

# Bachelor of Science in Clinically Based Elementary Education

## Make your mark — become a teacher

Impact the lives of children by becoming a licensed elementary teacher through Oregon State University's B.S. in Teaching program with an option in clinically based elementary education. This hybrid program blends online and in-person coursework that offers you exceptional mentoring while teaching alongside experienced, senior teachers from partner school districts. The program will put you on a path to earn your Oregon Elementary – Multiple Subjects for PK-12 license with an [ESOL endorsement](#). (\*[DLS option](#)).

## 90 credits out there + 90 credits at Oregon State

To enroll, first complete a minimum of 90 credits either at a community college or four-year institution, including several specific elective and education courses. OSU-Community College partnerships provide a pathway that follows the [Oregon Major Transfer Map](#).

You will then enter Oregon State's program as a third-year student with no or limited need to take additional coursework beyond 90 credits of major core classes to earn your degree and Oregon teaching license. View our [curriculum page](#) for more details.

College of Education

## Features

- *Learn from faculty members who deliver culturally responsive instruction, teach for equity and inclusion, and delve into science and math topics.*
- *Courses are delivered online and with optional face to face meetings three to four times per term.*

## BS in Teaching

*This hybrid program blends online and in-person coursework that offers you exceptional mentoring while teaching alongside experienced, senior teachers from partner school districts.*

### Partnerships aimed at helping you succeed

- Built on unique partnerships among the OSU College of Education, Oregon school districts and Oregon community colleges, the BS-CBEE program combines unparalleled access to vital classroom experience with the opportunity to learn from renowned Oregon State faculty online.
- We also collaborate with community college advisors to facilitate students' transitions from community college to OSU. Please check with the program faculty to see if your community college already has an OSU-affiliated advisor in place to help you with the application process. If not, or if you are not currently enrolled in a community college, you are still eligible to apply! *Consult program lead to learn about locations.*
