

ARBORICULTURE II

This course covers evaluation, assessment and management of trees in the urban environment. Covers monetary and ecosystem values for trees, property development considerations, tree appraisals, tree inventories, risk assessments, and crew management. Together with Arboriculture I, this class will prepare students for passing the ISA Certified Arborist exam. Prerequisites: HOR-225*

*The prerequisite can be waived for individuals dependent on amount of experience in the field. Please contact April Chastain at april.chastain@clackamas.edu for approval.
