### Nursing Points Distribution

**Information not yet updated by Nursing Department at time of printing; subject to change**

#### Overview
- Students are evaluated on a **100 points** system.
- At the time of application, students can earn up to **54 points** (see below). This determines who is invited to an interview/essay session.
- At the time of the interview/essay, students may earn up to an additional **46 points**.
- The total points, up to **100 points**, (initial application points (54) + interview/essay points (46)) determines top candidates.

#### What makes up the 54 points at time of application?

*This is the information at the time of printing and is based on the point breakdown from last year’s application. It is subject to change. Please see the nursing application, typically available November 1, for final information.*

How do I calculate my GPA?

Each course is worth credits. You can find this information in the catalog or schedule of courses. Most nursing preparatory courses will be 3 – 5 credits.

Each letter grade is awarded points as well:

- **A** = 4 points
- **B** = 3 points
- **C** = 2 points
- **D** = 1 point
- **F** = 0 points

**STEPS:**

1. Multiply the credits the course is worth by your grade in the course to get your **Grade Points**.
2. Sum your **Credits**.
3. Sum your **Grade Points**.
4. Divide your **Total Grade Points** by your **Total Credits** to get your **GPA**.

**EXAMPLE:**

<table>

<tr>
