combine their skills, knowledge, and special interests in the production and production management of an original portfolio project that reflects full integration of DMC focus areas. Prerequisite: Pass DMC-191.

DMC-194 Introduction to Film
4 credits, not offered every term
Viewing, discussion, and analysis of films from a variety of eras and cultures. Students will learn to analyze a film beyond its surface meaning, drawing on film aesthetics, technology, history, and theory. The interpretive and critical thinking skills they develop can be applied to a variety of modern media. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

DMC-195 American Film
4 credits, not offered every term
The history and theory of American filmmaking from 1895 to the present. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

DMC-205 Directing for Film & Video
4 credits, Winter
Offers students interested in filmmaking the skills needed to successfully direct performances specifically for the screen. Lab component included. Prerequisite: Pass WR-121 or instructors consent.

DMC-222 Advanced 2D Animation: Design & Techniques
3 credits, not offered every spring
Covers advanced principles of animation using Adobe Flash and other software. The course will emphasize professional workflow and techniques of animation production for multimedia platforms. Prerequisites: Pass ART-221, equivalent experience, or instructor consent.

DMC-230 Documentary & Experimental Filmmaking
4 credits, not offered every term
Introduces the concepts and fundamentals of documentary and experimental filmmaking. This lecture/studio course will explore traditional and new technological approaches to creating digital documentaries and avant-garde film. Lab component included. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121; pass DMC-104 or previous experience with film studies and digital video.

DMC-242 Field Recording & Sound Design for Media
1 credit, not offered every term
Offers students interested in recording and sweetening audio for film an opportunity to work with student film crews during the shooting and editing process. Corequisite: DMC-265.

DMC-247 Music, Sound, & Moviemaking
3 credits, not offered every term
Introduction to music and sound as related to moviemaking. Students will have the opportunity to create and assemble music and sound for video into a finished product. Explores the basic components of commercial film/video production as they related to music and sound.

DMC-250 Motion Capture
4 credits, not offered every term
Introduction to the fundamentals of motion capture. This project-based course will prepare students to work in the field of motion capture. Students will plan and direct sessions as well as process data for maximum efficiency. Through this process students will learn how to create professional level, 3D-based motion capture driven projects that can be used in video game development and film. Students will learn the basics of Motion Builder to create successful motion capture projects. Recommended: Previous experience with motion graphics and 3D animation, DMC-205, DMC-104, DMC-107 or ART-107. Prerequisites: ART-106 or DMC-106, or instructor consent.

DMC-264 Digital Filmmaking
4 credits, Winter
Explores the process of translating a written script into a digital film via pre-production, shooting, and post-video production. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121 or instructor consent.

DMC-265 Advanced Digital Filmmaking
4 credits, Spring
This course applies filmmaking skills to the production of a short film from a written script. Lab component included. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass DMC-264 or instructor consent.

DMC-280 Digital Multimedia Communications/CWE
2-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Provides students with on-the-job work experience in the field of media studies. Required: Instructor consent & a CWE seminar.

DMC-295 Revolutionary Film
4 credits, not offered every term
Focuses on revolutionary styles of filmmaking from around the world that continue to have an effect on how movies are made today. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

DMC-296 Adaption: Literature into Film
4 credits, not offered every year
Explores the art of transforming literary text into films. Focuses on various literary genres such as the novel, the short story, the play, and the nonfiction event, and analyzes the process of adapting these stories. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

DMC-297 Portfolio Project II
4 credits, Fall/Winter/Spring
Provides students the opportunity to combine their skills, knowledge, and special interests in the production and production management of an original portfolio project that reflects full integration of DMC focus areas. Prerequisite: Pass DMC-191.

DMC-299 Portfolio Project III
4 credits, Fall/Winter/Spring
Provides students the opportunity to combine their skills, knowledge, and special interests in the production and production management of an original portfolio project that reflects full integration of DMC focus areas. Prerequisite: Pass DMC-191.

DMC-299S Portfolio Project III Seminar
1 credit, not offered every term
Continuation of work toward the completion of the Portfolio Project III. Seminar provides students with the opportunity to develop, present, and get feedback on projects. Completion of Portfolio Project II is a prerequisite.
EC  
Economics  
EC-200 Introduction to Economics  
4 credits, not offered every term  
General introduction to microeconomics as applied to individual decision-making units and to macroeconomics as applied to the operation of the economy as a whole. Course topics include economic decision making, economic systems, supply and demand models, price determination, elasticity, household income, business ownership, profit maximization, production functions and costs, and competition and market structures. Also includes goals and problems of the macro economy such as fiscal policy and budgets, the role of financial institutions, money creation, and monetary theory and policy. Recommended: Pass RD-090 or placement in RD-115.  

EC-201 Principles of Economics: MICRO  
4 credits, Fall/Winter/Spring  
Focuses on micro-economic theory dealing with the behavior of individuals and individual firms within different market structures. Covers concepts of competition, consumer decisions, the use price of economic resources, and international trade. Recommended: Pass RD-090 or placement in RD-115; pass MTH-095 with a C or better or placement in MTH-105 or MTH-111.  

EC-202 Principles of Economics: MACRO  
4 credits, Fall/Winter/Spring  
Introduction to economic theory, policy, and institutions. Focuses on macro-economic theory, scarcity, production, money, unemployment, inflation, and international finance. Recommended: Pass RD-090 or placement in RD-115; pass MTH-095 with a C or better or placement in MTH-105 or MTH-111.  

ECE Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.  

Early Childhood Education  
ECE-121 Observation & Guidance I in ECE Settings  
4 credits, Winter  
Course is designed to help students explore in depth observation of and recording techniques of children's development and learning and to examine various child guidance techniques for children from birth-3rd grade. Students will be provided with strategies to assist them in providing positive guidance to children in a variety of settings and situations.  

ECE-130 Introduction to Child Development Associate  
1 credit, not offered every term  
Designed to provide students with an overview of the requirements involved in obtaining a CDA (Child Development Associate) national credential, the purpose of which is to enhance the quality of early childhood care and education by defining, evaluating and recognizing the competence of child care practitioners in home or school-based settings.  

ECE-131 Physical Activity/Movement in ECE Programs  
1 credit, not offered every term  
Designed to help students explore the various ways that physical development and movement can be integrated in the “whole” curriculum. The purpose of the course is to guide early childhood educators to incorporate daily developmentally appropriate activity experience into this curriculum, which could have the potential to shape the lives of children in becoming physically active and healthy for life.  

ECE-132 Positive Child Guidance in ECE  
1 credit, not offered every term  
Designed to help students focus on discipline training techniques, with an emphasis on helping children think for themselves, while becoming more responsible and respectful. Participants receive assistance in understanding the goals behind misbehavior in children and attaining feelings of accomplishment in their work with children.  

ECE-133 Infant-Toddler Development  
1 credit, not offered every term  
Designed to help students understand the early stages of growth, including early brain development. Topics covered are the development of a warm, welcoming environment, daily routines and activities, responding to challenging behaviors and building the important relationship with families.  

ECE-134 Health & Safety Issues in ECE  
1 credit, not offered every term  
Designed to help participants promote children's physical and socio-emotional development by preventing health problems, responding to sick children and encouraging young children to develop good nutrition and other health and safety habits. Recognizing and reporting child abuse and neglect is included.  

ECE-135 Self-Esteem in the ECE Classroom  
1 credit, not offered every term  
Designed to help students focus on the feelings of love, self-worth, trust, competency, and even power that begin to form long before the child has the capacity to express them in words. Emphasis is on understanding the importance of facilitating children's feelings of self-esteem, while focusing on the nurturing needs of the children.  

ECE-136 Observing & Recording Children's Behavior  
1 credit, not offered every term  
Designed to assist early childhood care and education practitioners in constantly observing children. They will practice making objective, factual observations of children, which will then be used for assessment and planning purposes.
ECE-137 Developing the Classroom Environment  
1 credit, not offered every term  
Assists participants in organizing both the indoor and outdoor environments to encourage play and exploration. Topics include: arrangement equipment; planning and implementing a schedule that responds to the changing needs of children. This will include selecting materials that demonstrate respect for individual children's sex, family, language and cultural group.

ECE-138 Family-School Relationships  
1 credit, not offered every term  
Helps participants establish positive associations with families, including building trusting and supportive relationships. Children thrive when family members and program staff collaborate in the process of educating and caring for young children. Course work includes strategies for communicating with parents and creating an environment that welcomes families.

ECE-139 Program Management in ECE  
1 credit, not offered every term  
Focuses on planning and evaluating an early childhood program's specific goals (short and long term) for working with children and their families. Emphasis on administrative tasks such as meeting state and national standards and requirements, maintaining records, and striving for continuous improvement in program quality.

ECE-140 Preschool Development  
1 credit, not offered every term  
Helps participants explore how to develop “richer” learning environments, so there are more concrete opportunities for children to expand their learning during the preschool years. Included are all the developmental domains: physical, socio-emotional, cognitive and language/literacy.

ECE-141 Outdoors & Children's Learning  
1 credit, not offered every term  
Participants will develop ways to incorporate children's growth and learning in whatever outdoor environment is accessible, by integrating all curriculum areas: dramatic play, music and movement, art, science, math, etc.

ECE-142 Media, Technology & the Influences on Child Development  
1 credit, not offered every term  
Focuses on the implementation and influences of media and technology on the development of the young child. Emphasizes analysis of media and technology tools for effectiveness in supporting the development of young children.

ECE-143 Kindergarten Readiness  
1 credit, not offered every term  
Introduces core concepts of kindergarten readiness, including outcomes that are focused on Pre-K as well as strategies for children as they prepare for kindergarten.

ECE-144 Working with the Gifted Child  
1 credit, not offered every term  
Focuses on understanding the needs of the gifted young child and selecting strategies for supporting their development individually as well as in group settings.

ECE-145 Understanding Superhero Play in the Classroom  
1 credit, not offered every term  
Develops an understanding of superhero play in the development of young children and explores the role of adults in supporting and guiding their dramatic play. Emphasis will include how adults show children to use power wisely, understand the difference between real violence and pretend violence, settle conflicts without hurting anyone and act with compassion when others need help.

ECE-146 Language & Literacy Development  
3 credits, Winter  
Focuses on language and literacy development of children from birth–age 8. The research foundation and components of language and literacy development will be examined. Practical strategies for promoting optimal development will be emphasized.

ECE-147 Preschoolers & Loss: Divorce and Death  
1 credit, Fall  
Designed to help participants explore the profound effects that loss from divorce or death can have on young children. The effects of such loss are examined, including common developmental outcomes: social, emotional, cognitive, and physical. Strategies for supporting children and their families through such difficult times of separation are researched.

ECE-171 Developing the Classroom Environment  
1 credit, not offered every term  
Assists participants in organizing both the indoor and outdoor environments to encourage play and exploration. Topics include: arrangement equipment; planning and implementing a schedule that responds to the changing needs of children. This will include selecting materials that demonstrate respect for individual children's sex, family, language and cultural group.

ECE-172 Family-School Relationships  
1 credit, not offered every term  
Helps participants establish positive associations with families, including building trusting and supportive relationships. Children thrive when family members and program staff collaborate in the process of educating and caring for young children. Course work includes strategies for communicating with parents and creating an environment that welcomes families.

ECE-173 Program Management in ECE  
1 credit, not offered every term  
Focuses on planning and evaluating an early childhood program's specific goals (short and long term) for working with children and their families. Emphasis on administrative tasks such as meeting state and national standards and requirements, maintaining records, and striving for continuous improvement in program quality.

ECE-174 Preschool Development  
1 credit, not offered every term  
Helps participants explore how to develop “richer” learning environments, so there are more concrete opportunities for children to expand their learning during the preschool years. Included are all the developmental domains: physical, socio-emotional, cognitive and language/literacy.

ECE-175 Outdoors & Children's Learning  
1 credit, not offered every term  
Participants will develop ways to incorporate children's growth and learning in whatever outdoor environment is accessible, by integrating all curriculum areas: dramatic play, music and movement, art, science, math, etc.

ECE-176 Media, Technology & the Influences on Child Development  
1 credit, not offered every term  
Focuses on the implementation and influences of media and technology on the development of the young child. Emphasizes analysis of media and technology tools for effectiveness in supporting the development of young children.

ECE-177 Kindergarten Readiness  
1 credit, not offered every term  
Introduces core concepts of kindergarten readiness, including outcomes that are focused on Pre-K as well as strategies for children as they prepare for kindergarten.

ECE-178 Working with the Gifted Child  
1 credit, not offered every term  
Focuses on understanding the needs of the gifted young child and selecting strategies for supporting their development individually as well as in group settings.

ECE-179 Understanding Superhero Play in the Classroom  
1 credit, not offered every term  
Develops an understanding of superhero play in the development of young children and explores the role of adults in supporting and guiding their dramatic play. Emphasis will include how adults show children to use power wisely, understand the difference between real violence and pretend violence, settle conflicts without hurting anyone and act with compassion when others need help.

ECE-180 Language & Literacy Development  
3 credits, Winter  
Focuses on language and literacy development of children from birth–age 8. The research foundation and components of language and literacy development will be examined. Practical strategies for promoting optimal development will be emphasized.

ECE-181 Preschoolers & Loss: Divorce and Death  
1 credit, Fall  
Designed to help participants explore the profound effects that loss from divorce or death can have on young children. The effects of such loss are examined, including common developmental outcomes: social, emotional, cognitive, and physical. Strategies for supporting children and their families through such difficult times of separation are researched.

ECE-182 Developing the Classroom Environment  
1 credit, not offered every term  
Assists participants in organizing both the indoor and outdoor environments to encourage play and exploration. Topics include: arrangement equipment; planning and implementing a schedule that responds to the changing needs of children. This will include selecting materials that demonstrate respect for individual children's sex, family, language and cultural group.

ECE-183 Family-School Relationships  
1 credit, not offered every term  
Helps participants establish positive associations with families, including building trusting and supportive relationships. Children thrive when family members and program staff collaborate in the process of educating and caring for young children. Course work includes strategies for communicating with parents and creating an environment that welcomes families.

ECE-184 Program Management in ECE  
1 credit, not offered every term  
Focuses on planning and evaluating an early childhood program's specific goals (short and long term) for working with children and their families. Emphasis on administrative tasks such as meeting state and national standards and requirements, maintaining records, and striving for continuous improvement in program quality.

ECE-185 Preschool Development  
1 credit, not offered every term  
Helps participants explore how to develop “richer” learning environments, so there are more concrete opportunities for children to expand their learning during the preschool years. Included are all the developmental domains: physical, socio-emotional, cognitive and language/literacy.

ECE-186 Outdoors & Children's Learning  
1 credit, not offered every term  
Participants will develop ways to incorporate children's growth and learning in whatever outdoor environment is accessible, by integrating all curriculum areas: dramatic play, music and movement, art, science, math, etc.
ECE-209 Theory & Practicum
3 credits, Winter
Develops leadership potential through classroom discussion/field experience at the CCC on-site child care center. Students will gain experience and become oriented to various roles and responsibilities of the early childhood care and education practitioner; work with young children in an organized setting; assist with supervision of observation/assessment and guidance techniques.

ECE-221 Observation & Guidance II in ECE Settings
4 credits, Fall
Designed to help students explore in greater depth the observation and guidance of children from birth-3rd grade within the classroom environment. In this more advanced course, the student focuses on additional observation and guidance techniques for observing groups of children and addresses challenging behaviors and other issues within the early childhood environment. The practitioner’s role in using observation to promote his/her own development and to assist in the development of the children is explored in depth. Prerequisite: ECE-121.

ECE-235 Nutrition, Music & Movement
3 credits, Fall
Course focuses on factors that contribute to childhood obesity. Students explore current standards and evidence-based practices in nutrition education, movement and music in early childhood and explore ways to incorporate developmentally appropriate nutrition, music and movement education into the early childhood environment and curriculum.

ECE-239 Helping Children & Families Cope with Stress
3 credits, Spring
Focuses on stressors in society that can affect children and families including environmental stress, divorce and death. Effective strategies teachers can use to support children and families during times of stress are included.

ECE-240 Environments and Curriculum Planning I
3 credits, Winter
Focuses on an introduction of creating physical and social environments and curriculum for children six weeks to six years in home or center-based programs. Course covers theories and relationships between physical and social space, activities, experiences, and materials. Students are introduced to the use of developmentally and culturally appropriate practices in planning and selecting environments and curriculum for young children.

ECE-241 Environments & Curriculum Planning II
3 credits, Fall
Builds upon knowledge and skills learned in ECE-240: Environments & Curriculum Planning I. Emphasis is on application of research-based strategies to implement and evaluate early childhood environments and curriculum. Focus is on integrating content knowledge throughout all classroom activities. Prerequisites: ECE-240.

ECE-280 Early Childhood Education/CWE
3 credits, Spring
Provides students with on-the-job experience in the field of early childhood education. Students will work nine hours a week in pre-approved educational settings that serve children from six weeks old through age eight. Required: Instructor consent. Corequisite: CWE-281.

ECE-289 The Project Approach in Early Childhood Education
1 credit, Winter
Designed to help participants explore in depth The Project Approach methodology. They will become familiar with the steps involved in setting up this integrated approach to learning within their own classrooms, while acquiring knowledge on how this study method supports young children’s development in all domains: social, emotional, cognitive, physical, and language-literacy.

ED

Education

ED-100 Introduction to Education
3 credits, Fall/Winter/Spring/Summer
Examines career options and pathways in the field of education. Explores the history of and current issues impacting the American educational system. Provides an overview of diversity in educational settings and the characteristics of effective schools and teachers.

ED-113 Instructional Strategies in Reading and Language Arts
3 credits, Fall
Introduces skills and techniques applied in supplemental reading instruction with elementary age students. Includes reading for meaning using the four cueing systems: comprehension, strategies, developing sight/meaning, vocabulary, connecting reading/writing, understanding appropriate uses of graphophones.

ED-114 Instructional Strategies in Math & Science
3 credits, Spring
Introduces the development of math and science concepts and presents a systematic approach to math and science instruction for children from birth through age eight. Emphasis is on linking math and science instruction and assessment to content standards.
ED-130 Comprehensive Classroom Management
3 credits, Spring
Provides current theory and methodology for managing small and large groups of students so that students choose to be productively involved in instructional activities. Covers the four major factors or skill areas of effective classroom management: 1) understanding students’ personal/psychological and learning needs, 2) establishing positive adult-student and student-student relationships, 3) implementing instructional methods that facilitate optimal learning, and 4) using organizational and group management methods that maximize positive student behavior and learning.

ED-131 Instructional Strategies
3 credits, Fall
Focuses on the components of effective instruction. Students will design standards-based activities that integrate multiple content areas, address the instructional needs of diverse learners and include appropriate strategies for assessment.

ED-150 Creative Activities for Children
3 credits, Fall
Focus is on understanding and implementing developmental approach to creative activities for young children; involves hands-on experience with a variety of mediums including art, music, movement, and creative dramatics.

ED-169 Overview of Students with Special Needs
3 credits, Winter
Provides an introduction to the categories of disability described in the Individuals with Disabilities Act (IDEA). Topics include definitions under federal law, implications in school settings, and intervention strategies to meet student’s special needs. Focus in on children from birth through elementary grades.

ED-200 Foundations of Education
3 credits, Winter
Provides an overview of the American Educational System, including historical, legal and philosophical foundations. Students will explore the governance of local schools and districts and will consider the roles and ethical obligations of professional educators.

ED-229 Learning and Development
3 credits, Winter
Addresses theory regarding human development, intelligence, motivation, and the learning process. Students learn to apply strategies and techniques derived from these theories.

ED-235 Educational Technology
3 credits, Summer
Trains students in the preparation and use of media and technology in school settings. Students will develop an understanding of the role of media in learning and methods for incorporating media in instruction.

ED-246 School, Family and Community Relations
4 credits, Spring
Focuses on the knowledge and skills to work effectively with families and community professionals in early childhood education (6 weeks of age through 3rd grade). Emphasis is on building and maintaining positive relationships to foster cooperation and mutual respect between early childhood professionals and the families of the children with whom they are working. Prerequisites: Pass WR-095 or placement into WR-121, ECE-150.

ED-254 Instructional Strategies for Dual Language Learners
3 credits, Winter/Spring
Examines pedagogical and cultural approaches which lead to successful development of English language skills and content knowledge for children who speak a home language other than English. Focus is on children from birth through elementary grades. Prerequisites: Pass WR-095 or placement into WR-121, ECE-150.

ED-258 Multicultural Education
3 credits, Spring/Summer
Covers the philosophy, activities, and techniques appropriate to a culturally sensitive classroom for children from birth through post-secondary. Emphasis will be on understanding the impact of culture on individual perception and learning and group dynamics.

ED-270 Practicum I/CWE
4 credits, Fall
Focuses on field experience in a variety of classroom activities directly related to assisting and supervising children in school settings. Allows students to apply knowledge, methods, and skills gained from education courses. The seminar covers classroom experience, problem-solving techniques, and materials. Required: Instructor consent. Prerequisites: ECE-280 or ED-280.

ED-271 Practicum II/CWE
4 credits, Winter
Focuses on field experience for students in a variety of classroom activities paralleling duties regularly assigned to educators supervising children in school settings. This course allows students to apply knowledge, methods, and skills gained from education courses. The seminar covers classroom experience, best practices and assessment techniques. Required: Instructor consent. Prerequisite: ED-270.

ED-272 Practicum III/CWE
4 credits, Spring
Focuses on field experience for students in a variety of classroom activities, paralleling duties regularly assigned to educators supervising children in school settings. This course allows students to apply knowledge, methods, and skills gained from education course. The seminar covers continuing observation/assessment, assisting the teacher in implementing an integrated approach to curriculum with attention paid to special needs children. Required: Instructor consent. Prerequisite: ED-271.

ED-280 Practicum/CWE
2-6 credits, Fall/Winter/Spring
Supervised practicum in a school setting. Students will utilize and develop knowledge, skills and attitudes relevant to working in a school and with children. Required: Instructor consent and successful completion of or current enrollment in ED-100.
EET Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAO-T or AOT-Business.

Electronics Engineering Technology

Courses listed with the EET prefix are the main core classes for the Electronics Engineering Technology program. For additional information contact the Manufacturing department at 503-594-3318.

EET-112 Electronic Test Equipment & Soldering
3 credits, Fall
Provides basic understanding, operation and set-up of electronic test equipment. Students will set-up, operate, and make measurements using meters, function generator, digital storage oscilloscope and logic analyzer and solder to IPC 610A standards.

EET-127 Semiconductor Circuits I
4 credits, Spring
Introduction to the basic concepts of semiconductor devices and the fundamental principals of the device operation. Industry standard devices will be used. Prerequisite: EET-137.

EET-137 Electrical Fundamentals I
4 credits, Fall
Introduction to basic concepts of voltage, current, resistance and their relationships in DC circuits. Analysis of series, parallel and series-parallel circuits will be made using Ohm’s and Kirchhoff’s laws and DC Network theorems. Recommended: Completion of MTH-050 or higher.

EET-139 Principles of Troubleshooting I
2 credits, Winter
Emphasizes theories and practices useful in troubleshooting failures in any application. Focuses on the overall philosophy and strategy of troubleshooting, as opposed to detailed tactics of specific applications. Recommended: Completion of MFG-109 or MFG-209.

EET-141 Electrical Fundamentals II
4 credits, Winter
Introduction to basic concepts of source conversion and current sources. Network theorems, inductors, capacitors, magnets, and transient analysis of RC and RL circuits will also be covered. Prerequisite: EET-137.

EET-142 Electrical Fundamentals III
4 credits, Spring
AC circuits analysis, peak, average, RMS, and peak-to-peak voltages in relation to AC circuits. Power, energy, frequency, and transformers are covered. Prerequisite: EET-141.

EET-157 Digital Logic I
3 credits, Winter
Introduction to digital logic principles, numbering systems and conversions and gate operations. Using principles, circuit analysis will be used to minimize logic networks. Industry standard devices will be used. Recommended: Completion of EET-137 and MTH-050.

EET-215 Electromechanical Systems I
3 credits, Winter
This course emphasizes applied electromechanical principles. The theory and application of force, work, torque, energy and power transformers are explored. Covers motion control systems, basic relay circuits and sensors, stepper and servo motors and power transmission systems. Introductory mechanics area also covered, including simple machines and an introduction to static and dynamic forces. Required: Current enrollment in or successful completion of EET-137 or MFG-130.

EET-227 Semiconductor Circuits II
3 credits, Fall
Second in series concentrating on the application, design and circuit analysis of transistor amplifying and switching circuits. Industry standard devices will be used. Prerequisite: EET-127.

EET-230 Lasers and Fiber Optics
3 credits, Spring
This course focuses on basic theory and practice of laser and fiber optics. Students study optical fiber, optical components, testing and instrumentation, optical networks, etc. as well as general characteristics of lasers, laser excitation, semiconductor lasers, etc.

EET-239 Principles of Troubleshooting II
2 credits, Fall
Covers advanced applications of diagnosis, service, maintenance and repair of systems. Also includes preventative maintenance, applied statistical process control and RF power generation. Recommended: Completion of EET-139.

EET-250 Linear Circuits
3 credits, Winter
Introduction to the operation and functions of operational amplifiers and linear devices. Design and circuit analysis of op-amps, comparators, converters and special purpose linear devices. Industry standard devices will be used. Recommended: Completion of EET-127. Prerequisite: EET-137.

EET-252 Control Systems
3 credits, Winter
Covers basic control system and subsystems used in the electronics industry including programmable controllers, sensors, transducers, motion and motor control systems. Recommended: Completion of EET-157 and EET-127.

EET-254 Introduction to Microcontrollers
4 credits, Winter
Introduction to processor architecture and microcontrollers. Internal structure, registers, busses, control unit. Clock, machine and instruction cycling timing, interrupts and DMA. Instruction set, mnemonics, functions, and assembly language programming. Interfacing to external memory and I/O on-chip peripherals. Recommended: Completion of EET-257. Prerequisite: EET-157.

EET-257 Digital Logic II
4 credits, Spring
Bus systems and computer peripherals and systems using latches, registers, counters, and memory circuits are developed and analyzed. Prerequisite: EET-157.
EL

Study Skills
See also Reading (RD)

EL-085 Study Skills for Math
1 credit, not offered every term
Focuses on study strategies specific to math, including note taking; reading math textbooks; preparing for, taking, and analyzing math tests. Addresses math anxiety, memory techniques and effective habits for success in math. Corequisite: MTH-020.

EL-090 Applied Study Skills
3 credits, Fall/Winter
Emphasizes practical study skills for college students. Strategies for organizing study materials and time, remembering information, studying textbooks and taking lecture notes will be applied. Methods of preparing for tests, taking tests, and managing online course components such as Moodle are addressed. Prerequisites: Placement in RD-080.

EL-103 Taking Effective Notes
1 credit, not offered every term
Designed to help students develop effective note-taking skills. Several note-taking systems are introduced and practiced.

EL-111 College Study Skills
3 credits, Fall/Winter/Spring
Emphasizes time management, listening/note-taking, testing skills/anxiety, library resources, learning styles, study/reading textbooks, concentration. Prerequisite: Placement in RD-090.

EMT Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Emergency Medical Technology

EMT-101 EMT Part I
5 credits, Fall/Winter/Summer
Develops skills and training at the basic life support (BLS) level. Includes signs and symptoms of illness and injury, initial treatment, stabilization, and transportation. Focus on: airway management, and patient assessment. Required: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121, pass MTH-060 with a C or better or placement in MTH-065. Prerequisite: AHA CPR Healthcare Provider or equivalent.

EMT-102 EMT Part II
5 credits, Fall/Winter/Spring/Summer
Continuation of EMT-101. Focus on: medical and trauma emergencies, EMS operations, and special populations. Includes 16 hours of observational time in an emergency department and with an EMS unit. Prerequisite: Pass EMT-101.

EMT-105 Introduction to Emergency Medical Services
3 credits, Fall/Spring
Introduces the student to EMS. Examines the career path for paramedics. Explores structure and function of EMS systems. Includes roles and responsibilities, operations, medico-legal consideration, stress management, blood borne pathogens, and other Oregon specific content.

EMT-107 EMT Rescue
3 credits, Spring
Covers EMS operational areas including rescue practices, standard and rapid patient extrication, introduction to heavy extrication, control of rescue operations, scene safety, and more. Prerequisite: Pass EMT-101.

EMT-108 Emergency Response Patient Transportation
2 credits, Spring
Covers ambulance operations, laws, maintenance and safety, emergency response driving and route planning. Required credits for the CCC one-year EMT certificate program and for students transferring to two-year AAS-EMT program. Prerequisite: Pass EMT-101.

EMT-109 Emergency Response Communication/Documentation
2 credits, Spring
Covers principles of communication via verbal, written and electronic modes in the provision of EMS. Documentation of the elements of patient assessment, patient care and transport, communica-tion systems, radio types, reports, codes and correct techniques. Required credits for the CCC one-year EMT certificate program and for students transferring to two-year AAS-EMT program. Prerequisite: Pass EMT-101.

EMT-217 Basic EKG Interpretation I for EMTs
1 credit, not offered every term
Presents the student with an introductory overview related to the anatomy and physiology of the heart. It also explores normal electrical conduction as well as common variations as evidenced by changes in the waveform on the cardiac monitoring device. The course will also focus on the student’s ability to perform cardiac monitoring via 3, 5 and 12-lead monitoring devices.

EMT-218 Basic EKG Interpretation II for EMTs
1 credit, not offered every term
Builds upon the knowledge gained in EMT-217. The course will focus on the student’s ability to and recognize variations in the electrical conduction of the heart as evidenced by changes on the 12-lead EKG. The course will encompass the recognition and treatment modalities of sinus, atrial, junctional and ventricular rhythms as well as heart block. Recognition and treatment of electrical conduction problems related to ischemia, injury and drug/electrolyte imbalances will also be discussed.
**ENG English**

**ENG-100 Introduction to Literature: Literary Genres**
4 credits, Fall/Spring
Introduces students to literary genres: poetry, fiction, drama, essays, and non-fiction. May include graphic novels and electronic media. Course will explore literary elements, encourage personal and cultural reflection, incorporate literary theories, and provide models of close reading and written analysis. Recommended for students with no previous college coursework in literature. Recommended: Pass WR-095 or placement in WR-121, Pass RD-090 or placement in RD-115.

**ENG-104 Introduction to Literature: Fiction**
4 credits, Fall/Summer
An introduction to American and international short stories, with a focus on the fundamental elements of fiction. Also examines the historical, social, and cultural background and significance of fiction. Students engage in literary analysis, use literary terminology, and develop personal and scholarly responses to fiction. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in RD-121.

**ENG-105 Introduction to Literature: Drama**
4 credits, Winter
An introduction to American and international drama, emphasizing reading, appreciation, discussion, and literary analysis. Focuses on defining the genre and elements of drama, encouraging students’ personal reflections and cultural understanding, incorporating relevant literary theories, and practicing the close reading and analysis of dramatic works. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-106 Introduction to Literature: Poetry**
4 credits, Spring/Summer
Introduction to American and international poetry. Explores the fundamental elements of poetry and examines the historical, social, and cultural significance of various poems. Students engage in literary analysis, use literary terminology, and develop personal and scholarly responses to poetry. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-107 World Literature: Ancient**
4 credits, Fall
Literature of the ancient world: epic, lyric, and dramatic literature with an emphasis on Greek, Roman, Hebrew, Egyptian, and Hindu works. Through class discussion and written work, students practice close reading and literary interpretation, explore the readings’ contemporary relevance, and relate the readings to their own lives and the world. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-108 World Literature: Medieval through Enlightenment**
4 credits, Winter
Readings from the Middle Ages through the eighteenth century “Enlightenment” period emphasizing Cervantes, Dante, and Voltaire. Through class discussion and written work, students practice close reading and literary interpretation, explore the readings’ contemporary relevance, and relate the readings to their own lives and the world. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-109 World Literature: Romantic through Modern**
4 credits, Spring
Readings from the late eighteenth century “Romantic” period through modern times, ranging from Russia to Nigeria and Colombia. Through class discussion and written work, students practice close reading and literary interpretation, explore the readings’ contemporary relevance, and relate the readings to their own lives and the world. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-116 Introduction to Literature: Comics**
4 credits, Winter
Examines the intrinsic literary and artistic qualities of comics, as well as their connections to classic literature, and the literature and other art they have inspired. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-121 Mystery Fiction**
4 credits, Fall
Mystery novels and short stories by such writers as Poe, Doyle, Christie, Sayers, Chandler, and Grafton. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-130 Leadership in Literature**
4 credits, not offered every year
Examines the nature of leadership by analyzing characters who are leaders in major literary works. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-170 Introduction to Literary Criticism**
4 credits, Spring
Students will closely study famous literary texts through a variety of critical approaches such as Feminism, Psycho-analysis, Marxism, reader-response, and New Historicism.

**ENG-174 Introduction to Film**
4 credits, not offered every year
Viewing, discussion, and analysis of films from a variety of eras and cultures. Students will learn to analyze a film beyond its surface meaning, drawing on film aesthetics, technology, history, and theory. The interpretive and critical thinking skills they develop can be applied to a variety of modern media. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

**ENG-195 American Film**
4 credits, not offered every term
The history and theory of American filmmaking from 1895 to the present. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.
ENG-201 Shakespeare
4 credits, Fall
Selected comedies, histories, tragedies, romances, and poetry are covered. Students focus on reading and discussion, literary interpretation, and relating Shakespeare's work to their lives and the world. Works from ENG-201 will not be repeated in CCC's other Shakespeare course, ENG-202. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-202 Shakespeare
4 credits, Winter
Selected comedies, histories, tragedies, romances, and poetry. Students focus on reading and discussion, literary interpretation, and relating Shakespeare's work to their lives and the world. Works from the ENG-202 will not be repeated in CCC's other Shakespeare course, ENG-201. Study of significant plays and sonnets, covering a different selection of works than ENG-201. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-204 Survey of English Literature, Part 1
4 credits, not offered every term
Representative study of British literature, including major works, writers, and literary forms, from its beginnings through early eighteenth century. Readings from the Anglo-Saxon, Middle English, Renaissance, Earlier Seventeenth century, and Restoration periods. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-205 Survey of English Literature, Part 2
4 credits, not offered every term
Representative study of British literature, including major works, writers, and literary forms. Late eighteenth century through modern. Representative readings from the Romantic, Victorian and modern periods. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-214 The Graphic Memoir
4 credits, Winter
Explores memoirs and other works of creative non-fiction executed in the medium of comics. Prerequisites: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Recommended: Pass ENG-116.

ENG-217 Games and Literature
4 credits, not offered every term
Explores games as important narrative forms with strong ties to the literary, social, and historical times in which they are created. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-218 Arthurian Legends
4 credits, not offered every year
Origins and mystique of Arthurian legend from medieval to modern times. Examines issues of idealism, individualism, and spiritual renewal through discussion of knighthood, chivalry and the Holy Grail quest. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-225 Creative Nonfiction Literature
4 credits, not offered every year
Discussion and analysis of various types of creative nonfiction such as literary journalism, memoirs, nature or science writing, literary travel writing, and personal essays. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-230 Documentary & Experimental Filmmaking
4 credits, not offered every term
Introduction to the concepts and fundamentals of documentary and experimental filmmaking. This lecture/studio course will explore traditional and new technological approaches to creating digital documentaries and avant-garde film. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121; pass DMC-104 or previous experience with film studies and digital video.

ENG-250 Greco-Roman Mythology
4 credits, Fall
Analysis of the themes and structures of the myths of the ancient Greek and Roman cultures; study of the influence on the cultures that followed. Insight into the social, psychological, and aesthetic nature of mythology. Introduction to theoretical approaches to myth interpretation. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENG-251 Celtic Mythology
4 credits, Winter
Analysis of the themes and structures of the myths of the ancient Irish and Welsh cultures. Study of the Celtic legacy. Insight into the social, psychological, and aesthetic nature of mythology. Introduction to theoretical approaches to myth interpretation. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.
ENGR-252 Hindu Mythology  
4 credits, not offered every year  
Analysis of the themes and structures of the myths of ancient India and their contribution to culture, history, and literature. Insight into the social, psychological, and aesthetic nature of mythology. Introduction to theoretical approaches to myth interpretation. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-253 American Literature, Part 1  
4 credits, not offered every term  
American literature from the pre-colonial to nineteenth century, both major and lesser-known writers. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-254 American Literature, Part 2  
4 credits, not offered every term  
Representative readings from the mid-nineteenth century to twentieth centuries. Surveys the development of American fiction, nonfiction, poetry, and drama through the study of the works of both major and lesser-known writers. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-255 American Literature  
4 credits, not offered every year  
Focus on selected authors and works of modern American fiction, poetry, nonfiction, and drama. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-261 Literature of Science Fiction  
4 credits, not offered every year  
Introduction to science fiction in literature and film, exploring historical and contemporary themes. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-266 The Literature of War  
4 credits, not offered every year  
Fiction, poetry, nonfiction, and popular song lyrics dealing with the experience of war. Crane, Remarque, Trumbo, Heller, Vonnegut, Owen, Sassoon, and writers of the Vietnam War will be examined and discussed. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-280 English/CWE  
2-6 credits, Fall/Winter/Spring  
Cooperative work experience. Provides students with on-the-job experience in the field of English studies. Required: Instructor consent & a CWE seminar.

ENGR-295 Revolutionary Film  
4 credits, not offered every year  
Focuses on revolutionary styles of filmmaking from around the world that continue to have an effect on how movies are made today. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR-296 Adaption: Literature into Film  
4 credits, not offered every year  
Explores the art of transforming literary text into films. Focuses on various literary genres such as the novel, the short story, the play, and the nonfiction event, and analyzes the process of adapting these stories. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ENGR Engineering  

ENGR-102 Engineering Computation  
4 credits, Fall  
Disciplined approach to algorithm development, problem-solving methods, program design, data types, control structures, and subprograms. Uses C++. Prerequisites: Pass CS-120 or placement in CS-121; pass MTH-111 or placement in MTH-112, or 4 years high school math.

ENGR-111 Introduction to Engineering  
3 credits, Fall/Winter  
Introduction to basic ideas and tools of the engineering profession. Rudiments and methods of engineering analysis, design, and problem solving culminating in a design project. The class will cover all facets of design, including background research, requirement specification and prioritization, development, prototype construction, testing, and evaluation for future redesigns. Corequisite: Placement in MTH-112 or higher.

ENGR-112 Engineering Programming  
3 credits, Winter/Spring  
Introduction to basic scientific and engineering computing using MATLAB. Rudiments and methods of engineering analysis, design, and problem solving with computational tools. Emphasis on developing proficiency in writing functions and programs. Corequisite: Placement in MTH-112 or higher.

ENGR-115 Engineering Graphics  
3 credits, Spring  
Mechanical design automation software used to design parts and assemblies, design methods used to build, maintain and modify parts. Covers 2D documentation and isometric views cooperated with ASME standards. Includes real time shaded 3D modeling. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Co requisite: Placement in MTH-112 or higher.

ENGR-211 Statics  
4 credits, Winter  
First term of engineering mechanics sequence. Force analysis in structures and machines under various loading conditions. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Co-requisite: MTH-112 or higher.

ENGR-212 Dynamics  
4 credits, Winter  
Kinematics, kinetics, work-energy, and impulse-momentum relationships of engineering systems. Prerequisite: Pass ENGR-211 and PH-211.
ENGR-213 Strength of Materials
4 credits, Spring
The relation of externally applied loads and their internal effects on deformable bodies; such as columns, shafts, beams, and statically indeterminate structures or systems made up of such members. Prerequisite: Pass ENGR-211.

ENGR-221 Electrical Circuit Analysis
4 credits, Fall
Designed to give the student a thorough understanding of basic electrical circuit theory, this course covers voltage and current relationships and fundamental methods of circuit analysis. Electrical circuit parameters such as resistance, inductance, and capacitance will be examined through theory and laboratory experiments. Prerequisite: Pass ENGR-221.

ENGR-222 Electrical Circuit Analysis II
4 credits, Winter
Expands upon the techniques of circuit analysis begun in ENGR-221 through theory and laboratory experiments. The course covers the time response of first- and second-order circuits, the steady-state circuit behavior of circuits driven by sinusoidal sources, and the use of Laplace transforms to analyze the transient and steady-state behavior for a number of signal types. Prerequisites: Pass ENGR-221.

ENGR-223 Electrical Circuit Analysis III
4 credits, not offered every term
Final course in the electrical circuits' sequence. The main emphasis of the course are frequency response of circuits, the design and analysis of filters, A/C steady state circuits with Laplace transform analysis, three-phase power, and two-port networks. The laboratory portion of the course will consist of one project involving significant design and analysis. Prerequisites: Pass ENGR-222.

ENGR-226 Plane Surveying and Mapping
4 credits, not offered every term
An introduction to the concepts of plane surveying, including the use of tape, level, transit, electronic total station (ETS), and horizontal/vertical control networks. Covers network calculations and adjustments, angles and bearings, and topographic surveying and mapping. Prerequisite: Pass MTH-111.

ENGR-231 Properties of Materials
4 credits, not offered every term
An introduction to materials science, a field that describes the behavior of materials by utilizing principles of chemistry and physics to engineer new materials and predict their resultant properties. The course will focus on describing the microscopic physical and chemical structure of materials and relating that structure to the macroscopic thermal, electrical, and mechanical properties. The course will also cover the connection between atomic/crystal structure and materials processing. Prerequisite: Pass CH-221.

ENGR-231 Properties of Materials
3 credits, not offered every term
Develops fluency in speaking and listening in the contexts of school, work, family and community. Prepares students for success in discussions, interviews, conferences, presentations, and academic note taking. Required: Instructor consent.

ENL Courses with this prefix may transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Energy & Utility Resource Management
ERM

ERM-100 Introduction to Utility Industry & Career Options
3 credits, Fall
Through research, students will discover and report on career options in the energy and utility resource industries. Prerequisite: Pass ERM-121 with a C or better. Corequisites: ERM-107, ERM-109. Required: Instructor consent.

ERM-101 History of Energy Industry in the Pacific Northwest
3 credits, Winter
Examine the history, development and segmentation of the energy industry in the Northwest. Research and report on the effects of regional energy policies and how they affect specific segments of the energy industry. Prerequisite: Pass ERM-100 with a C or better. Corequisite: ERM-102. Required: Instructor consent.

ERM-102 Electricity Fundamentals in the Utility Industry
3 credits, Winter
Focus on generation sources of electricity, transmission and final delivery to the consumer. Examine basic principles of alternating and direct current as it affects electrical flow. Research and report on strategies/components of the electrical industry. Prerequisite: Pass ERM-100 with a C or better. Corequisite: ERM-101. Required: Instructor consent.
ERM-103 Fossil Fuels in the Utility Industry
3 credits, Spring
Examine various methods for generating electricity, and power distribution throughout the Northwest. Coal, natural gas, nuclear, hydro, diesel powered plants, and the path to emerging technologies such as wind, solar, geothermal and wave energy resources. Prerequisites: ERM-101 and ERM-102 with a C or better. Required: Instructor consent.

ERM-107 Career Portfolio
4 credits, Fall
Develop and customize a professional portfolio to record the application of knowledge and skills which may relate to students targeted career field. Portfolio consists of resume, reference letters, work samples, narrative and certifications. Prerequisites: Pass ERM-121 with a C or better or instructor consent. Corequisites: ERM-100, ERM-109 or instructor consent.

ERM-109 Career Interview Strategies
1 credit, Fall
Explore various career options and pathways, and develop industry contacts. Practice interviewing skills and techniques. Prerequisites: Pass ERM-121 with a C or better. Corequisites: ERM-100 and ERM-107. Required: Instructor consent.

ERM-110 OSHA 10 Training
1 credit, Fall
Discover principles and concepts that govern safe work practices in the utility industry. Focus is on safety awareness and application of safe working habits. Required: Instructor consent.

ERM-111 Flagging--Work Zone Protection
1 credit, Fall
The primary function of temporary traffic control is to provide safe and efficient movement of road users through or around work zones while protecting workers and emergency response personnel. Flagger training requires a course of instruction in the following topics: Fundamental Principles, The Four Parts of Temporary Traffic Control Zones, Main Traffic Control Devices, Location/Spacing of Devices and Flagging Principles. Students must be 18 or older to register. Required: Instructor consent.

ERM-121 Orientation to the Utility Industry
1 credit, Fall/Spring/Summer
Designed to help students develop an understanding of basic electricity and utility systems; from electromagnetism, generation, transmission, distribution and its end use in homes and work place. This class is for students with little or no previous knowledge of electricity. It covers basic electricity fundamentals in a non-technical way, incorporating group processes, hands-on activities, and problem-solving exercises, videos and slides. Prerequisite: Pass RD-090 with a C or better or placement in RD-115, pass MTH-060 with a C or better or placement in MTH-065, pass WR-095 with a C or better or placement in WR-121, and pass CS-090 with a C or better or placement in CS-120. Required: Instructor consent.

ERM-127 Utilities in the Northwest
3 credits, Fall
Examine various methods for generating electricity, and power distribution throughout the Northwest. Coal, natural gas, nuclear, hydro, diesel powered plants, and the path to emerging technologies such as wind, solar, geothermal and wave energy resources. Prerequisites: ERM-101 and ERM-102 with a C or better. Required: Instructor consent.

ERM-161 Utility Industry Safety Development
4 credits, Fall
Explore diverse applications of safety and performance in the workplace. Personal safety, work zone protection, dealing with chemicals and use of MSD sheets, vehicle inspection and safety, competent work practices that ensure both safety on the job and proven work performance. Prerequisite: Pass ERM-160 with a C or better. Required: Instructor consent.

ERM-162 Groundworker Training
3 credits, Winter
Prepares the student for basic Groundworker responsibilities. This course provides the training, field competency, and documentation to become qualified to assume duties of a bid Groundworker. Prerequisite: Pass ERM-161 with a C or better. Required: Instructor consent.

ERM-163 Initial Pole Climbing
4 credits, Winter
Focus is on safety, proper equipment and various job functions. The students will practice and perform pole top rescue and test out doing different performances on the pole at four, ten, sixteen, twenty-five, and thirty-five feet. All climbing is done in full fall restraint at all times. Prerequisite: Pass ERM-162 with a C or better. Required: Instructor consent.

ERM-201 Energy Applications I: Renewable Energy Resources
4 credits, Fall
Access and interpret the current and potential applications of renewable energy resources throughout the energy and resource industries. This includes renewable energy impacts on generation, transmission, distribution, transportation, and end-use in buildings (homes, office and manufacturing process). The perspectives covered include energy policy (politics), economics (cost/benefit) and technology (physical potential/limits). Prerequisite: Pass ERM-103 with a C or better. Required: Instructor consent.
ERM-202 Energy Applications II: Leadership
4 credits, Winter
Explore the concepts of leadership and management for energy industry segments of generation, transmission, and distribution operations. Develop an understanding of management and leadership strategies to expand application and resources to deal with the major issues facing energy and resource industries. Prerequisite: Pass ERM-201 with a C or better. Required: Instructor consent.

ERM-203 Energy Applications III: Energy Issues
4 credits, Spring
Energy seminar: Each student will develop an individual course plan (approved by the instructor) to survey and do original research and interviews, and report on a selected current energy application. The report and verbal presentation is the capstone of knowledge and skills covered by the ERM series (100 through 200 levels) and will be communicated in a written report (peer reviewed), as well as a formal student presentation to a panel of industry and academic experts. Reports and presentations may define internship projects. Prerequisite: Pass ERM-202 with a C or better. Required: Instructor consent.

3 credits, CWE
Cooperative work experience. Emphasis on work-based learning experience in the utility industry. Coordination of instruction and evaluation of student job performance will be provided by college faculty in conjunction with the student’s employer/supervisor. Prerequisites: Pass ERM-107 and ERM-109 with a C or better. Required: Instructor consent & CWE seminar.

ESH Courses with this prefix may not transfer with to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Environmental Safety & Health
ESH-100 Environmental Regulations
3 credits, Fall/Winter/Spring
An overview of environmental regulations as they pertain to industry, agriculture, schools and the general public. Major points of environmental law, federal and state regulatory statutes and regulations, and the agencies responsible for their enforcement. Prerequisite: Pass ERM-202 with a C or better. Required: Instructor consent.

ESH-101 Hazardous Waste Management
2 credits, Fall/Winter/Spring
DEQ authorized class. This class offers ways to reduce, identify, store, and dispose of hazardous waste in Oregon. Certificate available from DEQ.

ESL Courses with this prefix will not transfer to a four-year institution. Courses are intended for ESL students.

English as a Second Language
ESL-001 Planning for Your Future
0 credit, Fall/Winter/Spring/Summer
This course is designed for new students in the ESL program at CCC. Students receive information about their test results, classes offered, departmental and college policies, college services available, campus facilities, student responsibilities, and community resources. Required: Instructor consent.

ESL-010 ESL Tutoring (Literacy)
0 credit, Fall/Winter/Spring/Summer
Adult students meet one-on-one or in a small group with a tutor to focus on specific learning needs. Sessions are held in various public places throughout Clackamas County, such as libraries, schools, churches, and the college campuses and outreach sites. Tutors help to set student goals and a plan of learning. This class is a supplement to other ESL, ABE, or GED classes. Required: Instructor consent.

ESL-012 Assess/Evaluate New Students
0 credit, Fall/Winter/Spring/Summer
New students in the ESL program receive information about classes offered, departmental and college policies, college services available, campus facilities, student responsibilities, and community resources. Students are tested to determine language levels and class placement. Required: Instructor consent.

ESL-019 Educational Planning for Returning Students
0 credit, Fall/Winter/Spring/Summer
For returning students in the ESL program at CCC. Students meet with their instructors to review progress, revisit goals, register for classes, and learn how to transition to other educational and training opportunities at the college and in other community programs. Required: Instructor consent.

ESL-022 Beginning ESL
0 credit, Fall/Winter/Spring/Summer
Introduces the language necessary to function in day-to-day American society at the beginning level; listening, speaking, reading, and writing are taught in the contexts of work, family, and community. Required: Instructor consent.

ESL-033 Intermediate Conversation
0 credit, Fall/Winter/Spring/Summer
Intermediate-level students study and practice speaking and listening to improve their fluency in English for living and working situations. Required: Instructor consent.
ESL-034 Upper Intermediate Conversation
0 credit, not offered every term
This course is for upper-intermediate non-native speakers of English who want to study and practice speaking and listening to improve their fluency in English for living and working situations. Emphasis will be on developing conversational skills as needed for success in meeting personal, educational, family, and workplace goals. Required: Instructor consent.

ESL-035 Advanced Communication Skills
0 credit, not offered every term
This course is designed to help advanced non-native speakers of English gain fluency in speaking and listening in the contexts of school, work, family and community. Prepares students for success in discussions, interviews, conferences, presentations, and academic note taking. Required: Instructor consent.

ESL-040 Beginning Grammar
0 credit, Fall/Winter/Spring/Summer
Class will present and practice the simple present tense of the verb “to be,” nouns, descriptive and possessive adjectives, prepositions of place and time, and simple sentence structures in written and spoken English. Required: Instructor consent.

ESL-041 Upper Beginning Grammar
0 credit, Fall/Winter/Spring/Summer
Class will present and practice verb tenses (simple present, simple past, and present progressive), adverbs of frequency, articles, and nouns in written and spoken English. Required: Instructor consent.

ESL-042 Intermediate Grammar A
0 credit, not offered every term
Part A of a two-part series. Present and practice the formation and use of the simple present and present progressive with a focus on non-action verbs and extended time, past simple, past progressive, used to, the future, and wh-questions in written and spoken English. Required: Instructor consent.

ESL-043 Intermediate Grammar B
0 credit, not offered every term
Part B of a two-part series. Present and practice present perfect with time expressions and adverbs of frequency, modals of ability, permission and advice, and comparative and superlative adjectives in written and spoken English. Required: Instructor consent.

ESL-044 Upper Intermediate Grammar A
0 credit, not offered every term
Part A of a two-part series of classes designed to help upper-intermediate ESL students gain knowledge and proficiency in the use of verb forms that frequently occur together, gerunds, infinitives, and causative verbs. Required: Instructor consent.

ESL-045 Upper Intermediate Grammar B
0 credit, not offered every term

ESL-046 Advanced Grammar A
0 credit, not offered every term
Part A of a two-part series. Present and practice adverb clauses, discourse connectors, reported speech, and noun clauses in written and spoken English. Required: Instructor consent.

ESL-047 Advanced Grammar B
0 credit, not offered every term

ESL-048 Beginning Reading and Writing
0 credit, Fall/Winter/Spring/Summer
Designed to teach beginning-level students who have limited knowledge of written English. Students will practice alphabet recognition, read and write short sentences, study new vocabulary, read short paragraphs, and gain reading and scanning skills to use in everyday life and in the workplace. Required: Instructor consent.

ESL-049 Upper Intermediate Reading and Writing
0 credit, Fall/Winter/Spring/Summer
For upper-intermediate level ESL students who read and write at the sentence level. Students read short texts in order to improve reading skills, write a variety of sentences and put related sentences in paragraph form. Required: Instructor consent.

ESL-050 Upper Beginning Reading and Writing
0 credit, Fall/Winter/Spring/Summer
For upper-beginning level ESL students who read at the sentence level. Students read short texts in order to improve reading skills. Required: Instructor consent.

ESL-051 Upper Beginning Reading
0 credit, not offered every term
For upper-beginning level ESL students who write at the sentence level. Students will write a variety of sentences and put related sentences in paragraph form. Required: Instructor consent.

ESL-052 Upper Beginning Writing
0 credit, not offered every term
Designed for upper-beginning level ESL students who are ready to begin writing at the paragraph level. The major purpose of the course is to improve the student’s reading and writing skills as needed for more advanced ESL and college courses, in the workplace, and in everyday life. Required: Instructor consent.

ESL-053 Intermediate Reading/Writing
0 credit, Fall/Winter/Spring/Summer
Designed for intermediate level ESL student who is ready to begin writing at the paragraph level. Students read short texts in order to improve reading skills. Required: Instructor consent.

ESL-054 Upper Intermediate Reading/Writing
0 credit, Fall/Winter/Spring/Summer
Upper-intermediate students will practice reading and writing skills needed to succeed in college, the workplace, and everyday life. Introduction to multiple paragraph essays. Required: Instructor consent.

ESL-055 Advanced Reading/Writing
0 credit, not offered every term
Advanced students practice reading, writing, and editing skills useful in both academic and workplace contexts. Students generally take this course for more than one term in order to satisfy all requirements. Required: Instructor consent.
COURSE DESCRIPTIONS

ESL-056 Intermediate Reading
0 credit, not offered every term
For intermediate-level ESL students who read at the paragraph level. Introduction to strategies for improving reading skills as needed for more advanced ESL and college courses, in the workplace, and in everyday life. Required: Instructor consent.

ESL-057 Intermediate Writing
0 credit, not offered every term
For intermediate-level ESL students who are ready to begin writing at the paragraph level. Strategies for improving writing skills as needed for more advanced ESL and college courses, in the workplace, and in everyday life. Required: Instructor consent.

ESL-058 Upper Intermediate Reading
0 credit, not offered every term
For upper-intermediate level ESL students who read beyond the paragraph level. Development of the reading skills needed to succeed in college and in everyday life. Required: Instructor consent.

ESL-059 Upper Intermediate Writing
0 credit, not offered every term
For the upper-intermediate level ESL student to develop the writing skills needed to succeed in college and in everyday life. Introduction to multiple paragraph essays. Required: Instructor consent.

ESL-060 Pronunciation A
0 credit, not offered every term
For intermediate or higher-level ESL students who want to sound more natural when speaking English. Focuses on increasing awareness of the sounds of American English, improving intelligibility, and producing speech more fluently. Required: Instructor consent.

ESL-061 Pronunciation B
0 credit, not offered every term
For ESL students at the intermediate-level or higher who want to sound more natural when speaking English. Activities will focus on increasing student awareness of the sounds of American English, improving intelligibility, and producing speech more fluently. Required: Instructor consent.

ESL-062 Idioms & Conversation A
0 credit, not offered every term
This course is Part A of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-063 Idioms & Conversation B
0 credit, not offered every term
This course is Part B of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-064 Idioms & Conversation A
0 credit, not offered every term
This course is Part A of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-065 Idioms & Conversation B
0 credit, not offered every term
This course is Part B of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-066 Idioms & Conversation A
0 credit, not offered every term
This course is Part A of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-067 Idioms & Conversation B
0 credit, not offered every term
This course is Part B of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-068 Idioms & Conversation A
0 credit, not offered every term
This course is Part A of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-069 Idioms & Conversation B
0 credit, not offered every term
This course is Part B of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

ESL-070 Computer Lab
0 credit, Fall/Winter/Spring/Summer
Provides opportunities to improve English language skills by using language learning software and Internet websites. Required: Instructor consent.

ESL-071 ESL Skills Lab
0 credit, Fall/Winter/Spring/Summer
Students improve their language skills using language learning software on the computer. Required: Instructor consent.

ESL-072 ESL Study Skills
0 credit, not offered every term
Students work independently to improve their English language skills as they complete assignments or projects from other classes. Required: Instructor consent.

ESL-073 ESL Study Skills
0 credit, not offered every term
Students work independently to improve their English language skills as they complete assignments or projects from other classes. Required: Instructor consent.

ESL-074 ESL Study Skills
0 credit, not offered every term
Students work independently to improve their English language skills as they complete assignments or projects from other classes. Required: Instructor consent.

ESL-075 ESL Study Skills
0 credit, not offered every term
Students work independently to improve their English language skills as they complete assignments or projects from other classes. Required: Instructor consent.

ESL-076 Multi-Level ESL
0 credit, not offered every term
Introduces the language necessary to function in day-to-day American society at multiple levels. Speaking, listening, grammar, reading, and writing are taught in the contexts of work, family, and community. Instruction will be tailored to individual students’ skill levels in the different skill areas addressed. Required: Instructor consent.

ESL-077 Multi-Level ESL
0 credit, not offered every term
Introduces the language necessary to function in day-to-day American society at multiple levels. Speaking, listening, grammar, reading, and writing are taught in the contexts of work, family, and community. Instruction will be tailored to individual students’ skill levels in the different skill areas addressed. Required: Instructor consent.

ESL-078 Multi-Level ESL
0 credit, not offered every term
Introduces the language necessary to function in day-to-day American society at multiple levels. Speaking, listening, grammar, reading, and writing are taught in the contexts of work, family, and community. Instruction will be tailored to individual students’ skill levels in the different skill areas addressed. Required: Instructor consent.

ESL-079 Multi-Level ESL
0 credit, not offered every term
Introduces the language necessary to function in day-to-day American society at multiple levels. Speaking, listening, grammar, reading, and writing are taught in the contexts of work, family, and community. Instruction will be tailored to individual students’ skill levels in the different skill areas addressed. Required: Instructor consent.

ESL-080 Multi-Level ESL
0 credit, not offered every term
Introduces the language necessary to function in day-to-day American society at multiple levels. Speaking, listening, grammar, reading, and writing are taught in the contexts of work, family, and community. Instruction will be tailored to individual students’ skill levels in the different skill areas addressed. Required: Instructor consent.

ESL-081 Bridge to Computers
0 credit, not offered every term
This course introduces computer skills for intermediate and higher non-native speakers of English. Course includes an overview of computer components and terminology and an introduction to applications such as word processing, Internet, e-mail, presentation, and other software. English reading, writing, speaking, and listening skills are developed through a variety of computer projects and interactive classroom work. Required: Instructor consent.

ESL-082 Spelling
0 credit, not offered every term
This course will present and provide opportunities to practice English spelling patterns and rules and will individualize instruction to address spelling challenges. Required: Instructor consent.

ESL-083 Vocabulary Building A
0 credit, not offered every term
Part A of a two-part series of classes in which upper-intermediate and advanced level students will develop their passive and active vocabularies through numerous exposures to selected words from the General Service List and from the Academic Word List, and will develop their vocabulary acquisition skills. Required: Instructor consent.

ESL-084 Vocabulary Building B
0 credit, not offered every term
Part B of a two-part series of classes in which upper-intermediate and advanced level students will develop their passive and active vocabularies through numerous exposures to selected words from the General Service List and from the Academic Word List, and will develop their vocabulary acquisition skills. Required: Instructor consent.
ELE-086 Editing B
0 credit, not offered every term
Upper-intermediate and higher-level ESL students will improve their writing through editing. Required: Instructor consent.

ELE-087 Editing for Better Writing
0 credit, Fall/Winter/Spring/Summer
Upper-intermediate and higher-level ESL students will improve their writing through editing. They will also engage in extended reading which will provide a context for writing. Required: Instructor consent.

ESR
Environmental Science
ESR-171 Environmental Science
4 credits, Fall
A lab science course introducing environmental science issues, the scientific method, systems and feedback, biogeochemical cycles, human population growth, communities and ecosystems, productivity and energy flow, world food supply, environmental effects of agriculture, and endangered species. Recommended: Pass MTH-060 with a C or better or placement in MTH-065; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ESR-172 Environmental Science
4 credits, Winter
Introduction to planning of parks and preserves, the scientific method, energy principles, fossil fuel recovery and use, renewable energy sources, nuclear energy, environmental toxicology, air pollution, indoor air pollution, ozone depletion, and climate change. Recommended: Pass MTH-060 with a C or better or placement in MTH-065; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

ESR-173 Environmental Science
4 credits, Spring
Introduction to minerals and the environment, the scientific method, environmental economics, waste management, biological diversity and invasive species, ecological succession and restoration, water management, water pollution, urban environments and environmental sustainability. Recommended: Pass MTH-060 with a C or better or placement in MTH-065; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

EST
Courses with this prefix may not transfer to a four-year institution.

Employment Skills Training

EST-180 Employment Skills Internship
1-12 credits
Fall/Winter/Spring/Summer
Develop entry level skills in a specific occupation and practice the career management skills necessary to obtain, sustain, and advance employment. A comprehensive employment plan is developed with a focus on a career path.

FN
Food & Nutrition

FN-110 Personal Nutrition
3 credits, Fall/Winter/Spring/Summer
How nutrition affects health and fitness for the individual and the family. Analysis of present diet and methods to improve food preparation and habits. Basic nutrition course for student with little or no science background.

FN-225 Nutrition
4 credits, Fall/Winter/Spring/Summer
The role of nutrients in the development and maintenance of a healthy body. Students utilize computer aided analysis of own diet for nutritional adequacy. Examines current nutrition controversies. Strong background in life sciences recommended.

FR
French

FR-101 First-Year French I
4 credits, Fall
First term of a three-term foundational, multimedia course in beginning French designed to give the student a fundamental knowledge of pronunciation and intonation, structure and syntax as well as comprehension skills sufficient for basic communicative proficiency in the language. Student learning is assessed by means of oral interviews, written tests, written homework and classroom participation. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

FR-102 First-Year French II
4 credits, Winter
Second term of a three-term foundational, multimedia course in beginning French designed to give the student a fundamental knowledge of pronunciation and intonation, structure and syntax as well as comprehension skills sufficient for basic communicative proficiency in the language. Student learning is assessed by means of oral interviews, written tests, written homework and classroom participation. Prerequisite: Pass FR-101 or instructor consent.

FR-103 First-Year French III
4 credits, Spring
Third term of a three-term foundational, multimedia course in beginning French designed to give the student a fundamental knowledge of pronunciation and intonation, structure and syntax as well as comprehension skills sufficient for basic communicative proficiency in the language. Student learning is assessed by means of oral interviews, written tests, written homework and classroom participation. Prerequisite: Pass FR-102 or instructor consent.

FR-201 Second-Year French I
4 credits, Fall
The second year of academic French expands on first-year French in the review of grammar and in the cultural reading material. Communication skills are emphasized stressing oral proficiency. Prerequisite: Pass FR-103 or instructor consent.

Visit Clackamas Community College on the web at www.clackamas.edu
FRP

Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

FRP-130 Introduction to Wildland Firefighting (S-130/S-190)
3 credits, Fall/Winter/Spring
NWCG S-130 and S-190 certified. Introduces students to wildland fire behavior and the skills necessary to fight wildland fires under close supervision. No firefighting experience required.

FRP-131 Advanced Firefighter Training (S-131)
1 credit, not offered every term
NWCG S-131 and S-133 certified. For firefighters who wish to become qualified in the first level of supervision, Advanced Firefighter/Squad Boss, being a first responder to initial fire attack. As a portion of this course, S-133 (Look Up, Look Down, Look All Around) material is covered. Prerequisite: Pass FRP-130 (S-130).

FRP-130 Introduction to Wildland Firefighting
1 credit, not offered every term
NWCG S-131 and S-133 certified. For firefighters who wish to become qualified in the first level of supervision, Advanced Firefighter/Squad Boss, being a first responder to initial fire attack. As a portion of this course, S-133 (Look Up, Look Down, Look All Around) material is covered. Prerequisite: Pass FRP-130 (S-130).

FRP-180 Wildland Fire/CWE
3 or 6 credits
Fall/Winter/Spring/Summer
Work-based learning experience in a wildland firefighting capacity meeting requirements as set forth in the wildland firefighting task book. Prerequisite: Pass FRP-130. Required: Current enrollment in or successful completion of FRP-107; Instructor consent.

FRP-200 Basic Incident Command System (I-200)
1 credit, not offered every term
NWCG I-200 certified. Introduces the student to principles associated with the Incident Command System (ICS) covering organization, facilities, resource terminology and common responsibilities associated with incident assignments.

FRP-201 Advanced Forest Management
3 credits, not offered every term
Discuss and explore forest management concepts and principles through classroom lecture and field trips including forest policy development and the current federal and state laws; forest ecosystem management principles and activities; wildlife, watershed and recreation values and conflicts; and compare forest management on federal, state and private lands. Prerequisites: FRP-101, FRP-102.

FRP-102 Basic Forest Management Lab
1 credit, not offered every term
Provides through lab exercises in a forest setting experience in using forest management field equipment discussed in FRP-101; includes use of diameter tape, loggers tape, compass, clinometer, increment borer and wedge prism to measure tree height, diameter, tree age, diameter increment and basal area; and use of fixed plot and variable plot forest sampling methods to gather data necessary to calculate stocking, volume and growth. Corequisite: FRP-101.

FRP-107 Wildland Fire Career Portfolio
3 credits, not offered every term
Create a job-marketing tool that integrates knowledge and skills related to the wildland fire industry. Portfolio consists of resume, reference letters, work samples and other content to be updated according to need and opportunity. Meets the cooperative work experience seminar requirement.

FRP-110 Basic Wildland Fire Investigation (FI-110)
1 credit, not offered every term
NWCG FI-110 certified. Wildland Fire Investigations and Origin Scene Protection for First Responders. Introductory course for personnel first arriving at a wildland fire scene on the basics of wildland fire cause determination.

FRP-101 Basic Forest Management
3 credits, not offered every term
A basic introduction to Oregon forest land management functions, tools and processes related to forest stewardship. Students will gain knowledge of current forest management activities and practices, as well as current forest policy and harvest laws.

FRP-201 Advanced Forest Management
3 credits, not offered every term
Discuss and explore forest management concepts and principles through classroom lecture and field trips including forest policy development and the current federal and state laws; forest ecosystem management principles and activities; wildlife, watershed and recreation values and conflicts; and compare forest management on federal, state and private lands. Prerequisites: FRP-101, FRP-102.

FRP-107 Wildland Fire Career Portfolio
3 credits, not offered every term
Create a job-marketing tool that integrates knowledge and skills related to the wildland fire industry. Portfolio consists of resume, reference letters, work samples and other content to be updated according to need and opportunity. Meets the cooperative work experience seminar requirement.

FRP-110 Basic Wildland Fire Investigation (FI-110)
1 credit, not offered every term
NWCG FI-110 certified. Wildland Fire Investigations and Origin Scene Protection for First Responders. Introductory course for personnel first arriving at a wildland fire scene on the basics of wildland fire cause determination.
FRP-205 Forest Management Assessments & Inventories
3 credits, not offered every term
Provide forest technicians, seasonal wildland firefighters and other natural resource seasonal employees to, understanding of, and the ability to conduct various forest management and recreation management assessments and inventories that are routinely done to gather data for making decisions; providing training in these areas that would broaden employment opportunities for seasonal employees during periods of low fire activity or during the off season periods of the year. Prerequisites: FRP-101, FRP-102. Recommended: FRP-201.

FRP-211 Portable Pumps and Water Use (S-211)
1 credit, not offered every term
NWCG S-211 certified. Practical use and maintenance of portable pumps and accessories used in wildland fire suppression.

FRP-211 Portable Pumps and Water Use (S-211)
1 credit, not offered every term
NWCG S-211 certified. Practical use and maintenance of portable pumps and accessories used in wildland fire suppression.

FRP-212 Wildfire Power Saws (S-212)
2 credits, not offered every term
NWCG S-212 certified. Learn techniques and mechanics of power saws that meet the functional requirements of a power saw operator on a wildland fire incident.

FRP-216 Driving for the Fire Service (S-216)
2 credits, not offered every term
NWCG S-216 certified. Knowledge and skills required of drivers to safely and efficiently operate fire vehicles in the fire environment.

FRP-220 Initial Attack Incident Commander (S-200)
1 credit, not offered every term
NWCG S-200 certified (ITC4). Provides individuals in charge of the initial attack of small, non-complex fires the training needed for readiness, mobilization, size-up the fire; and the administrative requirements that must be completed by the incident commander.

FRP-230 Crew Boss (Single Resource) (S-230)
2 credits, not offered every term
NWCG S-230 certified. Meets the training needs of a single resource boss on a wildland fire incident. Prerequisite: Qualify as FFT1.

FRP-231 Engine Boss (Single Resource) (S-231)
1 credit, not offered every term
NWCG S-231 certified. Develop proficiency in the performance of all duties associated with the single resource engine boss. Prerequisites: Pass FRP-230 (S-230).

FRP-243 Survivor I: Maps, Compass, GPS
2 credits, Fall/Winter/Spring
Use maps, compass, grid locations, land descriptions, topography, distance, directions, and Global Positioning Systems (GPS).

FRP-244 Survivor II: Wilderness
2 credits, Fall/Winter/Spring
Be prepared to survive in the wilderness; the psychology of surviving and what to do when things go wrong. The USAF Search & Rescue Survival Manual is the text.

FRP-245 Survivor III: Weather of the NW
2 credits, Fall/Winter/Spring
Designed for the wildland firefighter, mariner, hiker, hunter and others who need to know the basics of weather forecasting.

FRP-246 Survivor IV: Wilderness First Aid
2 credits, not offered every term
Covers back country first aid and evacuation techniques in a wilderness setting.

FRP-247 Survivor V: Dangerous Animals
2 credits, not offered every term
Focuses on Northwest animals’ and insects’ habits, habitats, how to prevent and avoid conflict with them and what to do if you’re attacked. First-hand accounts, stories, CDC statistics and recommendations will be included.

FRP-248 Survivor VI: Introduction to Search & Rescue
2 credits, not offered every term
Familiarize students with all aspects of Search and Rescue at the beginning level including search philosophy, tactics, operations, and behavior of the lost person.

FRP-249 Leadership for Firefighters (L-280)
2 credits, not offered every term
NWCG L-280 certified. Develop an awareness of the human factors on the fire line, self-assess skills and abilities, and practice problem solving events in small teams. Prerequisite: Pass FRP-130 (S-130).

FRP-259 Task Force/Strike Team Leader (S-330)
2 credits, not offered every term
NWCG S-330 certified. Learn to recognize, plan and implement appropriate tactics in various incident situations with various resources and identify hazards and risks and mitigate them. Prerequisite: Pass FRP-230 (S-230).

FRP-270 Basic Air Operations (S-270)
1 credit, not offered every term
NWCG S-270 certified. A survey of the use of aircraft in fire suppression and how to conduct yourself in and around aircraft.

FRP-280 Wildland Fire/Advanced CWE
3 or 6 credits
Fall/Winter/Spring/Summer
Work-based learning experience in a wildland firefighting capacity meeting requirements as set forth in the wildland firefighting task book. Prerequisites: Pass FRP-180 and FRP-131. Required: Instructor consent.

FRP-290 Intermediate Wildland Fire Behavior (S-290)
3 credits, not offered every term
NWCG S-290 certified. Study of weather and environmental factors and how these factors affect wildland fires. Prerequisite: Pass FRP-130 (S-130/ S-190).

FRP-294 Intermediate Incident Command System (I-300)
2 credits, not offered every term
NWCG I-300 certified. This course provides description and detail of the Incident Command System (ICS) organization in supervisory roles on expanding or Type 3 incidents. NIMS compliant.

Visit Clackamas Community College on the web at www.clackamas.edu
FRP-295 Advanced ICS: ICS for Command and General Staff & Complex Incidents (I-400)
2 credits, not offered every term NWCG I-400 certified. Directs the student towards an operational understanding of large single-agency and complex multi-agency/multi-jurisdictional responses. Prerequisite: Pass FRP-294 (I-300).

FRP-296 Introduction to Wildland Fire Behavior Calculations (S-390)
3 credits, not offered every term NWCG S-390 certified. Introduces fire behavior calculations by manual methods, using nomograms and the Fire Behavior Handbook Appendix B. Prerequisite: Pass FRP-290 (S-290).

G

Geology

G-101 General Geology
4 credits, Fall
For non-science majors. A lab course introducing geologic principles and concepts, Earth structure, igneous, sedimentary, and metamorphic rock environments; volcanic activity, and landforms. Lab requires students to identify ore minerals, rock forming minerals, igneous, metamorphic and sedimentary rocks. Recommended: Pass RD-090 or placement in RD-115. Corequisite: G-101L.

G-102 General Geology
4 credits, Winter
For non-science majors. An introductory lab course that explores the Earth’s systems and surface features. Systems/processes/hazards explored include rivers, mass wasting, glaciers, groundwater, deserts and beaches. Labs focus on geologic and topographic maps and how they are used to understand geologic features and local geology. Recommended: Pass RD-090 or placement in RD-115. Corequisite: G-102L.

G-103 General Geology
4 credits, Spring
For non-science majors. A lab course that examines the geological development of the North American continent through topics such as geologic time, plate tectonics, mountain building, earthquakes/faults, and fossils. Examines important events in each geologic era and includes fossil ID, compass use, field techniques and GPS. Recommended: Pass RD-090 or placement in RD-115. Corequisite: G-103L.

G-145 Geology of Pacific Northwest
4 credits, not offered every term
A lab course that explores the scenic geology of Northwest landscapes, historic development and current problems in environmental geology. Introduction to rock types, geologic processes, and hazards of the Northwest from the Blue Mountains to the coast. Required: Two Saturday field trips.

G-148 Volcanoes & Earthquakes
4 credits, not offered every term
A lab course that examines the geological processes that create volcanoes and earthquakes and the hazards associated with them. Examines basic geologic features, monitoring techniques, hazards, prediction methods and future events, using historic episodes of volcanic eruptions and earthquakes. Required: Two Saturday field trips.

G-201 General Geology
4 credits, Fall
For science majors. A lab course introducing geologic principles and concepts, weathering, soils, Earth structure, igneous, sedimentary, metamorphic rocks, volcanic activity, and landforms. Lab requires students to identify ore minerals, rock forming minerals, igneous, metamorphic and sedimentary rocks. Recommended: Pass RD-090 or placement in RD-115. Corequisite: G-201L.

G-202 General Geology
4 credits, Winter
For science majors. A lab course that explores surface features of the Earth and the systems that form those features. Systems/processes/hazards explored include beaches, rivers, mass wasting, glaciers, groundwater, and deserts. Topographic/geologic maps are used to understand geologic features and local geology. Corequisites: G-202L. Recommended: Pass RD-090 or placement in RD-115; pass MTH-065 or placement in MTH-095.

G-203 General Geology
4 credits, Spring
For science majors. A lab course that examines the geological development of the North American continent through topics such as geologic time, plate tectonics, mountain building, earthquakes/faults, and fossils. Examines important events in each geologic era and includes fossil ID, compass use, field techniques and GPS. Recommended: Pass RD-090 or placement in RD-115; pass MTH-065 or placement in MTH-095. Corequisite: G-203L.

G-280 Geology/CWE
2-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Provides students with on-the-job work experience in the field of geology. Required: Instructor consent & a CWE seminar.

GED
Courses with this prefix will not transfer to a four-year institution.

General Educational Development

GED-011 GED En Español
0 credit, Fall/Winter/Spring/Summer
Basic academic skill-development instruction offered in Spanish. Diagnostic tests determine individual academic needs. Open-entry, open-exit class offered at the Dye Learning Center. Required: Instructor consent.
GED-015 GED Preparation
0 credit, Fall/Winter/Spring/Summer
Basic academic skill development. Diagnostic tests determine individual academic needs. Students who pass General Educational Development (GED) tests receive high school equivalency certificates. Open-entry, open-exit classes. Required: Instructor consent.

GED-049 Latino GED & Life Skills
0 credit, Fall/Winter/Spring/Summer
Offered in Spanish. Basic academic skill development with emphasis on requirements to take the GED test to obtain a high school equivalency certificate. Also focuses on basic life skills, personal and career goals and interests. Required: Instructor consent.

GEO Geography

GEO-100 Introduction to Physical Geography
4 credits, not offered every term
Analyzes the physical elements of the Earth’s surface and atmosphere. Focuses on natural processes that create physical diversity on the Earth including weather and climate, biosphere, soils and landforms. Recommended: Pass RD-090 or placement in RD-115.

GEO-110 Cultural & Human Geography
4 credits, not offered every term
Introduces geographical perspectives on human population, agriculture, political pattern, language, religion, folk culture, popular culture, ethnic culture, urban development, industry, and transportation as these play out on the landscapes of the world. Recommended: Pass RD-090 or placement in RD-115.

GEO-121 Regional Geography of the Developing World
4 credits, not offered every term
Provides students with the fundamental knowledge of the cultural and physical geography of developing world regions including Middle America, South America, SW Asia & North Africa, Sub-Saharan Africa, South Asia, Southeast Asia, East Asia and the Pacific world. Recommended: Pass RD-090 or placement in RD-115.

GEO-122 Regional Geography of the Developed World
4 credits, not offered every term
Provides students with the fundamental knowledge of the cultural and physical geography of developing world regions including Anglo-America; Europe; Russia; East Asia: Japan, Taiwan, South Korea; Australia and New Zealand. Recommended: Pass RD-090 or placement in RD-115.

GEO-130 Introduction to Environmental Geography
4 credits, not offered every term
Explores contemporary global environmental problems such as: overpopulation, over consumption, ozone layer depletion, pollution, acid rain, deforestation, desertification, and waste problems. Examines alternative sources of energy to fossil fuel and sustainable development strategies. Recommended: Pass RD-090 or placement in RD-115.

GEO-208 Geography of the U.S. & Canada
4 credits, not offered every year
Provides students with the fundamental geographical knowledge of the United States and Canada and their paths of development. Presents the spatial arrangement of culture, economics, politics, and the natural environment. Recommended: Pass RD-090 or placement in RD-115.

GEO-230 World Regions & Landscapes
4 credits, not offered every term
Provides students with the fundamental geographical knowledge of world countries and their path towards development. Presents the similarities and differences in the spatial pattern of culture, economics, politics, and the natural environment of the world’s regions. Recommended: Pass RD-090 or placement in RD-115.

GEO-280 Geography/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of geography. Required: Instructor consent & a CWE seminar.

GER German

GER-101 First-Year German I
4 credits, Fall
Introduces the sound system and basic structural patterns of German. Develops the skills of listening comprehension, speaking, reading, and writing. Teaches recognition of cultural similarities and differences. First of a three-term 1st year sequence. Recommended: Pass GER-101 or instructor consent.

GER-102 First-Year German II
4 credits, Winter
Introduces the sound system and basic structural patterns of German. Develops the skills of listening comprehension, speaking, reading, and writing. Teaches recognition of cultural similarities and differences. Second of a three-term 1st year sequence. Prerequisite: Pass GER-101 or instructor consent.

GER-103 First-Year German III
4 credits, Spring
Introduces the sound system and basic structural patterns of German. Develops the skills of listening comprehension, speaking, reading, and writing. Teaches recognition of cultural similarities and differences. Third of three-term 1st year sequence. Prerequisite: Pass GER-102 or instructor consent.

GER-201 Second-Year German I
4 credits, Fall
Provides opportunities to review and expand language skills to the point of intermediate proficiency through reading, writing, hearing and talking about contemporary issues in US and German-speaking countries. First of a three-term 2nd year course. Prerequisite: Pass GER-103 or instructor consent.
**GER-202 Second-Year German II**
4 credits, Winter
Provides opportunities to review and expand language skills to the point of intermediate proficiency through reading, writing, hearing and talking about contemporary issues in US and German-speaking countries. Second of a three-term 2nd year course. Prerequisite: Pass GER-201 or instructor consent.

**GER-203 Second-Year German III**
4 credits, Winter
Provides opportunities to review and expand language skills to the point of intermediate proficiency through reading, writing, hearing and talking about contemporary issues in US and German-speaking countries. Third of a three-term 2nd year course. Prerequisite: Pass GER-202 or instructor consent.

**GER-211 Intermediate German Conversation**
3 credits, not offered every year
Development of speaking and listening proficiency through creative activities such as discussions of excerpts from contemporary German-language media, presentations, games and interviews of classmates. Major topics and level of conversational difficulty will parallel GER-201. Prerequisite: Pass GER-103 with a C or better or instructor consent.

**GER-212 Intermediate German Conversation**
3 credits, not offered every year
Development of speaking and listening proficiency through creative activities such as discussions of excerpts from contemporary German-language media, presentations, games and interviews of classmates. Major topics and level of conversational difficulty will parallel GER-202. Prerequisite: Pass GER-103 with a C or better or instructor consent.

**GER-213 Intermediate German Conversation**
3 credits, not offered every year
Development of speaking and listening proficiency through creative activities such as discussions of excerpts from contemporary German-language media, presentations, games and interviews of classmates. Major topics and level of conversational difficulty will parallel GER-203. Prerequisite: Pass GER-103 with a C or better or instructor consent.

**GIS**
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

**Geographic Information Systems**
For additional information contact the Manufacturing Department at 503-594-3318.

**GIS-201 Introduction to Geographic Information System**
3 credits, Fall
Provides key GIS concepts, methodologies, and techniques. Emphasis is on developing an understanding of GIS applications, technical GIS concepts, terminology, methodology and problem solving techniques.

**GIS-232 Data Collection & Application**
3 credits, Spring
Introduction to data collection techniques using global positioning systems, PDAs, and related software. Emphasis on different ways to create data through existing surveys, compilation of data from many sources and merging data from differing sources, etc. Prerequisite: GIS-201.

**GIS-236 Visual Basic Programming for GIS**
1 credit, Fall
An introduction to Object Oriented Programming and Visual Basic for Application (VBA) programming for ArcGIS. Basics of VBA and ArcObjects are explained so students can create VBA macros to customize the ArcGIS environment. Prerequisite: MFG-109 or equivalent computer competency.

**GIS-237 Advanced Visual Basic Programming for GIS**
1 credit, Winter
Advanced training in Object Oriented Programming (OOP) and Visual Basic for Applications (VBA). Focus on ArcObjects and how to use object model diagrams to find out what individual objects do. Program objects to execute specific GIS tasks in the ArcGIS environment. Prerequisite: GIS-236.

**GIS-255 Introduction to ArcGIS I**
1 credit, not offered every term
Covers fundamental GIS concepts as well as how to query a GIS database, manipulate tabular data, edit spatial and attribute data clearly and efficiently using maps and charts.

**GIS-280 GIS/CWE**
2-6V credits
Fall/Winter/Spring/Summer
Cooperative Work Experience (co-op) is a process of education that integrates a student's classroom work with experience obtained through a cooperating employer. Required: Instructor consent and a CWE seminar.

**GIS-281 ArcGIS I**
3 credits, not offered every term
Introduces the essential skills needed to navigate and operate ArcGIS at a basic level. Includes how to utilize GIS concepts, methods and techniques in conjunction with problem solving techniques to accomplish assigned real world examples. Prerequisite: GIS-201.

**GIS-282 ArcGIS II**
3 credits, Spring
Introduction to the object-oriented data model. Working with geodatabases, datasets and feature classes. Additional topics include: establishing topological relationships, versioning, and analysis of geometric networks. Advanced surface and cell-based modeling will also be covered. Prerequisite: GIS-281.

**GIS-286 Remote Sensing**
3 credits, Winter
Covers the overview of data sources, methodology for remotely sensed data, application of data, and transformation of remotely sensed data into GRID. Prerequisite: GIS-201.
GRN Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Gerontology

GRN-181 Issues In Aging
3 credits, Fall
Provides an introduction to gerontology including the history of aging and current issues. Covers: myths, stereotypes, economic and political aspects, demographics, and service availability for aging populations. Explores careers within the field.

GRN-182 Aging & the Body
3 credits, Winter
Focuses on how aging affects physical health and well-being: impact on body systems, illness, disability, longevity research, wellness and health promotion. For students interested in working with the elderly and those in the field.

GRN-183 Death & Dying
3 credits, Spring
Introduces effective interaction with those experiencing a death or grief process. Includes: historical and cross cultural perspectives, funeral and death rites, grief across the lifespan, hospice and palliative care, ethical considerations and physician-assisted suicide.

GRN-184 Aging & the Individual
3 credits, Winter
Explores the impact of aging on the individual as well as family members, caregivers, and professionals. Topics include: dementia, cognitive issues, stress, coping, life transitions, intelligence, wisdom and creativity.

GRN-280 Gerontology/CWE
2-6 credits, Fall/Winter/Spring
Work-based experience to acquaint gerontology students with the roles and related activities of organizations serving the elderly. This course provides an opportunity to apply theories and techniques learned in the classroom. Corequisite: CWE-281. Required: Instructor consent; current enrollment in or successful completion of HS-170.

GRN-290 Special Topics in Gerontology
1 credit, Fall/Winter/Spring/Summer
Gives students an opportunity to gain knowledge in a specific area relevant to the field of healthcare and aging. This topic will be pulled from a comprehensive list of areas identified by gerontology and healthcare professionals as having importance for students pursuing work in the field. May be repeated for up to 6 credits.

GS General Science

GS-104 Earth System Science
4 credits, Fall
A lab course examining the physics and exploration methods that help us understand our universe. Topics include plate tectonics, the earth’s structure, earthquakes/hazards, mineral chemistry, igneous rocks, and volcanoes/hazards. Recommended: Pass MTH-065 or placement in MTH-095.

GS-105 Earth System Science
4 credits, Winter
A lab course examining the chemical and geology of scientific dating techniques, sedimentary rocks/surfaces, processes, fossils, energy resources and the physics and chemistry of energy resources and mass wasting. Recommended: Pass MTH-065 or placement in MTH-095.

GS-106 Earth System Science
4 credits, Spring
A lab course examining the chemistry/physics of the hydrosphere and atmosphere. Includes atmospheric processes, the carbon cycle, desert formation and climate change. Recommended: Pass MTH-065 or placement in MTH-095.

GS-107 Astronomy
4 credits, Fall/Winter
A lab course discussing the history of astronomy, the Earth and Moon, all the planets in our solar system, along with asteroids, meteors, and comets. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121; pass MTH-095 with a C or better, or placement in MTH-105 or MTH-111.

HD Human Development & Career Planning

HD-100 College Survival
1-6 credits, not offered every term
Covers various topics supporting student success and retention.

HD-102 Service Learning Experience
1-6 credits, Fall/Winter/Spring
Provides students with a service learning experience in a community setting. Students complete 30-180 hours of volunteer work and participate in seminars/discussions to connect volunteer work with an area of study. Required: Instructor consent.

HD-120 College Success
1 credit, Fall/Winter/Spring
Provides strategies for creating college success including self-awareness, personal responsibility, understanding self-management, increasing motivation, meaningful goal setting, effective study habits, use of on- and off-campus resources.

HD-121 College Success Expanded
3 credits, Fall/Winter/Spring
Provides advanced strategies for creating college success including self-awareness, understanding self-management, increasing motivation, employing interdependence, taking personal responsibility, learning style, goal setting, lifelong learning, emotional intelligence, critical thinking, time management, effective study skills/habits/planning, and the use of on- and off-campus resources.

HD-140 Career Exploration
3 credits, Fall/Winter/Spring
Students use information about themselves (values, interests, personality and skills) and information about the world of work (career and industries) to explore and make long term career decisions.
HD-141 Career Advancement
1-3 credits, not offered every term
Students gather and use information about their current skills, employer, and industry to create career advancement opportunities, identify strategies that increase employment stability, and examine issues that impact successful career pathways.

HD-144 Assertive Communication
1 credit, not offered every term
Provides basic communication skills students can use to state or declare their rights in a positive fashion to obtain desired results in career, social, and personal relations.

HD-145 Stress Management
1 credit, not offered every term
Identifies specific personal stressors and focuses on developing skills that enable students to deal more effectively with stress.

HD-146 Values Clarification
1 credit, not offered every term
Helps students examine beliefs, attitudes, and values behind decisions and actions. The student will examine whether behavior matches stated beliefs, evaluate the consequences of choices, and focus on clarifying a personal value system.

HD-147 Decision Making
1 credit, Fall/Winter/Spring/Summer
Develop and improve your process for making satisfying choices. The basics of decision making and processes for making personal, social, and work choices are included. Use this class for your current decision needs.

HD-153 Managing Conflict in Your Life
1 credit, not offered every term
Introduction to managing conflict in a positive way. Examine personal beliefs about conflict and become more effective in solving problems.

HD-154 Building Self-Confidence
1 credit, not offered every term
This course is designed to address the elements forming and impacting self-confidence, disarming your inner critic, including dealing with fear, self-esteem, personal power, and establishing your center.

HD-156 Creative Goal Setting
1 credit, not offered every term
Using a variety of art media, learn how to use the creative process to define, plan, and achieve personal or professional goals.

HD-157 Procrastination & Time Management
1 credit, not offered every term
Provides students the opportunity to study their procrastination habits and time management patterns. Course focuses on components of time organization, choices re: procrastination, and methods to improve overall use of time.

HD-158 Managing Change
1 credit, not offered every term
Course is designed to enhance each student's knowledge and understanding about transition and change in their own life and others around them.

HD-161 Multicultural Awareness
1 credit, not offered every term
Introduction to the complexities of multicultural issues and how they influence one another in everyday life.

HD-180 Career Development Internship
1-12 credits
Fall/Winter/Spring/Summer
Develop skills in a specific occupation and practice the career management skills necessary to obtain, sustain, and advance employment. A Training and Evaluation Plan is developed and managed in consultation with the student, internship supervisor, and faculty.

HD-185 Prior Learning Portfolio Development I
1 credit, Winter
Students are guided through the required steps of building a portfolio with the goal of requesting college credit for learning acquired through work experience, volunteer work, industry training, etc. Details of the content of the portfolio are explained and alternative options for obtaining college credit through non-traditional learning experiences are reviewed.

HD-186 A Digital You-Building a e-Portfolio
3 credits, Winter
This course offers techniques of developing course and assessment portfolios for application with current CCC course demands, career opportunities and educational pathway learning. The course also serves students seeking assessment for Credit for Prior Learning after learning the mechanics of Credit for Prior Learning (CPL) portfolio development in HD-185. CPL students will develop a detailed portfolio correlating non-traditional learning experiences with related courses at Clackamas Community College, for submission, consideration and evaluation to identified department and instructor at CCC.

HD-202 Life Transitions
3 credits, Fall/Winter/Spring
Examines process and stages of life transitions. Helps re-entry adults identify personal strengths and barriers related to success in education and employment. Offers opportunities to practice interpersonal skills. Provides information about CCC campus and community resources which can assist students in reaching their goals. This course is part of Life & Career Options. Corequisite: HD-208.

HD-208 Career & Life Planning
3 credits, Fall/Winter/Spring
Helps re-entry adults identify interests, abilities, values and transferable skills and apply this information to goal setting and career decisions. Students identify and explore options for training, education, and employment. Covers job search skills such as interviewing, resume writing, and developing a career portfolio. Each student develops an action plan identifying goals and next steps. This course is part of Life & Career Options. Corequisite: HD-202.

HD-209 Job Search Skills
1-3 credits, not offered every term
Use a job search plan to conduct labor market research, develop job search networking relationships, and to prepare and present applications, cover letters, resumés, interviews, and thank you notes.
HD-220 Leadership: Theory Into Practice
2 credits, Fall
Introduces leadership skills and theories. Includes translating theory into practice through ASG-sponsored programming. Strategies for planning, executing and evaluating events and functions are emphasized. Can be repeated for up to 4 credits. Required: Must be a member of CCC’s Associated Student Government.

HD-221 Leadership: Group Dynamics
2 credits, not offered every term
Develops leadership skills with an emphasis on group dynamics. Addresses building common vision and goals, managing conflict, negotiation, and collaboration. Includes the role of follower and avoiding ineffective group dynamics. Can be repeated for up to 4 credits. Required: Must be a member of CCC’s Associated Student Government.

HD-222 Leadership: Building Community
2 credits, not offered every term
Strengthens leadership skills with an emphasis on building community. Addresses diversity issues, deliberation, building consensus, ethical leadership and followership, and influence. Includes the role of leaders in the planning, implementation and assessment cycle. Can be repeated for up to 4 credits. Required: Must be a member of CCC’s Associated Student Government.

HD-280 Human Development/CWE
2-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Provides students with career related experience on-the-job at a local organization. Required: Instructor consent and a CWE seminar.

HDF
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Family Studies

HDF-130 Introduction to Family Development
1 credit, not offered every term
Introduces front-line family development professionals, who work in various community-based child and family support agencies, to the concept of a strengths-based approach to family development. Focuses on development theory and how to apply that knowledge to assist and support the family unit across the life span.

HDF-131 Communication in Family Development
1 credit, not offered every term
Focuses on assisting participants in strengthening their communication skills: spoken and written (expressive), and listening and reading (receptive), and to acquire new skills to become proficient family development communicators. Particular emphasis will be placed on the understanding and use of nonverbal body language and understanding the role of empathy in communication, promoting cooperative solutions and working with language barriers or low levels of literacy.

HDF-132 Self-Care Family Development Workers
1 credit, not offered every term
Focuses on assisting students in developing or clarifying their own personal vision for their work, as it relates to family development. Topics covered include: balancing work and family life, completing a family assessment and stress reduction and wellness issues.

HDF-133 Diversity in Family Development
1 credit, not offered every term
Focuses on exploring how culture, including diversity and oppression, is defined in the field of family development and realizing why cultural competence is an important skill in this field. Other topics include barriers related to cultural competence and their impact, appreciating aspects of your own cultural identity and increasing one’s sensitivity to other cultures.

HDF-134 Strength-Based Assessment in Family Life Development
1 credit, not offered every term
Focuses on assisting family development workers help families identify and build on their strengths to achieve healthy self-reliance. Emphasis is on how workers communicate with families to help them recognize these strengths and the resources available to them.

HDF-135 Setting & Achieving Goals in Family Development
1 credit, not offered every term
Designed to provide family development workers with the skills needed to help families identify and set achievable goals, based on their own strengths. The importance of developing positive, mutually respectful relationships with families is emphasized - while techniques are offered to avoid families becoming dependent on the case worker.

HDF-136 Community Resources in Family Development
1 credit, not offered every term
Focuses on providing family development professionals with the information needed to assist families with identified special needs to access community resources. Emphasis includes special learning needs, family literacy issues, developmental delays, common mental health problems, issues related to domestic violence, alcohol and drug dependency, etc.
COURSE DESCRIPTIONS

**HE/HPE**

**Health**

**HE-151 Body and Drugs I**
3 credits, Fall/Winter/Spring
The first of a two-course sequence, this course examines the history of the use of addictive drugs; addictive drug classifications; and the physiological impact of drugs on the body. This class will also review the stimulant group of drugs.

**HE-152 Body and Drugs II**
3 credits, Winter/Spring
The second of a two-course sequence, this course examines the history of the use of other drugs: their history, and their physiological and psychological impact. Prerequisite: Complete HE-151.

**HE-201 Personal Training**
3 credits, not offered every term
Students will follow the curriculum for the National Council on Strength and Fitness (NCSF) Certified Personal Trainer certification. The course will guide students through the expectations, requirements, processes and knowledge to prepare to become a certified Personal Trainer through the NCSF. Through videos, lecture and self-study, students will be prepared to take the NCSF Certified Personal Training exam, which is offered through the NCSF and is not included in the course.

---

**HDF-137 Home Visiting in Family Development**
1 credit, not offered every term
Designed to provide family development workers with the skills necessary to conduct respectful home visits. Class discussions will include the role of the home visitor and the establishment of rapport with the families. Also covered are concerns for personal safety and other issues related to home visiting.

**HDF-138 Facilitation Skills in Family Development**
1 credit, not offered every term
Focuses on the facilitation skills family development professionals need to conduct successful family meetings, support groups and community meetings. Emphasis includes the role of the family worker in helping families identify their informal support networks and the benefits to be gained from participating in support and advocacy groups.

**HDF-140 Contemporary American Families**
3 credits, Spring
Focuses on the diversity of the American family today, and a historical overview of changes in the family environment and structure. Become familiar with internal/external factors that influence families such as parenting, violence, gender, divorce, remarriage, economics, and culture.

**HDF-141 Parent-Child Relations: Context & History**
3 credits, Winter
Course covers history of child rearing in the U.S., child rearing patterns, parent-child relations at each developmental stage, special challenges faced by parents and children and child socialization strategies to help children become increasingly more competent.

**HDF-142 Parent-Child Relations II: Practical Parenting**
4 credits, Winter/Spring
This course is designed to assist students in the study of parent-child relations. This program is especially helpful for those who are in the child welfare or criminal justice system focusing on areas such as normative child development and parent/partner relationships. The participants will become familiar with the systemic family development model, which explains family functioning at different stages of child rearing as well as knowledge of brain development, raising an emotionally intelligent child, and temperament traits. This course uses a learner-centered design in which the instructor works with the learner to develop and attain goals throughout the course. It uses an outcomes-based model of instruction focusing on real-life adult roles of the pro-social parent and lifelong learner. Recommended: Pass HDF-141.

**HDF-225 Prenatal, Infant & Toddler Development**
3 credits, Fall
Explores the principles of child development, prenatal through three years of age. Emphasis will be placed on the physical, intellectual, emotional and social growth and development of young children.

**HDF-247 Preschool Child Development**
3 credits, Winter
Emphasis on principles of development in children 2 to 6 years, including physical, cognitive, social and emotional growth, observation and assessment.

**HDF-260 Understanding Child Abuse & Neglect**
3 credits, Fall/Winter/Spring
Provides an overview of child abuse and neglect. Students will examine the types and causes of abuse, abused children, abusive parents, treatment, education and prevention, and resources available to assist children and families. An emphasis in paced upon intervention and mandatory reporting, as well as investigation and legal issues.

**HDF-261 Understanding Child Abuse I**
1 credit, not offered every term
Required: Instructor consent.

**HDF-262 Understanding Child Abuse II**
1 credit, not offered every term
Required: Instructor consent.

**HDF-263 Understanding Child Abuse III**
1 credit, not offered every term
Required: Instructor consent.

**HDF-264 Understanding Child Abuse IV**
1 credit, not offered every term
Required: Instructor consent.

**HDF-265 Understanding Child Abuse V**
1 credit, not offered every term
Required: Instructor consent.

**HDF-266 Understanding Child Abuse VI**
1 credit, not offered every term
Required: Instructor consent.

**HDF-267 Understanding Child Abuse VII**
1 credit, not offered every term
Required: Instructor consent.

**HDF-268 Understanding Child Abuse VIII**
1 credit, not offered every term
Required: Instructor consent.

**HDF-269 Understanding Child Abuse IX**
1 credit, not offered every term
Required: Instructor consent.

**HDF-270 Understanding Child Abuse X**
1 credit, not offered every term
Required: Instructor consent.

**HDF-271 Understanding Child Abuse XI**
1 credit, not offered every term
Required: Instructor consent.

**HDF-272 Understanding Child Abuse XII**
1 credit, not offered every term
Required: Instructor consent.

**HDF-273 Understanding Child Abuse XIII**
1 credit, not offered every term
Required: Instructor consent.

**HDF-274 Understanding Child Abuse XIV**
1 credit, not offered every term
Required: Instructor consent.

**HDF-275 Understanding Child Abuse XV**
1 credit, not offered every term
Required: Instructor consent.

---

**HE-201 Personal Training**
3 credits, not offered every term
Cooperative work experience. Provides students with on-the-job experience in the field of early childhood care and education and/or family studies. Gain practical knowledge of various roles and responsibilities, including those of early childhood care and education practitioners or as child and family support personnel in a variety of agencies. Required: Instructor consent and a CWE seminar.
HE-202 Introduction to Fitness Technology Careers  
1 credit, not offered every term  
This course will explore the various careers in the Fitness Industry, through lecture and guest speakers currently in the professional field. Students will gain insight to the requirements, expectations, salary range, education requirements and any additional information related to specific careers.

HE-204 Nutrition & Weight Control  
3 credits, Fall/Winter/Spring  
Methods of maintaining or improving fitness by considering diets and dieting, obesity, types of exercise, physical testing, cardio-vascular fitness and nutritional concepts.

HE-205 Youth Addictions  
3 credits, Fall/Spring  
Increases knowledge of adolescent development and programs designed for prevention, assessment, intervention and treatment of chemically dependent youth. Investigates specific techniques for counseling youth. Required for Criminal Justice and Corrections students.

HE-207 Introduction to Plant Based Living  
3 credits, not offered every term  
The course is designed to give students a basic understanding of a plant based diet/lifestyle and the benefits of this type of lifestyle. Students will learn about the physical benefits of a plant based diet, GMO’s, organic foods, current environmental impacts, impacts of the big agricultural companies as well as the research that has been documented to support the information. Recommended: WR-090 or higher.

HE-223 Sports Nutrition  
3 credits, Fall/Winter/Spring  
Examination of nutrition as it relates to the demands of exercise and competitive sport. Emphasis on the relationship of diet and exercise to optimal health and performance. This course can lead to a certification as a sports nutritionist through the NCSF.

HE-249 Mental Health  
3 credits, Fall/Winter/Spring  
Designed for each student to understand and improve their personal mental health. While the focus is on individual awareness, this may also lead to an improved understanding of others. The class combines theory with hands-on applications.

HE-250 Personal Health  
3 credits, Fall/Winter/Spring  
Explores the interaction of health and the quality of life. Includes emotional behavior, drugs, disease, nutrition, human sexuality, cardiovascular functioning, and medical care.

HE-252 First Aid/CPR/AED  
3 credits, Fall/Winter/Spring  
Immediate and temporary care for injuries and sudden illness. Covers basic first aid for adult, child and infant, including: control of bleeding, proper methods of transportation, splinting, bandaging CPR and AED. Successful completion (A or B grade) of course leads to a Red Cross Responding to Emergencies, First Aid/CPR/AED Certification.

HE-255 Body & Alcohol  
3 credits, Fall/Winter/Spring  
Covers beverage alcohol as a drug. It deals with the physiological and psychological effects of alcohol use on the user; the impact of that use on those around the user and on society at large; the genetics of alcoholism; and the history of addiction treatment and the formation of Alcoholics Anonymous.

HE-280 Health/CWE  
2-6 credits, Fall/Winter/Spring  
Cooperative work experience. The course is intended to provide the student with learning experience related to his/her career goal(s) in the health-related career fields. Supervision and evaluation of the student’s job performance will be provided by a qualified staff member at Clackamas and the supervisor of the employing institution. Students are required to take an online seminar at the beginning of the term. Required: Instructor consent & a CWE Seminar.

HE-295 Health & Fitness for Life  
3 credits, Fall/Winter/Spring  
Explores interaction of physical fitness and health. Meets three hours a week for personal fitness assessment and two hours of classroom sessions. Related topics include: nutrition, stress reduction, relaxation techniques, goal setting, and weight control.

HOR  
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Horticulture/ Landscape/Urban Agriculture  
HOR-111 Horticulture Practicum/Fall  
2 credits, Fall  
Practical experience with seasonal horticulture activities in the areas of container and field nurseries, greenhouses, landscape management and organic food production. Class includes a lab component.

HOR-112 Horticulture Career Exploration  
2 credits, Spring  
This course is a survey of the various career options available to students in the horticulture industry, with emphasis on nursery and greenhouse production, retail nursery, organic fruit and vegetable production, and landscape maintenance/installation. Includes field trips to local businesses. Class includes a lab component.

HOR-114 Garden Design  
1 credit, Winter or Spring  
Introductory course for students to gain understanding and skills in the area of planning landscape garden areas, including drawing skills to express ornamental garden schemes.

HOR-115 Horticulture Safety  
1 credit, Fall  
Overview of safe practices in the horticulture workplace which will reduce the chance for accidents and injuries.
HOR-120 Pesticide Laws & Safety
1 credit, Spring
Plant protection methods for weed, insect or disease control. Laws and regulations related to safety, handling and storage of pesticides. Techniques for product selection, including chemical and non-chemical options, applicator safety and environmental protection included. Prepare and test for the Oregon Pesticide Laws & Safety exam.

HOR-122 Greenhouse Crops-Potted Plants
3 credits, Fall
Environmental influences on plant growth, crop scheduling, greenhouse structures and equipment. Emphasis on foliage and flowering potted plant production. Class includes a lab component.

HOR-123 Landscape Maintenance
3 credits, Fall
Principles and practices of sustainable landscape maintenance, plant growth and development, soil-water-fertilizer management, pruning, turf, pest control, diagnosis of problems in trees and shrubs, and maintenance scheduling. Class includes a lab component.

HOR-124 Food Harvest
3 credits, Fall
This course provides a basic knowledge of aspects of harvesting, handling, storing and marketing of produce from small-scale, organic operations. Topics include food safety laws and practices, harvest and storage requirements for a variety of crops, factors that impact quality and storage ability, and post-harvest biology. Class includes a lab component.

HOR-125 Food Production in the Willamette Valley
3 credits, Fall
Exploration of historical, ethical, practical and scientific aspects of food production systems focusing on agricultural sustainability, including economic, social and environmental impacts of food and farming will be emphasized. Study of economical farming using systems thinking and critical thinking development will be utilized.

HOR-126 Landscape Water Features
1 credit, not offered every Spring
Methods used in building water features with emphasis placed on design, material selection, construction and maintenance considerations. Class includes lab component.

HOR-127 Landscape Lighting
1 credit, not offered every Spring
Methods used with lighting in the residential landscape, with emphasis placed on design, material selection, installation and maintenance considerations. Class includes lab component.

HOR-128 Landscape Stones & Pavers
1 credit, not offered every Spring
Methods used in building wood fences and decks with emphasis placed on design, material selection, construction and maintenance considerations. Class includes a lab component.

HOR-130 Plant Propagation Theory
3 credits, Winter
Covers plant anatomy and reproduction techniques of plants from seed, cuttings, grafting, division, and micropropagation. Offers an in-depth overview of propagation systems that may be selected.

HOR-131 Tree & Shrub Pruning
3 credits, Winter
Emphasis on dormant pruning of fruiting and ornamental plants. Pruning and training techniques for grapes, fruit trees, and both evergreen and deciduous ornamental trees and shrubs. Basic woody plant anatomy, growth, and development. Class includes a lab component.

HOR-133 Horticulture Practicum/Winter
2 credits, Winter
Practical experience with seasonal horticulture activities in the areas of container and field nurseries, greenhouses, and landscape management. Class includes a lab component.

HOR-134 Herb Growing & Gardening
1 credit, Winter or Spring
Study of herb plant propagation and garden use. Garden culture and design are covered.

HOR-135 Propagation of Edible Plants
3 credits, Winter
Survey and practice reproducing plants utilizing sexual and asexual propagation methods of organically produced food crops used for local production. Instruction will focus on desirable traits of specific varieties and crop replication methods for sustainable farm operations. Class includes a lab component.

HOR-136 Urban Agriculture Practicum/Winter
6 credits, Winter
Essential horticulture practices which include seasonal activities covering farm crop lay-out, edible crop installation and management. Basic practices involved in propagation, transplanting, pruning, pest control, equipment operations, water and fertilizer management and farm field trips included. This class provides students with experience in several areas of urban agriculture. Approximately one class, each week, will be spent by students on assigned work in seasonal farm project area activities. Training will be provided for each task. This format has been selected to create a hands-on experience for each student. Class includes a lab component.

HOR-140 Soils
3 credits, Spring
Soil characteristics and management, including nutritional elements and the relationship between the soil and plant growth.
HOR-141 Urban Agriculture Practicum/Spring
6 credits, Spring
Essential horticulture practices which include seasonal activities covering farm crop lay-out, edible crop installation and management. Basic practices involved in transplanting, pruning, pest control, equipment operations, water and fertilizer management. Farm field trips included. This course provides students with experience in several areas of Urban Agriculture. Approximately one class, each week, will be spent by students on assigned work in seasonal farm activities. Class lecture and class field trips are an essential component of this course. This format has been selected to create a hands-on experience for each student. Class includes a lab component.

HOR-142 Greenhouse Crops-Bedding Plants
3 credits, Spring
Detailed study of environmental influences on individual crops, their requirements, scheduling, including annual, biennial, and perennial plant production. Class includes a lab component.

HOR-143 Horticulture Practicum/Spring
2 credits, Spring
Practical experience with seasonal horticultural activities in the areas of container and field nurseries, greenhouses and landscape management. Class includes a lab component.

HOR-144 Basic Pruning
1 credit, Winter
Why and how to prune trees, shrubs, and vines. Covers tools used for various pruning practices. Class includes a lab component.

HOR-145 Turf Installation & Maintenance
2 credits, Spring
Installation and maintenance practices for turf grasses commonly used in landscapes. Emphasizes sustainable maintenance practices, installation, irrigation, pest identification and pest control. Class includes a lab component.

HOR-146 Fruit and Berry Growing
3 credits, Summer
Regionally appropriate fruit and berry production practices that are suitable for urban areas and small farms. Class will utilize the Home Orchard Society’s demonstration orchard located on campus. Class includes a lab component.

HOR-148 Farm Equipment
3 credits, Spring
Identification and utilization of small-farm food crop production tools. Emphasis is on tools and techniques which result in high quality crops, efficient use of labor and capital resources, and protection of the natural environment. Class includes a lab component.

HOR-180 Career Development Internship
1 credit, not offered every Summer
The internship is an opportunity to develop entry-level skills in a specific occupational area and to practice the basic career management skills necessary to obtain, sustain, and advance employment. A training and evaluation plan is developed and managed in consultation with the student, internship supervisor, and faculty. This course is not applicable towards Horticulture AAS degree.

HOR-215 Herbaceous Perennials
3 credits, Spring
The identification, propagation, selection and garden culture as well as individual attributes of herbaceous perennial plants, including the evolution of perennial garden design and current gardening styles. Class includes a lab component. Oregon State University transfer course.

HOR-216 Integrated Pest Management
3 credits, Winter
Learn the components of, and develop an Integrated Pest Management (IPM) plan for landscape, nursery, greenhouse or agricultural industries. The plan will incorporate pest detection, control practices and an evaluation of effectiveness.

HOR-220 Plant Propagation/Fall
3 credits, Fall
Proper techniques for reproducing plants from seeds, cuttings, and grafting. Emphasis on seasonal plant production. Class includes a lab component.

HOR-222 Horticultural Computer Applications
2 credits, Winter
Utilizes database, spreadsheet, word processing, PowerPoint, social media and other computer programs for record keeping and management and marketing for horticulture businesses. Prerequisite: Pass CS-091 or placement in CS-120.

HOR-223 Horticulture Science
3 credits, Fall
An overview of the practical aspects of plant growth and development, classification systems, plant breeding and environmental factors that impact plant growth.

HOR-224 Landscape Installation
3 credits, Fall
Materials and practices in landscape installation, including plan reading, materials take-off, estimating, bidding, scheduling, grading, construction materials, and plant installation. Class includes a lab component.
HOR-225 Principles of Arboriculture
3 credits, not offered every Winter
Management of trees in the landscape, including residential, commercial, and urban settings. Follows course materials prepared by the International Society of Arboriculture. Students study the value of trees, including ways that trees enhance the physical, aesthetic, economic, and psychological experiences of people. Prepares students for the ISA Certified Arborist Exam.

HOR-226 Plant Identification/Fall
3 credits, Fall
Identification of deciduous trees, shrubs, and groundcovers, including their cultural requirements in the landscape. Class includes a lab component. Oregon State University transfer course.

HOR-227 Plant Identification/Winter
3 credits, Winter
Identification of conifers and broad-leaved evergreens, shrubs, and groundcovers, including their cultural requirements in the landscape. Class includes lab component. Oregon State University transfer course.

HOR-228 Plant Identification/Spring
3 credits, Spring
Identification of flowering trees, shrubs, and groundcovers, including their cultural requirements in the landscape. Class includes a lab component. Oregon State University transfer course.

HOR-229 Introduction to Landscape Design
3 credits, not offered every Winter
Introduction to landscape planning, including basic drafting skills, grading, drainage, and site planning. Class includes a lab component.

HOR-230 Equipment Operation & Maintenance
2 credits, Winter
Selection, operation, and maintenance of power driven machines, such as mowers, rototillers, chain saws, edgers, sprayers, tractors, and related equipment for nursery and landscape applications. Class includes a lab component.

HOR-231 Irrigation & Drainage Design
3 credits, Winter
Principles of irrigation and drainage system design for various situations, including underground and above-ground, residential and commercial systems. Class includes a lab component.

HOR-232 Commercial Floral Design
3 credits, not offered every Winter
Present design techniques, used by florists today, to create naturalistic centerpieces, corsages, and gift arrangements using fresh flowers. Cut flower conditioning and handling, wedding and sympathy design, and sales strategies will also be covered.

HOR-234 Intermediate Landscape Design
3 credits, not offered every Spring
Further skill development in drawing, site analysis, and design, including two, three, and four dimensional design concepts. Graphic exercises and model making skills will be included as well as the study of creative and practical solutions for various site and program requirements of commercial and residential landscape sites. Class includes a lab component. Prerequisite: Pass HOR-229.

HOR-235 Weed Identification
2 credits, Fall
Identification and life cycles of weeds commonly found in landscapes, nurseries and farms.

HOR-236 Insect Identification
2 credits, Fall
Identification and life cycles of insects which damage ornamental plants in greenhouses, landscapes, nurseries and farms. Recertification credits may be granted by the Oregon Department of Agriculture toward pesticide license renewal.

HOR-237 Disease Identification
2 credits, Winter
Identification of ornamental plant diseases which occur in greenhouses, landscapes, and nurseries, and farms.

HOR-238 Flower Arrangers Garden/Spring
3 credits, Spring
Learn to identify and grow seasonal plants suitable for use as cut flowers and foliage. Includes basic floral design and visits to local cutting gardens. Ideal for garden designers, home gardeners, and florists. Class includes a lab component.

HOR-239 Tree Climber Training
2 credits, Summer
The safe use of rope and saddle tree climbing procedures will be covered through lecture, discussion, and field practice. For beginner to moderately experienced climbers. Class includes a lab component.

HOR-240 Irrigation & Drainage Practices
3 credits, Spring
Materials, equipment, and methods used to install irrigation and drainage systems in landscape areas. Emphasis on home lawns, gardens, and larger areas. Class includes a lab component.

HOR-241 Nursery Management
3 credits, not offered every Fall
Essentials of nursery practices, including containers and field growing practices, crop scheduling, management, and marketing.

HOR-242 Plant Propagation/Spring
3 credits, Spring
Proper techniques for reproducing plants from seed, cuttings, division, and micro-propagation. Emphasis on seasonal plant production. Class includes a lab component.

HOR-244 Environmental Landscape Design
3 credits, not offered every Winter
Overview of landscape design features that will benefit the natural environment, provide habitat for wildlife and require minimal inputs of energy, water and other materials. Includes basic design concepts, terminology and techniques, as well as ideas for marketing of sustainable designs. Class includes a lab component.

HOR-246 Organic Farming and Gardening
3 credits, Spring
Overview of the fundamental principles and practices of organic fruit and vegetable production in the Pacific Northwest. Class includes a lab component.

HOR-248 Flower Arrangers Garden/Spring
3 credits, Spring
Learn to identify and grow seasonal plants suitable for use as cut flowers and foliage. Includes basic floral design and visits to local cutting gardens. Ideal for garden designers, home gardeners, and florists. Class includes a lab component.
HOR-250 Western Herbs
2 credits, Fall
Introduces students to herbs that can be grown locally. Instruction will focus on the components and uses of herbs.

HOR-251 Herbal Products
1 credit, Winter
Instruction will be provided in making herbal teas, skin salve, tincture, infused oil, vinegar and syrup. Covers what ingredients to use and why each is important.

HOR-252 Kitchen Herbs
1 credit, Spring
Instruction will focus on how to use common herbs and spices as food and for craft. Practical instruction is provided to utilize herbs and spices.

HOR-280 Horticulture/CWE
3 credits, Fall/Winter/Spring/Summer
On-the-job experience in the various segments of horticulture. Students enroll in co-op after completing nine credits of horticulture courses. May be repeated for up to 6 credits. Required: A CWE seminar.

HOR-281 Horticulture/CWE
6 credits, Fall/Winter/Spring/Summer
On-the-job experience in the various segments of horticulture. Students enroll in co-op after completing nine credits of horticulture courses. Required: A CWE seminar.

HOR-282 Horticulture/CWE
3 credits, Fall/Winter/Spring/Summer
On-the-job experience in the various segments of horticulture. Students enroll in co-op after completing nine credits of horticulture courses. May be repeated for up to 6 credits. Required: A CWE seminar.

HOR-284 Urban Agriculture Farm Experience/CWE
3 credits, Summer
Experiential learning of organic farming techniques, while working on the Campus Farm. Students learn ecological and sustainable practices, principles and management strategies, and will participate in marketing the produce. Class includes a lab component. Co-requisite: A CWE seminar. Required: Students may enroll in course after completing nine credits of horticulture courses.

HOR-285 Urban Agriculture/CWE
3 credits, Fall/Winter/Spring/Summer
On-the-job experience working with an agricultural business/farm. Co-requisite: A CWE seminar. Required: Students may enroll in course after completing nine credits of Urban Agriculture courses.

HS
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Human Services

HS-100 Introduction to Human Services
3 credits, Fall
Student will examine interpersonal skills, personal values, decisions and problems for human service trainees. Addresses stresses, demands, and rewards of working in this field. Required for Human Services Generalist degree.

HS-103 Ethics for Human Service Workers
2 credits, Winter
Explores the professional issues students will face when in a helping relationship. Introduces the professional codes of ethics associated with the helping professions. Addresses solving ethical dilemmas using professional guidelines. Topics include client rights, confidentiality, professional boundaries, legal issues in helping, competence, and cultural diversity.

HS-130 Introduction to Hospice Care
3 credits, not offered every term
For individuals, families, and professionals interested in learning about hospice care for the terminally ill. Issues include death, dying, and bereavement, with attention to psychosocial need, pain and symptom control, delivery of medical care, family dynamics, and philosophical and ethical questions. Required to become a Hospice Volunteer.

HS-154 Community Resources
3 credits, Winter
Explores local community social service resources. Identifies services, eligibility criteria, mission, policies, politics of agencies, identification of client needs, various referral processes, and historical, political and social trends.

Visit Clackamas Community College on the web at www.clackamas.edu
HS-156 Interviewing Theory & Techniques  
3 credits, Winter  
Provides the theory and specific techniques required for entry-level interviewing in human service settings.  

HS-165 Activity Director  
3 credits, not offered every term  
Provides training for activity directors in long-term care and residential facilities. Focuses on therapeutic activities to promote continual growth and development in residents.  

HS-170 Introduction to Field Experience-Human Services  
3 credits, Spring  
Exploration of Human Services in the workplace and organizations, including work stress, supervision, ethics, cultural diversity, and social responsibility. Prerequisite to Human Services/CWE courses.  

HS-211 HIV, TB, and Infectious Diseases  
1 credit, Winter  
Course explores the relationship between substance abuse and infectious diseases, and discusses methods for reducing transmission of these diseases. Topics will include HIV/AIDS, tuberculosis, hepatitis, and sexually transmitted infections. Course will provide students with techniques for assisting clients with assessing risk, practicing harm reduction, and evaluating treatment options.  

HS-216 Group Counseling Skills  
3 credits, Spring  
Provides students with strategies and skills for group work with a variety of clients. Explores leadership styles and skills, group formation and stages, and the ethics of working with groups. Will address knowledge needed to develop, run, and evaluate groups for a variety of human service topics, including substance abuse. Theories of therapeutic group work will also be discussed.  

HS-217 Helping Skills & Diverse Populations  
2 credits, not offered every year  
Addresses the helping skills necessary to provide career services in a multicultural world. Part of a series toward earning a Global Career Development Facilitator credential endorsed by the National Career Development Association.  

HS-218 Career Development Models & Assessments  
2 credits, not offered every year  
Addresses career development models and career assessment tools. Part of a series toward earning a Global Career Development Facilitator credential endorsed by the National Career Development Association.  

HS-219 Training Clients/Peers & Employability Skills  
2 credits, not offered every year  
Addresses the skills needed to train and work with groups, as well as clients' employability issues. Part of a series toward earning a Global Career Development Facilitator credential endorsed by the National Career Development Association.  

HS-220 Labor Market Information & Technology in Career Planning  
2 credits, not offered every year  
Addresses the role information and technology plays in career planning and advancement. Part of a series toward earning a Global Career Development Facilitator credential endorsed by the National Career Development Association.  

HS-221 Ethics & Consultation  
2 credits, not offered every year  
Addresses the ethical considerations and consultation practices in the field of career development and career advancement. Part of a series toward earning a Global Career Development Facilitator credential endorsed by the National Career Development Association.  

HS-222 Program Management & Public Relations  
2 credits, not offered every year  
Plan, design, implement, and market services in the field of career development and/or career advancement. Part of a series toward earning a Global Career Development Facilitator credential endorsed by the National Career Development Association.  

HS-260 Victim Advocacy & Assistance  
4 credits, Fall/Spring  
Provides basic skills for working with a diverse group of crime victims, including, but not limited to, victims of homicide, sexual assault, child abuse and domestic violence. Topics covered include: theories of victimology, victim's rights evolution, crisis intervention, stress reactions, and post-traumatic stress syndrome.  

HS-280 Human Services Generalist I: CWE/Practicum  
4 credits, Fall  
Cooperative Work Experience. Supervised experience in human services including but not limited to: social service; early childhood care; criminal/juvenile justice; gerontology; and other occupations. Prerequisite: HS-170 (except CDF students). Corequisite: CWE-281. Required: Instructor consent.  

HS-281 Human Services Generalist II: CWE/Practicum  
4 credits, Winter  
Cooperative Work Experience level II. Supervised experience in human services including but not limited to: social service; early childhood care; criminal/juvenile justice; gerontology; and other related occupations. Prerequisite: HS-170. Corequisite: CWE-282. Required: Instructor consent.  

HS-282 Human Services Generalist III: CWE/Practicum  
4 credits, Spring  
Cooperative Work Experience level III. Supervised experience in human services including but not limited to: social service; early childhood care; criminal/juvenile justice; gerontology; and other related occupations. Prerequisite: HS-170. Corequisite: CWE-283. Required: Instructor consent.  

HST  

History  

HST-101 History of Western Civilization  
4 credits, Fall/Winter  
Origins and development of Western Civilization with a primary focus on Europe from ancient times to ca. 1300. Recommended: Pass RD-090 or placement in RD-115.
HST-102 History of Western Civilization
4 credits, Winter/Spring
Origins and development of Western Civilization with an emphasis on Europe from ca. 1300 to 1800. Recommended: Pass RD-090 or placement in RD-115.

HST-103 History of Western Civilization
4 credits, Fall/Spring
Development of Western Civilization with an emphasis on Europe from the 19th century to the present. Recommended: Pass RD-090 or placement in RD-115.

HST-136 History of Popular Culture, Entertainment & Sports
4 credits, not offered every year
Explores the topics of popular culture, entertainment and sports in western civilization from ancient Greece to the present and relates them to the political, social, economic, intellectual and cultural trends of each time period. Recommended: Pass RD-090 or placement in RD-115.

HST-137 History of Science, Medicine & Technology
4 credits, not offered every year
Traces the major developments in western civilization in the fields of science, medicine and technology from ancient Greece to the present. Includes an examination of the biographies of prominent scientists, doctors and engineers. Recommended: Pass RD-090 or placement in RD-115.

HST-138 History of Love, Marriage & the Family
4 credits, not offered every year
Examines the concept of love and the institutions of marriage and the family in western civilization from ancient Greece to the present. Includes a consideration of the ideas of prominent thinkers, artists and political leaders. Recommended: Pass RD-090 or placement in RD-115.

HST-201 History of the United States
4 credits, Fall
Covers the period in American history from first European contact to the Age of Jackson. Recommended: Sequence of HST-201, HST-202 and HST-203 is taken in order. Prerequisites: Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121.

HST-202 History of the United States
4 credits, Winter
Covers the period of United States history from the Age of Jackson to World War I. Recommended: Sequence of HST-201, HST-202 and HST-203 is taken in order. Prerequisites: Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121.

HST-203 History of the United States
4 credits, Spring
Covers the period of United States history since WWI. Recommended: Sequence of HST-201, HST-202 and HST-203 is taken in order. Prerequisites: Pass RD-090 or placement in RD-115, pass WR-095 or placement in WR-121.

HST-210 The Great Depression & New Deal in America
4 credits, not offered every term
Explores the contours of the Great Depression and New Deal in American history. Course includes an examination of economic, political, social, and cultural factors and forces at play in America during the Depression era (1929-1941) with an emphasis on the New Deal and its successes, failures, and legacy. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

HST-220 Introduction to Oral History
4 credits, not offered every term
Course covers the origins and development of oral history as an academic discipline, with explorations of key oral history documents and projects over the last century. Also covers methods, techniques, ethics, and best practices in the production of an oral history project. Each class completes oral history interviews with local residents in regard to a specific time period in 20th century American history. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

HST-280 History/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of history. Required: Instructor consent & a CWE seminar.

HUM

HUM-160 Faith & Reason
5 credits, not offered every term
Introduction to classical philosophy, sacred texts, modern fiction, poetry, theology, evolutionary biology, and cosmology. Consideration of how personal concepts of faith and reason and institutions of science and religion, shape personal intellectual landscapes. Recommended: Pass RD-090 or placement in RD-115.

HUM-170 Metamorphoses
5 credits, not offered every year
Investigates the process of change within human cultures and individuals. By exploring myth, science, art, religion, and literature, we approach a better understanding of the ability of humans to change. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

HUM-180 Pathway to Sustainability
5 credits, Fall
Can we create a more sustainable and just world? Will we question our assumptions regarding economic models, democracy, our relationships with the environment, and social structures? What are the roots of the current ecological crisis? Recommended: Pass RD-090 or placement in RD-115.

HUM-181 Pathway to Sustainability
5 credits, Winter
Can we create a more sustainable and just world? How do socially meaningful changes come about? What are the ecological and social repercussions of the choices we make? Are ecological and social justice concerns linked? Recommended: Pass RD-090 or placement in RD-115.

Visit Clackamas Community College on the web at www.clackamas.edu
HUM-182 Pathway to Sustainability
5 credits, Spring
Can we create a more sustainable and just world? What can our personal roles in change be? How can we stimulate local sustainable economies? What analysis is useful in assessing ecological impacts? Recommended: Pass RD-090 or placement in RD-115.

HUM-233 Electronic Culture
4 credits, not offered every term
An introduction to the interdisciplinary field of electronic culture, focusing on the use of electronic computer technology by individuals and groups. Examines transformation of self, identity, communication, and development of electronic communities and subcultures. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

HUM-235 Perspectives on Terrorism
4 credits, not offered every term
Explores the ways in which different academic disciplines in the social sciences and humanities construct historical, psychological, cultural, theological, sociological, and philosophical arguments and themes around the topic of terrorism and terrorist-related issues. Identifies underlying assumptions upon which these arguments and themes are based and considers the cultural expressions they both engender and reflect. Prerequisites: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

HUM-240 American Military Conflict: Total War
4 credits, not offered every term
Provides students with the fundamental knowledge of the politics and geography of United States military operations when conducting “Total War” as applied in conflicts from The Civil War through WWII. Recommended: Pass RD-090 or placement in RD-115.

HUM-241 American Military Conflict: The Cold War
4 credits, not offered every term
Provides students with the fundamental knowledge of the politics and geography of United States military operations when conducting “The Cold War” as applied in conflicts in Korea, Vietnam and the planned defense of Western Europe. Recommended: Pass RD-090 or placement in RD-115.

HUM-242 American Military Conflict: The War on Terror
4 credits, not offered every term
Provides students with the fundamental knowledge of the politics and geography of United States military operations when conducting “The War on Terror,” as applied in conflicts in Libya, Iraq, Afghanistan, and various other parts of the world. Pass RD-090 or placement in RD-115.

J

Journalism

J-134 Photojournalism
4 credits, not offered every term
Introduces the student to photojournalism, emphasizing composition, lighting and creative ways to illustrate a news story through weekly shooting assignments. Recommended: Basic photography skills.

J-211 Mass Media & Society
4 credits, not offered every term
This course takes students through a critical study of the production and consumption of mass media, including television, radio, books, film, newspapers, advertising and the Internet. Students also examine the economic and social organization of mass media, the growth of new media technologies, and the relationship between media and the public. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

J-216 Writing for Media
4 credits, Fall
Introduces students to the fundamentals of writing for various media including journalism, public relations and other communications-related fields. Topics include news gathering, interviewing and media law, with an emphasis on writing for print, broadcast, the web and social media. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

J-220 Introduction to Broadcast Journalism
4 credits, Winter
Offers students interested in broadcast journalism basic skills of writing, reporting and camera operation for broadcast. Lab component included. Recommended: Pass WR-095 or placement in WR-121, or instructor consent.

J-221 Broadcast Journalism
4 credits, Winter
Offers students interested in broadcast journalism intermediate skills of editing, compression and uploading for broadcast. Lab component included. Recommended: Pass WR-095 or placement in WR-121. Prerequisite: Pass J-220 with C or better or instructor consent.

J-222 Advanced Broadcast Journalism
4 credits, Winter
Offers students interested in broadcast journalism advanced skills of managing reporters, videographers and a web presence in a broadcast newsroom. Lab component included. Recommended: Pass WR-095 or placement in WR-121. Prerequisite: Pass J-221 with C or better or instructor consent.
J-226 Introduction to College Newspaper: Design & Production
4 credits, Fall/Winter/Spring
Offers students interested in newspaper design and production basic skills in writing headlines, designating pages and using Adobe InDesign software to produce and ultimately distribute the weekly student newspaper, The Clackamas Print. May be repeated for up to 12 credits. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

J-227 Intermediate College Newspaper: Design & Production
4 credits, Fall/Winter/Spring
Offers students interested in newspaper design and production intermediate skills in writing headlines, laying out pages and using Adobe InDesign software to produce and ultimately distribute the weekly student newspaper, The Clackamas Print. May be repeated for up to 12 credits. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: J-226.

J-228 Advanced College Newspaper: Design & Production
4 credits, Fall/Winter/Spring
Offers students interested in newspaper design and production advanced skills in news content design, flow and management for print and online. Students will produce and publish the weekly student newspaper, The Clackamas Print, and its website. May be repeated for up to 12 credits. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: J-226.

J-230 Multimedia Reporting
4 credits, Winter
Provides students with hands-on training in news reporting for the Internet, including writing, blogging, podcasting, digital photography and audio slide shows. Students will also study and apply media law including libel, copyright and the rights of a free press in a democracy. Recommended: pass WR-095 or placement in WR-121.

J-280 Journalisn/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides the student with on-the-job experience and training related to journalism. Required: Instructor consent & a CWE seminar.

J-280A Public Relations/CWE
2-6 credits, Fall/Winter/Spring
Provides the student with on-the-job experience and training related to public relations. Required: Instructor consent & a CWE seminar.

LIB
Library
LIB-101 Introduction to Library Research
1 credit, Fall/Winter/Spring
Trains students in the use of a variety of print and electronic information resources, search tools, and source citation. Excellent preparation for term papers and other research assignments. Recommended: Pass CS-090 or equivalent experience.

MA
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Medical Assistant
MA-110 Medical Terminology
3 credits, Fall/Winter/Spring/Summer
Provides the foundational principles required for understanding medical terms and tools to effectively communicate with other health care professionals. This includes pronunciation, spelling and the meaning of words. There will be introductions to disease processes and basic anatomy and physiology by examining each of the body systems. Open to all students. Required course for students in Medical Assistant program.

MA-112 Medical Office Practice
4 credits, Fall
Focuses on administrative skills performed by the Medical Assistant in the ambulatory care setting. The course examines medical law and ethics, bioethics, principles of confidentiality and medical office function. Corequisites: BI-120 and MA-145. Prerequisite: Pass MA-110. Required: Instructor consent.

MA-115 Phlebotomy for Medical Assistants
2 credits, Spring
Focus of this course is to demonstrate appropriate blood specimen procurement techniques using vacutainer, syringe, ‘winged infusion’/butterfly with syringe and capillary puncture methods. Other specifics of the blood specimen testing requirements, such as collection into the correct evacuated tube (additive), specimen handling procedures, and collection documentation are also covered; while assuring safe, confidential and professional environment for the patient, and as the phlebotomy technician. Prerequisites: Pass MA-116, MA-117, MA-118, MTH-054. Corequisite: MA-121. Required: For Medical Assistant students by instructor consent.

MA-116 Introduction to Medications
3 credits, Winter
Introduces the medical assisting students to pharmacology and medication administration. It is designed to give students the fundamentals of medications and the administration of medications essential to the practice of medical assisting. Prerequisites: Pass BI-120, MA-110, MA-112 and MA-145. Corequisites: MA-117, MA-118 and MTH-054. Required: Instructor consent.
MA-117 Clinical Lab Procedures I
2 credits, Winter
This course, along with MA-121, is designed to instill a basic understanding of simple, common laboratory terminology and procedures used in a general medical office laboratory to aid the physician in the diagnosis of disease. Laboratory safety, the prevention of blood born disease transmission and scope of practice will be emphasized. Required: Instructor consent. Prerequisites: Pass MA-110, MA-112 and MA-145. Corequisites: MA-116, MA-117 and MTH-054.

MA-118 Examination Room Techniques
4 credits, Winter
Fundamental ambulatory care, exam room procedures and techniques. Special emphasis will be placed on fundamental principles, diagnostic testing, patient care, documentation and general (trans disciplinary) competencies including an overview of the equipment used for medication administration and the techniques for oral and parenteral medication administration (excluding IV). Prerequisites: Pass BI-120, MA-110, MA-112 and MA-145. Corequisites: MA-116, MA-117 and MTH-054. Required: Instructor consent, student must be enrolled in current MA cohort.

MA-119 Medical Assisting Practicum
9 credits, Spring
Under supervision within the ambulatory care setting, the student will apply both administrative and clinical knowledge and practices as attained within the Medical Assisting course curriculum. Required: Instructor consent. Student must complete and pass all required curriculum, pass criminal history background check and urine drug/alcohol screen in order to be placed in a practicum site. Prerequisites: Pass MA-115 and MA-121.

MA-121 Clinical Lab Procedures II
2 credits, Spring
Designed to instill a basic understanding of simple, common laboratory terminology and procedures used in a general medical office laboratory to aid the physician in the diagnosis and treatment of disease. Laboratory safety, the prevention of blood born disease transmission and scope of practice will be emphasized. Required: Instructor consent. Enrolled in the Medical Assistant program. Prerequisites: Pass MA-117 MA-116, MA-118, MTH-054.

MA-145 Insurance & Health Information Management
3 credits, Fall
Introduces the medical assisting student to learn practical applications of billing medical insurance both manually and electronically. The course is designed to instruct the student in all phases of billing and insurance procedures and entry-level electronic health record software for the management of medical records. Corequisites: BI-120 and MA-112. Prerequisite: Pass MA-110. Restricted: Medical Assistant students only. Required: Instructor consent.

MET-112 Introduction to Engineering and Technical Careers
2 credits, Fall/Winter/Spring
This course is designed to provide an overview of five major engineering disciplines, their subsets and their respective career pathways. This course will also introduce students to the economic, environmental, social, political, ethical, as well as the health and safety realities of the engineering work environment. This course is intended to guide students in making appropriate career choices by exploring the following topics: engineering job demands, earning potential, marketability, licensure, and continuing education requirements.

MET-150 Principles of Engineering-PLTW
6 credits, not offered every term
Helps students understand the field of engineering/engineering technology. Explores various technology systems and manufacturing processes and how math, science and technology are used in the engineering problem solving process. Includes concerns about social and political consequences of technological change. This course is part of the national Project Lead the Way curriculum.

MET-151 Introduction to Engineering Design-PLTW
6 credits, not offered every term
Helps students understand the field of engineering/engineering technology. Explores various technology systems and manufacturing processes and how math, science and technology are used in the engineering problem solving process. Includes concerns about social and political consequences of technological change. This course is part of the national Project Lead the Way curriculum.

MET-152 Digital Electronics-PLTW
6 credits, not offered every term
Covers applied logic that encompasses the application of electronic circuits and devices, as well as AC and DC electrical fundamentals. Uses computer simulation software to design and test digital circuitry prior to the actual construction of circuits and devices. This course is part of the national Project Lead the Way curriculum.
MET-153 Computer-Integrated Manufacturing-PLTW
6 credits, not offered every term
Applies the principles of robotics and automation to engineering and manufacturing. Students use CNC equipment to produce actual models of their three-dimensional designs. This course is part of the national Project Lead the Way curriculum.

MET-170 Introduction to Manufacturing Processes
3 credits, Spring
This is a survey course to introduce students to the fundamental processes that are used to manufacture everyday products. Includes machining, casting, forming, welding, molding, composites and microelectronics fabrication.

MET-211 Statics
4 credits, not offered every term
Application of the fundamental principles of mechanics of rigid bodies to typical engineering problems involving force systems in static equilibrium; moments and couples, structures, vector algebra, distributed forces, friction, center of gravity, center of mass and area moment of inertia. Prerequisites: MTH-111.

MET-213 Strength of Materials
4 credits, not offered every term
Introduces the mechanics of deformable bodies with an emphasis on principles of stress and strain, failure criteria and design concepts. Covers simple bending of beams and associated deflections; shear stresses in trusses, beams and frames; combined stresses due to bending, torsion, shear and axial loads. Additional topics include transformation of stress, principle stresses, Mohr’s circle, stability and buckling. Prerequisites: MET-211.

MFG
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Manufacturing Technology
The Manufacturing Department has a variety of programs and classes. For additional information contact the Manufacturing Department at 503-594-3318.

MFG-101 Essential Skills for Manufacturing
1-6 credits, not offered every term
This course focuses on the basic skills for entry-level operator, processor and assembler jobs in the manufacturing and logistics industries. Specialized curriculum covers print reading, precision measurement, manufacturing processes, shop math, safety, workplace readiness, team building and communication. No prior experience is necessary.

MFG-104 Print Reading
2 credits, Fall/Winter/Summer
Introduction to basic print reading. Students will use the principles of orthographic projection and current ASME standards as they apply this knowledge to interpreting manufacturing prints.

MFG-105 Dimensional Inspection
2 credits, Winter
Covers precision measuring tools such as micrometers, dial indicators, gauge blocks, sine bars and other instruments used in quality control of manufactured products.

MFG-106 Applied Geometric Dimensioning & Tolerancing for Manufacturing
3 credits, Spring
Introduces participants to the application of gauging and inspection using Geometric Dimensioning and Tolerancing (GDT). Students will identify inspection equipment and inspect GDT characteristics while experiencing their manufacturing implications.

MFG-107 Industrial Safety & First Aid
3 credits, Fall/Winter/Spring
The Industrial Safety course is designed to provide the student with a basic understanding of safety hazards and first aid in the workplace. Includes eye safety, grinding wheel hazards, electrical/chemical hazards, slips, falls and back injuries. Instruction in Red Cross first aid, Automated External Defibrillator (AED) and CPR.

MFG-109 Computer Literacy for Technicians
3 credits, Fall/Winter/Spring
Presents the uses of computers in business and industry. Subjects covered include computer platforms, basic hardware, data communication, and operating systems. Reviews and uses word processing, spreadsheet, and database software for the PC.

MFG-110 Manufacturing Special Projects
1-9 credits, Fall/Winter/Spring
Allows students a great deal of latitude in project selection, design, and production utilizing manual machine tools, CNC machine tools, CAD/CAM and EDMs. A solid understanding of all basic machine tools is expected. Required: Instructor consent.

MFG-111 Machine Tool Fundamentals I
3-9 credits, Fall/Winter/Spring
This course is an introduction to machine tool operation, precision measurement and engineering drawings; covers machine tool operations including drill presses, lathes, and milling machines. Includes internal and external threading. Recommended: Completion of MFG-104 and MFG-107.

MFG-112 Machine Tool Fundamentals II
3-9 credits, Fall/Winter/Spring
This course is a continuation of machine tool operations. Covers setup and operation of the vertical milling machine and boring techniques on the lathe. Includes surface grinding and selection of abrasive grinding wheels. Recommended: Completion of MFG-111.
MFG-113 Machine Tool Fundamentals III
3-9 credits, Fall/Winter/Spring
Topics include offset boring heads, rotary tables, indexing devices, and taper attachments. Also covers applied technical math, inspection techniques, optical comparators, coordinate measuring machines, and cylindrical grinding. Recommended: Completion of MFG-111 and MFG-112.

MFG-123 Instrumentation and Controls
3 credits, Winter
Course is intended to provide the industrial maintenance technician with knowledge and skills in the areas of process measurement, control and data acquisition. Students will become familiar with common sensors and actuator and their applications. Instruction will also be given on application development in NI LabView to create process control programs. Recommended: Completion of MFG-130 or EET-137.

MFG-130 Basic Electricity I
3 credits, Fall
Explores fundamentals of AC and DC electricity. Includes: atomic structure, direct current, alternating current, Ohm's law, series, parallel, and combination circuits, DC circuit theorems, production of DC voltages, magnetic principles, transformers, motors and generators.

MFG-131 Basic Electricity II
3 credits, Winter
Covers application of several theories learned in previous term. Additional topics will include: motors, controls, alignment, pulleys and gears, troubleshooting theory, power distribution and lighting, electrical wiring and schematics. Recommended: Completion of MFG-130 and MTH-050.

MFG-132 Basic Electricity III
3 credits, Spring
This course offers continued study in the control of industrial electric motors. Concepts in the application of relays, motor starters, switches and overload protection are explored from both a practical and theoretical viewpoint. Wiring techniques and electrical devices for residential, commercial and industrial facilities are presented along with hands-on activities. Additional topics include: electrical conductors, installation materials, and the scope of work performed by licensed electricians. Recommended: Completion of MFG-130 and MFG-131.

MFG-133 Programmable Logic Controllers
3 credits, Spring
A study of the basic skills necessary to program, install, and maintain industrial control systems utilizing programmable logic controllers. Course content lays a foundation of hardwired relay control systems and components then build on this for an understanding of programmable logic controllers (PLC) systems. Recommended: Completion of MFG-130.

MFG-140 Principles of Fluid Power
3 credits, Winter
Course provides student with instruction in the use of hydraulics and pneumatics in industry covering the fundamentals of hydraulics, basic components (valves, cylinders, pumps, motors, piping, fluid, fluid conditions, and accessories). Recommended: Pass MTH-050.

MFG-200 Introduction to CNC
1 credit, not offered every term
Short course to prepare students to be entry-level CNC machine operators. Covers fundamentals of operation, setup principles and G & M code programming. Students will use hands-on activities on industrial milling and turning centers. Recommended for individuals with limited knowledge of CNC machining. Recommended: Completion of MFG-111.

MFG-201 CNC I: Set-up & Operation
4 credits, Fall
A hands-on class that will teach students how to set-up and operate CNC milling centers. Includes an introduction to basic G&M-code programming. Designed for persons with little or no previous experience. Recommended: Completion of MFG-109, MFG-112 and MTH-050.

MFG-202 CNC II: Programming & Operation
4 credits, Winter
Places a heavy emphasis on writing G&M-code. Students will be taught more advanced programming and operation of CNC milling centers and basic programming, set-up and operation of CNC turning centers. Recommended: Completion of MFG-201.

MFG-203 CNC III: Applied Programming & Operation
3 credits, Spring
Students work individually or in small groups to design, program, manufacture and test advanced projects using: CNC mills, CNC lathes, Electrical Discharge Machines and various software applications. Introduction to principles and operation of EDM included. Recommended: Completion of MFG-201 or MFG-204.

MFG-204 Computer-Aided Manufacturing I
4 credits, Fall
This course is an introduction to computer-aided part programming. Students will use CAD/CAM software to generate NC code to produce machined products. Model creation, process verification, code generation, and CAD/CAM integration will be covered. Recommended: Completion of MFG-201, MFG-112. Required: Completion of MFG-109.

MFG-205 Computer-Aided Manufacturing II
4 credits, Winter
This course is the second in the series of three CAD/CAM courses: MFG-204, MFG-205, and MFG-206. The focus is hands-on CNC and manufacturing activities, including Mastercam solids, lathe, and multi-axis. Additional topics will include reverse engineering and post-processing. Class time will be devoted to demonstrations, and in-class projects. Recommended: Completion of MFG-204.
MFG-206 Computer-Aided Manufacturing III
3 credits, Spring
Final class in the Computer-Aided Manufacturing series will concentrate on a capstone project. Students will design, program, and fabricate an industrial caliber independent project. Recommended: Completion of MFG-205.

MFG-209 Programming and Automation for Manufacturing
3 credits, Winter
A high-level computer literacy course for technologists. The focus of this course is on structured computer programming in the Visual Basic language and the application of programming industrial automation. Basic knowledge of the PC required. Recommended: Completion of MFG-109.

MFG-210 CAM Special Projects
1-4 credits, not offered every term
Allows students to integrate and improve CNC and CAD/CAM manufacturing skills. Students are assigned a variety of hands-on projects based on their skill level and interest. Recommended: Completion of MFG-201 and MFG-204. (May be taken concurrently with MFG-204).

MFG-211 Machine Tool Fundamentals IV
6 credits, Fall/Winter/Spring
Concentrates on CNC setup and operation and on surface grinding. Students will develop and apply their machining skills while creating products in a team environment. Additional topics may include fixture design and cutting mechanics. Recommended: Completion of MFG-104, MFG-105 and MFG-113.

MFG-221 Materials Science
3 credits, Spring
Introduces metallurgy and materials science. Extractive and physical metallurgy will be covered. Specific topics include heat treatment, materials analysis, the iron carbon phase diagram, composites, ceramics and industrial plastics.

MFG-271 Mastercam Mill I
4 credits, not offered every term
Covers the creation and manipulation of two and three dimensional wire frame models as well as the creating, editing, and verification of 2-1/2 axis toolpaths. A fundamental understanding of the CAD/CAM process will be gained.

MFG-272 Mastercam Mill II
4 credits, not offered every term
Students construct three-dimensional geometric models using solids and surface modeling techniques. Students program models using advanced multi-axis programming techniques utilizing all aspects of roughing and finishing. Projects verified with solids toolpath verification. Recommended: Completion of MFG-271 or prior experience.

MFG-273 Mastercam Lathe/Mill/Multi-Axis
4 credits, Spring
The fundamentals of Mastercam Lathe and mill/turn toolpaths and provides demonstrations and exercises on new and current programming techniques for advanced mill/turn machining centers. Additionally, the strategic use of multi-axis machining will be discussed. Highlights of dynamic milling, machine simulation, program documentation and set-up sheets will be provided. Some student projects will be machined on state-of-the-art equipment in the advanced manufacturing lab. Prerequisites: MFG-271, MFG-204, or instructor consent.

MFG-278 Manufacturing Technology/CWE
1-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Practical experience in the manufacturing trades. Coordination of instruction will occur with industry and the manufacturing and cooperative work departments. Required: Instructor consent and a CWE seminar.

MTH
Mathematics

MTH-010 Fundamentals of Arithmetic I
4 credits, Fall/Winter/Spring/Summer
Reviews operations on whole numbers, elementary fraction concepts, operations on decimals, and measurement.

MTH-020 Fundamentals of Arithmetic II
4 credits, Fall/Winter/Spring/Summer
Topics include factors and multiples, operations on fractions, percents, ratios and proportions, powers and square roots, introduction to graphs, signed numbers, and effective study skills. Prerequisite: Pass MTH-010 with a C or better or placement in MTH-020.

MTH-050 Technical Mathematics I
3 credits, Fall/Winter/Spring/Summer
Designed for career-technical students. Topics focus on critical thinking, problem solving and mathematical communication using applications in applied arithmetic, measurement, geometry, and statistics and probability. Prerequisite: Pass MTH-020 with a C or better or placement in MTH-050 or MTH-060.

MTH-052 Medical Calculations for Nurses
4 credits, not offered every term
Topics include problem solving, ratios and proportions, percents, accuracy and precision of metric, apothecary and household systems of measurement, and calculating oral and parenteral medication doses as well as intravenous and critical care calculations. Required: Instructor consent. Restricted to WIIN students. Prerequisite: Pass MTH-020 with a C or better or placement in MTH-060. This course cannot be waived.

MTH-054 Medical Calculations for Medical Assistants
4 credits, not offered every term
Topics include problem solving, ratios and proportions, percents, accuracy and precision of metric, apothecary and household systems of measurement and calculating medication doses. Required: Instructor consent. Prerequisite: Pass MTH-020 with a C or better or placement in MTH-060. This course cannot be waived.
MTH-060 Algebra I  
4 credits, Fall/Winter/Spring/Summer  
Designed for review or for the beginner, this course is an introduction to topics in algebra. Expressions, equations, and inequalities are explored numerically, symbolically, graphically, and verbally. Prerequisite: Pass MTH-020 with a C or better or placement in MTH-060.

MTH-065 Algebra II  
4 credits, Fall/Winter/Spring/Summer  
The second term of topics in algebra. This course continues the exploration of expressions, equations, and inequalities numerically, symbolically, graphically, and verbally. Prerequisite: Pass MTH-060 with a C or better or placement in MTH-065.

MTH-080 Technical Mathematics II  
3 credits, not offered every term  
The second in a sequence designed for career and technical students. The topics focus on critical thinking, problem solving, and mathematical communication using applications in arithmetic, algebra, geometry, and trigonometry. Prerequisite: Pass MTH-050 with a C or better or instructor consent.

MTH-082A Wastewater Math I  
1 credit, Fall  
Quantitative component to understanding wastewater operations. Simple unit conversions, fraction to decimal conversions and more complicated problem solving as applied to wastewater preliminary and primary treatment. Prerequisite: Pass MTH-065 or instructor consent, or placement in MTH-080 or MTH-095. Corequisite: WET-110. This course cannot be waived.

MTH-082B Waterworks Math I  
1 credit, Fall  
Problem solving for waterworks applications. Introduction to basic algebra and mathematical concepts, conversions and calculations encountered in the waterworks industry. Prerequisite: Pass MTH-065 or instructor consent, or placement in MTH-080 or MTH-095. Corequisite: WET-110. This course cannot be waived.

MTH-082C Wastewater Math II  
1 credit, Winter  
Quantitative component to understanding analysis and operations of secondary wastewater systems. Flow rate, chemical dosage, treatment plant loading, treatment process efficiency, unit conversion and process control. Prerequisite: Pass MTH-065 or instructor consent. Corequisite: WET-120. This course cannot be waived.

MTH-082D Waterworks Math II  
1 credit, Winter  
Problem solving for waterworks applications. Introduction to contact-time (CT) calculations, how to determine chemical concentrations, the pounds formula, and basic hydraulics. Prerequisite: Pass MTH-082A, MTH-082B or instructor consent. Corequisite: WET-121. This course cannot be waived.

MTH-082E Math for High Purity Water  
1 credit, not offered every year  
Basic math for high purity water concepts. Measurements accuracy, rounding rules and errors, significant figures, scientific notation, metric prefixes, simple statistics, average and standard deviation of a population. Prerequisite: Pass MTH-065 with a C or better or placement in MTH-080 or MTH-095. Corequisite: WET-125. This course cannot be waived.

MTH-095 Algebra III  
4 credits, Fall/Winter/Spring/Summer  
The third term of topics in algebra using the rule-of-four approach is designed to prepare students for transfer-level math courses. This course emphasizes problem-solving and graphical techniques with the use of a graphing utility. Prerequisite: Pass MTH-065 with a C or better or placement in MTH-095.

MTH-105 Introduction to Contemporary Math  
4 credits, Fall/Winter/Spring/Summer  
A transfer-level mathematics course for non-science majors. Topics covered in this course focus students on critical thinking, problem solving, mathematical communication. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-095 with a C or better or placement in MTH-105 or MTH-111.

MTH-111 College Algebra  
5 credits, Fall/Winter/Spring/Summer  
A transfer course designed for students preparing for trigonometry, statistics or calculus. The focus is on the analysis of piecwise, polynomial, rational, exponential, logarithmic, power functions and their properties. These functions will be explored symbolically, numerically, and graphically in real life applications and mathematical results will be analyzed and interpreted in the given context. The course will also include transformations, symmetry, composition, inverse functions, regression, the binomial theorem and an introduction to sequences and series. Recommended: Pass RD-090 or placement in RD-115; Pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-095 with a C or better or placement in MTH-111.

MTH-112 Trigonometry/Pre-Calculus  
5 credits, Fall/Winter/Spring/Summer  
A transfer course designed to prepare students for calculus. AMATYC standards-based approach utilizing the rule of four to analyze elementary functions and applications is used for this course. The rule of four requires that each topic should be presented symbolically, graphically, numerically, and verbally. Topics include trigonometric functions, trigonometry developed from the unit circle, right triangle trigonometry, inverse trigonometric functions, the laws of sines and cosines, trigonometric identities, and conic sections. Students will also learn to use vectors, polar equations, and parametric equations. Particular attention will be paid to modeling applications and solving mathematical problems. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-111 with a C or better or placement in MTH-112.

MTH-205 A Bridge to University Mathematics  
3 credits, not offered every term  
A “bridge course” designed to help students transition from computation-based mathematics to the more proof-based curriculum typical of junior-senior collegiate mathematics-level courses. Topics include: group theory, elementary set theory, proof, and argumentation. Prerequisite: MTH-112 or instructor consent.
MTH-211 Fundamentals of Elementary Math I
4 credits, not offered every term
This course is the first in a sequence of three courses designed to teach students to understand the basic concepts of mathematics and provide ideas for teaching these concepts to elementary school children. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-095 with a C or better or placement in MTH-111.

MTH-212 Fundamentals of Elementary Math II
4 credits, not offered every term
This course is the second in a sequence of three courses designed to teach students to understand the basic concepts of mathematics and provide ideas for teaching these concepts to elementary school children. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-211 with a C or better or instructor consent.

MTH-213 Fundamentals of Elementary Math III
4 credits, not offered every year
This course is the third in a sequence of three courses designed to teach students to understand the basic concepts of mathematics and provide ideas for teaching these concepts to elementary school children. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-212 with a C or better or instructor consent.

MTH-243 Statistics I
4 credits, Fall/Winter/Spring/Summer
This course introduces students to descriptive statistics, observational studies, experiments, elementary probability, random variables, and sampling distributions. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-105 or MTH-111 with a C or better or placement in MTH-112.

MTH-244 Statistics II
4 credits, not offered every term
The tools learned in Statistics I are used for hypothesis tests and confidence intervals for one and two populations, linear regression, inference about regression, and chi-square tests. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-243 with a C or better.

MTH-251 Calculus I
5 credits, Fall/Winter/Spring/Summer
Topics and applications of differentiation. This course is the first in a four-term sequence designed for students in science, engineering, or mathematics. It will focus on differential calculus. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-112 with a C or better or placement in MTH-251.

MTH-252 Calculus II
5 credits, Fall/Winter/Spring/Summer
This course is the second in a four-term Calculus sequence designed for students in science, engineering, or mathematics. It will focus on integral calculus. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-251 with a C or better.

MTH-253 Calculus III
5 credits, not offered every term
This course is the third in a four-term Calculus sequence. Topics include sequences and series (power, Taylor, MacLaurin), tests of convergence, Taylor polynomials, and multiple integrals using Cartesian, polar, cylindrical, and spherical coordinate systems. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-252 with a C or better.

MTH-254 Vector Calculus
5 credits, not offered every term
This course is an introduction to the study of vectors and analytic geometry in three-space, the calculus of vector-valued functions, and the calculus of several variables. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-252 with a C or better.

MTH-256 Differential Equations
4 credits, not offered every term
An introduction to the study of first-order differential equations, first-order systems of differential equations, linear systems of equations, and applications of these topics. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-252 with a C or better.

MTH-261 Linear Algebra
4 credits, not offered every term
This course is an introduction to linear analysis of n-space: systems of linear equations, vectors, matrices, matrix operations, linear transformations, linear independence, span, bases, subspaces, determinants, eigenvalues, eigenvectors, inner products, diagonalization, and applications of these topics. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass MTH-252 with a C or better.

MTH-280 Mathematics/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Practical experience in teaching, tutoring or applying mathematics while supervised by a teacher or mathematician. May be repeated for up to 12 credits. Restricted: Math lab tutors.
MUP
Music Performance

MUP-100 Individual Lessons: Non-Music Majors
1 credit, Fall/Winter/Spring/Summer
Private lessons for beginners, non-music majors, and students who receive a low rating in MUP 171-191 auditions. Science, woodwind, percussion, string and keyboard instruments, and voice. May be repeated for up to 6 credits.

MUP-102 Wind Ensemble
3 credits, Fall/Winter/Spring
For non-majors and music majors. Introduction to the study of traditional and contemporary band literature. This is the first year of a two-year course of study that includes performance, study of common styles and techniques, and practices of band music and ensemble performance. May be repeated for up to 9 credits. No audition required. Required: Completion of high school or high school performance level. Ability to read music and play a band instrument.

MUP-104 Pep Band/Combo-Improv
1 credits, Fall/Winter/Spring
Instrumental performing group concentrating on rock, pop, and contemporary music in the small to medium-sized group setting. No audition required. May be repeated for up to 8 credits. Recommended: MUP-105 or MUP-125.

MUP-105 Jazz Ensemble
3 credits, Fall/Winter/Spring
For non-majors and music majors. Introduction and study of common “big band” and small-group jazz styles. This is the first year of a two-year course of study that includes performance, improvisation, musical arranging and writing, study of common styles and practices of historically and culturally significant jazz artists, and study of historical issues related to the development and performance of jazz music. Provides a thorough groundwork in the fundamental ideas and practices of jazz music and jazz ensemble performance. May be repeated for up to 9 credits. Required: Instructor consent. Demonstrated ability to perform at the appropriate level as determined by the instructor.

MUP-122 Chamber Choir
3 credits, Fall/Winter/Spring
Select vocal ensemble which rehearses and performs choral music from the Renaissance to the 21st century. Provides preparation for entering professional fields of music and performance. May be repeated for up to 9 credits. Recommended: Students should have prior choral experience. Required: Notation reading, ability and desire to sing. All new students must audition at the beginning of each term.

MUP-125 Vocal Jazz Ensemble: Mainstream
3 credits, Fall/Winter/Spring
Select vocal jazz ensemble that cultivates musical, professional, and personal growth through rehearsal and performance with rhythm section. Ensemble explores jazz, rock, pop, gospel, funk, and fusion. Includes study of jazz as it applies to vocal ensemble combined with rhythm section. Provides preparation for entering professional fields of contemporary music, music education and performance. Emphasis on style, improvisation, and techniques. By audition. May be repeated for up to 9 credits. Recommended: Previous choral/jazz experience highly recommended. Required: Students must pass a live audition.

MUP-141 College Orchestra
1 credit, Fall/Winter/Spring
Performance and study of orchestral literature. College students may earn credit for playing in one of several approved orchestral groups. Minimum of one performance per term. May be repeated for up to 8 credits. Required: Instructor consent.

MUP-158 Chamber Ensemble
2 credits, Fall/Winter/Spring
Rehearsal and performance of traditional vocal and instrumental chamber music (one musician per part). Includes student concerts and coaching by area professionals. Highly recommended for music majors. May be repeated for up to 6 credits. Recommended: MUP-102 or MUP-122.

MUP-171 Individual Lessons: Piano
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-171J Individual Lessons: Jazz Piano
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-171R Individual Lessons: Rock, Blues, Pop Piano
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-174 Individual Lessons: Voice
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-174J Individual Lessons: Jazz Voice
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.
MUP-175 Individual Lessons: Violin
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-176 Individual Lessons: Viola
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-177 Individual Lessons: Cello
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-178 Individual Lessons: Bass
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-178J Individual Lessons: Jazz Bass
1 credit, Fall/Winter/Spring/Summer
College level private lessons available
to music majors and qualified nonma-
jors. End-of-term juried performance
mandatory. May be repeated for up to
6 credits.

MUP-179 Individual Lessons: Harp
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-180 Individual Lessons: Guitar
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-180J Individual Lessons: Jazz Guitar
1 credit, Fall/Winter/Spring/Summer
College level private lessons available
to music majors and qualified nonma-
jors. End-of-term juried performance
mandatory. May be repeated for up to
6 credits.

MUP-181 Individual Lessons: Flute
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-181J Individual Lessons: Jazz Flute
1 credit, Fall/Winter/Spring/Summer
College level private lessons available
to music majors and qualified nonma-
jors. End-of-term juried performance
mandatory. May be repeated for up to
6 credits.

MUP-182 Individual Lessons: Oboe
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-183 Individual Lessons: Clarinet
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-183J Individual Lessons: Jazz Clarinet
1 credit, Fall/Winter/Spring/Summer
College level private lessons available
to music majors and qualified nonma-
jors. End-of-term juried performance
mandatory. May be repeated for up to
6 credits.

MUP-184 Individual Lessons: Saxophone
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-184J Individual Lessons: Jazz Saxophone
1 credit, Fall/Winter/Spring/Summer
College level private lessons available
to music majors and qualified nonma-
jors. End-of-term juried performance
mandatory. May be repeated for up to
6 credits.

MUP-185 Individual Lessons: Bassoon
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-186 Individual Lessons: Trumpet
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.

MUP-186J Individual Lessons: Jazz Trumpet
1 credit, Fall/Winter/Spring/Summer
College level private lessons available
to music majors and qualified nonma-
jors. End-of-term juried performance
mandatory. May be repeated for up to
6 credits.

MUP-187 Individual Lessons: French Horn
1 credit, Fall/Winter/Spring/Summer
College level private lessons required
for music majors and available to qual-
ified nonmajors. End-of-term juried
performance mandatory. Corequisite:
MUS-189. May be repeated for up to
6 credits.
MUP-188 Individual Lessons: Trombone
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-188J Individual Lessons: Jazz Trombone
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-189 Individual Lessons: Baritone
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-189J Individual Lessons: Jazz Baritone
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-190 Individual Lessons: Tuba
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-191 Individual Lessons: Percussion
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-191J Individual Lessons: Jazz Percussion
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-202 Wind Ensemble
3 credits, Fall/Winter/Spring
For non-majors and music majors. Introduction to the study of traditional and contemporary band literature. This is the second year of a two-year course of study that includes performance, study of common styles and practices of historically and culturally significant composers/arrangers, and study of historical issues related to the development and performance of band literature. Provides a thorough groundwork in the fundamental ideas, techniques, and practices of band music and ensemble performance. May be repeated for up to 9 credits. No audition required. Required: Completion of high school or high school performance level. Ability to read music and play a band instrument.

MUP-204 Pep Band/Combo-Improv
1 credit, Fall/Winter/Spring
Instrumental performing group concentrating on rock, pop, and contemporary styles in the small to medium-sized group setting. No audition required. May be repeated for up to 8 credits. Recommended: MUP-205 or MUP-225.

MUP-205 Jazz Ensemble
3 credits, Fall/Winter/Spring
For non-majors and music majors. Introduction and study of common “big-band” and small group jazz styles. This is the second year of a two-year course of study that includes performance, improvisation, musical arranging and writing, study of common styles and practices of historically and culturally significant jazz artists, and study of historical issues related to the development and performance of jazz music. Provides a thorough groundwork in the fundamental ideas and practices of jazz music and jazz ensemble performance. May be repeated for up to 9 credits. Required: Instructor consent. Demonstrated ability to perform at the appropriate level as determined by the instructor.

MUP-222 Chamber Choir
3 credits, Fall/Winter/Spring
Select vocal ensemble which rehearses and performs choral music from the Renaissance to the 21st century. Provides preparation for entering professional fields of music and performance. Emphasis on a cappella singing applied to appropriate chamber music. By audition. May be repeated for up to 9 credits. Recommended: Students should have prior choral experience. Recommended for vocal music majors. Required: Some notation reading, ability and desire to sing.

MUP-225 Vocal Jazz Ensemble: Mainstream
3 credits, Fall/Winter/Spring
Select vocal jazz ensemble that cultivates musical, professional, and personal growth through rehearsal and performance with rhythm section. Ensemble explores jazz, rock, pop, gospel, funk, and fusion. Emphasis on style, improvisation, and techniques. By audition. May be repeated for up to 9 credits. Recommended: MUP-204. Required: Some notation/sight-reading skills. Previous choral/jazz experience preferred.

MUP-241 College Orchestra
1 credit, Fall/Winter/Spring
Performance and study of orchestral literature. College students may earn credit for playing in one of several approved orchestral groups. Minimum of one performance per term. May be repeated for up to 8 credits. Required: Instructor consent.

MUP-258 Chamber Ensemble
2 credits, Fall/Winter/Spring
Rehearsal and performance of traditional vocal and instrumental chamber music (one musician per part). Includes concerts and coaching by area professionals. Highly recommended for music majors. May be repeated for up to 8 credits. Recommended: MUP-202 or MUP-222.

MUP-271 Individual Lessons: Piano
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.
MUP-271J Individual Lessons: Jazz Piano
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-271R Individual Lessons: Rock, Blues, Pop Piano
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits. Corequisite: MUS-189. Required: College level private lessons available 1 credit, Fall/Winter/Spring/Summer

MUP-274 Individual Lessons: Voice
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-274J Individual Lessons: Jazz Voice
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-275 Individual Lessons: Violin
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-276 Individual Lessons: Viola
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-277 Individual Lessons: Cello
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-278 Individual Lessons: Bass
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-278J Individual Lessons: Jazz Bass
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-279 Individual Lessons: Harp
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-280 Individual Lessons: Guitar
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-280J Individual Lessons: Jazz Guitar
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-281 Individual Lessons: Flute
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-281J Individual Lessons: Jazz Flute
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-282 Individual Lessons: Oboe
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-283 Individual Lessons: Clarinet
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-283J Individual Lessons: Jazz Clarinet
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-284 Individual Lessons: Saxophone
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-284J Individual Lessons: Jazz Saxophone
1 credit, Fall/Winter/Spring/Summer
College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-285 Individual Lessons: Bassoon
1 credit, Fall/Winter/Spring/Summer
College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.
MUP-286 Individual Lessons: Trumpet
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-285J Individual Lessons: Jazz Trumpet
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-287 Individual Lessons: French Horn
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-286J Individual Lessons: Jazz French Horn
1 credit, Fall/Winter/Spring/Summer College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-288 Individual Lessons: Trombone
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-288J Individual Lessons: Jazz Trombone
1 credit, Fall/Winter/Spring/Summer College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUP-289 Individual Lessons: Baritone
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-290 Individual Lessons: Tuba
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-291 Individual Lessons: Percussion
1 credit, Fall/Winter/Spring/Summer College level private lessons required for music majors and available to qualified nonmajors. End-of-term juried performance mandatory. Corequisite: MUS-189. May be repeated for up to 6 credits.

MUP-291J Individual Lessons: Jazz Percussion
1 credit, Fall/Winter/Spring/Summer College level private lessons available to music majors and qualified nonmajors. End-of-term juried performance mandatory. May be repeated for up to 6 credits.

MUS

Music

MUS-101 Music Fundamentals
3 credits, Fall/Winter/Spring Introduction to fundamentals of reading and writing music. Designed for non-music majors or majors needing substantial preparation for Music Theory I.

MUS-102 Music Fundamentals
3 credits, Winter Introduction to fundamentals of reading and writing music. Designed for non-music majors or majors needing substantial preparation for Music Theory I.

MUS-103 Music Fundamentals
3 credits, Spring Introduction to fundamentals of reading and writing music. Designed for non-music majors or majors needing substantial preparation for Music Theory I.

MUS-104 Music Appreciation
3 credits, Fall/Winter/Spring/Summer For non-majors and music majors. Emphasis on engaging in the study of instrumental and vocal musical genres from the ancient period through the contemporary music of our time. Includes critical analysis, study of elements, forms, styles, composers, performers, cultural, and historical issues and events. Recommended: Pass RD-090 or placement in RD-115, and pass WR-095 or placement in WR-121.
MUS-111 Music Theory I
3 credits, Fall
For non-majors and music majors. Presents the diatonic material and structure of tonal music in theory and practice through written exercises, compositions, listening, and analysis. This is the first term of a three-term sequence that includes concepts of pitch and rhythm, intervals, two voice composition, triads, notation, scoring, and Renaissance practices. Provides a thorough groundwork in the melodic, harmonic, and rhythmic elements of music. Includes study of the practices and styles of Bach, Haydn, Mozart, Beethoven, and other 17th and 18th century composers. Required: Ability to read music. This course required for music majors. Prerequisite: Pass the Music Theory Placement/Entrance Test. Recommended: Pass MTH-095 or placement in MTH-111; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

MUS-111L Music Notation Software I
1 credit, Fall
Introduces students to Finale (music notation software) on Macintosh computers. Required: First-year music majors.

MUS-112 Music Theory I
3 credits, Winter
For non-majors and music majors. Presents the diatonic material and structure of tonal music in theory and practice through written exercises, compositions, listening, and analysis. This is the second term of a three-term sequence that includes tonic/dominant voice leading phrase models, embellishing tones, chorale harmonization, figured bass and Renaissance and Baroque Practices. Provides a thorough groundwork in the melodic, harmonic, and rhythmic elements of music. Includes study of the practices and styles of Bach, Haydn, Mozart, Beethoven, and other 17th and 18th century composers. Required: Ability to read music. This course is required for music majors. Prerequisite: Pass the Music Theory Placement/Entrance Test. Recommended: Pass MTH-095 or placement in MTH-111, pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: MUS-111 and MUS-111L.

MUS-112L Music Notation Software I
1 credit, Winter
Introduces students to Finale (music notation software) on Macintosh computers. Required: First-year music majors.

MUS-113 Music Theory I
3 credits, Spring
For non-majors and music majors. Presents the diatonic material and structure of tonal music in theory and practice through written exercises, compositions, listening, and analysis. This is the third term of a three-term sequence that includes leading tone and sixth-four chords, interaction of melody and harmony, diatonic sequences, secondary dominants and leading tone chords, phrase rhythm and motivic analysis, and Renaissance and Baroque Practices. Provides a thorough groundwork in the melodic, harmonic, and rhythmic elements of music. Includes study of the practices and styles of Bach, Haydn, Mozart, Beethoven, and other 17th and 18th century composers. Required: Ability to read music. This course is required for music majors. Prerequisite: Pass MUS-112 and MUS-112L.

MUS-113L Music Notation Software I
1 credit, Spring
Introduces students to Finale (music notation software) on Macintosh computers. Required: First-year music majors.

MUS-114 Aural Skills I
2 credits, Fall
Diatonic sight singing in major keys using sol feg syllables and moveable “do.” Melodic dictation and aural recognition of intervals and triads. Required for first-year music majors.

MUS-115 Aural Skills I
2 credits, Winter
Diatonic sight singing in major keys using sol feg syllables and moveable “do.” Melodic dictation and aural recognition of intervals, triads, and 7th chords. Required for first-year music majors. Prerequisite: Pass MUS-114.

MUS-116 Aural Skills I
2 credits, Spring
Diatonic sight singing in major keys using sol feg syllables and moveable “do.” Melodic dictation and aural recognition of intervals, triads, and 7th chords. Required for first-year music majors. Prerequisite: Pass MUS-115.

MUS-117 Sight-Reading
1 credit, Fall/Winter/Spring
Learning to read and sing music by sight. Students will spend time practicing sight-singing, starting with easy exercises and moving to more difficult exercises as the term progresses.

MUS-127 Keyboard Skills I
2 credits, Fall
Develops basic keyboard skills. Studies keyboard applications of the materials of tonal music. Required for music majors.

MUS-128 Keyboard Skills I
2 credits, Winter
Develops basic keyboard skills. Studies keyboard applications of the materials of tonal music. Required for music majors. Prerequisite: Pass MUS-127.

MUS-129 Keyboard Skills I
2 credits, Spring
Develops basic keyboard skills. Studies keyboard applications of the materials of tonal music. Required for music majors. Prerequisite: Pass MUS-128.

MUS-130 Music & Media: Sex, Drugs, Rock & Roll
1 credit, Fall/Winter/Spring
Explores the relationship of music to economic, political, cultural and artistic subjects. Examines how music serves and is served by pop culture and media, and how media impacts attitudes and behaviors.

MUS-131 Group Piano: Piano for Pleasure
1 credit, Fall
Beginning classroom piano instruction for non-music majors. Includes reading, theory, technique, exercises, and the opportunity to share your music with others. All levels welcome, beginners through advanced.
MUS-132 Group Piano: Piano for Pleasure
1 credit, Winter
Beginning classroom piano instruction for non-music majors. Includes reading, theory, technique, exercises, and the opportunity to share your music with others. All levels welcome, beginners through advanced.

MUS-133 Group Piano: Piano for Pleasure
1 credit, Spring
Beginning classroom piano instruction for non-music majors. Includes reading, theory, technique, exercises, and the opportunity to share your music with others. All levels welcome, beginners through advanced.

MUS-134 Group Voice: Anyone Can Sing
1 credit, Fall
Basic vocal techniques for the solo and ensemble singer. For music and non-music majors, voice and music education majors, and/or students who received low rating on MUP-174 audition.

MUS-135 Group Voice: Anyone Can Sing
1 credit, Winter
Basic vocal techniques for the solo and ensemble singer. For music and non-music majors, voice and music education majors, and/or students who received low rating on MUP-174 audition.

MUS-136 Group Voice: Anyone Can Sing
1 credit, Spring
Basic vocal techniques for the solo and ensemble singer. For music and non-music majors, voice and music education majors, and/or students who received low rating on MUP-174 audition.

MUS-137 Group Guitar I: Guitar for Dummies
1 credit, Fall/Winter/Spring
For beginning to advanced players. Covers finger picking, lead guitar, rock and popular styles, music reading, and music theory. Students provide their own instrument.

MUS-138 Group Guitar II
1 credit, Winter
For intermediate to advanced players. Covers finger picking, lead guitar, rock and popular styles, music reading, and music theory. Students provide their own instrument.

MUS-140 Careers in Music
3 credits, Fall
An overview of the music industry career opportunities. Studies include recording studio management/engineering, music merchandising, promotion, music contracting, agent/personal manager, live performing, teaching, technical support, record business, video and film production/editing, retailing, and instrument repair. Required course for the Music Technology certificate.

MUS-141 Introduction to the Music Business
3 credits, Winter
Explores business basics, songwriting, demos, agents, managers, copyrights, gig and concert promotion, publishing, licensing, and music business structures.

MUS-142 Introduction To Electronic Music I: MIDI
3 credits, Fall/Winter/Spring
Introduction to synthesis, MIDI sequencing, basic musical elements, and the basics of production. Learn how to make beats, songs, etc. Uses common production software/hardware.

MUS-143 Introduction To Electronic Music II: Sequencing, Audio Looping, Sound EFX
3 credits, Fall/Winter/Spring
An introduction to digital audio in the MIDI environment. Course continues MIDI sequencing and integrates audio into the MIDI environment with audio looping, and spotting sound effects. Uses common production software/hardware. Prerequisite: Pass MUS-142.

MUS-144 Introduction To Electronic Music III: Digital Audio
3 credits, Fall/Winter/Spring
Exploration of digital sound recording and editing, synthesis, sampling, and sequencing. Presents CD/audio file production techniques integrating digital audio with the MIDI sequence. Uses Pro Tools, and other common production software/hardware. Prerequisites: Pass MUS-143.

MUS-145 Introduction to Digital Sound, Video & Animation
3 credits, Fall/Winter/Spring
An introduction to new media. Includes sound, video, animation, mp3, DVD, and compression technology.

MUS-146 Music, Sound & Moviemaking
3 credits, not offered every year
Introduction to the basic techniques and tools used in live sound engineering and mixing. Areas of study include set up, signal path, microphone applications, hardware, and outboard gear.

MUS-147 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-148 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-149 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-150 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-151 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-152 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-153 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-154 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-155 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-156 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-157 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-158 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.

MUS-159 Live Sound Engineering
3 credits, Fall/Winter/Spring
A performance forum required for all students studying privately non-jazz sections at the MUP 171-191 and MUP 271-291 levels. Each student must perform as a soloist on his/her major instrument at least once a term and must be present for performances of classmates. Performers will be critiqued by the instructor. Students will be required to attend approved concerts. Maybe repeated for up to 6 credits.
MUS-211 Music Theory II
3 credits, Fall
For non-majors and music majors. Continuation of the study of harmony and of the material and structure of tonal music in theory and practice through written exercises, compositions, listening, and analysis. This is the first term of a three-term sequence that includes study of species counterpoint, melodic and rhythmic embellishment, notation and scoring, phrase model review, chord voicing in multiple parts, embellishing tones, and chorale harmonization. Also includes study of harmonic counterpoint and composition in small forms in various 18th, 19th, and 20th century idioms. Prerequisite: MUS-113 and MUS-113L. Required: Ability to read music. This course is required for music majors.

MUS-211L Music Notation Software II
1 credit, Fall

MUS-212 Music Theory II
3 credits, Winter
For non-majors and music majors. Continuation of the study of harmony and of the material and structure of tonal music in theory and practice through written exercises, compositions, listening, and analysis. This is the second term of a three-term sequence that includes the study of cadences, diatonic sequence, secondary dominants, tonizing, modulation, and binary and ternary forms. Also includes study of harmonic counterpoint and composition in small forms in various 18th, 19th, and 20th century idioms. Prerequisites: Pass MUS-211 and MUS-211L. Required: Ability to read music. This course is required for music majors.

MUS-212L Music Notation Software II
1 credit, Winter
Advanced use of Finale (music notation software). Prerequisite: Pass MUS-211L. Required: Second-year music majors.

MUS-213 Music Theory II
3 credits, Spring
For non-majors and music majors. Continuation of the study of harmony and of the material and structure of tonal music in theory and practice through written exercises, compositions, listening, and analysis. This is the third term of a three-term sequence that includes study of modal mixture-color and drama in composition, neapolitan and augmented sixths, popular song and art song, rondo and variation, sonata form and chromaticism. Also includes study of harmonic counterpoint and composition in small forms in various 18th, 19th, and 20th century idioms. Prerequisites: Pass MUS-212 & pass MUS-212L. Required: Ability to read music. This course is required for music majors.

MUS-213L Music Notation Software II
1 credit, Spring
Advanced use of Finale (music notation software) and basic use of QuarkXPress (desktop publishing software) on Macintosh computers. Prerequisite: Pass MUS-212L. Required: Second-year music majors.

MUS-214 Keyboard Skills II
2 credits, Fall

MUS-215 Keyboard Skills II
2 credits, Winter

MUS-216 Keyboard Skills II
2 credits, Spring

MUS-217 Keyboard Skills II
2 credits, Fall
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-116.

MUS-218 Keyboard Skills II
2 credits, Winter
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-217.

MUS-219 Keyboard Skills II
2 credits, Fall
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-218.

MUS-220 Keyboard Skills II
2 credits, Winter
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-219.

MUS-221 Keyboard Skills II
2 credits, Fall
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-220.

MUS-222 Keyboard Skills II
2 credits, Winter
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-221.

MUS-223 Keyboard Skills II
2 credits, Fall
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-222.

MUS-224 Keyboard Skills II
2 credits, Winter
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-223.

MUS-225 Aural Skills II
2 credits, Winter
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-224.

MUS-226 Aural Skills II
2 credits, Spring
Diatonic and chromatic sight singing with sol feg syllables and moveable “do.” Four-part dictation including all chromatic devices studied in Theory II. Required for second-year music majors. Prerequisite: Pass MUS-225.

MUS-230 Music & Media: Sex, Drugs, Rock & Roll
4 credits, Fall/Winter/Spring
Explores history and development of the pop music, pop culture and media industries in America.

MUS-247 Music, Sound & Moviemaking
3 credits, Fall/Spring
Introduction to music and sound as related to moviemaking. Students will have the opportunity to create and assemble music sound for video into a finished product. Explores the basic components of commercial film/video production as they relate to sound.

MUS-280 Music/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of music. Prerequisites: Pass MUS-107, MUS-140 and MUS-142. Required: Instructor consent & a CWE seminar.

NRS Nursing

NRS-110 Foundations of Nursing - Health Promotion
5 credits, Fall
This course introduces the learner to the framework of the Oregon Consortium of Nursing Education (OCNE) curriculum. The emphasis is on health promotion across the life span including learning about self-health and client health practices. To support self and client health practices, students learn to access research evidence about healthy lifestyle patterns
and risk factors for disease/illness, apply
growth and development theory, interview
clients in a culturally sensitive manner, work as members of a multi-
disciplinary team giving and receiving
feedback about performance, and use
reflective thinking about their practice
as nursing students. Populations studied
in the course include children, adults,
older adults and the family experiencing
a normal pregnancy. Includes classroom
and clinical learning experiences. Prereq-
usite: Admission into the CCC Nursing
Program. Corequisite: NRS-110C.

NRS-110C Foundations of Nursing - Health
Promotion Clinical
4 credits, Fall
This course introduces the learner to the
framework of the OCNE curriculum.
The emphasis on health promotion
across the life span includes learning
about self-health as well as client health
practices. To support self and client
health practices, students learn to access
research evidence about healthy lifestyle
patterns and risk factors for disease/
illness, apply growth and development
theory, interview clients in a cultur-
ally sensitive manner, work as members
of a multidisciplinary team giving and
receiving feedback about performance,
and use reflective thinking about their
practice as nursing students. Popula-
tions studied in the course include chil-
dren, adults, older adults and the family
experiencing a normal pregnancy.
Include classroom and clinical learning

NRS-111C Foundations of Nursing in Chronic
Illness I Clinical
3 credits, Winter
This course introduces assessment
and common interventions (including
technical procedures) for clients with
chronic illnesses common across the
life span in major ethnic groups
within Oregon. The client's and family's
"lived experience" of the condition is explored. Clinical practice guide-
lines and research evidence are used to
guide clinical judgments in care of indi-
viduals with chronic conditions. Multi-
disciplinary team roles and responsi-
bilities are considered in the context
of delivering safe, high quality health
care to individuals with chronic condi-
tions (includes practical and legal
aspects of delegation). Cultural, ethical,
legal and health care delivery issues
are explored through case scenarios
and clinical practice. Case exemplars
include children with asthma, adoles-
cents with a mood disorder, adults with
type 2 diabetes, and older adults with
dementia. Includes classroom and clin-
ical learning experiences. Prerequisites:

NRS-112C Foundations of Nursing in Acute
Care I Clinical
4 credits, Spring
This course introduces the learner to
assessment and common interven-
tions (including relevant technical
procedures) for care of patients across
the lifespan who require acute care,
including natural childbirth. Disease/
illness trajectories and their translation
into clinical practice guidelines and/or
standard procedures are considered in
relation to their impact on providing
culturally sensitive, client-centered care.
Includes classroom and clinical learning
experiences. Prerequisites: NRS-111,
NRS-111C. Corequisites: NRS-112,
NRS-231, NRS-233.
NRS-221C Chronic Illness II & End of Life Clinical
6 credits, Winter
This course builds on NRS-111 and expands the student’s knowledge related to family care giving, symptom management and end of life concepts. These concepts are a major focus and basis for nursing interventions with patients and families. Ethical issues related to advocacy, self-determination, and autonomy are explored. Complex skills associated with the assessment and management of concurrent illnesses and conditions are developed within the context of patient and family preferences and needs. Skills related to enhancing communication and collaboration as a member of an interdisciplinary team are further explored. Exemplars include patients with chronic mental illness and addictions as well as other chronic conditions and disabilities affecting functional status and family relationships. The course includes classroom and clinical learning experiences. Prerequisites: NRS-222, NRS-231, NRS-233. Corequisite: NRS-221.

NRS-222 Nursing in Acute Care II & End of Life Clinical
6 credits, Fall
This course builds on NRS-112, and focuses on more complex and/or unstable patient care conditions, some of which may result in death. These patient care conditions require strong noticing and rapid decision making skills. Evidence-based practice is used to support appropriate focused assessments, and effective, efficient nursing interventions. Life span and developmental factors, cultural variables, and legal aspects of care frame the ethical decision-making employed in patient choices for treatment or palliative care within the acute care setting. Case scenarios incorporate prioritizing care needs, delegation and supervision, and family and patient teaching for either discharge planning or end-of-life care. Exemplars include acute conditions affecting multiple body systems. Includes classroom and clinical learning experiences. Prerequisites: NRS-112, NRS-231, NRS-233. Corequisite: NRS-222.

NRS-224 Integrative Practicum
2 credits, Spring
This course is designed to formalize the clinical judgments, knowledge and skills necessary in safe, registered nurse practice. Faculty/Clinical Teaching Associate/Student Triad Model provides a context that allows the student to experience the nursing work world in a selected setting, balancing demands of job and lifelong learning. Analysis and reflection throughout the clinical experience provide the student with evaluative criteria against which they can judge their own performance and develop a practice framework. Includes seminar, self-directed study and clinical experience. Prerequisite: NRS-221. Corequisite: NRS-224.

NRS-230 Clinical Pharmacology I
3 credits, Winter
This course introduces the theoretical background that enables students to provide safe and effective care related to drugs and natural products to persons throughout the lifespan. It includes the foundational concepts of principles of pharmacology, nonopioid analgesics, and antibiotics, as well as additional classes of drugs. Students will learn to make selected clinical decisions in the context of nursing regarding using current, reliable sources of information, understanding of pharmacokinetics and pharmacodynamics, developmental physiologic considerations, monitoring and evaluating the effectiveness of drug therapy, teaching persons from diverse populations regarding safe and effective use of drugs and natural products, intervening to increase therapeutic benefits and reduce potential negative side effects, and communicating appropriately with other health professionals regarding drug therapy. Drugs are studied by therapeutic or pharmacological class using an organized framework. Prerequisites: BI-231, BI-232, BI-233, BI-234, NRS-110, NRS-110C. Corequisites: NRS-111, NRS-111C, NRS-232.
NUR-231 Clinical Pharmacology II
3 credits, Spring
This sequel to NRS-230, Clinical Pharmacology I, continues to provide the theoretical background that enables students to provide safe and effective care related to drugs and natural products to persons throughout the lifespan. Students will learn to make selected clinical decisions in the context of nursing regarding using current, reliable sources of information, monitoring and evaluating the effectiveness of drug therapy, teaching persons from diverse populations regarding safe and effective use of drug and natural products, intervening to increase therapeutic benefits and reduce potential negative effects, and communicating appropriately with other health professionals regarding drug therapy. The course addresses additional classes of drugs and related natural products not contained NRS-230, Clinical Pharmacology I. Prerequisites: NRS-111, NRS-111C, NRS-230, BI-231, BI-232, BI-233, BI-234. Corequisites: NRS-112, NRS-112C, NRS-232.

NUR-232 Pathophysiological Processes I
3 credits, Winter
This course introduces pathophysiological processes that contribute to many different disease states across the lifespan and human responses to those processes. It includes the foundational concepts of cellular adaptation, injury, and death; inflammation and tissue healing; fluid and electrolyte imbalances; and physiologic response to stressors, as well as additional pathophysiological processes. Students will learn to make selective clinical decisions in the context of nursing regarding using current, reliable sources of pathophysiology information, selecting and interpreting focused nursing assessments based on knowledge of pathophysiological processes, teaching persons from diverse populations regarding pathophysiological processes, and communicating with other health professionals regarding pathophysiological processes. This course addresses additional pathophysiological processes not contained in NRS-232, Pathophysiological Processes I. Prerequisite: NRS-232. Corequisites: NRS-112, NRS-112C, NRS-231.

NUR
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAGT or ASOT-Business.

NUR-100 Nursing Assistant I
7 credits, Fall/Winter/Spring/Summer
Prepares the student to perform routine nursing assistant tasks to clients in subacute care settings as well as in the community. This course consists of 80 hours of didactic and skills lab instruction. May not be challenged. Corequisite: NUR-100C.

NUR-100C Nursing Assistant I Clinical
0 credit, Fall/Winter/Spring/Summer
Prepares the student to perform routine nursing assistant tasks to clients in hospitals, long-term and skilled care facilities, as well as in the community. Includes 75 hours of clinical practicum. May not be challenged. Corequisite: NUR-100.

NUR-101 Certified Nursing Assistant 2-Acute
3 credits, Winter/Summer
Prepares the student to perform routine nursing assistant tasks that are needed in the acute care setting. The Oregon State Board of Nursing requires a minimum of 42 hours of classroom and lab. This course will consist of 21 hours of lecture and 21 hours of lab. May not be challenged. Corequisite: NUR-101C.

NUR-101C Certified Nursing Assistant 2-Acute Clinical
0 credit, Winter/Summer
Prepares the student to perform routine nursing assistant tasks to clients in the acute care setting. Includes 30 hours of clinical practicum. May not be challenged. Corequisite: NUR-101.

NUR-160 Fluid and Electrolytes
2 credits, not offered every term
Focus of this course is to assist students in the understanding of fluid, electrolytes, acid-base balances and the interpretation of various diagnostic tests related to the client's clinical condition. Limited to healthcare professionals/healthcare students. Prerequisite: Pass BI-233.

NUR-217 Basic EKG Interpretation I
1 credit, not offered every term
Builds upon the knowledge gained in NUR-218. The course will focus on the student's ability to perform cardiac monitoring via 3, 5 and 12-lead monitoring devices.

NUR-218 Basic EKG Interpretation II
1 credit, not offered every term
Builds upon the knowledge gained in NUR-218. The course will focus on the student's ability to understand and recognize variations in the electrical conduction of the heart as evidenced by changes on the 12-lead EKG. The course will encompass the recognition and treatment modalities of sinus, atrial, junctional and ventricular rhythms as well as heart block. Recognition and treatment of electrical conduction problems related to ischemia, injury and drug/electrolyte imbalances will also be discussed.
COURSES DESCRIPTIONS

OST
Courses with this prefix may not transfer to a four-year institution.

Occupational Skills Training/CWE
OST-180 Occupational Skills Training/CWE
1-12 credits
Fall/Winter/Spring/Summer
Provides students hands-on training in a specific occupational area. The class and program are designed for students who need work-based training and classroom instruction to be competitively employable.

PE
Physical Education
PE-185 Physical Education
1 credit, Fall/Winter/Spring/Summer
Various activity classes which may include aikido, aerobic dance, ballet, basketball, conditioning, cross training, golf, karate, racquetball, rock climbing, self-defense, soccer, softball, swimming, swing dance, tai chi, tennis, volleyball, weight training, yoga, and zumba. Current physical examination before enrolling in a physical education course is recommended.

PE-240 Strength & Conditioning Theory and Techniques
3 credits, not offered every spring
Designed to provide students the knowledge to design and implement physical training programs and exercises for participants. The curriculum will also help students pass various personal training certification tests. Introductory exercise physiology, biomechanics, program design, and exercise techniques are covered.

PE-260 Care & Prevention of Athletic Injuries
2 credits, Winter
Care and prevention of athletic injuries. Taping techniques and rehabilitation methods of injury will be discussed and practiced.

PE-270 Sport & Exercise Psychology
3 credits, not offered every term
Designed to provide students the basic understanding and knowledge of psychological skills used to improve physical performance in themselves and/or their peers/teammates. This course would be well suited for athletes, coaches or exercise leaders.

PE-280 Physical Education/CWE
2-6 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Provides students with the job experience and training related to the Physical Education field. Covers job problems and procedures, evaluation of student's job performance by qualified college staff and site supervision. Required: Instructor consent & a CWE seminar.

PH
Physics
PH-121 General Astronomy
4 credits, Fall/Winter/Spring
A lab course discussing the history of astronomy, the Earth and moon, all planets in our solar system, along with asteroids, meteors, and comets. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121; pass MTH-095 with a C or better; pass WR-095 or placement in WR-121.

PH-123 General Astronomy
4 credits, Spring
A lab course discussing star clusters, the properties of our own galaxy, the other galaxies and cosmology. Prerequisite: Pass PH-122.

PH-201 General Physics
5 credits, Fall
A lab course covering vectors, motion, kinematics, forces and Newton's laws, gravity, conservation laws for momentum and energy, rotational motion, and oscillations. Prerequisite: Pass MTH-112 with a C or better or placement in MTH-251; pass RD-115 with a C or better; pass WR-095 or placement in WR-121.

PH-202 General Physics
5 credits, Winter
A lab course covering electricity, magnetism, DC and AC circuits, and electromagnetic radiation. Prerequisite: Pass PH-201.

PH-203 General Physics
5 credits, Spring
A lab course covering thermodynamics, fluids, waves, geometrical optics, wave optics, and modern physics. Prerequisite: Pass PH-201.

PH-211 General Physics With Calculus
5 credits, Fall
A lab course covering vectors, motion, kinematics, forces and Newton's laws, gravity, conservation laws for momentum and energy, rotational motion, and oscillations. Prerequisites: Pass MTH-251 with a C or better or placement in MTH-252; pass RD-115 with a C or better; pass WR-095 or placement in WR-121.

PH-212 General Physics With Calculus
5 credits, Winter
A lab course covering electricity, magnetism, DC and AC circuits, and electromagnetic radiation. Prerequisites: Pass PH-211 and MTH-252.

PH-213 General Physics With Calculus
5 credits, Spring
A lab course covering thermodynamics, fluids, waves, geometrical optics, wave optics, and modern physics. Prerequisites: Pass PH-212 and MTH-252.

Visit Clackamas Community College on the web at www.clackamas.edu
PHL

Philosophy

PHL-101 Philosophical Problems
4 credits, Fall/Winter/Spring/Summer
Presents a variety of topics that may include: the nature of reality, knowledge and doubt; the human condition; truth; and the search for meaning. Recommended: Pass RD-090 or placement in RD-115.

PHL-102 Ethics
4 credits, Fall/Winter/Spring
Introduces the study of morality: e.g., right and wrong, free will and determinism, morals and society. Recommended: Pass RD-090 or placement in RD-115.

PHL-103 Critical Reasoning
4 credits, Fall/Winter/Spring

PHL-205 Moral Issues
4 credits, not offered every term
Philosophical examination of selected moral issues such as the environment, biomedical ethics, human experimentation, professional ethics, privacy and war. Recommended: Pass RD-090 or placement in RD-115.

PHL-210 Philosophy of Religion
4 credits, not offered every term
Introduces philosophic basis of religious thought in world culture. Explores different points of view. Recommended: Pass RD-090 or placement in RD-115.

PHL-213 Asian Philosophy
4 credits, not offered every term

PHL-215 History of Western Philosophy
4 credits, not offered every term
Overview course examines the roots and development of Western thought including ancient, medieval, modern and contemporary philosophy. Covers concepts of existence, knowledge, truth and morality. Recommended: Pass RD-090 or placement in RD-115.

PIE

Courses with this prefix will not transfer to a four-year institution. Courses are intended for PIE students.

Program for Intensive English

PIE-011 PIE Tutoring
0 credit, Fall/Winter/Spring/Summer
Designed for the Program for Intensive English students who need one-on-one instruction in conversation, pronunciation, reading, grammar, writing, or GED preparation. The students meet with a tutor or instructor and work on the above skill areas. Required: Instructor consent.

PIE-022 Beginning ESL
0 credit, Fall/Winter/Spring/Summer
Introduces the language necessary to function in day-to-day American society at the beginning level; listening, speaking, reading, and writing in the contexts of work, family, and community. Required: Instructor consent.

PIE-040 Beginning Grammar
0 credit, Fall/Winter/Spring/Summer
Presentation and practice the simple present tense of the verb “to be,” nouns, descriptive and possessive adjectives, prepositions of place and time, and simple sentence structures in written and spoken English. Required: Instructor consent.

PIE-041 Upper Beginning Grammar
0 credit, Fall/Winter/Spring/Summer
Class will present and practice verb tenses (simple present, simple past, and present progressive), adverbs of frequency, articles, and nouns in written and spoken English. Required: Instructor consent.

PIE-042 Intermediate Grammar A
3 credits, not offered every term
Part A of a two-part series. Present and practice the formation and use of the simple present and present progressive with a focus on non-action verbs and extended time, simple past, past progressive, used to, the future, and wh-questions in written and spoken English. Required: Instructor consent.

PIE-043 Intermediate Grammar B
3 credits, not offered every term
Part B of a two-part series. Present and practice present perfect with time expressions and adverbs of frequency, modals of ability, permission and advice, and comparative and superlative adjectives in written and spoken English. Required: Instructor consent.

PIE-044 Upper Intermediate Grammar A
3 credits, not offered every term
Part A of a two-part series. Present and practice verb forms that frequently occur together, gerunds, infinitives, and causative verbs in written and spoken English. Required: Instructor consent.

PIE-045 Upper Intermediate Grammar B
3 credits, not offered every term
PIE-049 Beginning Reading and Writing
0 credit, not offered every term
Designed to teach beginning-level students who have limited knowledge of written English. Students will practice alphabet recognition, read short paragraphs, and gain reading and scanning skills to use in everyday life. Required: Instructor consent.

PIE-050 Upper Beginning Reading and Writing
0 credit, Fall/Winter/Spring/Summer
Designed for the upper-beginning level student who reads and writes at the sentence level. Students will read short texts in order to improve reading skills. Students will write a variety of sentences and put related sentences in paragraph form. Required: Instructor consent.

PIE-051 Upper Beginning Reading
0 credit, not offered every term
Designed for students who read at the sentence level. Students will read short texts in order to improve reading skills. Required: Instructor consent.

PIE-053 Intermediate Reading/Writing
6 credits, Fall/Winter/Spring/Summer
Designed for the intermediate-level student who is ready to begin writing at the paragraph level. The major purpose of the course is to improve the student's reading and writing skills as needed for more advanced ESL and college courses, in the workplace, and in everyday life. Required: Instructor consent.

PIE-054 Upper Intermediate Reading/Writing
6 credits, Fall/Winter/Spring/Summer
Upper-intermediate students will practice reading and writing skills needed to succeed in college, the workplace, and everyday life. Introduction to multiple paragraph essays. Required: Instructor consent.

PIE-060 Pronunciation A
3 credits, not offered every term
For intermediate and higher-level students who want to sound more natural when speaking English. Focuses on increasing awareness of the sounds of American English, improving intelligibility, and producing speech more fluently. Required: Instructor consent.

PIE-061 Pronunciation B
3 credits, not offered every term
For students at the intermediate-level or higher who want to sound more natural when speaking English. Activities will focus on increasing student awareness of the sounds of American English, improving intelligibility, and producing speech more fluently. Required: Instructor consent.

PIE-063 Idioms & Conversation A
3 credits, not offered every term
This course is Part A of a two-part that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

PIE-064 Idioms & Conversation B
3 credits, not offered every term
This course is Part B of a two-part series of classes that introduces common American idioms while practicing conversation skills at the upper-intermediate level. Required: Instructor consent.

PIE-065 Vocabulary Building A
3 credits, not offered every term
Part A of a two-part series of classes in which upper-intermediate and advanced-level students will develop their passive and active vocabularies through numerous exposures to selected words from the General Service List and from the Academic Word List, and will develop their vocabulary acquisition skills. Required: Instructor consent.

PIE-066 Vocabulary Building B
3 credits, not offered every term
Part B of a two-part series of classes in which upper-intermediate and advanced-level students will develop their passive and active vocabularies through numerous exposures to selected words from the General Service List and from the Academic Word List, and will develop their vocabulary acquisition skills. Required: Instructor consent.

PIE-067 Spelling
3 credits, not offered every term
This course introduces spelling patterns and rules and individualize instruction to address spelling challenges. Required: Instructor consent.

PIE-068 Computer Lab
0 credit, Fall/Winter/Spring/Summer
Provides opportunities to improve English language skills by using language learning software and Internet websites. Required: Instructor consent.

PIE-070 TOEFL/TOEIC Preparation
0 credit, not offered every term
Prepares students for the Test of English as a Foreign Language (TOEFL) and the Test of English for International Communication (TOEIC) by improving listening, grammar, reading and writing skills. It includes familiarization with test components, test-taking techniques, strategies and computer skills. Required: Instructor consent.

PIE-080 Editing A
3 credits, not offered every term
Upper-intermediate and higher-level students will improve their writing through editing. Required: Instructor consent.

PIE-081 Bridge to Computers
0 credit, not offered every term
This course introduces computer skills for intermediate and higher non-native speakers of English. Course includes an overview of computer components and terminology and an introduction to applications such as word processing, Internet, e-mail, presentation, and other software. English reading, writing, speaking, and listening skills are developed through a variety of computer projects and interactive classroom work. Required: Instructor consent.
**PS  Political Science**

**PS-200 Introduction to Political Science**
4 credits, Fall/Winter/Spring
A general introduction to the field of political science. It introduces and expands on basic political concepts and themes, explores political theory and ideology, and considers the dynamics of political institutions and government and how both are integrated into political life. Recommended: Pass RD-090 or placement in RD-115.

**PS-201 American Government & Politics**
4 credits, not offered every term
Examines the founding principles of the American government: the Constitution, the separation of powers, and the three branches of government. Explores political parties and elections, the growing power of the executive branch, the expansion and reach of the federal bureaucracy, governmental policies, the civil liberties and civil rights of American citizens, and the role of the media in American politics. Recommended: Pass RD-090 or placement in RD-115.

**PS-203 U.S. Government: State & Local Institutions**
4 credits, not offered every term
Introduces students to American state and local government, with an emphasis on Oregon politics at the state and local level. Recommended: Pass RD-090 or placement in RD-115.

**PS-204 Introduction to Comparative Politics**
4 credits, not offered every term
Explores the various ideologies, institutions, and processes that constitute the nation states that make up the world political system. Introduces students to the comparative method of political science. Introduces a wide-ranging assessment of the fundamental differences between presidential and parliamentary systems, and an exploration of various political systems and governments around the world within the context of current world politics. Recommended: Pass RD-090 or placement in RD-115.

**PS-205 International Relations**
4 credits, not offered every term
Introduces the study of international relations by examining the institutions that constitute the international system. Special attention will be paid to the conflicts in the Iraq, Afghanistan, and other theatres of combat, as well as diplomacy and terrorism as instruments of foreign policy. Recommended: Pass RD-090 or placement in RD-115.

**PS-206 Introduction to Political Theory**
4 credits, not offered every term
Introduces the fundamental political question: What is justice? Examines the writings of political philosophers such as Plato, Aristotle, Rousseau, and Locke. Recommended: Pass RD-090 or placement in RD-115.

**PS-225 Introduction to Political Ideologies**
4 credits, not offered every term
Focuses primarily on the various political ideologies that make up the ideological universe and critically examines such as distinct ideologies as liberalism, conservatism, socialism, libertarianism and fascism. Recommended: Pass RD-090 or placement in RD-115.

**PS-223 Political Science**

**PS-280 Political Science/CWE**
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of political science. Required: Instructor consent & a CWE seminar.

**PSY  Psychology**

**PSY-101 Human Relations**
3 credits, Fall/Winter/Spring/Summer
Introduction to interpersonal relationships and human relations in a social context. Includes lecture and discussions/activities with an emphasis on student participation. Recommended: Pass RD-090 or placement in RD-115.

**PSY-110 Psychology: An Overview**
4 credits, not offered every term
A general introduction to the field of psychology. Explores a wide variety of topics. Recommended: Pass RD-090 or placement in RD-115.

**PSY-200 Psychology As a Social Science**
4 credits, Fall/Winter/Spring
Introduction to physiological psychology, the study of how the nervous system produces behavior and cognition. Further topics may include consciousness, sleep, memory, emotion and language. Recommended: Pass RD-090 or placement in RD-115.

**PSY-205 Psychology As a Natural Science**
4 credits, Fall/Winter/Spring
A general introduction to the field of psychology. Explores a wide variety of topics. Recommended: Pass RD-090 or placement in RD-115.

**PSY-214 Introduction to Personality**
4 credits, not offered every term
Explores the major theoretical approaches toward personality as conceptualized throughout time, from ancient Greece to contemporary research, with the greatest emphasis on theories originating in the 20th century. Recommended: Pass RD-090 or placement in RD-115.
COURSE DESCRIPTIONS

PSY-215 Introduction to Developmental Psychology
4 credits, Fall/Winter/Spring/Summer
Research and theories regarding the development of the individual from conception to death, including physical, social and cognitive changes. Recommended: Pass RD-090 or placement in RD-115.

PSY-219 Introduction to Abnormal Psychology
4 credits, Fall/Winter/Spring
Introduction to abnormal psychology, including disorders and approaches to treatment. Recommended: Pass RD-090 or placement in RD-115.

PSY-221 Introduction to Counseling
4 credits, Fall/Winter/Spring
Provides an overview of the theoretical background for different approaches to counseling. Practical skills development emphasized. Role playing, instructor demonstrations and experiential exercises will be explored. Recommended: Pass RD-090 or placement in RD-115.

PSY-231 Introduction to Human Sexuality
4 credits, Fall/Winter/Spring
Introduction to research and theories of human sexual behavior, including sexual relationships, communication and intimacy, sex roles, the development of gender, social trends regarding sexuality and the biology of sexuality and conception. Recommended: Pass RD-090 or placement in RD-115.

PSY-280 Psychology/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of psychology. Required: Instructor consent & a CWE seminar.

R
Religious Studies

R-101 Comparative Religions
4 credits, Fall
The nature of myth and story, ancient religions, ideas of God, Judaism and introduction to religious topics. Recommended: Pass RD-090 or placement in RD-115.

R-102 Comparative Religions
4 credits, Winter
Covers written and oral sources, Christianity, Islam, and includes the history and philosophy of other Western religious developments. Recommended: Pass RD-090 or placement in RD-115.

R-103 Comparative Religions
4 credits, Spring
The history, ideas, and philosophy of the Eastern religions including Buddhism, Hinduism and Taoism. Recommended: Pass RD-090 or placement in RD-115.

R-204 History of Christianity
4 credits, Winter

R-210 World Religions
4 credits, Fall/Winter/Spring
An overview course that examines Eastern/Western religions and philosophies through film, text, and/or online presentations. Introduces Hinduism, Buddhism, Chinese religions, Christianity, Judaism and Islam. Recommended: Pass RD-090 or placement in RD-115.

R-211 History of the Old Testament
4 credits, not offered every term

R-212 History of the New Testament
4 credits, Fall/Spring
Covers the first century influences on the New Testament texts, the life of Jesus, and the Pauline letters. Other early writings will be discussed. Recommended: Pass RD-090 or placement in RD-115.

R-214 The Historical Jesus
4 credits, Spring
An examination of the "Quest for the Historical Jesus" beginning with Albert Schweitzer through contemporary scholarship. Required: Successful completion of or current enrollment in RD-115.

R-280 Religion/CWE
2-6 credits, Fall/Winter/Spring
Cooperative work experience. Provides students with on-the-job work experience in the field of religion. Required: Instructor consent & a CWE seminar.

RD
Reading

See also Study Skills (EL).

RD-080 Fundamentals of College Reading
3 credits, Fall/Winter/Spring
Focuses on fundamental reading skills for non-fiction text, including identifying main ideas, supporting details and organizational patterns. Vocabulary improvement emphasizes dictionary skills. Core reading comprehension strategies and inferences are introduced. Prerequisite: Placement in RD-080.
**RD-090 Intermediate Reading Skills**  
3 credits, Fall/Winter/Spring  
Introduces and reinforces skills for success in entry-level college classes. Emphasizes vocabulary building, comprehension, reading strategies, critical thinking. Prerequisite: Pass RD-080 or placement in RD-090.

**RD-115 College Reading**  
3 credits, Fall/Winter/Spring  
This transfer elective course presents reading strategies for success in college-level classes. It emphasizes comprehension, critical reading and thinking, and application of reading strategies appropriate to a variety of materials. Vocabulary development is also addressed. Prerequisite: Pass RD-090 or placement in RD-090.

---

**RE**  
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

**Real Estate**

**RE-118 Real Estate Appraisal I**  
3 credits, not offered every year  
Overview of real property concepts and characteristics, legal consideration, value influences, real estate finance, types of value, economic principles, real estate markets and analysis, and ethics in appraisal.

**RE-228 Real Estate Appraisal II**  
3 credits, not offered every year  
Overview of real estate appraisal approaches to valuation procedures, value, property description, residential applications, commercial applications, improvement construction, home inspection, and appraisal math.

**RE-238 Real Estate Appraisal III**  
3 credits, not offered every year  
Course offers a basic understanding and knowledge of the residential sales comparison and income approaches to appraisal. It includes the valuation principles and procedures applicable to both approaches.

---

**RET**  
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

**Renewable Energy Technology**  
For additional information contact the Manufacturing Department at 503-594-3318.

**RET-150 Home-Built Wind Turbine**  
2 credits, not offered every term  
Covers construction of home-built wind power generators using welding and cutting processes, drill press, and wood cutting hand tools. Students will participate in the construction of windmill power generators. Instruction will include discussions of windmill types, efficiencies, adequate versus sophisticated designs, and directions for the lab projects. The course will use a process published in “Homebrew Wind Power” by Dan Bartmann & Dan Fink (recommended reading).

**RET-200 Renewable Energy Systems**  
4 credits, Fall  
This course provides a survey of various renewable energy systems. Participants will learn about the benefits and limitations of each type of energy source as well as their functional principles. Students will participate in several field learning exercises related to energy systems. The intended audiences are technical students wishing to explore the Renewable Energy field and students from the humanities and social sciences wanting a better understanding of this socially important technology.

**RET-209 Renewable Energy I: Energy Efficiency**  
3 credits, Winter  
This course concentrates on the conservation of scarce energy resources in residential, commercial and industrial applications. The course will examine the common sources of energy loss in building systems and homes, industrial processes and transportation. Students will be introduced to residential energy audits and mitigation. Topics will also include regenerative transportation systems, LEED certification, test instruments, insulation values, heat exchangers and financial payback period. Includes hands-on lab exercises. Prerequisite: RET-200.

**RET-211 Renewable Energy II: System Fundamentals**  
3 credits, Spring  
This course in renewable systems will provide in-depth understanding of the technology, economics and policies relevant to each type of energy source. Analysis techniques to evaluate renewable energy applications from a systems design and selection perspective will be presented. Topics include physical operating principles, theoretical vs. actual system output, energy storage, efficiency and cost analysis. Includes hands-on lab exercises. Prerequisite: RET-209.

**RET-213 Renewable Energy III: Installation and Maintenance**  
3 credits, Fall  
The third in a series of technical courses, RET III: Installation and Maintenance will provide an introduction to installation and maintenance of renewable energy systems for commercial and residential installations. Students will apply their knowledge of electromechanical systems to the application of these systems. Topics covered will include site survey, site preparation, building codes, measurement tools, preventative maintenance and worksite safety. Includes hands-on lab exercises. Prerequisite: RET-211.

---

For additional information contact the Manufacturing Department at 503-594-3318.

---

The Renewable Energy Technology program is designed to provide a comprehensive understanding of the technologies used in renewable energy systems. The program includes courses in energy efficiency, system fundamentals, installation and maintenance, and a variety of renewable energy technologies. The purpose of the program is to prepare students for careers in the renewable energy industry, where they can apply their knowledge and skills to design, install, and maintain renewable energy systems. The program also provides the opportunity for students to pursue additional specializations in specific areas of renewable energy, such as photovoltaics, wind energy, or bioenergy. The Renewable Energy Technology program is offered by the Renewable Energy Technology Department, which is located in the Manufacturing Department. The program is designed to be flexible, allowing students to tailor their coursework to their specific interests and career goals. The program is offered through a combination of classroom instruction and hands-on lab exercises. The coursework is designed to provide a strong theoretical foundation, as well as practical experience in the field of renewable energy. The program covers a wide range of topics, including energy systems, electrical systems, mechanical systems, renewable energy technologies, and energy management. The coursework is designed to prepare students for careers in a variety of fields, including renewable energy systems design, installation, and maintenance, energy audit and assessment, and energy management. The program also includes a capstone project, which allows students to apply their knowledge and skills to a real-world renewable energy project. The capstone project is an opportunity for students to work in teams to design, install, and maintain a renewable energy system. The Renewable Energy Technology program is designed to be flexible, allowing students to tailor their coursework to their specific interests and career goals.
RET-215 Renewable Energy IV: Systems Design
3 credits, Winter
This fourth course in the series will concentrate on systems design for renewable energy applications. Students will work together and apply concepts to evaluate, design and select one or more renewable energy systems for solar, wind or micro-hydro installations. Topics will include site surveys, structural elements, electrical generators, energy storage and electrical inversion. Prerequisite: RET-213.

RET-217 Renewable Energy Capstone Project
3 credits, Spring
This final class in the Renewable Energy series will concentrate on a capstone project. Students will evaluate a proposal for an alternative energy solution and then design an installation to meet the needs of the proposal. Students will be expected to perform a site survey, quantify energy requirements, select appropriate technologies, calculate the payback period and finally fabricate an actual or conceptual energy solution where appropriate. Prerequisite: RET-215.

RET-240 Alternative Fuels
4 credits, Fall
Offers students familiarity and entry levels to work with alternative fuel systems. Explores (technically, economically and ecologically) the following alternative fuels: bio-diesel, vegetable oils, electricity, ethanol, hydrogen, propane, methanol, natural gas, heat engines, fuel cell and hybrid vehicles.

RET-280 Renewable Energy/CWE
1-12 credits
Fall/Winter/Spring/Summer
Cooperative work experience. Major emphasis on work-based learning experience in the renewable energy field. Coordination of instruction and evaluation of student job performance will be provided by college faculty in conjunction with employer/supervisor. Required: Instructor consent and a CWE seminar.

SBM
Courses with this prefix will not transfer to a four-year institution.

Small Business Management

SBM-010 Real Estate Broker License
3 credits, Spring
Prepares students to qualify for the Oregon Real Estate Broker’s License exam by studying statutes, rules and anti-discrimination laws pertaining to the licensing and professional real estate activity required by all licensees of the State of Oregon.

SBM-020 Small Business Greenhouse
0 credit, Fall/Spring
Two-term intensive training program designed to assist entrepreneurs in planning their business startups, and to develop existing businesses to make them more profitable and to create jobs. Students do extensive individual work on developing business plans with counseling from instructor.

SBM-021 Small Business Management I
0 credit, Fall/Winter/Spring/Summer
Part 1 of a multi-year program to help owners and managers of established businesses manage more effectively and achieve success. Course consists of class meetings, individual business counseling, peer networking, and work in/on the business. Class topics emphasize financial analysis, goals and communication.

SBM-022 Small Business Management II
0 credit, Fall/Winter/Spring/Summer
Part 2 of a multi-year program to help owners and managers of established businesses manage more effectively and achieve success. Course consists of class meetings, individual business counseling, peer networking, and work in/on the business. Class topics emphasize marketing concepts and strategy.

SM
Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Microelectronics Systems Technology

Courses listed with the SM prefix and courses listed in the Electronics Systems Technology section with the EET prefix are the main core classes for the Microelectronics Systems Technology program. For additional information contact the Manufacturing Department at 503-594-3318.

SM-136 Photolithography
2 credits, Winter
Provides knowledge on the relationship between theoretical and practical aspects of current methods and equipment used in photolithography, as well as troubleshooting common process and equipment-related problems. Recommended: Completion of SM-150.

SM-150 Semiconductor Processing I
2 credits, Fall
Provides general background knowledge on the processes required to manufacture integrated circuit devices, beginning with silicon material preparation and ending with testing of a completed device. Micro-contamination also covered.
SM-160 Semiconductor Processing II
2 credits, Winter
Provides an overview of basic processes involved in the fabrication of finished silicon wafers, oxidation and deposition processes. Troubleshooting of common equipment is emphasized. Recommended: Completion of SM-150.

SM-170 Semiconductor Processing III
2 credits, Spring
Covers the essential process and equipment related to etching, diffusion and ion implantation. Troubleshooting of common equipment and process related problems are emphasized. Recommended: Completion of SM-150.

SM-229 Vacuum Technology
2 credits, Spring
Focuses on elementary theory and practice of vacuum equipment for microelectronics processing. Students study vacuum fundamentals, pumps and equipment used in vacuum systems. Recommended: Completion of SM-150.

SM-280 Electronics & Microelectronics/CWE
2-6 credits
Fall/Winter/Spring/Summer
Provides students with on-the-job work experience in the field of electronics and introduces various equipment used in vacuum systems. Recommended: Completion of SM-150.

SOC-204 Introduction to Sociology
4 credits, Fall/Winter/Spring
Explores the social perspectives on the principles and processes of human social behavior. Examines concepts such as culture, socialization, social structure, roles, groups, organizations, and social stratification and introduces various sociological theories and research methodologies. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SOC-205 Social Stratification and Social Systems
4 credits, Fall/Winter/Spring
Examines issues of social structure and social stratification. Explores the various social institutions (family, economy, education, health, religion and politics) and inequalities of race, class, gender, age, sexual orientation and disability, as well as various theoretical perspectives. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SOC-206 Institutions and Social Change
4 credits, Fall/Winter/Spring
Explores various social institutions (family, economy, education, health, religion and politics), stratification systems, social movements and other various elements of culture from a social change perspective. Various theories of social organization and sources social change will be examined. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SOC-210 Marriage, Family & Intimate Relations
4 credits, not offered every term
Introduces students to the study of marriage, intimate relations, and family systems from the sociological viewpoint. Students will examine the ways in which race, class, gender, sexuality, community, and society influence patterns of courtship, intimate relations, marriage, and family, and explore the various challenges facing families today. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SOC-225 Social Problems
4 credits, not offered every term
Applies the sociological framework to the study of social problems, their identification, analysis of causes and possible solutions. Problems explored may include mental disorders, drug and alcohol addiction, crime and delinquency, group discrimination, inequality, poverty, alienation, domestic and international violence, environment, and energy. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SOC-280 Sociology/CWE
2-6 credits, Fall/Winter/Spring
Provides students with on-the-job work experience in the field of sociology. Required: Instructor consent & a CWE seminar.

SPN
Spanish

SPN-101 First-Year Spanish I
4 credits, Fall/Winter/Spring/Summer
First of a three-term foundational, multimedia course for beginners. Initial emphasis is on speaking and listening comprehension, with secondary emphasis on reading and writing. Various cultural themes are presented. SPN-101/102/103 must be taken in sequence. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SPN-102 First-Year Spanish II
4 credits, Winter/Spring/Summer
Second of a three-term foundational, multimedia course for beginners. Initial emphasis is on speaking and listening comprehension, with secondary emphasis on reading and writing. Various cultural themes are presented. SPN-101/102/103 must be taken in sequence. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass SPN-101 or instructor consent.

SPN-103 First-Year Spanish III
4 credits, Spring/Summer
Third of a three-term foundational, multimedia course for beginners. Initial emphasis is on speaking and listening comprehension, with secondary emphasis on reading and writing. Various cultural themes are presented. SPN-101/102/103 must be taken in sequence. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisite: Pass SPN-102 or instructor consent.
SPN-201 Second-Year Spanish I
4 credits, Fall
First of a three-term intermediate, multimedia course. Focus is on speaking, listening comprehension, reading and writing. Explores cultural differences among Spanish-speaking countries and between the latter and European-American culture. Prerequisite: Pass SPN-103 or instructor consent.

SPN-202 Second-Year Spanish II
4 credits, Winter
Second of a three-term intermediate, multimedia course. Focus is on speaking, listening comprehension, reading and writing. Explores cultural differences among Spanish-speaking countries and between the latter and European-American culture. Prerequisite: Pass SPN-201 or instructor consent.

SPN-203 Second-Year Spanish III
4 credits, Spring
Third of a three-term intermediate, multimedia course. Focus is on speaking, listening comprehension, reading and writing. Explores cultural differences among Spanish-speaking countries and between the latter and European-American culture. Prerequisite: Pass SPN-202 or instructor consent.

SPN-211 Intermediate Spanish Conversation
3 credits, not offered every Fall
Promotes intermediate-level Spanish conversation among students through shared reading of and commentary on Spanish-language novels of equivalent difficulty. Situational role plays are used to practice conversational strategies for use in real-life situations similar to those in the novels. Emphasis in SPN-211 is on crime and fantasy novels. Prerequisite: Pass SPN-203 or instructor consent.

SPN-212 Intermediate Spanish Conversation
3 credits, not offered every Winter
Promotes intermediate-level Spanish conversation among students through shared reading of and commentary on Spanish-language novels of equivalent difficulty. Situational role plays are used to practice conversational strategies for use in real-life situations similar to those in the novels. Emphasis in SPN-212 is on mystery and romance novels. Prerequisite: Pass SPN-203 or instructor consent.

SPN-213 Intermediate Spanish Conversation
3 credits, not offered every Spring
Promotes intermediate-level Spanish conversation among students through shared reading of and commentary on Spanish-language novels of equivalent difficulty. Situational role plays are used to practice conversational strategies for use in real-life situations similar to those in the novels. Emphasis in SPN-213 is on historical and adventure novels. Prerequisite: Pass SPN-203 or instructor consent.

SSC-170 Metamorphoses
5 credits, not offered every year
Investigates the process of change within human cultures and individuals. By exploring myth, science, art, religion, and literature, we approach a better understanding of the ability of humans to change. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SSC-180 Pathway to Sustainability
5 credits, Fall
Can we create a more sustainable and just world? Will we question our assumptions regarding economic models, democracy, our relationships with the environment, and social structures? What are the roots of the current ecological crisis? Recommended: Pass RD-090 or placement in RD-115.

SSC-181 Pathway to Sustainability
5 credits, Winter
Can we create a more sustainable and just world? How do socially meaningful changes come about? What are the ecological and social repercussions of the choices we make? Are ecological and social justice concerns linked? Recommended: Pass RD-090 or placement in RD-115.

SSC-182 Pathway to Sustainability
5 credits, Spring
Can we create a more sustainable and just world? What can our personal roles in change be? How can we stimulate local sustainable economies? What analysis is useful in assessing ecological impacts? Recommended: Pass RD-090 or placement in RD-115.

SSC-233 Electronic Culture
4 credits, not offered every term
An introduction to the interdisciplinary field of electronic culture, focusing on the use of electronic computer technology by individuals and groups. Examines transformation of self, identity, communication, and development of electronic communities and subcultures. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.
SCC-235 Perspectives on Terrorism
4 credits, not offered every term
Explores the ways in which different academic disciplines construct historical, psychological, cultural, theological, sociological, and philosophical arguments and themes around the topic of terrorism and terrorist-related issues. Identifies underlying assumptions upon which these arguments and themes are based and considers the cultural expressions they both engender and reflect.
Prerequisites: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

SCC-240 American Military Conflict: Total War
4 credits, not offered every term
Provides students with the fundamental knowledge of the politics and geography of United States military operations when conducting "Total War" as applied in conflicts from The Civil War through WWII. Recommended: Pass RD-090 or placement in RD-115.

SCC-241 The American Military Conflict: The Cold War
4 credits, not offered every term
Provides students with the fundamental knowledge of the politics and geography of United States military operations when conducting "The Cold War" as applied in conflicts in Korea, Vietnam and the planned defense of Western Europe. Recommended: Pass RD-090 or placement in RD-115.

SCC-242 The American Military Conflict: The War on Terror
4 credits, not offered every term
Provides students with the fundamental knowledge of the politics and geography of United States military operations when conducting "The War on Terror" as applied in conflicts in Libya, Iraq, Afghanistan, and various other parts of the world. Recommended: Pass RD-090 or placement in RD-115.

TA
Theatre Arts

TA-101 Appreciation of Theatre Arts
4 credits, not offered every year
Students will be introduced to basic aspects of theatre arts by attending several productions. Plays are reviewed and evaluated in written form and in group discussion. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

TA-102 Appreciation of Theatre Arts
4 credits, not offered every year
Students will analyze aspects of theatre arts at an intermediate level by attending several productions. Plays are reviewed and evaluated in written form and in group discussion. Recommended: Pass RD-090 or placement in RE-115; pass WR-095 or placement in WR-121.

TA-111 Fundamentals of Technical Theatre
4 credits, Fall
Basic study and practice in techniques of mounting various types of productions for presentation. Includes basic principles and techniques in stage design, construction and lighting. Flexible laboratory sessions available.

TA-112 Fundamentals of Technical Theatre
4 credits, Winter
Intermediate study and practice in techniques of mounting various types of productions for presentation. Includes basic principles and techniques in stage design, construction and lighting. Flexible laboratory sessions available.

TA-113 Fundamentals of Technical Theatre
4 credits, Spring
Advanced study and practice in techniques of mounting various types of productions for presentation. Includes basic principles and techniques in stage design, construction and lighting. Flexible laboratory sessions available.

TA-114 Acting I
4 credits, Fall
Studies the methods, techniques and theories of acting as an art form. Performance of lab exercises and monologues/scenes from published dramatic literature with written assignments to include response and analysis papers. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

TA-115 Acting II
4 credits, Winter
Further studies the methods, techniques and theories of acting as an art form. Performance of lab exercises and monologues/scenes from published dramatic literature with written assignments to include response and analysis papers are the basic teaching approaches. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

TA-116 Acting III
4 credits, Spring
An in-depth study of the methods, techniques, and theories of acting as an art form. Performance of lab exercises and monologues/scenes from published dramatic literature with written assignments to include response and analysis papers are the basic teaching approaches. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

Prerequisite: Pass TA-141 or TA-142 or instructor's consent.

TA-135 Theatre Rehearsal/Performance
1-3 credits, Fall/Winter/Spring
Training in theatre production through intensive study and rehearsal of scenes and plays for public performances. Required: Instructor consent and successful audition. Can be repeated for up to 6 credits.

TA-195 Student Performance Showcase
1-3 credits, Fall/Winter/Spring
Training in special forms of theatrical presentation through in-class intensive preparation, study, and program development for public presentation including comedy improv, stand-up comedy, and student directed one-act plays. Required: Instructor consent and successful audition. Can be repeated for up to 6 credits.
TA-211 Technical Theatre Study
4 credits, Fall
Comprehensive study and practice in presentational graphics, scene design, lighting design, and chromatics. The full creative process of staging a production will be explored through aesthetic research and design projects. Includes hands-on participation in CCC’s Mainstage production. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass TA-111, TA-112 and TA-113.

TA-212 Technical Theatre Study
4 credits, Winter
Comprehensive study and practice in presentational graphics, scene design, lighting design, and chromatics. The full creative process of staging a production will be explored through aesthetic research and design projects. Includes hands-on participation in CCC’s Mainstage production. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass TA-111, TA-112 and TA-113.

TA-213 Technical Theatre Study
4 credits, Spring
Comprehensive study and practice in presentational graphics, scene design, lighting design, and chromatics. The full creative process of staging a production will be explored through aesthetic research and design projects. Includes hands-on participation in CCC’s Mainstage production. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass TA-111, TA-112 and TA-113.

TA-241 Shakespeare for Actors
4 credits, not offered every year
Explore character development and performance with particular emphasis on style, genre, language and rhythm. Lecture, discussion and student presentations based on select texts. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass TA-141, TA-142 and TA-143.

TA-242 Acting Techniques: Scene Study
4 credits, not offered every year
An overview of Western theater history from the time of the Greeks to the present. Lecture, discussion and student presentation, including performances from selected scenes, will be used to explore each era of theater. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Prerequisites: Pass TA-141, TA-142 and TA-143.

TA-243 Play Direction
4 credits, not offered every year

TA-253 Theatre Rehearsal/Performance
1-3 credits, Fall/Winter/Spring
Training in theatre production through intensive study and rehearsal of scenes and plays for public performances. Required: Instructor consent and successful audition. Can be repeated for up to 6 credits.

TA-280 Theatre/CWE
2-6 credits, Fall/Winter/Spring
Provides student with a learning experience related to course of study and career goal. Major emphasis will be given to on-the-job experience and training. Required: Instructor consent & a CWE seminar.

TA-295 Student Performance Showcase
1-3 credits, Fall/Winter/Spring
Training in special forms of theatrical presentation through in-class intensive preparation, study, and program development for public presentation including comedy improv, stand-up comedy, and student directed one-act plays. Required: Instructor consent and successful audition. Can be repeated for up to 6 credits.

TTL-101 Introduction to Professional Truck Driving & Logistics
4 credits, Fall/Winter/Spring/Summer
Introduction to logistics and commercial vehicle operation, covering control systems, coupling procedures, cargo handling and pre-trip inspections. Covers regulations and requirements for CAL, speed management, road conditions, and accident scene management.

TTL-124 Fundamentals of Material Handling and Logistics
4 credits, not offered every term
Fundamental concepts of material handling tools, equipment, techniques and logistics. Emphasis on efficiency of movement and storage, and importance of control and protection. Includes a facility tour and viewing web resources. Recommended: Pass RD-080 or placement in RD-090.

TTL-141 Transportation & Logistics Customer Service Skills
1-3 credits, Spring
Focuses on building necessary skills for outstanding customer service, including effective listening, conflict resolution, and communication. Identify internal and external customers, learn how to handle potentially unproductive interactions, and create positive experiences for all customers.
WET - Water & Environmental Technology

**WET-010 Wastewater Operations I**
3 credits, Fall
For professional upgrade only. Does not meet the requirements for the certificate or degree. Introduction to the fundamentals of wastewater treatment plant operation. Includes collections systems, preliminary and primary treatment, waste characteristics including organic removals, and solids profiles.

**WET-011 Waterworks Operations I**
3 credits, Fall
For professional upgrade only. Does not meet the requirements for the certificate or degree. Introduction to municipal drinking water treatment and distribution systems. Basic waterworks hydraulics, drinking water regulations, waterworks math, waterworks bacteriology, and introduction to water disinfection.

**WET-020 Wastewater Operations II**
3 credits, Winter
For professional upgrade only. Does not meet the requirements for the certificate or degree. Secondary wastewater treatment alternatives with municipal application. Fixed and suspended film systems and clarification process. Includes biological sludge treatment. Prerequisite: Pass WET-010.

**WET-021 Waterworks Operations II**
3 credits, Winter
For professional upgrade only. Does not meet the requirements for the certificate or degree. Basic hydrology, ground water and surface water sources, well construction and operation, introduction to water chemistry, waterworks hydraulics, and fundamentals of pumps and pumping. Prerequisite: Pass WET-011.

**WET-030 Wastewater Operations III**
3 credits, Spring
For professional upgrade only. Does not meet the requirements for the certificate or degree. Design, operation, process control, and maintenance of treatment facilities. Current treatment processes discussed in detail with particular attention given to biological sludge handling process. No lab requirement for this course. Prerequisite: Pass WET-020.

**WET-031 Water Treatment**
3 credits, Spring
For professional upgrade only. Does not meet the requirements for the certificate or degree. Design, operation, and process control of water treatment plants. Includes water chemistry, related math, coagulation, sedimentation, filtration, and disinfection. Review for Oregon Operator certification exams. No lab requirement for this course. Prerequisite: Pass WET-021.

**WET-109 Backflow Assembly Operation and Testing**
3 credits, Fall/Winter/Spring/Summer
A lecture course with lab component that focuses on backflow assembly hydraulics, operations, installation, and testing.

**WET-110 Wastewater Operations I**
3 credits, Fall
Introduction to the fundamentals of wastewater operations. Includes collections systems, preliminary and primary treatment, waste characteristics including organic removals, and solids profiles. Prerequisite: Pass MTH-065 or placement in MTH-080. Corequisite: MTH-082A.

**WET-111 Waterworks Operations I**
3 credits, Fall
Provides an introduction to drinking water treatment and distribution systems. Students will obtain knowledge on basic waterworks hydraulics, drinking water regulations, waterworks microbiology, and an introduction to how we can turn non-potable water into clean, safe potable water. Prerequisite: Pass MTH-065 or higher. Corequisite: MTH-082B.

**WET-120 Wastewater Operations II**
3 credits, Winter

**WET-121 Waterworks Operations II**
3 credits, Winter
Discussion of water transmission and distribution topics will include pipes, valves, pumps, piping materials, distribution system layouts, water storage, pumps and pump stations, fire hydrants, motors and engines, water meters, backflow prevention, and system security and emergency response. We will also be incorporating our water treatment simulator in order to optimize water treatment and its distribution. Prerequisite: Pass WET-111. Corequisite: MTH-082D.

**WET-122 Water Distribution/Wastewater Collection Systems**
3 credits, Winter
Elementary engineering aspects of water distribution and wastewater collection systems. System components, construction materials, pump station design, and related topics. Prerequisite: Pass WET-110. Corequisite: WET-120.

**WET-123 Environmental Chemistry I**
3 credits, Winter
Theory and applied laboratory techniques for testing water and wastewater. Students will test wastewater for NPDES required tests. Prerequisite: Pass CH-104.
WET-125 High Purity Water Production I
3 credits, not offered every year
Introduction to the production of high purity water for the semiconductor, pharmaceutical, and electric power generating industries. Fundamentals of high purity water chemistry, reverse osmosis treatment, ion exchange treatment, electrodeionization treatment, UV, ozonation, degasification, and microfiltration. Prerequisite: Pass WET-120. Corequisite: MTH-082E.

WET-130 Wastewater Operations III
4 credits, Spring
Design, operation, process control, and maintenance of treatment facilities. Current treatment processes discussed in detail with particular attention to biological sludge handling and processing. Lab includes field trips to local wastewater facilities. Prerequisite: Pass WET-120.

WET-131 Water Treatment
4 credits, Spring
Design, operation, and process control of water treatment plants. Includes water chemistry, related math, coagulation, sedimentation, filtration, and disinfection procedures. Review for Oregon Operator certification exams. No lab requirement for this course. Lab includes field trips to local water treatment facilities. Prerequisite: Pass WET-121.

WET-132 Collection & Distribution Lab
1 credit, Spring
Provides student with field exposure to water distribution systems and wastewater collection systems. Weekly field visits include cross-connection inspection, distribution valving, reservoirs, water metering/repair, pumping station operations, smoke testing, and CCTV.

WET-134 Environmental Chemistry II
3 credits, Spring
A lab course providing experience in test procedures required for wastewater treatment NPDES discharge permits and the drinking water industry. Prerequisite: Pass WET-123, or instructor consent.

WET-135 High Purity Water Production II
4 credits, not offered every year
A lab course focusing on the operation of equipment and unit processes in the production of high purity water. Emphasis on process equipment sizing and design, process control and troubleshooting. Prerequisites: Pass WET-125 and MTH-082E.

WET-180 Water & Environmental Projects I
5 credits, Spring
Practical work experience in a municipal, industrial, treatment, distribution, or collection system. Placement in consulting firms, federal and state regulatory agencies, BLM, BPA, and other regulated governmental organizations. Corequisite: CWE Seminar.

WET-241 Aquatic Microbiology
4 credits, Fall
A lab course with topics in applied microbiology. Methods to detect coliform group in water and wastewater, identification of filamentous bacteria in activated sludge, and identification of indicator protozoa in activated sludge. A bacteriological stream survey project is included. Prerequisite: Pass BI-204.

WET-242 Hydraulics/Water & Wastewater
3 credits, Fall
Study of closed conduit and open channel flow. Includes hydrostatics, head-loss, pump characteristics, Bernoulli’s and the energy equations, and basic characteristics of water. Prerequisite: Pass MTH-065 or placement in MTH-080.

WET-245 Instrumentation and Control
4 credits, Fall
A lab course introducing methods used to monitor and control treatment processes in wastewater, water and high purity water facilities. Advanced water analysis to include typical monitoring of HPW treatment. Fundamentals of control loops, control systems and data management.

WET-280 Water & Environmental Projects II
5 credits, Fall
Practical experience in a municipal, public or private wastewater treatment plant of specific activated sludge design. Process loading criteria, data acquisition, trend charting, and relevant process strategies will be addressed. Corequisite: Inclusive CWE Seminar.

WLD Courses with this prefix may not transfer to a four-year institution unless applied as part of the 12 allowable career technical credits for the AAOT or ASOT-Business.

Welding Technology

WLD-007A AWS Certification 1 Plate Test
0 credit, Fall/Winter/Spring/Summer
Welder certification in accordance with AWS D1.1 for one position for students enrolled in any CCC welding course. City card upon request. Required: Instructor consent.

WLD-007B AWS Certification 2 Plate Test
0 credit, Fall/Winter/Spring/Summer
Welder certification in any two positions, in accordance with AWS D1.1 for students enrolled in any CCC welding course. City card upon request. Required: Instructor consent.

WLD-007C AWS Certification Pipe Test
0 credit, Fall/Winter/Spring/Summer
Welder certification in accordance with AWS D1.1 for one position for students enrolled in any CCC welding course. City card upon request. Required: Instructor consent.

WLD-100 Welders’ Print Reading I
3 credits, Fall/Winter
Provides instruction in reading and interpretation of sketches and prints common in the welding industry. Interpretation of conventional drafting symbols, welding symbols, development of basic shop drawings and projects.

WLD-102 Introduction to Welding
2 credits, Fall/Winter/Spring
Designed for the beginner and experimental welder. Includes: oxy-acetylene, stick, wire feed and TIG welding, oxy-acetylene and plasma arc cutting.
WLD-103 Blacksmithing and Traditional Iron Working
2 credits, Fall/Winter/Spring
Introduces the student to basic blacksmithing techniques and processes, as well as terminology, steel types, heat treating and tool making. Multiple projects allow the student to practice the varied methods of manual metal forming. No welding experience required.

WLD-104 Introduction to CNC Plasma Cutting
2 credits, not offered every term
Introduces the student to the basics of CNC plasma cutting. Participants will learn operation and set-up procedures for CNC plasma as well as geometry creation and programming. This course is recommended for anyone interested in CNC plasma cutting for industry applications or artwork.

WLD-110 Welder Certification
1-4 credits, Fall/Winter/Spring
Provides theory and practical instruction in welder certification. Choose FCAW, SMAW, or GTAW for certification. May be repeated for up to 11 credits.

WLD-111 Shielded Metal Arc Welding (Stick)
8 credits, not offered every term
Provides students with the opportunity to acquire knowledge and skills to perform fillet and groove welds in all positions with the SMAW process. Oxy-fuel cutting, air carbon arc cutting and gouging also covered.

WLD-111A Shielded Metal Arc Welding (Stick)
4 credits, not offered every term
Part one of WLD-111 which provides opportunity to acquire knowledge and skills to perform fillet and groove welds in flat and horizontal positions with the SMAW process.

WLD-111B Shielded Metal Arc Welding (Stick)
4 credits, not offered every term
Part two of WLD-111 with additional opportunity to perform various welds in vertical and overhead positions with the SMAW process. Prerequisite: Pass WLD-111A.

WLD-113 Gas Metal Arc Welding/Flux-Core Arc Welding (Wirefeed)
8 credits, not offered every term
Acquire knowledge and skills to perform fillet and groove welds in all positions with GMAW and FCAW. Oxy-fuel and plasma cutting also covered.

WLD-113A Gas Metal Arc Welding/Flux-Core Arc Welding (Wirefeed)
4 credits, not offered every term
Part one of WLD-113 which provides the opportunity to acquire knowledge and skills to perform fillet and groove welds in all positions with the SMAW process. Oxy-fuel and plasma cutting also covered.

WLD-113B Gas Metal Arc Welding/Flux-Core Arc Welding (Wirefeed)
4 credits, not offered every term
Part two of WLD-113 which provides additional knowledge and skills to perform fillet and groove welds in vertical and overhead positions with the GMAW and FCAW processes. Prerequisite: Pass WLD-113A.

WLD-115 Gas Tungsten Arc Welding (GTAW)
8 credits, not offered every term
Acquire knowledge and skills to perform fillet and groove welds in various positions on steel, stainless steel and aluminum with the GTAW process. Plasma cutting also covered.

WLD-115A Gas Tungsten Arc Welding (GTAW)
4 credits, not offered every term
Part one of WLD-115 which provides opportunity to acquire knowledge and skills to perform fillet and groove welds in flat and horizontal positions on steel, stainless steel and aluminum with the GTAW process.

WLD-115B Gas Tungsten Arc Welding (GTAW)
4 credits, not offered every term
Part two of WLD-115 which provides additional opportunity to perform various welds in vertical and overhead positions on steel, stainless steel and aluminum with the GTAW process. Prerequisite: Pass WLD-115A.

WLD-150 Welding Processes
4 credits, Fall/Winter/Spring/Summer
Covers oxy-acetylene welding, brazing, cutting, stick welding, wire feed, oxy-fuel and plasma cutting. Includes: safety, electrical fundamentals, routine maintenance, minor repairs, and terms and definitions.

WLD-200 Welders' Print Reading II
3 credits, Spring
Provides instruction in reading and interpretation of sketches and prints common in the welding industry. Interpretation of basic shop drawing views and projections. Includes basic layout and math review, ISO and AWS symbols and weld joints are covered. Recommended: Completion of WLD-100.

WLD-203 Blacksmithing & Traditional Iron Working II
2 credits, Fall/Winter/Spring
Course builds on the WLD-103 course and expands on the process of forged metal work. Instruction includes power hammer use, tooling design, traditional joinery and intermediate projects. Welding experience helpful, but not required.

WLD-205 Structural Steel Inspection, Code and Standards
4 credits, not offered every term
Teaches students a systematic method in the application and understanding of the Structural Steel Welding Code. Develop technical and hands-on knowledge necessary for reading and understanding AWS Structural Steel Welding Code, inspection techniques, Non-Destructive Testing (NDT), manufacturing and construction practices.

WLD-210 Pipe Welding
4 credits, Fall/Winter/Spring
Provides beginning theory and practical instruction in the Shielded Metal Arc Welding (SMAW) process on steel plate and pipe. The specific projects include: stringer beads, fillet and groove welds on pipe with root and cover proficiency, pipe cutting using the oxy-fuel process, and groove welds on pipes in all positions. Prerequisites: Pass WLD-111 or WLD-111A & WLD-111B, pass WLD-150, or prior experience in SMAW.
### WLD-211 Advanced Shielded Metal Arc Welding
4 credits, not offered every term
Acquire knowledge and skills to perform groove welds in all positions using the SMAW process. Cutting and gouging processes, advanced welding theory, and AWS welding procedures are included. Prerequisite: Pass WLD-111 or Pass WLD-111A and WLD-111B.

### WLD-212 Shielded Metal Arc Welding Pipe Welding
2 credits, Fall/Winter/Spring
Provides theory and practical instruction in open root V groove pipe welding using E6010 and E7018 electrodes. Oxy-fuel pipe cutting will be included. Prerequisite: Pass WLD-211.

### WLD-213 Advanced Gas Metal Arc Welding / Flux-Core Arc Welding
4 credits, not offered every term
Acquire knowledge and skills to perform groove welds in all positions using the GMAW and FCAW processes. Industrial cutting processes, advanced welding theory and AWS welding procedures are included. Prerequisite: Pass WLD-113 or Pass WLD-113A and WLD-113B.

### WLD-215 Advanced Tungsten Arc Welding
4 credits, not offered every term
Acquire knowledge and skills to perform welds in all positions on plain carbon steel, stainless steel and aluminum using the GTAW process. Industrial cutting processes, advanced welding theory and AWS welding procedures are included. Prerequisites: Pass WLD-115 or Pass WLD-115A and WLD-115B.

### WLD-230 CNC Press Brake
3 credits, not offered every term
Hands-on class where students will learn how to safely set-up and operate a Computerized Numerically Controlled (CNC) Press Brake. Subjects include: basic calculations related to metal forming, tooling, fundamentals, flat pattern development concepts, and CNC forming techniques. Prerequisites: Pass MTH-050 and WLD-100.

### WLD-250 Welding Fabrication I Beginning Project
4 credits, not offered every term
Instruction in fabrication techniques including blueprint reading, layout, sketching, bills of material, job cost calculations, measuring, fitting, cutting and welding. Beginning projects will be assigned. Prerequisite: Pass WLD-111, WLD-113 or WLD-115.

### WLD-251 Welding Fabrication II Intermediate Project
4 credits, not offered every term
Students will be assigned intermediate fabrication projects based on skills learned in WLD-250 Welding Fabrication I Beginning Project. Prerequisite: Pass WLD-250.

### WLD-252 Welding Fabrication III Advanced Project
4 credits, not offered every term
Students will use techniques from WLD-250 Welding Fabrication I Beginning Project and WLD-251 Welding Fabrication II Intermediate Project to build advanced projects. Students will be responsible for managing their projects to completion. Prerequisite: Pass WLD-251.

### WLD-256 Welding Special Projects
1-2 credits
Fall/Winter/Spring/Summer
Allows students to improve their welding skills while working on instructor-approved projects. May be repeated for 9 credits.

### WLD-280 Welding Technology/CWE
1-6 credits
Fall/Winter/Spring/Summer
Work-based learning experience in the welding trades. Coordination of instruction will occur with industry and the CWE department. Required: Instructor consent and a CWE seminar.

### WR

#### WR-080 Basic Writing Skills
3 credits, Fall/Winter/Spring
Emphasizes paragraph development for native English speakers who wish to enhance basic writing skills. Grammar and punctuation are addressed in class and in a lab setting. Prerequisite: Placement in WR-080.

#### WR-090 Fundamentals of English
3 credits, Fall/Winter/Spring
Writing confidently and solving problems in grammar, punctuation, and usage. Prerequisite: Pass WR-080 or placement in WR-090.

#### WR-095 Paragraph to Essay
3 credits, Fall/Winter/Spring/Summer
Preparatory study for transfer writing courses, with emphasis on paragraph construction and short papers. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-090 or placement in WR-095.

#### WR-101 Communication Skills: Occupational Writing
3 credits, Fall/Winter/Spring/Summer
Develops basic modes of technical writing, including summaries, process analysis, instructions, and reports. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121.

#### WR-121 English Composition
4 credits, Fall/Winter/Spring/Summer
Introduces the academic essay: analyzing and developing a topic, writing grammatically correct and organized essays, reading professional writing, and applying writing techniques to a range of academic essay styles. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121.

#### WR-122 English Composition
4 credits, Fall/Winter/Spring/Summer
Major principles of argumentation and persuasion. Analyzing and writing persuasive essays. Finding, using, and documenting sources. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-121 with a C or better.
WR-123 English Composition
3 credits, Fall/Winter/Spring/Summer
Writing the longer academic research paper: format and style, advanced research techniques, and organizational skills. Recommended: Pass RD-090 or placement in RD-115. Prerequisites: Pass WR-122.

WR-127 Scholarship Essay Writing
1 credit, Fall/Winter
Introduces scholarship resources and the application process. Examines and applies the concept of “telling the story of me,” and drafting, revising, and editing a complete scholarship application essay.

WR-140 Introduction to Writing Creatively
4 credits, Fall/Winter/Spring
Guides students through the discussion and practice of writing creatively in many genres, primarily poetry, fiction, drama, and creative nonfiction in a workshop format. May also include screenwriting, film, and performance genres. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

WR-146 Publishing Chapbooks
1 credit, not offered every year
Editing, preparing, and printing individual student chapbooks (poetry, fiction, creative nonfiction, or drama). Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

WR-200 Writing About Literature
4 credits, Winter
Focuses on exploring various forms of literature with an emphasis on developing critical strategies for responding to readings both on an academic and creative level. Through a consideration of the writer’s work and purpose, we will explore ways of joining the conversation about literature, of examining and refining methods of response through reading, discussion, and writing. Prerequisites: Pass WR-095 or placement in WR-121.

WR-220 Creative Writing: Comics
4 credits, Winter
Designed for students with previous writing experience who wish to learn the techniques of scriptwriting for comics, graphic novels and/or narrative sequential art. Prerequisites: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121. Recommended: Pass ENG-116.

WR-222 English Composition
4 credits, not offered every year
Writing university-level research papers and pursuing lifelong learning through advanced research, culminating in an original research paper and class presentation of findings. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-122.

WR-227 Technical Report Writing
4 credits, Fall/Winter/Spring/Summer
Introduction to report and proposal writing, stressing organization, form and style. Emphasis on materials gathered from professional fields such as medicine, dentistry, government, criminal justice, business, engineering, technology, science and public relations. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-121 with a C or better.

WR-229 Creative Nonfiction Intensive
1 credit, not offered every year
Techniques of developing and editing creative nonfiction (personal essays, memoirs, and literary journalism). Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

WR-235 Creative Writing: Playwriting
4 credits, not offered every term
Designed for students with previous writing experience who wish to learn the technique of playwriting, including the art of dialogue and the elements of dramatic structure. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121 or instructor consent.

WR-240 Creative Writing: Nonfiction
4 credits, not offered every term
Techniques of writing and analyzing types of creative nonfiction such as literary journalism, memoirs, nature or science writing and personal essays. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121 or instructor consent.

WR-241 Creative Writing: Fiction
4 credits, Fall/Winter
Techniques of creative writing and the development of critical appreciation of the art of writing fiction. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121 or instructor consent.

WR-242 Creative Writing: Poetry
4 credits, Fall/Winter
Techniques of poetry writing. Analysis of the craft of poetry in traditional and non-traditional forms. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121 or instructor consent.

WR-243 Creative Writing: Playwriting
4 credits, not offered every term
Designed for students with previous writing experience who wish to learn the technique of playwriting, including the art of dialogue and the elements of dramatic structure. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121 or instructor consent.

WR-244 Advanced Fiction Writing
4 credits, Spring
For students with previous writing experience who wish to learn advanced techniques of writing fiction. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-241 or instructor consent.

WR-245 Advanced Poetry Writing
4 credits, Spring
For students with writing experience who wish to learn advanced techniques of writing poetry, including developing voice and style and exploring publishing. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-242 or instructor consent.
WR-246 Advanced Creative Writing: Editing & Publishing
4 credits, Winter/Spring
For students with an interest in creative writing and/or literary journal design, layout, and publication who wish to develop editing and publishing skills. Includes the production of a literary journal. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-240, WR-241, WR-242, WR-243, or WR-262 or instructor consent.

WR-249 Publishing on Land and Online
1 credit, not offered every year
For students with previous writing experience who wish to learn the advantages and disadvantages of publishing online and on land. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

WR-262 Introduction to Screenwriting
4 credits, Fall/Spring
Explores the fundamentals of screenplay composition through the use of various writing exercises and workshop techniques. Discussion of dramatic structure and the elements of good storytelling. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-095 or placement in WR-121 or instructor consent.

WR-263 Advanced Screenwriting
4 credits, not offered every term
An expansion of fundamental skills initiated in the introductory course. Student will construct a feature-length screenplay, further develop their critical response skills through peer editing and review, and seek out options for production of their work. May be repeated for up to 4 credits. Recommended: Pass RD-090 or placement in RD-115. Prerequisite: Pass WR-262 or instructor consent.

WR-270 Food Writing
4 credits, Fall
Learn to write uniquely and powerfully about food, from reviews to memoir and personal narrative. Recommended: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

WR-279 Issues in Poetry Writing
1 credit, not offered every year
Techniques of writing poems, with particular focus on a key issue such as the use of imagery, rhythm, or form. Prerequisite: Pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

WS

Women’s Studies

WS-101 Introduction to Women’s Studies
4 credits, not offered every term
Course will examine and analyze the position of women in society and critically explore social issues relevant to women’s lives and feminism historically and in the present/future. Topics: family, education, work, healthcare, sexuality, and political/economic status. Recommended: Pass RD-090 or placement in RD-115.

Z

Zoology

Z-201 General Zoology
4 credits, Fall
A lab course offering cellular and molecular basis of animal life including genetics, evolution, systematics, and protozoan diversity. Recommended: Pass MTH-095 with a C or better or placement in MTH-105 or MTH-111; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

Z-202 General Zoology
4 credits, Winter
A lab course covering the maintenance of the cellular environment, evolution of animal systems, and diversity of the less complex invertebrate animal phyla. Recommended: Pass MTH-095 with a C or better or placement in MTH-105 or MTH-111; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.

Z-203 General Zoology
4 credits, Spring
A lab course covering diversity of the more complex invertebrate and vertebrate animal phyla. Includes animal behavior, distribution, ecology, and conservation. Recommended: Pass MTH-095 with a C or better or placement in MTH-105 or MTH-111; pass RD-090 or placement in RD-115; pass WR-095 or placement in WR-121.
