

## Advanced College Credit (ACC) Program Feedback Survey 2017-2018

During the 2017-2018 school-year, the ACC program conducted student surveys each term to collect program feed-back. Approximately 7% of all ACC participants (275 students) responded to the online survey. Unfortunately, the response rate is far below the program's goal of a 25% response rate.

### Program Feedback:

- 73% of respondents heard about the ACC program from their high school teacher
- Students identified earning college credit and saving money as their primary reasons for enrolling
- Based on student's responses to accessing resources, more work must be done to communicate available tools
- Students identified concerns in navigating the ACC website, 25% found it very to somewhat difficult
- 85% of students had a good or very good experience with ACC
- 61% of respondents plan to attend a four-year college/university after high school, 22% plan to attend CCC
