

THE EASTERN EDGE

ELEMENTARY EDUCATION FROM ANYWHERE IN OREGON

eou.edu/college-of-education

I have spent the last two years of my undergraduate education at Eastern Oregon University's Ontario Campus. It has been a great opportunity to have hands-on

experience in different classrooms, as well as instructors that brought life to the program.

This is a great option for anyone in the Ontario area that wants to pursue a future in Elementary Education. They provide you with the tools you need to successfully teach, while being affordable and personal.
